BUDGET MODIFICATION REPORT

BRANCH BUDGET

The Branch Budget recommends the transfer of funds previously requested in the Department of Social Insurance-Welfare Reform. The Branch Budget recommends a reduction in central office staff.

HOUSE REPORT

The House concurs with the Branch and directs that, whereas the budget for the Department for Medicaid Services Administration and Benefits for FY 1993-94 is funded on the assumption that the Federal allowance of the current provider assessments under KRS 205.575-578 scheduled to terminate on June 30, 1993, will be revised prior to such date so as to conform to the provisions of the governing federal regulations, the House directs that action on the provider tax be instituted prior to June 30, 1993 in order to ensure that the program shall be eligible to continue the federal funds participation. The Secretary of the Cabinet for Human Resources and the Commissioner of the Department for Medicaid Services shall provide notice to the Houses and Senate or the Interim Joint Committee on Appropriations and Revenue confirming compliance with this directive.

The House also includes in the salary and benefits costs : 1) no funds for non-merit positions in the Commissioner's Office with the exception of 1 commissioner; 2) funds for merit positions filled by employees who were or will be employed in a non-merit position in the Commonwealth of Kentucky between December 1, 1987 and June 30, 1994 at a salary equal to or less than the employee's merit-position salary immediately prior to the employee's first non-merit position in the Commonwealth plus corresponding annual merit increments given to all merit employees for each year since or if no such merit position was held, at a salary equal to or less than the entry level of the present merit position; and 3) funds for other non-merit and merit positions filled on January 31, 1992. Appropriated funds for salary and benefit costs shall be allocated following the General Provisions of the Appropriation Act within the Department for Medicaid Services. Any necessary termination of classified employees shall be done in accordance with KRS 18A.113, KRS 18A.1131, and KRS 18A.1132.

SENATE REPORT
The Senate concurs with the House with the exception that the Senate deletes the language directing that action on the provider tax be instituted prior to June 30, 1993.

The Senate directs that if the Medicaid Program runs a deficit in any fiscal year , the Department for Medicaid Services shall institute a deficit reduction plan which balances program expenditures with available funds by reducing the amount of reimbursement paid to participating medical providers. No reduction shall be made in the level of coverage for services. The Department shall compute the amount of reimbursement reductions as follows: (a) Determine the total amount of the program deficit; (b) Determine the percent of total Medicaid payments received by each covered service category; (c) Calculate the amount of reduction in each service category by multiplying the total amount of program deficit by the percent of total payments received by each service category; and (d) Reduce reimbursement levels for each service category by an amount equal to the results of the calculation in (c). Within thirty (30) days prior to instituting the deficit reduction plan, the Department shall file with the Legislative Research Commission a document detailing the amount of the deficit and the total reductions in reimbursement to medical providers to be made.

The Senate directs that KRS 205.575 (6) (7); KRS 205.576 (7) (10) (11) (12); KRS 205.577 (6) (9) (10) (11); and KRS 205.621 be suspended for the biennium so as to allow variation in the determination of levels of payments to vendors and funding of the Medicaid program expenditures for services.

The Senate also directs that: (1) No hospital may be reimbursed from both the Quality and Charity Care Trust Fund and the Hospital Indigent Care Assurance Program (HICAP) ,as established by KRS 205.575, for the same service to the same patient. (2) Any hospital which knowingly violates this provision shall be subject to a penalty equal to three times the amount of the improper charge to the funds, which amount shall be credited to the General Fund. (3) The Secretary of Human Resources shall have the authority to secure such patient information as needed from the participating facilities in order to determine compliance and enforce this provision

The Senate addresses non-merit positions and salaries for non-merit employees reverting to merit positions in the Administration and Program Support appropriation unit and the Special Provisions of the Act.

CONFERENCE REPORT
The Conference concurs with the Senate with the exception that the Conference modifies the language as follows:

BUDGET MODIFICATION REPORT

BRANCH BUDGET

The Branch Budget recommends funding to provide Medicaid coverage for Early and Periodic Screening, Diagnosis and Treatment (EPSDT) as per OBRA 90 federal mandate. The Branch Budget states that all hospitals participating in the HICAP assessment program will be required to provide outpatient services for those eligibles who are currently receiving outpatient services including certified individuals and families with incomes below 100% of poverty. The Branch Budget is constructed to reflect a reduction of $41 million in the disproportionate share payments made to hospitals which were codified in SB 239 and HB 21 with the funds used to fund the program services. The Branch Budget has constructed the FY 1993-94 on the assumption that adjustments to the provider tax legislation will be made to bring Kentucky's taxing process into conformity with the changes in the federal law prior to its June 30, 1993, expiration date.

HOUSE REPORT

The House concurs with the Branch and directs that, whereas the budget for the Department for Medicaid Services Administration and Benefits for FY 1993-94 is funded on the assumption that the Federal allowance of the current provider assessments under KRS 205.575-578 scheduled to terminate on June 30, 1993, will be revised prior to such date so as to conform to the provisions of the governing federal regulations, the House directs that action on the provider tax be instituted prior to June 30, 1993 in order to ensure that the program shall be eligible to continue the federal funds participation. The Secretary of the Cabinet for Human Resources and the Commissioner of the Department for Medicaid Services shall provide notice to the Houses and Senate or the Interim Joint Committee on Appropriations and Revenue confirming compliance with this directive.

No funds are included for additional Nursing Facility Medicaid funded beds.

The House directs that the language in HB 486 requiring hospitals participating in the HICAP program to provide outpatient care for eligibles be deleted.

SENATE REPORT

The Senate concurs with the House with the exception that the Senate deletes the language directing that action on the provider tax be instituted prior to June 30, 1993.

The Senate directs that if the Medicaid Program runs a deficit in any fiscal year , the Department for Medicaid Services shall institute a deficit reduction plan which balances program expenditures with available funds by reducing the amount of reimbursement paid to participating medical providers. No reduction shall be made in the level of coverage for services. The Department shall compute the amount of reimbursement reductions as follows: (a) Determine the total amount of the program deficit; (b) Determine the percent of total Medicaid payments received by each covered service category; (c) Calculate the amount of reduction in each service category by multiplying the total amount of program deficit by the percent of total payments received by each service category; and (d) Reduce reimbursement levels for each service category by an amount equal to the results of the calculation in (c). Within thirty (30) days prior to instituting the deficit reduction plan, the Department shall file with the Legislative Research Commission a document detailing the amount of the deficit and the total reductions in reimbursement to medical providers to be made.

The Senate directs that KRS 205.575 (6) (7); KRS 205.576 (7) (10) (11) (12); KRS 205.577 (6) (9) (10) (11); and KRS 205.621 be suspended for the biennium so as to allow variation in the determination of levels of payments to vendors and funding of the Medicaid program expenditures for services.

The Senate also directs that: (1) No hospital may be reimbursed from both the Quality and Charity Care Trust Fund and the Hospital Indigent Care Assurance Program (HICAP), as established by KRS 205.575, for the same service to the same patient. (2) Any hospital which knowingly violates this provision shall be subject to a penalty equal to three times the amount of the improper charge to the funds, which amount shall be credited to the General Fund. (3) The Secretary of Human Resources shall have the authority to secure such patient information as needed from the participating facilities in order to determine compliance and enforce this provision

CONFERENCE REPORT
The Conference concurs with the Senate with the exception that the following modifications:

The Conference modifies the Senate language as follows: The General Assembly also directs that: (1) No hospital may be reimbursed from both the Quality and Charity Care Trust Fund and the Hospital Indigent Care Assurance Program (HICAP), as established by KRS 205.575, for the same service to the same patient. (2) Any hospital which willfully violates this provision shall be subject to a penalty equal to three times the amount of the improper charge to the funds, which amount shall be credited to the General Fund. (3) The Secretary of Human Resources shall have the authority to secure such patient information as needed from the participating facilities in order to determine compliance and enforce this provision. Each facility billing and receiving reimbursements from the Quality and Charity Care Trust Fund shall be required to identify each patient by social security number and indicate whether the patient is classified as INDIGENT or MEDICALLY NEEDY.

The Conference also deletes the Senate language concerning provider reimbursement as part of a deficit reduction plan and the suspension of the associated KRS cites be deleted, with the exception of KRS 205.575 (6) and (7), and insert allowance of administrative funding with respect to the suspension of KRS 205.575 (6).

The Conference also directs that the following language with respect to the Quality and Charity Care Trust Agreement be included in the Department for Medicaid Services and the University of Louisville sections of the Operating Budget HB 468:
Notwithstanding any other provision of this act or law, in any fiscal year for which all the parties to the Quality and Charity Care Trust Agreement so agree, the General Fund appropriation to fulfill the Commonwealth's contractual obligation relating to the Quality and Charity Care Trust Agreement or any portion thereof, together with any other funds paid to the Quality and Charity Care Trust contractual obligation of the parties , or any portion thereof, shall be transferred to the Department for Medicaid Services as part of its Restricted Fund appropriation for Benefits. In any fiscal year for which all the parties to the Quality and Charity Care Trust Agreement do not agree to transfer all or any portion of the Trust's revenues to the Department of Medicaid Services for Benefits, the Quality and Charity Care Trust shall operate per its contractual provisions.

The Conference reduces the current year General Fund Budget by $250,000 based upon the projected lapse information provided by the Governor's Office for Policy and Management.

BUDGET MODIFICATION REPORT

BRANCH BUDGET

The Branch Budget recommends reduced funding for existing services and programs in FB 1992-94. Restricted funds from the Conservation Equipment Loan Revolving Fund of $693,500 in FY 1992-93 and $757,100 in FY 1993-94 are used for operating expenses. Restricted funds from the Oil Overcharge Fund of $38,000 in each year are used for operating expenses, consistent with federal guidelines. State aid to the 121 Conservation Districts is reduced from $250,000 to $200,000 each year. Additional General Fund monies of $100,000 is provided each year for the forest fire suppression budget, bringing the total Necessary Government Expense budget to $240,000 for this purpose. Additional restricted funds from boat registration fees of $56,800 in FY 1992-93 and $27,900 in FY 1993-94 are provided for one additional water patrol officer for Yatesville Lake. The Kentucky River Locks and Dams program is funded with General Fund support of $400,000 in FY 1992-93 and $426,000 in FY 1993-94.

HOUSE REPORT
The House concurs with the Branch Budget with the exception of providing $50,000 each year from the General Fund to restore the state aid to conservation districts to its historic level of $250,000 each year.

The House provides that the Cabinet evaluate an energy conservation program for state government buildings, in light of testimony that Kentucky state government's energy costs are about $40 million annually, and that the Cabinet's Institutional Conservation Program for schools and hospitals has yielded a 25% payback for participating institutions.

SENATE REPORT
The Senate concurs with the House with the exception of providing General Fund monies of $652,400 in FY 1992-93 and $668,300 in FY 1993-94 and restricted funds of $17,700 in FY 1992-93 and $44,300 in FY 1993-94 for the Equipment Revolving Loan Fund. These additional monies effectively provide that only the interest generated from the Fund of $200,000 each year will be used for operation of the Program.

CONFERENCE REPORT
The Conference concurs with the Senate.

BUDGET MODIFICATION REPORT

BRANCH BUDGET

The Branch Budget recommends reduced funding for existing services and programs in the Commissioner's Office and the Division of Water. Additional restricted funds from the Hazardous Waste Assessment Fund are used for operating the Environmental Response Program in the Division of Water ($138,900 in FY 1992-93 and $146,500 in FY 1993-94) and for the Uncontrolled Sites Program in the Division of Waste Management ($611,100 in FY 1992-93 and $658,000 in FY 1993-94). Additional restricted funds are recommended to replace current General Fund support for the following programs: the Underground Storage Tank Fund, $445,100 in FY 1992-93 and $437,000 in FY 1993-94; the Waste Tire Fund, $30,000 each year; the Resource Conservation and Recovery Fund, $37,000 in FY 1992-93.

The contract for outside legal services for the Maxey Flats litigation is transferred to the Department of Law in the amounts of $250,000 in FY 1992-93 and $100,000 in FY 1993-94. Contract expenses of $250,000 each year for outside laboratory tests is eliminated.

The Branch Budget recommends, in anticipation of the requirements mandated by the federal Clean Air Act Amendments of 1990, conversion of the Air Quality Division's funding to an emission fee structure beginning July 1, 1992. The recommended General Fund support is solely for the Asbestos Program, as is $70,000 each year in related restricted funds. Restricted funds of $4,832,600 in FY 1992-93 and $5,317,800 in FY 1993-94 are provided for the new clean air program requirements.

Forty new positions are authorized for the Air Quality Program and three for the Department of Law, on a phased basis. Personnel and operating expenses for these positions are $456,200 in FY 1992-93 and $1,066,800 in FY 1993-94. Included is the Department of Law funding of $75,600 in FY 1992-93 and $112,100 which is an operating transfer. Contractual expenses are provided for the following purposes: modeling analysis for emissions reduction requirements ($300,000 in FY 1992-93), computer program for automated fee billing and accounting system ($80,000 in FY 1992-93), and the Small Business Technical Assistance Program ($22,500 in FY 1992-93 and $142,500 in FY 1993-94). Capital outlay expenses of $369,300 in FY 1992-93 and $212,500 in FY 19923-94. The total new expenditure authority is $1,303,600 in FY 1992-93 and $1,533,900 in FY 1993-94; the amount provided to continue support of the base program is $3,529,000 in FY 1992-93 and $3,783,900 in FY 1993-94.

HOUSE REPORT

The House concurs with the Branch Budget with the exception of providing that the General Fund budget be reduced by $50,000 in FY 1992-93 and $35,000 in FY 1993-94, to be budgeted in the Department for Natural Resources to restore state aid to the Commonwealth's 121 conservation districts, for the purpose of promoting conservation practices to correct erosion and water quality problems.

-Continued_

As to the 1990 Federal Clean Air Program implementation, the House recommends a lower expansion level reflecting a more gradual phase in of the new program requirements, and decreases the computer program for billing purposes to $40,000. It is recommended that the General Fund participate in funding the Air Quality Division's programs during the biennium at the level of $2,568,400 in FY 1992-93 and $2,662,800 in FY 1993-94, and that the emission fee structure provide receipts of $2,131,200 in FY 1992-93 and $2,664,000 in FY 1993-94.

It is recommended that the Governor appoint a task force to assist the Cabinet in the implementation of the federal Clean Air Act Amendments. The task force shall be comprised of representatives of industry, the environmental community, and the Cabinet, and shall report quarterly to the Legislative Research Commission for referral to appropriate committees.

The Department shall coordinate and cooperate with the Department of Parks concerning the its underground storage tanks and compliance with program requirements.

The Department shall provide to the Legislative Research Commission for referral to the appropriate committees quarterly reports of the status of the permit tracking and time and accounting systems.

SENATE REPORT
The Senate concurs with the House Report with the exception of funding for the 1990 Federal Clean Air Program implementation. The Senate recommends that the Program be expanded at the same level as the Branch Budget recommendation and that it be financed with restricted funds totalling $4,832,600 in FY 1992-93 and $5,317,800 in FY 1993-94, and not with General Fund monies of $2,568,400 in FY 1992-93 and $2,662,800 in FY 1993-94. The appointment of a task force is not recommended.

CONFERENCE REPORT
The Conference concurs with the House.

Federal funds are recommended to partially substitute for General Fund monies. No additional funding is provided for the Surface Mining Permit Ownership and Control Program.

BUDGET MODIFICATION REPORT

BRANCH BUDGET

The Branch Budget recommends reduced funding for existing services and programs in FB 1992-94, as well as provides additional funding of $690,800 in FY 1992-93 in restricted funds to provide for operating costs and 17 additional employees for 11 new and/or expanded facilities authorized by the 1990 General Assembly. Additional General Fund support of $423,000 and restricted fund support of $1,351,000 is recommended in FY 1993-94 to provide for operating costs and 24 new employees for the 13 facilities which were expanded in FY 1992-93 which includes the proposed opening of new lodges at Blue Licks and Dale Hollow State Parks.

The Branch Budget also recommends $30,500 in FY 1992-93 and $10,369,000 in FY 1993-94 for debt service on capital construction projects totaling $101,050,000 in FY 1992-93. Included in the Capital projects is $100,000,000 of bond funds for unspecified projects to revitalize and rebuild the park system. Additionally, $750,000 for maintenance and upgrade of park roads and parking lots is provided in the Department of Transportation's budget for each year of the 1992-94 biennium.

HOUSE REPORT
The House concurs with the Branch Budget with the exception that proceeds from the $100 million bond issue be utilized only for non-recurring renovation and rehabilitation of existing state park facilities and for significant revenue producing new public facilities. The list of recommended projects will be forwarded to the General Assembly at least thirty days prior to the anticipated extraordinary session of the General Assembly for consideration and review. Under no circumstances would any project be undertaken or initiated without prior approval of the General Assembly. In the event that the total debt service appropriation is not required for the proposed $100 million bond issue, then any available amount be utilized to fund either the Clean Air Act program or to provide up to $3,300,000 for Major Maintenance and Small Construction Projects in the Park System above the level funded in the Capital Budget.

The House deauthorizes funds for the Green River Infrastructure project.

The Parks Department shall coordinate and cooperate with the Natural Resources Cabinet concerning compliance with underground storage tanks program requirements.

SENATE REPORT
The Senate concurs with the House Report with the exception that any available debt service for the $100 million bond issue will not be used to fund the Clean Air Act program.

CONFERENCE REPORT
The Conference concurs with the House and Senate with the exception to provide that no excess debt service for the $100 million bond issue can be used for any purpose.

BUDGET MODIFICATION REPORT

BRANCH BUDGET

The Branch Budget recommends reduced funding for existing services and programs in FB 1992-94, as well as provides additional funding of $387,000 in fiscal year 1993-94 for increased operating cost and seven (7) new positions for the proposed new South Wing Expansion. The Branch Budget also recommends replacing General Funds with Restricted funds of $200,000 each year of the biennium for the North American International Livestock Exposition Show.

The Branch Budget also includes $1,170,500 of restricted funds in FY 1991-92 to provide for increases in personnel costs due to salary upgrades and federal wage law and operating costs increases at the Kentucky Fair and Exposition Center and the Commonwealth Convention Center.

The Branch Budget recommends $2,567,000 in FY 1993-94 for debt service on capital construction projects totaling $25 million, which include $22 million to expand the exhibition space of the South Wing and $3 million for completion of the Access Road. The Branch Budget is also recommending $612,500 in restricted funds and $937,500 in investment income for the biennium for Miscellaneous Major Maintenance projects.

HOUSE REPORT

The House concurs with the Branch Budget with the exception that if the $25 million bond authorization can adequately complete the construction of the South Wing expansion and the Access Road, then any balance may be utilized for construction of the Maintenance Building, if the available balance is sufficient to fully fund the project. The House authorizes the Fair Board to utilize any remaining funds from the initial design of the South Wing Expansion to aid in the construction of the Maintenance Building.

SENATE REPORT

The Senate concurs with the House Report with the exception that no funds are provided for the position of Director of Marketing at the Kentucky Fair and Exposition Center. Funds are provided for the position of Director of Marketing at the Commonwealth Convention Center.

CONFERENCE REPORT

HOUSE REPORT

Replaces "Part VII" (page 196) of House Bill 468 ---ROAD FUND REDUCTION PLAN

Pursuant to KRS 48.130 a Road Fund Reduction Plan is established for state government for FY 1992-93 and FY 1993-94. In the event of a reduction (revenue shortfall) in the estimated Road Fund revenue receipts of $773,638,100 in FY 1992-93 and $799,665,200 in FY 1993-94 and the head of the

Executive Branch shall implement reductions in the following sequence:

1. All Statutory programs are adjusted to equal revised estimates.
2. Moneys in the Road Fund Surplus Expenditure Account are applied.
3. All Road Fund Supported Vacancy Credits.
4. Savings realized from the freezing of all permanent full-time nonmerit vacant positions. Any permanent full-time nonmerit positions that may become vacant subsequent to the reduction declaration shall not be filled during the fiscal year and the resulting savings shall go toward the reduction.
5. Any savings realized from unexpended surplus lease-rental payments (to the Turnpike Authority).
6. The Highway Construction Contingency Account and State Resurfacing Program shall contribute at the same level, up to $5 million.
7. The General Administration and Support unit shall participate in the reduction.
8. The Vehicle Regulation appropriation unit shall participate in the reduction.
9. The Maintenance program, within the Highways appropriation unit shall contribute up to $2 million to the remaining targeted reduction balance.
10. The Highway Operations program within the Highways appropriations unit shall contribute up to $1 million to the remaining targeted reduction balance.
11. Highway Construction projects which appear in the 1992-94 Biennial Highway Construction Program shall participate in the following manner: Projects scheduled for the "Design" phase may be delayed one fiscal year. If a project in the subsequent fiscal year is delayed, due to the inclusion of the "reduction" year project, then only a project that is scheduled for "Design" may be delayed.

Replaces "Part VIII" (page 197) of House Bill 468--ROAD FUND SURPLUS EXPENDITURE PLAN

Pursuant to KRS 48.140, the expenditure of surplus monies as defined in the cited statute shall be as follows: 50% of the excess (up to $8 million) shall be deposited in the Highway Construction Contingency Account and the remaining balance shall be deposited in the Road Fund Surplus Expenditure Account.

WEIGHT DISTANCE SURTAX SUNSET PROVISIONS:

If the actual Road Fund receipts for FY 1992-93 exceed the Official Road Fund Revenue Estimate then the amount above the estimate, exclusive of the amount statutorily credited to county and municipal governments, would reduce or replace the Weight Distance Surtax revenue in FY 1993-94 (for which the budget is built on) and the Weight Distance Surtax shall be adjusted accordingly to generate the difference between the surplus and the FY 1993-94 official weight distance surtax revenue estimate of $19.3 million. If the amount of surplus, exclusive of the statutory amounts equals or exceeds the estimated revenue from the Weight Distance Surtax in FY 1993-94, then such moneys shall replace the Weight Distance Surtax in FY 1993-94 and the tax shall sunset at June 30, 1993.

SENATE REPORT

The Senate concurs with the House with the following exception: The Branch Budget's Road Fund Surplus Expenditure Plan is accepted.

CONFERENCE REPORT

The Conference concurs with the House with the following exception: The Weight Distance Tax Sunset provision is added to the Road Fund Surplus Expenditure Plan. This provision becomes the first priority in the utilitization of any Road Fund surplus.

BUDGET MODIFICATION REPORT

BRANCH BUDGET

The Branch Budget recommends reduced funding for existing services and programs. General Fund monies recommended include $719,600 in FY 1992-93 in continuing appropriations. This is in contrast to no continuing appropriations used to support program activities in the Transportation Cabinet Agency request. Reductions in the General Fund appropriation by the Branch Budget will limit the services that this appropriation unit provides to local public airports around the state for capital projects. The reductions also represent a possible redirection of the continuing appropriation monies from projects, where commitments have been made, but local funding is not available as planned, to other projects. Projects may be funded up to a level to cover estimated costs in a given fiscal year, rather than in total, allowing more projects to be started.

The House concurs with the Branch Budget.

SENATE REPORT

CONFERENCE REPORT

The Conference concurs with the House and the Senate with the following exception: General Fund monies totaling $1 million in each year of the next biennium are added to Air Transportation, to be expended in the following order:

The Transportation Cabinet shall install navigational landing aids at the airports that were funded by the 1990 General Assembly, but were not installed, before the installation of navigational aids at any other airport. Secondly, all federal monies made available for airport construction projects shall be matched to the extent possible. If any of the above General Fund monies are available after the above noted usages, then the Transportation Cabinet shall install navigational aids at the other publicly owned airports around the Commonwealth, that were proposed to the General Assembly by the Transportation Cabinet. Those airports are listed below with the respective estimated costs.

BUDGET MODIFICATION REPORT

BUDGET MODIFICATION REPORT

BRANCH BUDGET

The Branch Budget recommends reduced funding for existing program activities in several areas of the Highways appropriation unit and redirects monies in the Construction programs. Road Fund monies recommended for the Construction program in each year of the next biennium represent a reduction from the current year revised construction budget. Furthermore, monies have been redirected within the State Construction program. Total recommended appropriations to the State Construction program amount to $131.8 million in FY 1992-93 and $115.4 million in FY 1993-94, compared with current year funding, $164.9 million. The Branch Budget recommends appropriations in the State Construction Program to specific subprograms as follows:

-Continued-

Sub Program	FY 1991-92(Rev.)	FY 1992-93	FY 1993-94
1. Highway Construction/Contingency Account*	23,000,000	30,505,000	15,000,000
2. Secretary's Emergency Fund		20,000,000	20,000,000
3. State/County Bridge Program	10,000,000	6,000,000	6,000,000
4. Parkway Rehabilitation		10,000,000	12,400,000
5. Specific "SP" Projects	131,956,200	65,316,500	61,998,500
Total	**164,956,200**	**131,821,500**	**115,398,500**

*The "Highway Construction Contingency Account" is analogous to the Secretary's Discretionary/Contingency Account that was funded by the 1990 General Assembly at $23 million each year. This account was established in House Bill 929 in the 1990 General Assembly.

The impact of the recommended allocations to the various sub programs within the State Construction that are included in the Branch Budget and noted in the "Recommended Biennial Highway Construction Program" is a redirection of monies from specific "line item" projects as defined in KRS 176.420(2) and 176.430.

The "State Resurfacing" program is recommended to be funded at $48 million in each year of the next biennium. Additional Road Fund monies have been recommended in the amounts of $13.7 million in FY 1992-93 and $8.4 million in FY 1993-94 to be used to match federal highway apportionments. This recommendation would provide $66.9 million and $61.8 million in each respective year of the next biennium to match federal monies on highway projects.

The Branch Budget further recommends that the following Kentucky Revised Statutes be suspended for the next biennium:

KRS	SUBJECT	EFFECT	FY 1991-92	FY 1992-93	FY 1993-94
KRS 138.660(4)	Weight Distance Surtax	Extension of 1.15 cents per mile through the next biennium.		$18,400,000	$19,300,000
KRS 175.505	Debt Payment Account	Usage of Fund Balance.		23,849,000	
KRS 175.505	Debt Payment Account	Usage of any Investment Earnings.			
KRS 175.505	Debt Payment Account	Suspension of Statutory Appropriation from 5 cents gas tax.		12,000,000	
KRS 47A	Appropriations Act	Redirection of the Snow and Ice Removal investment earnings.			
TOTAL				**$54,249,000**	**$31,300,000**

Projects proposed to be funded from the monies that have been noted above are included as "SP" (state construction) projects, and segregated (with the exception noted previously) in this budget.

The Branch Budget provides for the usage of additional federal monies, that are projected from the Intermodal Surface Transportation Efficiency Act of 1991 (ISTEA). Included within the usage of federal monies is funding to develop a highway management system and to support two permanent full-time positions. Additionally, federal monies are provided to support $106.5 million in federal "Demonstration Projects" in FY 1992-93.

HOUSE REPORT

The House concurs with the Branch Budget recommendations with the following exceptions: $150,000 in Road Fund monies were provided in each year of the next bienium to support the Research program. Road Fund monies in the amount of $2 million in each year of FB 1992-94 were redirected from the State Resurfacing program to the Deferred Construction Project Fund. The House recommended appropriations of $46 million in each year of the next biennium represents the amount needed to keep the resurfacing cycle at the ten to twelve year cycle. $100,000 has been redirected each year from the Revenue Sharing Programs to support the Technology Transfer Program at the Kentucky Transportation Center. The $100,000 each year were allocated among the County, Rural Secondary, and Municipal Road Aid programs in the amounts that are denoted in the Revenue Sharing section of the House Report.

-Continued-

With respect to the State/County Bridge program, in which the Transportation Cabinet aids counties in replacing deficient bridges, the House concurs with the recommended appropriation of $6 million in each respective year of the biennium, but with the following provision: The basis on which the appropriations of the State/County Bridge Program monies shall be expended is as follows: Each Transportation Highway District shall receive a percentage (of the appropriation) equal to its percentage share of the total eligible bridges in the Commonwealth.

State Parkway Rehabilitation Program monies in the amount of $2 million in FY 1993-94 were redirected to the Deferred Construction Project Fund. This program is now funded at $10 million in FY 1992-93 and $10.4 million in FY 1993-94, from the Road fund. The Secretary of Transportation shall implement a Kentucky wildflower planting program as a natural memorial celebrating the Commonwealth's Bicentennial on the state-owned property surrounding the west appproach to the twin bridges crossing the Kentucky River in Franklin County. This site at the Kentucky River and Benson Creek is the juncture of the Commonwealth's original three counties, that were established in 1780: Jefferson, Fayette, and Lincoln. It is the intent of the General Assembly, that monies from the Maintenance Program be used to meet any necessary parkway rehabilitation above the amount specifically appropriated for this purpose.

Monies recommended to support the Highway Construction Contingency Account as established by KRS 45.247 are increased by $4,494,500 in FY 1992-93 and by $17,999,500 in FY 1993-94. Total appropriations to the Highway Construction Contingency Account total $35 million in FY 1992-93 and $33 million in FY 1993-94. Notwithstanding KRS 45.247 (2), monies from the Highway Construction Contingency Account may be used to meet any emergency or discretionary situation, that the Secretary of Transportation deems appropriate. Any monies that have not been expended in the Highway Construction Contingency Account at the end of FY 1992-93, shall be transferred to the Deferred Construction Project Fund.

The Secretary's Emergency Fund was not funded in the House report. This action freed $20 million of Road Fund monies in each year of the next biennium. Disposition of these monies are recommended as follows: In each year of FB 1992-94, $150,000 was redirected to the Research program, that is mentioned previously in the House Report; addtional monies were added to the Highway Construction Contingency Account; and the balance of monies in FY 1992-93 ($15,355,500) and in FY 1993-94 ($5,850,500), were redirected to the Deferred Construction Project Fund.

The House establishes for FB 1992-94, the Deferred Construction Project Fund. Recommended appropriations to this fund, total $17,355,500 in FY 1992-93 and $5,850,500 in FY 1993-94. It is the intent of the House, that this fund be set up as a seperate and distinct account from the other highway construction accounts. The Deferred Construction Project Fund shall be used to complete projects, that were included in the 1990-92 Biennial Highway Construction Program, a part of the FB 1990-92 Final Enacted Budget Memorandum, but did not get built and are not otherwise scheduled to be built in FB 1992-94 Biennial Highway Construction Program, to the extent that this fund will support. Furthermore, the Deferred Construction Project Fund shall be used to support projects in the 1990 Six Year Plan, as approved by the 1990 General Assembly, that were scheduled in FY 1992-93 or FY 1993-94, if those projects are not otherwise scheduled to be built in the FB 1992-94 Biennial Highway Construction Program. Any monies that remain unexpended at the end of the FY 1992-93, shall not lapse, but be utilized in FY 1993-94 for the stated purposes. Any Road Fund savings realized on projects completed within the next biennium, shall be deposited in the Deferred Construction Project Fund.

Included in the House budget are reporting requirement that relate to the various program initiatives in the Highway appropriation unit. As it relates to the Road Fund monies appropriated to match federal highway apportionments, the Transportation Cabinet shall submit a report to the Interim Joint Committee on Appropriations and Revenues by the following September 1 of each fiscal year of the next biennium that shows the disposition of the State Match appropriations by individual project and the status of those projects, as to whether a contract has been executed, the project status and the projected completion date. The Transportation Cabinet shall provide quarterly to the Appropriations and Revenue Committee fiscal imformation on projects scheduled in the FB 1992-94 Biennial Construction Program and projects funded from the Deferred Construction Project Fund. The information, that shall be included in this quarterly report, is the Project Item Number; Route; Project Cost (as denoted in the Biennial Highway Program); contract award amount; contractor; the three top bids amounts; change order amounts and dates; and associated state (non contractual) costs. The Legislative Research Commission may prescribe the format and the form (electronically or otherwise) in which this information is submitted to the Interim Joint Committee on Approriations and Revenue.

SENATE REPORT
The Senate concurs with the Branch Budget.

CONFERENCE REPORT

The Conference concurs with the House, with the following exceptions: Road Fund appropriations to the Highway budget unit are reduced by $1 million in each year of FB 1992-94. State Construction appropriations is increased in FY 1992-93 by $2,275,000 and in FY 1993-94, by $2,796,000. The Deferred Construction Project Fund is reduced by $2,225,000 in FY 1992-93 and by $1,000,000 in FY 1993-94. The Highway Construction Contingency Account is reduced from the House recommendation by $1,500,000 in FY 1992-93 and by $2,796,000 in FY 1993-94. In addition to the allowable uses previously noted, the Deferred Construction Project Fund may be used by the Transportation Cabinet to match federal highway monies, if the Cabinet has utilized all of the Road Fund monies appropriated ($66,890,000 in FY 1992-93 and $61,823,000 in FY 1993-94) to match federal highway monies. The Transportation Cabinet shall report to the Interim Joint Committee on Appropriations and Revenue and to the Interim Joint Committee on Transportation of each occurrence in which this provision is invoked. Monies set aside in the state construction account for the Lincoln County project, shall remain with the project throughout the biennium or until each phase is completed. The Transportation Cabinet shall not require any local contribution from the Scott County or Georgetown governments for funding any by-pass projects. Any such agreements or arrangements which may presently exists are void and no local funds shall be assessed.

BUDGET MODIFICATION REPORT

BRANCH BUDGET

The Branch Budget recommends funding to support existing debt service payments for the following bond issues: Toll Road Bonds; Resource Recovery Bonds; General Obligation Bonds; Economic Development Road Bonds; and the 1990 Series Economic Development Road Bonds. Further recommendations include the usage of Road Fund monies to pay the debt service on Resource Recovery Road Bonds, which statutorily would be supported by Coal Severance Tax receipts as provided by KRS 143.092. Additional Road Fund monies are provided in the amount of $15,377,200 in FY 1993-94, to pay the debt service on a propose $150 million new Economic Development Road Bond issue. This issue would be sold in FY 1992-93 and is projected to generate $160 million (in construction proceeds) to the FY 1992-93 Construction budget. This additional item represents a reduction from the Transportation Cabinet Agency Budget Request, which called for a $300 million bond issue and a corresponding debt service payment of $30.8 million in each year of the next biennium.

HOUSE REPORT

The House concurs with the Branch Budget Recommendations with the following exception: Any moneys not required to meet lease-rental payments or to meet the administrative costs of the Turnpike Authority shall be transferred to the Deferred Project Construction Fund.

SENATE REPORT

The Senate concurs with the Branch Budget.

CONFERENCE REPORT

HB 495, AN ACT relating to revenue and taxation.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 91A.080 is amended to read as follows:

(1) The legislative body of each city, [~~or~~] county or urban-county government which elects to impose and collect license fees or taxes upon insurance companies for the privilege of engaging in the business of insurance may enact or change its license fee or rate of tax to be effective January 1 or July 1 of each year on a prospective basis only, and shall file with the commissioner of insurance, at least sixty (60) days prior to the effective date, a copy of all ordinances and amendments [~~thereto~~] which impose ***the*** [~~any such~~] license fee or tax. The commissioner of insurance shall promptly notify each insurance company engaged in the business of insurance in the Commonwealth of ***the*** [~~these~~] cities, ***counties,*** [~~or county~~] or urban-county governments which have elected to impose [~~such~~] license fees or taxes and the current amount of ***each*** [~~such~~] license fee or rate of tax.

(2) Any license fee or tax imposed by [~~such~~] a city, [~~or~~] county, or urban-county government upon an insurance company with respect to life insurance policies[~~,~~] may be based upon the first year's premiums, and if so based, shall be applied to the [~~amount of such~~] premiums actually collected within each calendar quarter upon the lives of persons residing within the corporate limits of ***the*** [~~such~~] city, [~~or~~] county, or urban-county government.

(3) Any license fee or tax imposed by [~~such~~] a city, [~~or~~] county, or urban-county government upon any insurance company with respect to any policy ***other than*** [~~which is not~~] a life insurance policy shall be based upon the premiums actually collected by ***the*** [~~such~~] company within each calendar quarter on risks located within the corporate limits of the city, [~~or~~] county, or urban-county government [~~on those classes of business which such company is authorized to transact~~], less all premiums returned to policyholders; however, any license fee or tax imposed upon premium receipts shall not include premiums received for insuring employers against liability for personal injuries to their employees, or death caused thereby, under the provisions of the Workers' Compensation Act.

(4) The Department of Insurance shall, by administrative regulation, provide for a reasonable collection fee to be retained by the insurance company or its agent as compensation for collecting the ***license fee or*** tax, except that the collection fee shall not be more than fifteen percent (15%) of the ***license*** fee or tax collected and remitted to the city, county or urban-county government or two percent (2%) of the premiums subject to the ***license fee or*** tax, whichever is less. To facilitate computation, collection, and remittance of the ***license*** fee or tax [~~and collection fee provided in this section, the fees or taxes~~] set out in subsection (1), (2), or (3) of this section, ***and*** [~~together with~~] the collection fee ***set out*** in this section, ***all fees and taxes*** may be rounded off to the nearest dollar amount.

(5) Pursuant to KRS 304.3-270, if any other state retaliates against any Kentucky domiciliary insurer because of the requirements of this section, the commissioner of insurance shall impose an equal tax upon the premiums written in this state by insurers domiciled in the other state.

(6) Accounting and reporting procedures for collection and reporting of the ***license*** fees or taxes, and the collection fee [~~herein provided~~] shall be determined by administrative regulations promulgated by the Department of Insurance.

(7) Upon written request of the legislative body of any city, [~~or~~] county, or urban-county government, [~~at the expense of the requesting city or county or urban-county government, which shall be paid in advance by such city or county or urban-county government to the Department of Insurance,~~] the Department of Insurance shall examine or cause to be examined by contract with qualified auditors the books ***and*** [~~or~~] records of the insurance companies or agents subject to ***any license*** [~~such~~] fee or tax ***imposed by the requesting city, county, or urban-county government,*** to determine whether the ***license*** fee or tax is being properly collected and remitted.[~~, and~~] The findings of ***the*** [~~such~~] examination shall be reported to ***the requesting*** [~~such~~] city, [~~or~~] county, or urban-county government. ***The expense of any examination conducted pursuant to the request of a city, county, or urban county government shall be borne by the requesting city, county, or urban county government, and shall be paid in advance to the Department of Insurance.*** Willful failure to properly collect and remit the ***license*** fee or tax imposed by a city, [~~or~~] county, or urban-county government pursuant to the authority granted by this section shall constitute grounds for the revocation of the license issued to an insurance company or agent under the provisions of KRS Chapter 304.

(8) The license fees or taxes provided for by subsections (2)[~~;~~] and (3) of this section shall be due thirty (30) days after the end of each calendar quarter. Annually, by March 31, each insurer shall furnish each city, [~~or~~] county, or urban-county government, to which ***a license fee or*** [~~the~~] tax [~~or fee~~] is remitted, with a breakdown of all collections ***during*** [~~in~~] the preceding calendar year for the following categories of insurance:

(a) Casualty;

(b) Automobile;

(c) Inland marine;

(d) Fire and allied perils;

(e) Health; and

(f) Life.

(9) Any license fee or tax not paid on or before the due date shall bear interest at the tax interest rate as defined in KRS 131.010(6) from the date due until paid. [~~Such interest payable to the city or county or urban-county government is separate of penalties provided for in subsection (6) of this section. No city or county or urban-county government may impose any penalties other than those provided for in this subsection.~~]

(10) No license fee or tax imposed under this section shall apply to premiums received on policies of group health insurance provided for state employees under KRS 18A.225(2) and 18A.228.

(11) No county may impose the ***license fee or*** tax authorized by this section upon the premiums received on policies issued to public service companies which pay ad valorem taxes.

(12) Insurance companies which pay license fees or taxes pursuant to this section shall credit city license fees or taxes against the same license fees or taxes levied by the county, when the license fees or taxes are levied by the county on or after July 13, 1990.

(13) After December 31, 1993, no license fee or tax imposed by a county subject to the provisions of this section shall exceed a rate of six percent (6%) of the premiums collected.

(1) For the purpose of this section, "excess fees" means fees and commissions in an amount greater than the total salaries and expenses that are required by law to be paid by an office.

(2) Notwithstanding the provisions of KRS 64.530(3), a sheriff or county clerk whose office earns excess fees during any fiscal year, and whose employees are not being provided with health insurance or health maintenance organization coverage by county government or by an agency of county government on the day that fiscal year closes, shall purchase health insurance or health maintenance organization coverage, effective within one (1) month after the close of the fiscal year, that will cover all employees of the office, including the sheriff or county clerk if he desires, for at least twelve (12) months.

(3) The type and extent of the health insurance or health maintenance organization coverage shall be determined by the sheriff or county clerk. The coverage shall be reasonable in relation to the amount of money available from the excess fees.

(4) If a sheriff's or county clerk's office earns excess fees during any fiscal year, but the excess fees are not sufficient, in the judgment of the sheriff or county clerk, to provide employees with a reasonable degree of health insurance or health maintenance organization coverage, the sheriff or county clerk may use a combination of employee contributions and excess fees to purchase the insurance or coverage.

(5) A sheriff or county clerk may purchase health insurance or health maintenance organization coverage under this section in cooperation with any governmental unit or combination of units allowed to cooperatively purchase coverage under KRS 79.080.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 202A.041 is amended to read as follows:

(1) Any peace officer who has reasonable grounds to believe that an individual is mentally ill and presents a danger or threat of danger to self, family or others if not restrained shall detain that person without a warrant. The peace officer shall, if no other party can be found, swear out a warrant and take the arrested person without unnecessary delay before a judge. Only in exceptional cases should the delay exceed twelve (12) hours. The judge shall release the individual if no warrant has been taken out. The judge shall, unless either the court or one (1) of the parties objects, implement the procedures as provided in KRS 202A.028 and order the person to be examined without unnecessary delay by a qualified mental health professional. Following that, the procedures as provided in KRS 202A.028 shall be carried out. Otherwise, the court shall order the person arrested to be examined without unnecessary delay by two (2) qualified mental health professionals, at least one (1) of whom shall be a physician. The qualified mental health professionals shall certify to the court, within twenty-four (24) hours of the examination, their findings and opinions as to whether the person should be involuntarily hospitalized.

(2) If the criteria for involuntary hospitalization are certified by two (2) qualified mental health professionals, the court shall set a preliminary hearing within six (6) days from the date of arrest (excluding weekends and holidays) to determine if there is probable cause to believe the person should be involuntarily hospitalized.

(3) Prior to the preliminary hearing, the court shall notify the respondent, his legal guardian, if any and if known, and his spouse, parents, or nearest known relative or friend concerning the involuntary hospitalization proceedings and the date and purpose of the preliminary hearing; and the name, address and telephone number of the attorney appointed to represent the respondent.

(4) If upon completion of the preliminary hearing, the court finds there is probable cause to believe the person should be involuntarily hospitalized, the court shall order a final hearing within twenty-one (21) days from the date of the arrest to determine if the person should be involuntarily hospitalized for a period of sixty (60) days.

(5) Prior to the final hearing, the county attorney shall file in the record and serve a copy thereof upon the respondent, a statement setting forth the alleged factual reasons or basis upon which the Commonwealth intends to rely in seeking the involuntary hospitalization of the respondent. The required statement shall be served upon the respondent at the earliest practical time, in any event, sufficiently in advance of the final hearing to permit preparation for the hearing by respondent.

(6) If upon completion of the final hearing, the court finds the person should be involuntarily hospitalized, the court shall order the person hospitalized in a hospital where treatment is available for a period not to exceed sixty (60) consecutive days from the date of the court order.

(7) No peace officer or any other person shall place criminal charges against a person who is mentally ill and in need of hospitalization pursuant to KRS Chapter 202A solely or primarily for the purpose of placing that person in jail rather than in a mental health facility.

The Committee Amendment No. 1 to **HB 661** is as follows:

If, upon the referendum, a majority of the eligible producers, who vote therein, reject the program, it shall be terminated at the end of the marketing year in which the referendum was conducted; otherwise, the assessment program shall continue in force and effect.

HB 224, AN ACT relating to class sizes.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 157.360 is amended to read as follows:

(1) In determining the cost of the program to support education excellence in Kentucky, the statewide guaranteed base funding level, as defined in KRS 157.320, shall be computed by dividing the amount appropriated for this purpose by the prior year's statewide average daily attendance.

(2) Each district shall receive an amount equal to the base funding level for each pupil in average daily attendance in the district in the previous year. Each district's base funding level shall be adjusted by the following factors:

(a) The number of at-risk students in the district. At-risk students shall be identified as those approved for the free lunch program under state and federal guidelines. The number of at-risk students shall be multiplied by a factor to be established by the General Assembly;

(b) The number and types of exceptional children in the district as defined by KRS 157.200. No later than October 1, 1991, specific weights for each category of exceptionality shall be developed by the Department of Education and shall be used in the calculation of the add-on factor for exceptional children. Prior to the development of the necessary weights, the General Assembly shall determine the costs associated with the education of exceptional children based on the count of pupils with different exceptionalities, an appropriate pupil-teacher ratio, and total per-pupil costs; and

(c) Transportation costs. The per pupil cost of transportation shall be calculated as provided by KRS 157.370. No later than October 1, 1991, the Office of Education Accountability's Division of School Finance shall examine the components of the current system for allocating transportation funds, and recommend any needed changes to the General Assembly, the Governor, and the State Board for Elementary and Secondary Education. Districts which contract to furnish transportation to students attending nonpublic schools may adopt any payment formula which assures that no public school funds are used for the transportation of nonpublic students.

(3) The program to support education excellence in Kentucky shall be fully implemented by the 1994-95 school year. No district shall receive an annual increase in state funds of less than eight percent (8%) for 1990-91 and five percent (5%) in 1991-92 or more than twenty-five percent (25%) in either year.

(4) ***(a)*** Except for those schools which have implemented school-based decision making, the chief state school officer shall enforce maximum class sizes for every academic course requirement in all grades except in vocal and instrumental music, art, ***and*** physical education[~~, and special education~~] classes. Except in classes combining pupils from two (2) or more grade levels, the maximum number of pupils enrolled in a class shall be as follows:

1.[~~(a)~~] Twenty-four (24) in primary grades (kindergarten through third grade);

2.[~~(b)~~] Twenty-eight (28) in grade four (4);

3.[~~(c)~~] Twenty-nine (29) in grades five (5) and six (6);

4.[~~(d)~~] Thirty-one (31) in grades seven (7) to twelve (12);

(b)[~~(e)~~] Except for those schools which have implemented school-based decision making, class size loads for middle and secondary school classroom teachers shall not exceed the equivalent of one hundred fifty (150) pupil hours per day.

(c) The chief state school officer, upon approval of the State Board for Elementary and Secondary Education, shall adopt administrative regulations for enforcing this provision. These administrative regulations shall include procedures for a superintendent to request an exemption from the State Board for Elementary and Secondary Education when unusual circumstances warrant an increased class size for an individual class. A request for an exemption shall include specific reasons for the increased class size with a plan for reducing the class size prior to the beginning of the next school year. A district shall not receive in any one (1) year exemptions for more classes than enroll twenty percent (20%) of the pupils in the primary grades and grades four (4) through eight (8).

(d) In all schools the chief state school officer shall enforce the special education maximum class sizes set by administrative regulations adopted by the State Board for Elementary and Secondary Education. A superintendent may request an exemption pursuant to paragraph (c) of this section. A local school council may request a waiver pursuant to KRS 156.160(2). An exemption or waiver shall not be granted if the increased class size will impede any exceptional child from achieving his individual education program.

(5) In grades four (4) through six (6) with combined grades, the maximum class size shall be the average daily attendance upon which funding is appropriated for the lowest assigned grade in the class. There shall be no exceptions to the maximum class size for combined classes. In combined classes other than the primary grades, no ungraded students shall be placed in a combined class with graded students. In addition, there shall be no more than two (2) consecutive grade levels combined in any one (1) class in grades four (4) through six (6). However, this shall not apply to schools which have implemented school-based decision making.

(6) If a local school district, through its admission and release committee, determines that an appropriate program in the least restrictive environment for a particular handicapped child includes either part-time or full-time enrollment with a private school or agency within the state or a public or private agency in another state, the school district shall count as average daily attendance in a public school the time that the child is in attendance at the school or agency, contingent upon approval by the chief state school officer.

(7) Pupils attending a center for child learning and study established under an agreement pursuant to KRS 65.210 to 65.300 shall, for the purpose of calculating average daily attendance, be considered as in attendance in the school district in which the child legally resides and which is party to the agreement. For purposes of subsection (1) of this section, teachers who are actually employees of the joint or cooperative action shall be considered as employees of each school district which is a party to the agreement.

(8) Program funding shall be increased when the average daily attendance in any district for the first two (2) months of the current school year is greater than the average daily attendance of the district for the first two (2) months of the previous school year. The program funds allotted the district shall be increased by the percent of increase. The average daily attendance in kindergarten is the kindergarten full-time equivalent pupils in average daily attendance.

(9) If the percentage of attendance of any school district shall have been reduced more than two percent (2%) during the previous school year, the program funding allotted the district for the current school year shall be increased by the difference in the percentage of attendance for the two (2) years immediately prior to the current school year less two percent (2%).

(10) (a) Instructional salaries for vocational agriculture classes shall be allotted for twelve (12) months per year. Vocational agriculture teachers shall be responsible for the following program of instruction during the time period beyond the regular school term established by the local board of education: supervision and instruction of students in agriculture experience programs; group and individual instruction of farmers and agribusinessmen; supervision of student members of agricultural organizations who are involved in leadership training or other activity required by state or federal law; or any program of vocational agriculture established by the Office of Vocational Education in the Department of Education. Salary allotments for vocational agriculture units shall be computed by proportionately increasing the salary schedule allocation based on the regular one hundred eighty-five (185) day school year for teachers with comparable qualifications and experience. During extended employment, no vocational agriculture teacher shall receive salary on a day that the teacher is scheduled to attend an institution of higher education class which could be credited toward meeting any certification requirement.

(b) Each teacher of agriculture employed twelve (12) months per year shall submit an annual plan for summer program to the local school superintendent for approval. The summer plan shall include a list of tasks to be performed, purposes for each task, and time to be spent on each task. Approval by the local school superintendent shall be in compliance with the guidelines developed by the State Department of Education. The supervision and accountability of teachers of vocational agriculture's summer programs shall be the responsibility of the local school superintendent. The local school superintendent shall submit to the chief state school officer a completed report of summer tasks for each vocational agriculture teacher employed for twelve (12) months. Twenty percent (20%) of the approved twelve (12) month vocational agriculture programs shall be audited annually by the State Department of Education to determine that the summer plan has been properly executed.

(c) For the 1990-91 and the 1991-92 school years, an add-on appropriation shall be made to local school districts which are operating secondary vocational education programs. The amount provided in the budget shall be allocated on a per pupil basis and shall be used to meet the higher per student cost of operating vocational education programs.

(11) (a) In allotting program funds for home and hospital instruction, statewide guaranteed base funding excluding the capital outlay, shall be allotted for each child in average daily attendance in the current school year who has been properly identified according to State Board for Elementary and Secondary Education administrative regulations. Attendance shall be calculated pursuant to KRS 157.270 and shall be reported monthly on forms provided by the Department of Education; and

(b) Pursuant to administrative regulations of the Department of Education, local school districts shall be reimbursed for home and hospital instruction for pupils unable to attend regular school sessions because of short term health impairments. A reimbursement formula shall be established by administrative regulations to include such factors as a reasonable per hour, per child allotment for teacher instructional time, with a maximum number of funded hours per week, a reasonable allotment for teaching supplies and equipment, and a reasonable allotment for travel expenses to and from instructional assignments, but the formula shall not include an allotment for capital outlay. Attendance shall be calculated pursuant to KRS 157.270 and shall be reported monthly on forms provided by the Department of Education.

(12) Except for those schools which have implemented school-based decision making, kindergarten aides shall be provided for each ***twenty-four (24)*** [~~twenty-five (25)~~] full-time equivalent kindergarten students enrolled.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 158.150 is amended to read as follows:

(1) All pupils admitted to the common schools shall comply with the lawful regulations for the government of the schools:

(a) Willful disobedience or defiance of the authority of the teachers or administrators, use of profanity or vulgarity, assault or battery or abuse of other students, the threat of force or violence, the use or possession of alcohol or drugs, stealing or destruction or defacing of school property or personal property of students, the carrying or use of weapons or dangerous instruments, or other incorrigible bad conduct on school property, as well as off school property at school-sponsored activities, constitutes cause for suspension or expulsion from school; and

(b) Assault or battery or abuse of school personnel; stealing or willfully or wantonly defacing, destroying, or damaging the personal property of school personnel on school property, off school property, or at school-sponsored activities constitutes cause for suspension or expulsion from school.

(2) A pupil shall not be suspended from the common schools until after at least the following due process procedures have been provided:

(a) The pupil has been given oral or written notice of the charge or charges against him which constitute cause for suspension;

(b) The pupil has been given an explanation of the evidence of the charge or charges if the pupil denies them; and

(c) The pupil has been given an opportunity to present his own version of the facts relating to the charge or charges.

These due process procedures shall precede any suspension from the common schools unless immediate suspension is essential to protect persons or property or to avoid disruption of the ongoing academic process. In such cases, the due process procedures outlined above shall follow the suspension as soon as practicable, but no later than three (3) school days after the suspension.

(3) The superintendent, principal, assistant principal, or head teacher of any school may suspend a pupil but shall report ***the*** [~~such~~] action in writing immediately to the superintendent and to the parent, guardian, or other person having legal custody or control of the pupil. The board of education of any school district may expel any pupil for misconduct as defined in subsection (1) of this section, but ***the*** [~~such~~] action shall not be taken until the parent, guardian, or other person having legal custody or control of the pupil has had an opportunity to have a hearing before the board. The decision of the board shall be final.

(4) (a) Suspension of exceptional children, as defined in KRS 157.200, for more than a total of ten (10) days during a school year shall constitute a change of educational placement. The admissions and release committee shall meet to review the placement and make a recommendation for a continuance or a change in placement.

(b) If a local school district seeks to expel the student, the admissions and release committee shall make a determination of whether the pupil's behavior leading to the recommendation for the expulsion is related to his handicapping condition and whether expulsion may be pursued. Services shall not cease during the period of review. A district may seek relief through the courts if it appears that retaining a pupil in the educational placement recommended by the admissions and release committee will likely result in injury to the student or others.

The Committee Substitute to **HB 226** is as follows:

The decision of the board shall be final.

(4) (a) Suspension of exceptional children, as defined in KRS 157.200, for more than a total of ten (10) days during a school year shall constitute a change of educational placement. The admissions and release committee shall meet to review the placement and make a recommendation for continued placement or a change in placement and determine whether regular suspension or expulsion procedures apply. Additional evaluations shall be completed, if necessary.

(b) If the admissions and release committee determines that an exceptional child's behavior is related to his disability, the child shall not be suspended any further or expelled. However, educational services shall not be terminated during a period of expulsion. A district may seek temporary injunctive relief through the courts if the parent and the other members of the admissions and release committee cannot agree upon a placement and the current placement will likely result in injury to the student or others.

(20) "Active contributing member" means a member currently making contributions to the Teachers' Retirement System, [~~or~~] who made contributions in the next preceding fiscal year, [~~or~~] for whom picked up employee contributions are currently being made, or for whom such contributions were made in the next preceding fiscal year; and

(21) "Regular teacher, supervisor, or administrator," when used to determine eligibility for membership in the retirement system, means a professional employee holding a position which requires services on a continuing basis equal to at least seven-tenths (7/10) of normal full-time service on a daily or weekly basis.

Section 2. KRS 161.290 is amended to read as follows:

(1) The board of trustees shall meet on the third Monday during the months of March, June, September, and December of each year. Special meetings may be called by the chairperson upon giving adequate notice to each member of the board of trustees. The business to be transacted at special meetings shall be specified in the notice of the meeting.

(2) The members of the board of trustees shall serve without compensation, except that elective trustees shall receive ninety dollars ($90) for each day the board is in session and all elected trustees shall be reimbursed from the expense fund for all necessary expenses they incur through service to the board without limitation of the provisions of KRS Chapters 44 and 45.

(3) The board of trustees may authorize a per diem, not to exceed ninety dollars ($90) per day, for trustees representing the system on committees or commissions established by statute or for service as an official representative of the board of trustees.

(4) The school district which employs a teacher trustee who is required to attend regular or special meetings of the board of trustees, represent the system on committees or commissions, or serve as an official representative of the board of trustees, shall provide the teacher trustee with special leave with pay and pay the compensation for a substitute for the teacher trustee during periods of absence upon certification by the teacher trustee that the trustee is performing these duties for the system.

Section 3. KRS 161.420 is amended to read as follows:

All of the assets of the retirement system are for the exclusive purpose of providing benefits to members and annuitants and defraying reasonable expenses of administering the system. The board of trustees shall be the trustee of all funds of the system and shall have full power and responsibility for administering the funds. It is hereby declared that the restrictions and rights provided herein shall not be subject to reduction or impairment by alteration, amendment, or ***repeal*** [~~appeal~~]. All the assets of the retirement system shall be credited according to the purpose for which they are held to one (1) of the following funds:

(1) The expense fund shall consist of the funds set aside from year to year by the board of trustees to defray the expenses of the administration of the retirement system. Each fiscal year an amount not greater than four percent (4%) of the ***income earned from investments during the immediate past fiscal year*** [~~receipts of the state accumulation fund~~] shall be set aside into the expense fund or expended for the administration of the retirement system;

(2) The teachers' savings fund shall consist of the contributions paid by members of the retirement system into this fund and regular interest assigned by the board of trustees from the guarantee fund. The accumulated contributions of a member returned to him upon his withdrawal or paid to his estate or designated beneficiary in the event of his death shall be paid from the teachers' savings fund. Any accumulated contributions forfeited by a failure of a teacher or his estate to claim these contributions shall be transferred from the teachers' savings fund to the guarantee fund. The accumulated contributions of a member shall be transferred from the teachers' savings fund to the allowance reserve fund in the event of retirement by reason of service or disability;

(3) The state accumulation fund shall consist of funds appropriated by the state for the purpose of providing annuities, survivor benefits, and death benefits, including any sums appropriated for meeting unfunded liabilities, [~~excluding money assigned to the expense fund,~~] together with regular interest assigned by the board of trustees from the guarantee fund. At the time of retirement or death of a member there shall be

transferred from the state accumulation fund to the allowance reserve fund an amount which together with the sum transferred from the teachers' savings fund will be sufficient to provide the member a retirement allowance and provide for benefits under KRS 161.520, 161.525, and 161.655;

(4) The allowance reserve fund shall be the fund from which shall be paid all retirement allowances and benefits provided under KRS 161.520, 161.525, and 161.655. In addition, whenever a change in the status of a member results in an obligation on this fund, there shall be transferred to this fund from the teachers' savings fund, and the state accumulation fund, the amounts as may be held in those funds for the account or benefit of the member;

(5) The medical insurance fund shall consist of amounts accumulated for the purpose of providing benefits as provided in KRS 161.675. One and five tenths percent (1.5%) of the gross annual payroll of all members shall be deposited to this fund. One-half (1/2) of this amount shall derive from member contributions and one-half (1/2) from ***a*** state appropriation. All claims for benefits under KRS 161.675 shall be paid from this fund. Any amounts not required to meet current costs shall be maintained as a reserve for these benefits; and

(6) The guarantee fund shall be maintained to facilitate the crediting of uniform interest on the amounts of the other funds, except the expense fund, and to provide a contingent fund out of which special requirements of any of the other funds may be covered. All income, interest, and dividends derived from the authorized deposits and investments shall be paid into the guarantee fund. Any funds received from gifts and bequests, which the board is hereby authorized to accept, shall be credited to the guarantee fund. Any funds transferred from the teachers' savings fund by reason of lack of claimant or because of a surplus in any fund and any other moneys whose disposition is not otherwise provided for, shall also be credited to the guarantee fund. The interest allowed by the board of trustees to each of the other funds shall be paid to these funds from the guarantee fund. Any deficit occurring in any fund that would not be automatically covered shall be met by the payments from the guarantee fund to that fund. The board of trustees may, at the beginning of a fiscal year, transfer from the guarantee fund to the medical insurance fund an amount not to exceed ***four*** [~~two~~] percent ***(4%)*** [~~(2%)~~] of the income earned from investments during the immediate past year.

(7) The school employee annuity fund shall consist of those funds voluntarily contributed under the provisions of section 403(b) of the Internal Revenue Code by any member of the Teachers' Retirement System, or the employer of the member, or both. The contributions shall not be picked up as provided in KRS 161.540(2). The contributions shall be invested as provided in KRS 161.430. Separate member accounts shall be maintained for each member. The board of trustees may promulgate administrative regulations pursuant to KRS Chapter 13A to manage this program.

Section 4. KRS 161.430 is amended to read as follows:

(1) The board of trustees shall be the trustee of the funds of the retirement system and shall have full power and responsibility for the purchase, sale, exchange, transfer, or other disposition of the investments and moneys of the retirement system. The board shall, by administrative regulation, establish investment policies and procedures to carry out their responsibilities. The board shall employ experienced competent investment counselors to advise it on all matters pertaining to investment, except the board may employ qualified investment personnel to advise it on investment matters not to exceed ***fifty*** [~~twenty-five~~] percent ***(50%)*** [~~(25%)~~] of the book value of the system's assets. Effective July 1, 1991, no investment counselor shall manage more than forty percent (40%) of the funds of the retirement system. The board may appoint an investment committee consisting of the executive secretary and two (2) trustees to act for the board in all matters of investment, subject to the approval of the board of trustees. The board of trustees, in keeping with their responsibilities as trustees and wherever consistent with their fiduciary responsibilities, shall give priority to the investment of funds in obligations calculated to improve the industrial development and enhance the economic welfare of the Commonwealth. Toward this end, the board shall develop procedures for informing the business community of the potential for in-state investments by the retirement fund, accepting and evaluating applications for the in-state investment of funds, and working with members of the business community in executing in-state investments which are consistent with the board's fiduciary responsibilities. The board shall include in the criteria it uses to evaluate in-state investments their potential for creating new employment opportunities and adding to the total job pool in Kentucky. The board may cooperate with the board of trustees of Kentucky Retirement Systems in developing its program and procedures, and shall report to the Legislative Research Commission annually on its progress in placing in-state investments. The first report shall be submitted by October 1, 1991, and subsequent reports shall be submitted by October 1 of each year thereafter. The report shall include the number of applications for in-state investment received, the nature of the investments proposed, the amount requested, the amount invested, and the percentage of applications which resulted in investments.

(2) The board members and investment counselor shall discharge their duties with respect to the assets of the system solely in the interests of the active contributing members and annuitants and:

(a) For the exclusive purpose of providing benefits to members and annuitants and defraying reasonable expenses of administering the system;

(b) With the care, skill, prudence, and diligence under the circumstances then prevailing that a prudent man acting in a like capacity and familiar with such matters would use in the conduct of an enterprise of a like character and with like aims;

(c) By diversifying the investments of the plan so as to minimize the risk of large losses, unless under the circumstances it is clearly prudent not to do so; and

(d) In accordance with the laws, administrative regulations and other instruments governing the system.

(3) (a) In choosing and contracting for professional investment management services the board must do so prudently and in the interest of the members and annuitants. Any contract that the board makes with an investment counselor shall set forth policies and guidelines of the board with reference to standard rating services and specific criteria for determining the quality of investments.

(b) An investment counselor appointed under this section shall acknowledge in writing his fiduciary responsibilities to the fund. To be eligible for appointment, an investment counselor must be:

1. Registered under the Federal Investment Advisors Act of 1940; or

2. A bank as defined by that Act; or

3. An insurance company qualified to perform investment services under the laws of more than one (1) state.

(4) No investment or disbursement of funds shall be made unless authorized by the board of trustees, except that the board, in order to ensure timely market transactions, shall establish investment guidelines, by administrative regulation, and may permit its staff and investment counselors employed pursuant to this section to execute purchases and sales of investment instruments within those guidelines without prior board approval.

Section 5. KRS 161.480 is amended to read as follows:

(1) Each person, upon becoming a member of the retirement system, shall file a detailed statement as required by the board of trustees and shall designate a beneficiary to receive any benefits accruing from the death of the member. This designation shall remain in [~~full force and~~] effect until changed by the member on forms prescribed by the Kentucky Teachers' Retirement System, except that subsequent marriage or divorce by the member shall void the designation[~~;~~] and the spouse of the member at death shall be considered as beneficiary in the event of subsequent marriage, and the estate of the member shall be considered as beneficiary in the event of subsequent divorce, unless the member subsequent to marriage or divorce designates another beneficiary. The provisions of this section shall be retroactive as they relate to election of beneficiaries by members still in active status on the effective date of this section.

(2) Each retiree shall, prior to the effective date of retirement, designate a beneficiary who shall be eligible to receive [~~such~~] survivors' benefits as may be provided by the retirement option selected by the retiree. A [~~beneficiary designation may not be changed after the effective date of retirement, except that a~~] divorce, annulment, marriage dissolution, or death of a spouse or the death of any other designated beneficiary following retirement shall, at the election of the retiree, cancel any optional plan selected at retirement to provide continuing lifetime benefits to ***the*** [~~such~~] beneficiary and the retiree may designate a beneficiary to receive any refundable balance at the retiree's death.

(3) A beneficiary designation may not be changed after the effective date of retirement except for retirees who elect the straight life annuity with refundable balance option or the predetermined years certain and life thereafter option.

Section 6. KRS 161.520 is amended to read as follows:

Upon death of an active contributing member or upon the death of a member retired for disability, except as provided in KRS 161.661(6), the survivors of the deceased member in the following named order, may elect to receive a survivor's benefit payable as follows:

(1) Where there is a surviving widow or widower who is named as beneficiary of the member's retirement account, the benefit shall be:

(a) One hundred eighty dollars ($180) per month with no restriction on other income;

(b) Two hundred ***forty*** [~~twenty~~] dollars ***($240)*** [~~($220)~~] per month when the surviving widow or widower's total income from all sources does not exceed six thousand ***six hundred*** dollars ***($6,600)*** [~~($6,000)~~] per year or five hundred ***fifty*** dollars ***($550)*** [~~($500)~~] per month. ***The increase provided in this subsection shall not be implemented unless funding is provided in the 1992-94 biennial budget appropriation***; or

(c) If the deceased member has a minimum of ten (10) years of service credit with the Teachers' Retirement System, the surviving widow or widower may apply for an annuity actuarially equivalent to the annuity that would have been paid to the deceased member when eligibility conditions were met. Eligibility for payments would begin at the time the age of the deceased member would have met the requirements of KRS 161.600(1). In exercising this right, the surviving widow or widower shall be entitled to receive an annuity for life, except as provided in subsection (6) of this section. This subsection applies to surviving spouses of members who die on or after July 1, 1978. A surviving widow or widower shall be eligible for benefit payments provided under paragraphs (a) and (b) of this subsection until they begin receiving payments under this provision.

(2) Where there are surviving unmarried children under age eighteen (18) or under age nineteen (19) if a full-time student in high school, the benefit shall be ***two*** [~~one~~] hundred [~~eighty~~] dollars ***($200)*** [~~($180)~~] per month in the case of one (1) child, three hundred ***forty*** [~~ten~~] dollars ***($340)*** [~~($310)~~] per month in the case of two (2) children, ***four*** [~~three~~] hundred [~~sixty~~] dollars ***($400)*** [~~($360)~~] per month in the case of three (3) children, and four hundred ***forty*** dollars ***($440)*** [~~($400)~~] per month in the case of four (4) or more children. Benefits under this subsection shall apply in addition to benefits which may be payable under subsections (1) and (3) of this section. ***The increase provided in this subsection shall not be implemented unless funding is provided in the 1992-94 biennial budget appropriation.***

(3) Where the survivor is a child age eighteen (18) or older whose mental or physical condition is sufficient to cause his dependency on the deceased member at the time of the member's death, the benefit shall be two hundred dollars ($200) per month, payable for the life of the child or until the time as the mental or physical condition creating the dependency no longer exists or the child marries. Benefits under this subsection and subsection (2) of this section shall apply to legally adopted survivors provided the proceedings for the adoption were initiated at least one ***(1)*** year prior to the death of the member. The mental or physical condition of the adult child shall be revealed by a competent examination by a licensed physician and shall be approved by a majority of a medical review committee as defined in KRS 161.661***(13)***[~~(12)~~]. Benefits under this subsection shall apply in addition to benefits which may be payable under subsections (1) and (2) of this section.

(4) Where the sole eligible survivors are dependent parents aged sixty-five (65) or over, the benefit shall be two hundred dollars ($200) per month for one (1) parent or two hundred ninety dollars ($290) per month for two (2) parents. Dependency of a parent shall be established as of the date of the death of the member.

(5) Where the sole eligible survivor is a dependent brother or sister, the benefit shall be one hundred sixty five dollars ($165) per month. In order to qualify the brother or sister must have been a resident of the deceased member's household for at least one (1) full year prior to the member's death or must have been receiving care in a hospital, nursing home, or other institution at the member's expense for ***same*** [~~a like~~] period.

(6) The benefit to a child as defined in subsection (2) of this section shall terminate upon the attainment of age eighteen (18) or upon reaching age nineteen (19), if a full-time student in high school, or upon marriage, except that benefits shall continue until the attainment of age twenty-three (23) for an unmarried child who is a full-time student in a recognized educational program beyond the high school level. The benefit to a widow, widower, dependent parent, or dependent brother or sister or dependent child age eighteen (18) or older shall terminate upon marriage, or upon termination of the condition creating the dependency.

(7) The board of trustees shall be the sole judge of eligibility or dependency of any beneficiary, and may require formal application or information relating ***to eligibility or dependency*** [~~thereto~~], including proof of annual income satisfactory to the board. The board of trustees may subpoena records and individuals whenever it deems this action necessary.

(8) No ***payment*** [~~payments~~] of benefits shall be made unless the board of trustees ***authorizes*** [~~shall have authorized~~] the ***payment*** [~~payments~~]. The board shall ***promulgate*** [~~formulate and adopt necessary~~] administrative regulations for the administration of the [~~foregoing~~] provisions ***in this section*** and in every case the decision of the board of trustees shall be final as to eligibility, dependency, or disability, and the amount of benefits payable.

(9) In the event that there are no eligible survivors as defined in subsections (1) to (5) of this section, the board of trustees shall pay to the estate or assigns of the deceased member a refund of his accumulated

contributions as provided in KRS 161.470(7). If the benefits paid or payable under subsections (1) to (5) of this section and KRS 161.661 shall amount to a sum less than the member's accumulated contributions at the time of death, the board of trustees shall pay to the estate or assigns of the deceased member the balance of the accumulated contributions.

(10) Any person who is receiving benefits and becomes disqualified from receiving those benefits under this section shall immediately notify the Teachers' Retirement System of this disqualification in writing and shall return all benefits paid after the date of disqualification. Failure to comply with these provisions shall create an indebtedness of that person to the Teachers' Retirement System. Interest at the rate of eight percent (8%) per annum shall be charged if the debt is not repaid within sixty (60) days after the date of disqualification. Failure to repay this debt creates a lien in favor of the Teachers' Retirement System upon all property of the person who improperly receives benefits and does not repay those benefits.

Section 7. KRS 161.540 is amended to read as follows:

(1) Effective July 1, 1988, each member shall contribute to the retirement system nine and eight hundred fifty-five thousandths percent (9.855%) of annual compensation, except that university faculty members shall contribute eight and three hundred seventy-five thousandths percent (8.375%) of annual compensation. The contribution of members shall not exceed these applicable percentages on annual compensation. When a member retires, if it is determined that he has made contributions on a salary in excess of the amount to be included for the purpose of calculating his final average salary, any excess contribution shall be refunded to him in a lump sum at the time of the payment of his first retirement allowance. In the event a member is awarded a court-ordered back salary payment the employer shall deduct and remit the member contribution on the salary payment, plus interest to be paid by the employer, to the retirement system unless otherwise specified by the court order.

(2) Each public board, institution, or agency, as listed in KRS 161.220(4)(a) to ***(h)*** [~~(f)~~] shall, solely for the purpose of compliance with Section 414(h) of the United States Internal Revenue Code, pick up the employee contributions required by this section for all compensation earned after August 1, 1982, and the contributions so picked up shall be treated as employer contributions in determining tax treatment under the United States Internal Revenue Code and KRS 141.010(10). [~~However, each public board, institution, or agency shall continue to withhold federal and state income taxes based upon these contributions and hold them in a separate account until the Internal Revenue Service or the federal courts rule that, pursuant to Section 414(h) of the United States Internal Revenue Code, these contributions shall not be included as gross income of the employee until such time as the contributions are distributed or made available to the employee.~~] The picked-up employee contribution shall satisfy all obligations to the retirement system satisfied prior to August 1, 1982, by the employee contribution, and the picked-up employee contribution shall be in lieu of an employee contribution. Each employer shall pay these picked-up employee contributions from the same source of funds which is used to pay earnings to the employee. The employee shall have no option to receive the contributed amounts directly instead of having them paid by the employer to the system. Employee contributions picked up after August 1, 1982, shall be treated for all purposes of KRS 161.220 to 161.714 in the same manner and to the same extent as employee contributions made prior to August 1, 1982.

Section 8. KRS 161.545 is amended to read as follows:

[~~(1)~~] Members may make contributions and receive service credit for substitute, part-time or any service other than regular full-time teaching as provided in the administrative regulations of the board of trustees. Members placed on leave of absence may make contributions and receive service credit for this leave as provided in administrative regulations ***promulgated*** [~~adopted~~] by the board of trustees. Contributions permitted after August 1, 1982, shall not be picked up pursuant to KRS 161.540(2).

[~~(2) A member who has been out of the teaching profession, but not on an official leave of absence, for the purpose of obtaining a master's degree, Rank 1, or a doctor's degree may purchase up to one (1) year of service credit in the Teachers' Retirement System. Any member who qualifies to purchase this service shall pay to the retirement system an amount equal to the contribution rate in effect on the salary the last year the member was employed prior to enrollment in a master's, Rank 1, or doctor's degree program with interest at the rate of eight percent (8%) compounded annually from the beginning of the school year next following enrollment in a master's, Rank 1, or doctor's degree program. This sum shall be deposited in the state accumulation fund. Credit purchased may not exceed the time the member is enrolled in a master's program, Rank 1 program, or doctoral program. Leave for this purpose shall be verified by a copy of the member's college transcript. This service credit must be purchased prior to July 1, 1991.~~]

Section 9. KRS 161.550 is amended to read as follows:

Beginning with July 1, each employer, except as provided under KRS 161.555, shall contribute annually to the retirement system a permanent amount equal to that contributed by its employees who are members of the retirement system plus an additional three and one-fourths percent (3.25%) of the total of salaries of its employees who are members of the retirement system to discharge the system's unfunded obligations with interest assumed by the state. Each employer shall remit the required employer contributions to the retirement system under the terms and conditions specified for member contributions under KRS 161.560. The state shall provide annual appropriations based upon estimated funds needed to meet the requirements of KRS 161.155; 161.507***(4)***[~~(3)~~]; 161.515; 161.545; 161.620(1), (3), (5), (6), ***and*** (7)***; Section 13 of this Act***[~~, and (8)~~]; and 161.712. In the event an annual appropriation is less than the amount of these requirements, the state shall make up the deficit in the next biennium budget appropriation to the retirement system. [~~The state shall appropriate funds to the retirement system in the 1992-94 budget to fund any deficit that may occur in the state's obligation to the retirement system during fiscal year 1989-90.~~] Employer contributions to the retirement system are for the exclusive purpose of providing benefits to members and annuitants and ***these*** [~~such~~] contributions shall be considered deferred compensation to the members.

Section 10. KRS 161.603 is amended to read as follows:

(1) Any member retired by reason of service may waive his annuity and return to regular employment in a position covered by the Teachers' Retirement System. The member shall receive no annuity payments while employed in a covered position, but shall continue to be covered by the system's hospital and medical insurance program and his estate shall continue to be eligible for death benefits as provided in KRS 161.655. Service subsequent to retirement shall not be used to improve an annuity, except as provided in subsections (2) and (3) of this section.

(2) Any member who waives regular annuity benefits and returns to teaching or covered employment shall be entitled to make contributions on the salaries received for this service and have their retirement annuity recalculated as provided in the regular retirement formula in KRS 161.620(1)[~~(a)~~] less any applicable actuarial discount applied to the original retirement allowance due to the election of a joint and last survivor option. Retirement option and beneficiary designation on original retirement shall not be altered by post-retirement employment nor shall dependents and spouses of the members become eligible for benefits under KRS 161.520, 161.525, and 161.661 because of post-retirement employment.

(3) When a member returns to full-time teaching or covered employment as provided in subsection (2) of this section, the employer is required to withhold and remit regular retirement contributions. The member must be employed full-time for at least one (1) consecutive contract year to be eligible to improve an annuity. The member will be returned to the annuity rolls on July 1 following completion of the contract year or on the first day of the month following the month of termination of service if full-time employment exceeds one (1) consecutive contract year. Any discounts applied at the time of the original retirement due to service may be reduced or eliminated due to additional employment if full-time employment is for one (1) contract consecutive year or longer.

Section 11. KRS 161.605 is amended to read as follows:

(1) Retired members may perform part-time or substitute teaching in the public schools for the equivalent of one hundred (100) days in any one (1) school year and receive compensation for this teaching without reduction in retirement annuities. The board of trustees by regulation may establish fractional equivalents of a day of teaching service.

(2) Retired members may be employed part-time in a nonteaching capacity in the public schools and receive compensation for this employment without reduction in retirement annuities, except that retired members may not be employed in excess of a one hundred (100) day period ***in any one (1) school year*** in the same position from which they retired, or a position substantially similar to the one from which they retired, or any position listed in KRS 161.220(4) which requires membership in the retirement system. ***Positions which generally require certification or graduation from a four (4) year college or university as a condition of employment which are changed or created to remove the position from coverage under KRS 161.220(4) are also subject to the one hundred (100) day limitation in this subsection.*** The board of trustees shall determine if employment in a nonteaching position qualifies for an exemption under this subsection.

(3) Calculation of the number of days for part-time teaching, substitute teaching, or part-time employment in a nonteaching capacity under subsections (1) and (2) of this section shall not exceed the ratio between a school year and the actual months of retirement for the member during that school year.

Section 12. KRS 161.620 is amended to read as follows:

(1) The retirement allowance, in the form of a life annuity with refundable balance, of a member retiring for service shall be calculated as follows:

(a) For retirements effective July 1, 1980, and thereafter, the annual allowance for each year of service performed prior to July 1, 1941, shall be one hundred dollars ($100) and the annual allowance for each year of service performed after July 1, 1941, shall be two percent (2%) of the final average salary. Actuarial discounts due to age or service credit at retirement may be applied as provided in this section;

(b) For retirements effective January 1, 1984, and thereafter, the annual allowance shall be determined as set out in subsection (1)(a) of this section, except that the allowance for service performed after January 1, 1984, shall be valued at the annual rate of two and one-half percent (2.5%) of the final average salary for all members not employed by a state university or college. For purposes of implementing the change in the value of a year of service, the board of trustees shall establish, by administrative regulation, the value of services performed during the 1983-84 fiscal year, but in no case shall the value of service performed during the 1983-84 fiscal year exceed two and one quarter percent (2.25%); and

(c) The retirement allowance of a member at retirement shall not exceed the member's last annual compensation or the member's final average salary, whichever is the greater amount.

(2) Effective July 1, 1990, and annually on July 1 thereafter, the retirement allowance of each retired member and of each beneficiary of a retirement option who has been retired at least ten (10) months shall be increased in the amount of one and one-half percent (1.5%).

(3) Any member qualifying for retirement under a life annuity with refundable balance shall be entitled to receive an annual allowance amounting to not less than two hundred ***forty*** [~~ten~~] dollars ***($240)*** [~~($210)~~] effective July 1, ***1992*** [~~1990, and two hundred twenty dollars ($220) effective July 1, 1991~~], multiplied by the service credit years of the member. These minimums shall apply to the retired members receiving annuity payments and to those members retiring on or subsequent to the effective dates listed in this subsection. [~~Eligibility for the benefits provided under this subsection shall be determined after applying any other cost-of-living adjustments provided by statute to the June, 1990 and June, 1991 annuity payment of the member.~~] The increases provided for in this subsection shall not be implemented unless funding is provided in the ***1992-94*** [~~1990-92~~] biennium budget appropriation.

(4) The minimum provided in this section shall apply in the case of members retired or retiring under an option other than a life annuity with refundable balance in the same proportion to the benefits of the member and his beneficiary or beneficiaries as provided in the duly adopted option tables at the time of the member's retirement.

(5) Effective July 1, ***1992*** [~~1990~~], the monthly allowance of each member retired on or before July 1, ***1991*** [~~1989~~], and each recipient of a retirement option of the retired member shall be increased in an amount not to exceed ***two percent (2%)*** [~~three and one-half percent (3.5%)~~] of the monthly allowance. The percentage increases shall be based on an assumed maximum allowance of one thousand two hundred fifty dollars ($1,250) per month of annuity in effect the previous month. The level of increase provided for in this subsection shall be determined by the funding provided in the ***1992-94*** [~~1990-92~~] biennium budget appropriation.

(6) Effective July 1, ***1993*** [~~1991~~], the monthly allowance of each member retired on or before July 1, ***1992*** [~~1990~~], and each recipient of a retirement option of the retired member shall be increased in an amount not to exceed ***two percent (2%)*** [~~three and one-half percent (3.5%)~~] of the monthly allowance. The percentage increases shall be based on an assumed maximum allowance of one thousand two hundred fifty dollars ($1,250) per month of annuity in effect the previous month. The level of increase provided for in this subsection shall be determined by the funding provided in the ***1992-94*** [~~1990-92~~] biennium budget appropriation.

(7) Effective July 1, 1990, monthly payments of two hundred dollars ($200) shall be payable for the benefit of an adult child of a member retired for service when the child's mental or physical condition is sufficient to cause dependency on the member at the time of retirement. Eligibility for this payment shall continue for the life of the child or until the time the mental or physical condition creating the dependency no longer exists or the child marries. The board of trustees shall be the sole judge of eligibility or dependency and may require formal application or information relating thereto.

(8) [~~The cost of providing the statutory cost-of-living increases for retired members during 1980-82, 1982-84, 1986-88, 1988-90, and 1990-92 and the 1988-90 and 1990-92 cost of implementing the increases provided under subsection (3) of this section shall be funded by annual appropriations from the state on an amortized basis over the lifetime of the recipients. When the earnings on investments of the retired teacher savings exceeds the actuarial assumed rate of interest, the board of trustees may allocate such excess earnings toward the funding of the amortized payments required during the 1990-92 biennium for the cost-of-living increases approved under subsections (5) and (6) of this section.~~

~~(9)~~] Members of the Teachers' Retirement System shall be subject to the annuity income limitations imposed by Section 415 of the Internal Revenue Service Code as enacted in 1988.

Section 14. KRS 161.655 is amended to read as follows:

(1) Upon the death of a member retired for service or disability, a death benefit of two thousand and ***eight*** [~~five~~] hundred dollars ***($2,800)*** [~~($2,500)~~] shall be paid to the member's estate or to a party designated by the member on a form prescribed by the retirement system. Application for the death benefit shall be made to the Teachers' Retirement System together with acceptable evidence of death and eligibility.

(2) Suit or civil action shall not be required for the collection of the death benefit provided herein, but nothing in this section shall prevent the maintenance of suit or civil action against the beneficiary or legal representative receiving the death benefit.

Section 15. KRS 161.661 is amended to read as follows:

(1) Any member who has completed five (5) or more years of accredited service in the public schools of Kentucky after July 1, 1941, may retire for disability and be granted a disability allowance if found to be eligible as provided ***in this section*** [~~below~~]. Application for disability benefits ***shall*** [~~must~~] be made within one (1) year of the last contributing service in Kentucky, and the disability must have occurred during the most recent period of employment in a position covered by the Teachers' Retirement System and subsequent to the completion of five (5) years of teaching service in Kentucky. A disability occurring during the regular vacation immediately following the last period of active service in Kentucky or during an official leave for

which the member is entitled to make regular contributions to the retirement system, shall be considered as having occurred during a period of active service. The annual disability allowance shall be equal to sixty percent (60%) of the member's final average salary, except that a member retiring for disability who is also eligible for service retirement may elect to have the benefit calculated on the service retirement formula and may choose any of the retirement options provided for service retirement.

(2) ***The*** [~~No member who has reached the age of sixty (60) years and who is otherwise qualified for retirement may retire by reason of disability, with the disability allowance of sixty percent (60%) of the member's final average salary as set out in subsection (1) of this section. A member who is sixty (60) years of age or older may retire for disability with the benefit calculated on the service retirement formula and the choice of retirement options as provided for service retirement.~~] provisions of KRS 161.520, 161.525, and subsections (3), (4), and (5) of this section shall not apply to disability retirees whose benefits were calculated on the service retirement formula nor to survivors of these members.

(3) Members shall earn one (1) year of entitlement to disability retirement, at sixty percent (60%) of the member's final average salary, for each four (4) years of service in a covered position, but any member meeting the service requirement for disability retirement shall be credited with no less than five (5) years of eligibility.

(4) A member retired by reason of disability shall continue to earn service credit at the rate of one (1) year for each year [~~so~~] retired ***for disability***. This service shall be credited to the member's account at the expiration of entitlement as defined in subsection (3) of this section, or when the member's eligibility for disability benefits is terminated upon recommendation of a medical review committee, and ***this service*** shall be used in calculating benefits as provided in subsection (5) of this section. The service credit shall be valued at the same level as service earned by active members.

(5) Any member retired by reason of disability and remaining disabled at the expiration of the ***entitlement*** [~~eligibility~~] period shall have his disability benefits recalculated using the service retirement formula with service credit as set out in subsection (4) of this section. The retirement allowance shall be calculated as set forth in KRS 161.620, except that those persons less than sixty (60) years of age shall be considered as sixty (60) ***years of age***.

(6) Members who have their disability retirement allowance recalculated at the expiration of the entitlement period shall continue to have coverage under the post-retirement medical insurance program. Restrictions on employment shall remain in effect until the member attains age seventy (70) or until the member's eligibility is discontinued. KRS 161.520 and 161.525 shall not apply to survivors of disability retirees whose retirement allowances have been recalculated at the expiration of the entitlement period. Members who have their disability retirement allowance recalculated at the expiration of their entitlement period shall be entitled to a minimum monthly allowance of ***five*** [~~three~~] hundred dollars ***($500)*** [~~($300)~~] as the basic straight life annuity. The minimum allowance shall be effective July 1, ***1992*** [~~1980~~], and shall apply to those members who have had their allowance recalculated prior to that date and to disability retirees who will have their benefit allowance recalculated on or after that date.

(7) ***Effective July 1, 1992, members retired for disability prior to July 1, 1964, shall be entitled to a minimum monthly allowance of five hundred dollars ($500) as their basic straight life annuity and their surviving spouse shall be eligible for survivor benefits as provided in KRS 161.520(1)(a) and (b).***

(8) Any member retired by reason of disability may voluntarily waive disability benefits and return to teaching or any member, who is age sixty (60) years or older, may elect to waive disability benefits and retire for service on the basis of service credited to the member on the effective date of the disability retirement.

(9)[~~(8)~~] In order to qualify for retirement by reason of disability a member must suffer from a physical or mental condition presumed to be permanent in duration and of a nature as to render him incapable of being gainfully employed as a teacher. The incapability must be revealed by a competent examination by a licensed physician or physicians and must be approved by a majority of a medical review committee.

(10)[~~(9)~~] A member retired by reason of disability shall be required to undergo periodic examinations at the discretion of the board of trustees to determine whether the disability allowance shall be continued. When examination and recommendation of a medical review committee indicate the disability no longer exists, the allowance shall be discontinued.

(11)[~~(10)~~] Eligibility for payment shall begin on the first day of the month following receipt of the application in the Teachers' Retirement System office, or the first of the month next following the last payment of salary or sick leave benefits by the employer, whichever is the later date.

(12)[~~(11)~~] No person who receives a disability allowance may serve as a teacher either within or without the state of Kentucky. So doing shall constitute a misdemeanor and shall result in loss of the allowance from the first date of this service. The recipient of a disability allowance who engages in any gainful occupation other than teaching must make a report of the duties involved, compensation received, and any other pertinent information required by the board of trustees. If the annual income from other employment plus the disability benefit exceed the sum of twenty thousand dollars ($20,000) or the last earned compensation, whichever is the greater amount, the benefit shall be reduced to an amount which with earned income will not exceed the last earned compensation or twenty thousand dollars ($20,000), whichever is the greater amount. In no case shall the benefit be reduced to less than seventy-five dollars ($75) per month, if the member has five (5) or more years of contributing service in the Teachers' Retirement System.

(13)[~~(12)~~] The board of trustees shall designate medical review committees, each consisting of three (3) licensed physicians. A medical review committee shall pass upon all applications for disability retirement and upon all statements, certifications, and examinations submitted in connection with disability applications. The disposition of each case shall be recommended by a medical review committee in writing to the board of trustees. Members of a medical review committee shall follow rules and regulations regarding procedures as the board of trustees may enact and shall be paid reasonable fees and expenses as authorized by the board of trustees in compliance with the provisions of KRS 161.330 and 161.340. The board of trustees may secure additional medical service and information as it deems necessary. The board of trustees shall promulgate regulations that specify member appeal procedures.

(14)[~~(13)~~] A disability may be presumed to be permanent if the condition creating the disability may be reasonably expected to continue for one (1) year or more from the date of application for disability benefits.

(15)[~~(14)~~] Any member who has voluntarily waived disability benefits or whose disability benefits have been discontinued on recommendation of a medical review committee, may apply for reinstatement of disability benefits. The application for reinstatement must be made to the retirement system within twelve (12) months of the date disability benefits terminated. If the termination of benefits were voluntary, the reinstatement may be made without medical examination if application is made within three ***(3)*** months of the termination date. Other applications for reinstatement will be processed in the same manner as new applications for benefits.

(16)[~~(15)~~] No person who is receiving disability benefits under this section may be employed in a position which qualifies the person for membership in a retirement system financed wholly or in part with public funds. Employment in a position prohibited by this subsection shall result in disqualification for those disability benefits from the date of employment in the prohibited position.

Section 16. KRS 161.675 is amended to read as follows:

(1) The board of trustees is empowered to enter into contracts with insurance carriers for the purpose of providing a broad program of hospital and medical insurance coverage to members retired for service or disability. Coverage may be extended to the spouses and minor children of [~~said~~] retired members, provided the member began participating in the Teachers' Retirement System prior to July 1, 1978. Coverage may also be extended to spouses and to minor children of members in active contributing status who are deceased prior to retirement if the surviving spouse is eligible to receive the member's retirement benefit as provided in KRS 161.525 and elects to ***receive those retirement benefits*** [~~do so~~]. The board of trustees may offer, on a cost basis, coverage of spouses not eligible for regular coverage.

(2) The coverage provided shall be as set forth in the contracts and the ***administrative*** regulations of the board of trustees. The board of trustees may change the levels of coverage to meet the changing needs of the annuitants and when necessary to contain the expenses of the insurance program within the funds available to finance the insurance program. The contracts and ***administrative*** regulations shall provide for, but not be limited to, hospital room and board, surgical procedures, doctors' care in the hospital, and miscellaneous hospital costs. A retiree whose effective date of retirement is July 1, 1974, and thereafter, must have a minimum of five (5) years creditable Kentucky service in the Teachers' Retirement System or of combined service in the Kentucky Employees Retirement System, of which at least two (2) years was creditable service under KRS 161.510 and 161.607(2), to qualify for ***the*** [~~such~~] coverage. The board of trustees shall offer coverage ***to*** [~~of~~] the disabled child of a retired member regardless of the disabled child's age if the retired member pays the entire premium for the disabled child's coverage. A child shall be considered disabled if he has been determined to be eligible for federal Social Security disability benefits.

(3) The board of trustees is empowered to require the annuitant and the annuitant's spouse to pay a premium charge to assist in the financing of the ***hospital and medical*** insurance program. [~~Such charges may be flat standard amounts or based upon the amount of the annuity allowance payments or a combination of these provisions.~~] The board of trustees is empowered to pay premiums for insurance coverage from the

[~~hospital and~~] medical insurance fund and from the premium charges received from the annuitants and the spouses. It may provide [~~such~~] insurance coverage as is deemed desirable by making payment to institutions and individuals for services performed, or the board of trustees may elect to provide [~~such~~] insurance protection on a "self-insurance" basis or a combination of these provisions.

(4) Contracts negotiated may include the provision that a stated amount of hospital cost or period of hospitalization shall incur no obligation on the part of the insurance carrier or the retirement system.

(5) The board of trustees is empowered to ***promulgate administrative*** [~~adopt such rules and~~] regulations [~~as are necessary~~] to assure efficient operation of the hospital and medical insurance program.

(6) Premiums paid for hospital and medical insurance coverage procured under authority of this section shall be exempt from any premium tax which might otherwise be required under KRS Chapter 136. The payment of premiums by the insurance fund shall not constitute taxable income to an insured recipient.

Section 17. KRS 161.714 is amended to read as follows:

It is hereby declared that in consideration of the contributions by members and in further consideration of benefits received by the state from the member's employment, KRS 161.220 through 161.710 shall constitute an inviolable contract of the Commonwealth, and the benefits provided herein shall not be subject to reduction or impairment by alteration, amendment, or ***repeal*** [~~appeal~~].

Section 18. The following KRS section is repealed:

161.705 Voluntary contributions by or for member.

Section 19. Whereas, retirement annuity adjustments are implemented at the beginning of the fiscal year, an emergency is declared to exist, and the provisions of this Act shall become effective July 1, 1992.

(3) If a new motor vehicle is purchased and is not listed in the book, the value shall be the purchase price.

(4) If the motor vehicle has a value in excess of the standard value in the book because of options, type, or other reasons, the loss shall be the difference in the value of the motor vehicle immediately before the loss and the value immediately after the loss.

(1) (a) Every retail installment contract shall be in writing in at least eight (8) point type, shall contain all the agreements of the parties, shall be signed by the retail buyer, and a copy thereof shall be furnished to such retail buyer at the time of the execution of the contract;

(b) No provision of a retail installment contract which purports to provide for the inclusion of title to or a lien upon any goods other than the motor vehicle, accessories and special or auxiliary equipment used in connection therewith which either are the subject of the retail installment sale or are substitution in whole or in part therefor, as security for payment of such time sale price shall be valid or enforceable; but the other provisions of the retail installment contract shall not be affected thereby;

(c) No provisions for confession of judgment, power of attorney therefor, or wage assignment contained in any retail installment contract shall be valid or enforceable;

(d) If the finance charge applicable to a retail installment contract has been determined by a pre-computed method, the holder of a retail installment contract may collect a delinquency and collection charge on each installment in arrears for a period not less than ten (10) days in an amount not in excess of five percent (5%) of each installment or five dollars ($5), whichever is the less. In addition to such delinquency and collection charge, the retail installment contract may provide for the payment of attorneys' fees not exceeding fifteen percent (15%) of the amount due and payable under such contract where such contract is referred to an attorney not a salaried employee of the holder of the contract for collection, plus the court costs;

(e) Unless notice has been given to the retail buyer of actual or intended assignment of a retail installment contract, payment thereunder or tender thereof made by the retail buyer to the last known holder of such contract shall be binding upon all subsequent holders or assignees; and

(f) Upon written request from the retail buyer, the holder of the retail installment contract shall give or forward to the retail buyer a written statement of the total amount unpaid under such contract. A retail buyer shall be given a written receipt for any payment when made in cash.

(2) The retail installment contract shall contain the following:

(a) The cash sale price of the motor vehicle which is the subject matter of the retail installment sale;

(b) The amount of the retail buyer's down payment, whether made in money or goods, or partly in money or partly in goods;

(c) The difference between paragraphs (a) and (b) of this subsection;

(d) 1. Amount, if any, included for insurance and other benefits; and

(3) The retail installment contract shall contain a definite statement in twelve (12) point bold type or larger, that the insurance, if any included in the retail installment sale provides or does not provide coverage for personal liability and property damage caused to others, as the case may be.

(4) The amount, if any, included for insurance, shall not exceed the premiums chargeable in accordance with applicable rate filings made with the commissioner of insurance. Every retail seller or sales finance company, if insurance on the motor vehicle is included in a retail installment contract shall within thirty (30) days after execution of the retail installment contract send or cause to be sent to the retail buyer a policy or policies or certificate of insurance, which insurance shall be written by a company authorized to

do business in this state, clearly setting forth the amount of the premium, the kind or kinds of insurance and the scope of the coverage and all the terms, exceptions, limitations, restrictions and conditions of the contract or contracts of the insurance. The buyer of a motor vehicle under a retail installment contract shall have the privilege of purchasing such insurance from an agent or broker of his own selection and of selecting an insurance company acceptable to the seller; provided, however, that the inclusion of the insurance premium in the retail installment contract when the buyer selects the agent, broker or company, shall be optional with the seller. Neither a copy of the policy, nor a certificate of insurance of this type of insurance shall be sent to the retail buyer.***

(5) Any sales finance company hereunder may purchase or acquire from any retail seller any retail installment contract on such terms and conditions as may be agreed upon between them. (6) An acknowledgment in the body of the retail installment contract by the retail buyer of the delivery of a copy thereof shall be conclusive proof of delivery in any action or proceeding by or against any assignee of a retail installment contract.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF SUBTITLE 37 OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

(1) Any domestic insurer, either by itself or in cooperation with one (1) or more persons, may organize or acquire one (1) or more subsidiaries engaged in the following kinds of business:

(a) Any kind of insurance business authorized by the jurisdiction in which it is incorporated;

(b) Acting as an insurance agent for its parent or any of its parent's insurer subsidiaries;

(c) Investing, reinvesting, or trading in securities for its own account, that of its parent, any subsidiary of its parent, or any affiliate or subsidiary;

(d) Management of any investment company subject to or registered pursuant to the Investment Company Act of 1940, as amended, including related sales and services;

(e) Acting as a broker-dealer subject to or registered pursuant to the Securities Exchange Act of 1934, as amended;

(g) Rendering other services related to the operations of an insurance business, such as actuarial, loss prevention, safety engineering, data processing, accounting, claims, appraisal, and collection services;

(h) Ownership and management of assets which the parent corporation may own or manage if the aggregate investment by the insurer and its subsidiaries acquired or organized pursuant to this paragraph shall not exceed the limitations applicable to these investments by the insurer;

(i) Acting as an administrative agent for a governmental instrumentality which is performing an insurance function;

(j) Financing of insurance premiums, agents, and other forms of consumer financing;

(k) Any other business activity determined by the commissioner to be reasonably ancillary to an insurance business; and

(l) Owning a corporation or corporations engaged or organized to engage exclusively in one (1) or more businesses specified in this section.

(2) In addition to investments in common stock, preferred stock, debt obligations, and other securities permitted under this chapter, a domestic insurer may also:

(a) Invest, in common stock, preferred stock, debt obligations, and other securities of one (1) or more subsidiaries, amounts which do not exceed the lesser of ten percent (10%) of the insurer's assets or fifty percent (50%) of the insurer's surplus as regards policyholders, if after these investments, the insurer's surplus as regards policyholders will be reasonable in relation to the insurer's outstanding liabilities and adequate to meet its financial needs. In calculating the amount of these investments, investments in domestic or foreign insurance subsidiaries shall be excluded, and there shall be included:

1. Total net moneys or other consideration expended and obligations assumed in the acquisition or formation of a subsidiary, including all organizational expenses and contributions to capital and surplus of the subsidiary whether or not represented by the purchase of capital stock or issuance of other securities; and

2. All amounts expended in acquiring additional common stock, preferred stock, debt obligations, and other securities and all contributions to the capital or surplus, of a subsidiary subsequent to its acquisition or formation;

(b) Invest any amount in common stock, preferred stock, debt obligations, and other securities of one (1) or more subsidiaries engaged or organized to engage exclusively in the ownership and management of assets authorized as investments for the insurer, if each subsidiary agrees to limit its investments in any asset so that the investments will not cause the amount of the total investment of the insurer to exceed any of the investment limitations specified in paragraph (a) of this subsection or in KRS Chapter 304.7. For the purpose of this paragraph, "the total investment of the insurer" shall exclude:

1. Any direct investment by the insurer in an asset; and

2. The insurer's proportionate share of any investment in an asset by any subsidiary of the insurer, which shall be calculated by multiplying the amount of the subsidiary's investment by the percentage of the ownership of the subsidiary;

(c) With the approval of the commissioner, invest any greater amount in common stock, preferred stock, debt obligations, or other securities of one (1) or more subsidiaries, if after the investment the insurer's surplus as regards policyholders will be reasonable in relation to the insurer's outstanding liabilities and adequate to its financial needs.

(3) Investments in common stock, preferred stock, debt obligations, or other securities of subsidiaries made pursuant to subsection (2) of this section shall not be subject to any of the otherwise applicable restrictions or prohibitions contained in this chapter applicable to the investments of insurers.

(4) Whether any investment pursuant to subsection (2) of this section meets the requirements shall be determined before the investment is made, by calculating the applicable investment limitations as though the investment had already been made, taking into account the then outstanding principal balance on all previous investments in debt obligations, and the value of all previous investments in equity securities as of the day they were made, net of any return of capital invested, not including dividends.

(5) If an insurer ceases to control a subsidiary, it shall dispose of any investment made pursuant to this section within three (3) years of the time of the cessation of control, or within an extension of time as the commissioner may prescribe, unless at any time after the investment has been made, the investment has met the requirements for investment under any other provision of this chapter, and the insurer has notified the commissioner.

SECTION 2. A NEW SECTION OF SUBTITLE 37 OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

(1) No person other than the issuer shall make a tender offer for, a request or invitation for tenders of, enter into any agreement to exchange securities, seek to acquire, or acquire in the open market or otherwise, any voting security of a domestic insurer if, after the consummation, the person would, directly or indirectly, or by conversion, or by exercise of any right to acquire, be in control of the insurer. No person shall enter into an agreement to merge with or to acquire control of a domestic insurer or any person controlling a domestic insurer unless, at the time of the offer, request, or invitation is made, or any agreement is entered into, or prior to the acquisition of these securities if no offer or agreement is involved, the person has filed with the commissioner and has sent to the insurer, a statement containing the information required by this section and the offer, request, invitation, agreement, or acquisition has been approved by the commissioner in the manner prescribed in this section.

(a) For purposes of this section a domestic insurer shall include any person controlling a domestic insurer unless the person as determined by the commissioner is either directly or through its affiliates primarily engaged in business other than the business of insurance. However, the person shall file a preacquisition notification with the commissioner containing the information required in Section 3(3)(a) of this Act thirty (30) days prior to the proposed effective date of the acquisition. The person who fails to file a preacquisition notification shall be subject to the penalty set out in Section 8 of this Act. For the purposes of this section, "person" shall not include any securities broker holding, in the usual and customary brokers function, less than twenty percent (20%) of the voting securities of an insurance company or of any person which controls an insurance company.

(2) The statement to be filed with the commissioner under this section shall be made under oath or affirmation and shall contain the following information:

(a) The name and address of each person by whom or on whose behalf the merger or other acquisition of control referred to in subsection (1) of this section is to be effected; and

1. If the person is an individual, his principal occupation and all offices and positions held during the past five (5) years, and any conviction of crimes other than minor traffic violations during the past ten (10) years; or

2. If the person is not an individual, a report of the nature of its business operations during the past five (5) years or for a lesser period that the person and any predecessors have been in existence, an informative description of the business intended to be done by the person and the person's subsidiaries, and a list of all individuals who are or who have been selected to become directors or executive officers of the person, or who perform or will perform functions appropriate to these functions. The list shall include for each individual the information required by subparagraph 1. of this paragraph.

(b) The source, nature, and amount of the consideration used or to be used in effecting the merger or other acquisition of control, a description of any transaction in which funds were or are to be obtained for merger or other acquisition of control, including any pledge of the insurer's stock, or the stock of any of its subsidiaries or controlling affiliates, and the identity of persons furnishing the consideration; but if a source of the consideration is a loan made in the lender's ordinary course of business, the identity of the lender shall remain confidential, if the person filing the statement so requests.

(c) Fully audited financial information as to the earnings and financial condition of each acquiring party for the preceding five (5) fiscal years of each acquiring party, or for a lesser period that the acquiring party and any predecessors have been in existence, and similar unaudited information as of a date not earlier than ninety (90) days prior to the filing of the statement.

(d) Any plans or proposals which each acquiring party may have to liquidate the insurer, to sell its assets, or merge or consolidate it with any person, or to make any other material change in its business or corporate structure or management.

(e) The number of shares of any security referred to in subsection (1) of this section which the acquiring party proposes to acquire, and the terms of the offer, request, invitation, agreement, or acquisition referred to in subsection (1) of this section, and a statement as to the method used to determine the fairness of the proposal.

(f) The amount of each class of any security referred to in subsection (1) of this section which is beneficially owned, or concerning any security referred to in subsection (1) of this section which there is a right to acquire beneficial ownership of by each acquiring party.

(g) A full description of any contracts, arrangements, or understandings with respect to any security referred to in subsection (1) of this section in which any acquiring party is involved, such as transfer of any of the securities, joint ventures, loan or option arrangements, puts or calls, guarantees of loans, guarantees against loss or guarantees of profits, division of losses or profits, or the giving or withholding of proxies. The description shall identify the persons with whom these contracts, arrangements, or understandings have been entered into.

(h) A description of the purchase of any security referred to in subsection (1) of this section during the twelve (12) calendar months preceding the filing of the statement by any acquiring party, including the dates of purchase, names of the purchasers, and consideration paid or agreed to be paid.

(j) Copies of all tender offers for requests, or invitations for tenders of, exchange offers for, and agreements to acquire or exchange any securities referred to in subsection (1) of this section, and of additional soliciting material distributed which relates.

(k) The term of any agreement, contract, or understanding made with, or proposed to be made with any broker-dealer, as to solicitation of securities referred to in subsection (1) of this section for tender, and the amount of any fees, commissions, or other compensation to be paid to broker-dealers with regard to subsection (1) of this section.

(l) Any additional information as the commissioner may by regulation prescribe as necessary or appropriate for the protection of policyholders of the insurer or in the public interest.

(m) If the person required to file the statement referred to in subsection (1) of this section is a partnership, limited partnership, syndicate, or other group, the commissioner may require that the information called for by paragraphs (a) to (l) of this subsection shall be given with respect to each partner of the partnership or limited partnership, each member of the syndicate or other group, and each person who controls the partner or member. If any partner, member, or person is a corporation, or the person required to file the statement referred to in subsection (1) of this section is a corporation, the commissioner may require that the information called for by paragraphs (a) to (l) of this subsection shall be given with respect to the corporation, each officer and director of the corporation, and each person who is directly or indirectly the beneficial owner of more than ten percent (10%) of the outstanding voting securities of the corporation.

(n) If any material change occurs in the facts in the statement filed with the commissioner and sent to the insurer pursuant to this section, an amendment stating the change, with copies of all documents and other materials relevant to the change, shall be filed with the commissioner and sent to the insurer within two (2) business days after the person learns of the change.

(3) If any offer, request, invitation, agreement, or acquisition referred to in subsection (1) of this section is proposed to be made by means of a registration statement under the Securities Act of 1933, or in circumstances requiring the disclosure of similar information under the Securities Exchange Act of 1934, or under a state law requiring similar registration or disclosure, the person required to file the statement referred to in subsection (1) of this section may utilize those documents in furnishing the information required by the statement referred to in subsection (1) of this section.

(4) (a) The commissioner shall approve any merger or other acquisition of control referred to in subsection (1) of this section unless, after a public hearing he finds that:

1. After the change of control, the domestic insurer referred to in subsection (1) of this section would not be able to satisfy the requirements for issuance of a certificate of authority to write the line or lines of insurance for which it is presently authorized;

2. The effect of the merger or other acquisition of control would be substantially to lessen competition in insurance in Kentucky or tend to create a monopoly. In applying the competitive standard in this paragraph:

a. The informational requirements of Section 3(3)(a) of this Act and the standards of Section 3(4)(b) of this Act shall apply;

b. The merger or other acquisition shall not be disapproved if the commissioner finds that any of the situations meeting the criteria provided by Section 3(4)(c) of this Act exist; and

c. The commissioner may condition the approval of the merger or other acquisition on the removal of the basis of disapproval within a specified period of time;

3. The financial condition of the acquiring party might jeopardize the financial stability of the insurer or prejudice the interest of its policyholders;

4. The plans or proposals which the acquiring party has to liquidate the insurer, sell its assets, consolidate or merge it with any person, or to make any other material change in its business or corporate structure or management are unfair and unreasonable to policyholders of the insurer and not in the public interest;

5. The competence, experience, and integrity of persons who would control the operation of the insurer would not be in the interest of policyholders of the insurer and of the public to permit the merger or other acquisition of control; or

6. The acquisition is likely to be hazardous or prejudicial to the insurance buying public.

(b) The public hearing required by this section shall be conducted as directed in KRS Chapter 304.2.

(c) The commissioner may retain at the acquiring person's expense any attorneys, actuaries, accountants, and other experts not otherwise a part of the commissioner's staff that may be necessary to assist the commissioner in reviewing the proposed acquisition of control.

(5) The provisions of this section shall not apply to:

(a) Any transaction which is subject to the provisions of KRS 304.24-390, dealing with the merger or consolidation of a domestic insurer; or

(b) Any offer, request, invitation, agreement, or acquisition which the commissioner, by order, shall exempt from the section as not having been made or entered into for the purpose of and not having the effect of changing or influencing the control of, a domestic insurer, or not comprehended within the purposes of this section.

(6) The following shall be violations of this section:

(a) The failure to file any statement, amendment, or other material required to be filed pursuant to subsection (1) or (2) of this section; or

(b) The effectuation or any attempt to effectuate an acquisition of control of, or merger with, a domestic insurer unless the commissioner has given his approval.

(7) The courts of this state shall have jurisdiction over every person not resident, domiciled, or authorized to do business in this state who files a statement with the commissioner under this section, and overall actions involving such person arising out of violations of this section. Each person shall be deemed to have performed acts equivalent to and constituting an appointment by the person of the Secretary of State to be his true and lawful attorney upon whom may be served all lawful process in any action, suit, or proceeding arising out of the violations of this section. Copies of all lawful process shall be served on the Secretary of State and transmitted to the person at his last known address by the Secretary of State in the same manner as service of process on foreign insurers.

SECTION 3. A NEW SECTION OF SUBTITLE 37 OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

(1) The following definitions shall apply for the purposes of this section only:

(a) "Acquisition" means any agreement, arrangement, or activity the consummation of which results in a person acquiring directly or indirectly the control of another person, such as the acquisition of voting securities, the acquisition of assets, bulk reinsurance, and mergers.

(b) An "involved insurer" includes an insurer which either acquires or is acquired, is affiliated with an acquirer or acquired, or is the result of a merger.

(2) (a) This section applies to any acquisition in which there is a change of control of an insurer authorized to do business in Kentucky, except as set forth in paragraph (b) of this subsection.

(b) This section shall not apply to the following:

1. An acquisition subject to approval or disapproval of the commissioner pursuant to Section 2 of this Act;

2. A purchase of securities solely for the investment purposes so long as the securities are not used by voting or otherwise to cause or attempt to cause the substantial lessening of competition in any insurance market in Kentucky. If a purchase of securities results in a presumption of control under KRS 304.37-010(8), it is not solely for investment purposes unless the insurance regulatory official of the insurer's state of domicile accepts a disclaimer of control, or affirmatively finds that control does not exist, and the disclaimer action or affirmative finding is communicated by the domiciliary insurance regulatory official to the commissioners;

3. If the acquisition of a person by another person when both persons are neither directly nor through affiliates primarily engaged in the business of insurance, if preacquisition notification is filed with the commissioner in accordance with subsection (3)(a) of this section thirty (30) days prior to the proposed effective date of the acquisition. However, the acquisition notification shall not be required for exclusion *from this section if the acquisition would otherwise be excluded from this section by any other subparagraph of this paragraph;*

4. The acquisition of already affiliated persons;

5. An acquisition if, as an immediate result of the acquisition:

a. The combined market share of the involved insurers would not exceed five percent (5%) of the total market;

b. There would be no increase in any market share; or

c. The combined market share of the involved insurers would not exceed twelve percent (12%) of the total market; and the market share would not increase by more than two percent (2%) of the total market.

For the purpose of this subparagraph (b)5., a market means direct written insurance premium in Kentucky for a line of business as contained in the annual statement required to be filed by insurers authorized to do business in Kentucky;

6. An acquisition for which a preacquisition notification would be required pursuant to this section due solely to the resulting effect on the ocean marine insurance line of business; and

7. An acquisition of an insurer whose domiciliary insurance regulatory official affirmatively finds that the insurer is in failing condition, there is lack of feasible alternative to improving the condition, the public benefits of improving the insurer's condition through the acquisition exceed the public benefits that would arise from not lessening competition, and the findings are communicated by the domiciliary insurance regulatory official to the commissioner.

(3) An acquisition covered by subsection (2) of this section may be subject to an order pursuant to subsection (5) of this section or Section 7 of this Act unless the acquiring person files a preacquisition notification and the waiting period has expired. The acquired person may file a preacquisition notification. The commissioner shall give confidential treatment to information submitted under this subsection in the same manner as provided in KRS 304.37-050.

(a) The preacquisition notification shall be in the form and contain the information prescribed by the National Association of Insurance Commissioners relating to those markets which, under subsection (2)(b)5. of this section, cause the acquisition not to be exempted from the provisions of this section. The commissioner may require additional material and information he deems necessary to determine whether the proposed acquisition, if consummated, would violate the competitive standard of subsection (4) of this section. The required information may include an opinion of an economist as to the competitive impact of the acquisition in Kentucky accompanied by a summary of the education and experience of the economist indicating his ability to render an informed opinion.

(b) The waiting period required shall begin on the date of receipt by the commissioner of a preacquisition notification and shall end on the earlier of the thirtieth day after the date of receipt, or termination of the waiting period by the commissioner. Prior to the end of the waiting period, the commissioner may, on a one-time basis, require the submission of a additional needed information relevant to the proposed acquisition; if the submission is required, the waiting period shall end on the earlier of the thirtieth day after receipt of the additional information by the commissioner or termination of the waiting period by the commissioner.

(4) (a) The commissioner may enter an order under subsection (5)(a) of this section with respect to an acquisition if there is substantial evidence that the effect of the acquisition may be to lessen substantially competition in any line of insurance in Kentucky or tend to create a monopoly, or if the insurer fails to file adequate information in compliance with subsection (3) of this section.

(b) In determining whether a proposed acquisition would violate the competitive standard of paragraph (a) of this subsection, the commissioner shall consider the following:

1. Any acquisition covered under subsection (2) of this section involving two (2) or more insurers competing in the same market is prima facie evidence of violation of the competitive standards:

a. If the market is highly concentrated and the involved insurers possess the following shares of the market:

Insurer A	*Insurer B*
4%	*4% or more*
10%	*2% or more*
15%	*1% or more;*

or

b. If the market is not highly concentrated and the involved insurers possess the following shares of the market:

Insurer A	*Insurer B*
5%	*5% or more*
10%	*4% or more*
15%	*3% or more*
19%	*1% or more.*

A highly concentrated market means one in which the share of the four (4) largest insurers is seventy-five percent (75%) or more of the market. Percentages not shown in the tables are interpolated proportionately to the percentages that are shown. If more than two (2) insurers are involved, exceeding the total of the two (2) columns in the table is prima facie evidence of violation of the competitive standard in paragraph (a) of this subsection. For the purpose of this subparagraph, the insurer with the largest share of the market shall be deemed to be insurer A.

2. There is a significant trend toward increased concentration when the aggregate market share of any grouping of the largest insurers in the market, from the two (2) largest to the eight (8) largest, has increased by seven percent (7%) or more of the market over a period of time extending from any base year five (5) to ten (10) years prior to the acquisition up to the time of the acquisition. Any acquisition or merger covered under subsection (2) of this section involving two (2) or more insurers competing in the same market is prima facie evidence of violation of the competitive standard in paragraph (a) of this subsection if:

a. There is a significant trend toward increased concentration in the market;

b. One of the insurers involved is one of the insurers in a grouping of the large insurers showing the requisite increase in the market share; and

c. Another involved insurer's market is two percent (2%) or more.

3. For the purposes of subsection (4)(b) of this section:

a. The term "insurer" includes any company or group of companies under common management, ownership or control;

b. The term "market" means the relevant product and geographical markets. In determining the relevant product and geographical markets, the commissioner shall give due consideration to factors such as the definitions or guidelines, if any, promulgated by the National Association of Insurance Commissioners and to information, if any, submitted by parties to the acquisition. In the absence of sufficient information to the contrary, the relevant product market is assumed to be the direct written insurance premium for a line of business, the line being that used in the annual statement required to be filed by insurers doing business in Kentucky, and the relevant geographical market is assumed to be Kentucky; and

c. The burden of showing prima facie evidence of violation of the competitive standard rests upon the commissioner.

4. Even though an acquisition is not prima facie violative of the competitive standard under paragraph (b) of this subsection, the commissioner may establish the requisite anticompetitive effect based upon other substantial evidence. Even though an acquisition is prima facie violative of the competitive standard under paragraph (b) of this subsection, a party may establish the absence of the requisite anticompetitive effect

based upon other substantial evidence. Relevant factors in making this determination shall be such factors as market shares, volatility of ranking of market leaders, number of competitors, concentration, trend of concentration in the industry, and ease of entry into and exit form the market.

(c) An order shall not be entered under subsection (5)(a) of this section if:

1. The acquisition will yield substantial economies of scale or economies in resource utilization that cannot be feasibly achieved in any other way, and the public benefits which would arise from the economies exceed the public benefits which would arise from not lessening competition; or

2. The acquisition will substantially increase the availability of insurance, and the public benefits of the increase exceed the public benefits which would arise from not lessening competition.

(5) (a) If an acquisition violates the standards of this section, the commissioner may enter an order:

1. Requiring an involved insurer to cease and desist from doing business in Kentucky with respect to the line or lines of insurance involved in the violation; or

2. Denying the application of an acquired or acquiring insurer for a certificate of authority to do business in Kentucky.

(b) The order referred to in paragraph (a) of this subsection shall be entered pursuant to a hearing held under KRS Chapter 304.2.

Section 4. KRS 304.37-020 is amended to read as follows:

(1) Every insurer which is authorized to do business in this state and which is a member of an insurance holding company system shall register with the commissioner, except a foreign or alien insurer subject to disclosure requirements and standards adopted by statute or regulation in the jurisdiction of its domicile which are substantially similar to those contained in this section. For an alien insurer, the domiciliary state shall be deemed to be its state of entry. Any insurer which is subject to registration under this section shall register within sixty ***(60)*** days after June 16, 1972, or fifteen ***(15)*** days after it becomes subject to registration, whichever is later, unless the commissioner for good cause shown extends the time for registration, and then within ***the*** [~~such~~] extended time. The commissioner may require any authorized insurer which is a member of a holding company system which is not subject to registration under this section to furnish a copy of the registration statement or other information filed by ***the*** [~~such~~] insurer with the insurance regulatory authority of its domiciliary jurisdiction.

(2) Every insurer subject to registration shall file a registration statement on a form provided by the commissioner, which shall contain current information about:

(a) The capital structure, general financial condition, ownership and management of the insurer and any person controlling the insurer;

(b) The identity of every member of the insurance holding company system;

(c) The following agreements in force, relationships subsisting, and transactions currently outstanding between such insurer and its affiliates:

1. Loans to, other investments in, or purchases, sales, or exchanges of securities of the affiliates by the insurer or of the insurer by its affiliates;

2. Purchases, sales, or exchanges of assets;

3. Transactions not in the ordinary course of business;

4. Guarantees or undertakings for the benefit of an affiliate which result in an actual contingent exposure of the insurer's assets to liability, other than insurance contracts entered in the ordinary course of the insurer's business;

5. All management and service contracts and all cost-sharing arrangements, other than cost allocation arrangements based upon generally accepted accounting principles; [~~and~~]

6. Reinsurance agreements covering all or substantially all of one ***(1)*** or more lines of insurance of the ceding company;

7. Dividend and other distributions to shareholders; and

8. Consolidated tax allocation agreements;

(d) Any pledge of the insurer's stock, including stock of any subsidiary or controlling affiliate for a loan made to any member of the insurance holding company system; and

(e)[~~(d)~~] Other matters concerning transactions between registered insurers and any affiliates as may be included from time to time in any registration forms adopted or approved by the commissioner.

(3) ***It shall not be necessary to disclose*** [~~No~~] information [~~need be disclosed~~] on the registration statement filed pursuant to subsection (2) of this section if ***the*** [~~such~~] information is not material for the purposes of this section. Unless the commissioner by ***administrative*** [~~rule,~~] regulation or order provides otherwise, sales, purchases, exchanges, loans, or extensions of credit, or investments, involving one-half of one percent ***(.05%)*** or less of an insurer's admitted assets as of the 31st day of December next preceding shall not be deemed material for purposes of this section.

(4) Each registered insurer shall keep current the information required to be disclosed in its registration statement by reporting all material changes or additions on amendment forms provided by the commissioner within thirty days ***(30)*** after the end of the month in which it learns of each [~~such~~] change or addition.

(5) ***All registration statements shall contain a summary outlining all items in the current registration statement representing changes from the prior registration statement.***

(6) Subject to KRS 304.37-030(5), each registered insurer shall report to the commissioner all dividends and other distributions to shareholders within fifteen (15) business days following the dividend or distribution declaration.

(7) Any person within an insurance holding company system subject to registration shall be required to provide complete and accurate information to an insurer, if the information is reasonably necessary to enable the insurer to comply with the provisions of this subtitle.

(8) The commissioner shall terminate the registration of any insurer which demonstrates that it no longer is a member of an insurance holding company system.

(9)[~~(6)~~] The commissioner may require or allow two ***(2)*** or more affiliated insurers subject to registration [~~hereunder~~] to file a consolidated registration statement or consolidated reports amending their consolidated registration statement or their individual registration statements.

(10)[~~(7)~~] The commissioner may allow an insurer which is authorized to do business in this state and which is part of an insurance holding company system to register on behalf of any affiliated insurer which is required to register under subsection (1) and to file all information and material required to be filed under this section.

(11)[~~(8)~~] The provisions of this section shall not apply to any insurer, information, or transaction if and to the extent that the commissioner by ***administrative*** [~~rule,~~] regulation[~~,~~] or order shall exempt ***it*** [~~the same~~] from the provisions of this section.

(12)[~~(9)~~] Any person may file with the commissioner a disclaimer of affiliation with any authorized insurer or [~~such~~] a disclaimer may be filed by ***the*** [~~such~~] insurer or any member of an insurance holding company system. The disclaimer shall fully disclose all material relationships and bases for affiliation between ***the*** [~~such~~] persons and ***the*** [~~such~~] insurer as well as the basis for disclaiming ***the*** [~~such~~] affiliation. After a disclaimer has been filed, the insurer shall be relieved of any duty to register or report under this section which may arise out of the insurer's relationship with ***the*** [~~such~~] person unless and until the commissioner disallows ***the*** [~~such a~~] disclaimer. The commissioner shall disallow ***the*** [~~such a~~] disclaimer only after furnishing all parties in interest with notice and opportunity to be heard and after making specific findings of fact to support ***the*** [~~such~~] disallowance.

(13)[~~(10)~~] The failure to file a registration statement or any amendment thereto required by this section within the time specified for ***the*** [~~such~~] filing shall be a violation of this subtitle.

Section 5. KRS 304.37-030 is amended to read as follows:

(1) Material transactions by registered insurers with their affiliates shall be subject to the following standards:

(a) The terms shall be fair and reasonable;

(b) ***Charges or fees for services performed shall be reasonable;***

(c) Expenses incurred and payment received shall be allocated to the insurer in conformity with consistently applied accounting practices;

(d) The books, accounts, and records of each party shall be [~~so~~] maintained [~~as~~] to clearly and accurately disclose the precise nature and details of the transactions; and

(e)[~~(c)~~] The insurer's surplus as regards policyholders, following any dividends or distributions to shareholder affiliates, shall be reasonable in relation to the insurer's outstanding liabilities and adequate to its financial needs.

(2) (a) ***The following transactions involving a domestic insurer and any person in its holding company system shall not be entered into unless the insurer has notified the commissioner in writing of its intention to enter into the transaction at least thirty (30) days prior to the transaction, or a shorter period as the commissioner may permit, and the commissioner has not disapproved it within that time:***

1. Sales, purchases, exchanges, loans or extensions of credit, guarantees, or investments, if the transactions are equal to or exceed, with respect to non-life insurers, the lesser of three percent (3%) of the insurer's admitted assets or twenty-five percent (25%) of surplus as regards policyholders, or with respect to life insurers, three percent (3%) of the insurer's admitted assets, each as of December 31 next preceding.

2. Loans or extensions of credit to any person who is not an affiliate, if the insurer makes the loans or extensions of credit with the agreement or understanding that the proceeds of the transactions, in whole or in substantial part, are to be used to make loans or extensions of credit to, to purchase assets of, or to make investments in, any affiliate of the insurer making the loans or extensions of credit if the transactions are equal to or exceed, with respect to non-life insurers, the lesser of three percent (3%) of the insurer's admitted assets or twenty-five percent (25%) of surplus as regards policyholders, or, with respect to life insurers, three percent (3%) of the insurer's admitted assets, each as of December 31 next preceding.

3. Reinsurance agreements or modifications in which the reinsurance premium or a change in the insurer's liabilities equals or exceeds five percent (5%) of the insurer's surplus as regards policyholders, as of December 31 next preceding, including those agreements which may require as consideration the transfer of assets from an insurer to a nonaffiliate, if an agreement or understanding exists between the insurer and nonaffiliate that any portion of the assets will be transferred to one (1) or more affiliates of the insurer;

4. All management agreements, service contracts, and all cost sharing arrangements; and

5. Any material transactions, specified by regulation, which the commissioner determines may adversely affect the interests of the insurer's policyholders.

(b) This subsection shall not authorize or permit any transactions which, in the case of an insurer not a member of the same holding company system, would be otherwise contrary to law.

(c) A domestic insurer shall not enter into transactions which are part of a plan or series of like transactions with persons within the holding company system if the purpose of those separate transactions is to avoid the statutory threshold amount and thus avoid the review that would otherwise occur. If the commissioner determines that the separate transactions were entered into over any twelve (12) month period for avoidance purposes, he may exercise his authority under Section 8 of this Act.

(d) The commissioner, in reviewing transactions pursuant to this subsection, shall consider whether the transactions comply with the standards set forth in subsection (1) of this section and whether they may adversely affect the interests of policyholders.

(e) The commissioner shall be notified within thirty (30) days of any investment of the domestic insurer in any one (1) corporation if the total investment in the corporation by the insurance holding company exceeds ten percent (10%) of the corporation's voting securities.

(3) (a) Notwithstanding the control of a domestic insurer by any person, the officers and directors of the insurer shall not be relieved of any obligation or liability to which they would otherwise be subject by law, and the insurer shall be managed so as to assure its separate operating identity consistent with this chapter.

(b) Nothing in this section precludes a domestic insurer from having or sharing a common management or cooperative or joint use of personnel, property, or services with one (1) or more other persons under arrangements which meet the standards of subsection (1) of this section.

(4) (a) For the purposes of this subtitle, in determining whether an insurer's surplus as regards policyholders is reasonable in relation to the insurer's outstanding liabilities and adequate to its financial needs, an insurer's surplus shall be deemed reasonable and adequate if its surplus as regards policyholders is at least two hundred percent (200%) of the amounts required under KRS Chapter 304 for the kinds of insurance the insurer is authorized to transact.

(b) Except as set forth in paragraph (a) of this subsection, the following factors, among others, shall be considered in determining whether an insurer's surplus as regards policyholders is reasonable in relation to the insurer's outstanding liabilities and adequate to its financial needs:

1. The size of the insurer as measured by its assets, capital and surplus, reserves, premium writings, insurance in force, and other appropriate criteria;

2. The extent to which the insurer's business is diversified among the several lines of insurance;

3. The number and size of risks insured in each line of business;

4. The extent of the geographical dispersion of the insurer's insured risks;

5. The nature and extent of the insurer's reinsurance program;

6. The quality, diversification, and liquidity of the insurer's investment portfolio;

7. The recent past and projected future trend in the size of the insurer's surplus as regards policyholders;

8. The surplus as regards policyholders maintained by other comparable insurers;

9. The adequacy of the insurer's reserves; and

10. The quality and liquidity of investments in subsidiaries. The commissioner may treat any [~~such~~] investment as a disallowed asset for purposes of determining the adequacy of surplus as regards policyholders ***if*** [~~whenever~~] in his judgment ***the*** [~~such~~] investment [~~so~~] warrants.

(5)[~~(3)~~] No insurer subject to registration under KRS 304.37-020 shall pay any extraordinary dividend or make any other extraordinary distribution to its stockholders until thirty (30) days after the commissioner has received notice of the declaration thereof and has not within ***the*** [~~such~~] period disapproved ***the*** [~~such~~] payment, or the commissioner shall have approved ***the*** [~~such~~] payment within ***the*** [~~such~~] thirty (30) day period. For purposes of this section, an extraordinary dividend or distribution is any dividend or distribution which, together with other dividends or distribution made within the preceding twelve (12) months, exceeds the ***lessor*** [~~greater~~] of (a) ten percent (10%) of ***the*** [~~such~~] insurer's surplus as regards policyholders as of [~~the thirty-first day of~~] December ***31*** next preceding, or (b) the net gain from operations of ***the*** [~~such~~] insurer company, if ***the*** [~~such~~] insurer is a life insurer, or the net [~~investment~~] income, if ***the*** [~~such~~] insurer is not a life insurer, for the twelve (12) month period ending [~~the thirty-first day of~~] December ***31*** next preceding, but shall not include pro rata distribution of any class of the insurer's own securities. Notwithstanding any other provision of law, an insurer may declare an extraordinary dividend or distribution which is conditional upon the commissioner's approval thereof, and ***the*** [~~such a~~] declaration shall confer no rights upon stockholders until the commissioner has approved the payment of ***the*** [~~such~~] dividend or distribution or until the commissioner has not disapproved ***the*** [~~such~~] payment within the thirty (30) day period referred to in this section.

SECTION 6. A NEW SECTION OF SUBTITLE 37 OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

(1) If an order for liquidation or rehabilitation of a domestic insurer has been entered, the receiver appointed under the order shall have the right to recover on behalf of the insurer, from any parent corporation or holding company or person or affiliate who otherwise controlled the insurer, the amount of distributions, other than distribution of shares of the same class of stock paid by the insurer on its capital stock, or any payment in the form of a bonus, termination settlement, or extraordinary lump sum salary adjustment made by the insurer, or its subsidiary, or subsidiaries to a director, officer, or employee if the distribution or payment is made at any time during one (1) year preceding the petition for liquidation, conservation, or rehabilitation, as the case may be, subject to the limitations of subsections (2), (3), and (4) of this section.

(2) No distribution shall be recoverable if the parent or affiliate shows that when paid, the distribution was lawful and reasonable, and that the insurer did not know and could not reasonably have known that the distribution might adversely affect the ability of the insurer to fulfill its contractual obligations.

(3) Any person who was a parent corporation or holding company or a person who otherwise controlled the insurer or affiliate at the time the distributions were paid shall be liable up to the amount of distributions or payment under subsection (1) of this section received by that person. Any person who otherwise controlled the insurer at the time the distributions were declared shall be liable up to the amount of distributions he would have received if they had been paid immediately. If two (2) or more persons are liable with respect to the same distributions, they shall be jointly and severally liable.

(4) The maximum amount recoverable under this section shall be the amount needed in excess of all other available assets of the impaired or insolvent insurer to pay the contractual obligations of the impaired or insolvent insurer and to reimburse any guaranty fund.

(5) To the extent that any person liable under subsection (3) of this section is insolvent or otherwise fails to pay claims due from it, its parent corporation, holding company, or person who otherwise controlled it at the time the distribution was paid shall be jointly and severally liable for any resulting deficiency in the amount recovered from the parent corporation, holding company, or person who otherwise controlled it.

Section 7. KRS 304.37-010 is amended to read as follows:

As used in this subtitle, the following terms shall have the respective meanings [~~hereinafter~~] set forth, unless the context shall otherwise require:

(1) The term "commissioner" shall mean the Commissioner of Insurance or the Department of Insurance, as appropriate.

(2) "Insurer" includes every person engaged as principal and as indemnitor, surety, or contractor in the business of entering into contracts of insurance.

(3) An "insurance holding company system" consists of two ***(2)*** or more affiliated persons, one ***(1)*** or more of which is an insurer.

(4) An "affiliate" [~~of~~], or person "affiliated" with a specific person, is a person that directly, or indirectly through one ***(1)*** or more intermediaries, controls, or is controlled by, or is under common control with, the person specified.

(5) A "person" is an individual, a corporation, a partnership, an association, a joint stock company, an unincorporated organization, any similar entity or any combination of the foregoing acting in concert, but shall not include any bank in its fiduciary capacity or securities broker performing no more than the usual and customary broker's function.

(6) A "subsidiary" of a specified person is an affiliate controlled by ***the*** [~~such~~] person directly or indirectly through one ***(1)*** or more intermediaries.

(7) The term "voting security" shall include any security convertible into or evidencing a right to acquire a voting security.

(8) The ***terms*** [~~term~~] "control***,***" [~~(including the terms~~] "controlling," "controlled by" and "under common control with"[~~)~~] ***mean*** [~~means~~] the possession, direct or indirect, of the power to direct or cause the direction of the management and policies of a person, whether through the ownership of voting securities, by contract other than a loan contract or commercial contract for goods or nonmanagement services, or otherwise, unless the power is the result of an official position with or corporate office held by the person. Control shall be presumed to exist if any person, directly or indirectly, owns, controls, holds with the power to vote, or holds proxies representing ***fifteen*** [~~15~~] percent ***(15%)*** or more of the voting securities of any other person. This presumption may be rebutted by a showing made in the manner provided by KRS 304.37-020***(12)***[~~(9)~~] that control does not exist in fact. The commissioner may determine, after forwarding all persons in interest notice and opportunity to be heard and making specific findings of fact to support ***the*** [~~such~~] determination, that control exists in fact, notwithstanding the absence of a presumption to that effect.

SECTION 8. A NEW SECTION OF SUBTITLE 99 OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

(1) Any person who violates a cease and desist order of the commissioner under Section 3(5) of this Act may, after notice and hearing and upon order of the commissioner, be subject at the discretion of the commissioner to a civil penalty of not more than ten thousand dollars ($10,000) for every day of violation, suspension, or revocation of the person's license or certificate of authority, or both.

(2) Any insurer or other person who fails to make any filing required by Section 2 of this Act and who also fails to demonstrate a good faith effort to comply with any filing requirement shall be subject to a civil penalty of not more than ten thousand dollars ($10,000).

SECTION 9. A NEW SECTION OF SUBTITLE 99 OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

(1) Any insurer failing, without just cause, to file any registration statement as required by KRS Chapter 304, Subtitle 37, shall be required, after notice and hearing, to pay a civil penalty of ten thousand dollars ($10,000) foe each day's delay to the commissioner. The maximum civil penalty under this section shall be one hundred thousand dollars ($100,000). The commissioner may reduce the civil penalty if the insurer demonstrates to the commissioner that the imposition of the penalty would constitute a financial hardship to the insurer.

(2) Every director or officer of an insurance holding company system who knowingly violates, participates in, assents to, or who knowingly permits any of the officers or agents of the insurer to engage in transactions or make investments which have not been properly reported or submitted pursuant to KRS 304.37-020(1), 304.37-030(2), or 304.37-030(5), or which violate KRS Chapter 304, Subtitle 37, shall pay, in their individual capacities, a civil penalty of not more than five thousand dollars ($5,000) per violation, after notice and hearing before the commissioner. In determining the amount of the civil penalty, the commissioner shall take into account the appropriateness of the civil penalty with respect to the gravity of the violation, the history of previous violations, and other matters justice may require.

(3) If it appears that any insurer subject to KRS Chapter 304, Subtitle 37, or any director, officer, employee, or agent has engaged in any transaction or entered into any contract which is subject to KRS 304.37-030 and which would not have been approved had approval been requested, the commissioner may order the insurer to cease and desist immediately any further activity under that transaction or contract. After notice and hearing, the commissioner may also order the insurer to void the contracts and restore the status quo if the action is in the best interest of the policyholders, creditors, or the public.

(4) If it appears that any insurer or any director, officer, employee, or agent has committed a willful violation of KRS Chapter 304, Subtitle 37, the commissioner may cause criminal proceedings to be instituted in the Circuit Court for the county in which the principal office of the insurer is located, or if the insurer has no office in Kentucky, in the Franklin Circuit Court against the insurer or the responsible director, officer, employee, or agent. Any insurer which willfully violates KRS Chapter 304, Subtitle 37, may be fined not more than one hundred thousand dollars ($100,000) or three (3) times the gain from the violation, whichever is greater, but no less than one thousand dollars ($1,000). Any individual who willfully violates KRS Chapter 304, Subtitle 37, may be fined in his individual capacity not less than one thousand dollars ($1,000), be imprisoned for not less than one (1) or more than three (3) years, or both.

(5) Any officer, director, or employee of an insurance holding company system who willfully and knowingly subscribes to or makes or causes to be made any false statements or false reports or false filings with the intent to deceive the commissioner in the performance of his duties under KRS Chapter 304, Subtitle 37, upon conviction, shall be imprisoned for not less than one (1) year or more than five (5) years, or fined ten thousand dollars ($10,000), or both. Any fines imposed shall be paid by the officer, director, or employee in his individual capacity.

The Committee Substitute to **HB 576** is as follows:

HB 576, AN ACT relating to insurance holding company systems.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF SUBTITLE 37 OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

(1) Any domestic insurer, either by itself or in cooperation with one (1) or more persons, may organize or acquire one (1) or more subsidiaries engaged in the following kinds of business:

(a) Any kind of insurance business authorized by the jurisdiction in which it is incorporated;

(b) Acting as an insurance agent for its parent or any of its parent's insurer subsidiaries;

(c) Investing, reinvesting, or trading in securities for its own account, that of its parent, any subsidiary of its parent, or any affiliate or subsidiary;

(d) Management of any investment company subject to or registered pursuant to the Investment Company Act of 1940, as amended, including related sales and services;

(e) Acting as a broker-dealer subject to or registered pursuant to the Securities Exchange Act of 1934, as amended;

(f) Rendering investment advice to governments, government agencies, corporations, or other organizations or groups;

(g) Rendering other services related to the operations of an insurance business, such as actuarial, loss prevention, safety engineering, data processing, accounting, claims, appraisal, and collection services;

(h) Ownership and management of assets which the parent corporation may own or manage if the aggregate investment by the insurer and its subsidiaries acquired or organized pursuant to this paragraph shall not exceed the limitations applicable to these investments by the insurer. This paragraph shall not prohibit investments permitted under KRS 304.7-120;

(i) Acting as an administrative agent for a governmental instrumentality which is performing an insurance function;

(j) Financing of insurance premiums, agents, and other forms of consumer financing;

(k) Any other business activity determined by the commissioner to be reasonably ancillary to an insurance business; and

(l) Owning a corporation or corporations engaged or organized to engage exclusively in one (1) or more businesses specified in this section.

(2) In addition to investments in common stock, preferred stock, debt obligations, and other securities permitted under this chapter, a domestic insurer may also:

(a) Invest, in common stock, preferred stock, debt obligations, and other securities of one (1) or more subsidiaries, amounts which do not exceed the lesser of ten percent (10%) of the insurer's assets or fifty percent (50%) of the insurer's surplus as regards policyholders, if after these investments, the insurer's surplus as regards policyholders will be reasonable in relation to the insurer's outstanding liabilities and adequate to meet its financial needs. In calculating the amount of these investments, investments in domestic or foreign insurance subsidiaries shall be excluded, and there shall be included:

1. Total net moneys or other consideration expended and obligations assumed in the acquisition or formation of a subsidiary, including all organizational expenses and contributions to capital and surplus of the subsidiary whether or not represented by the purchase of capital stock or issuance of other securities; and

2. All amounts expended in acquiring additional common stock, preferred stock, debt obligations, and other securities and all contributions to the capital or surplus, of a subsidiary subsequent to its acquisition or formation;

(b) Invest any amount in common stock, preferred stock, debt obligations, and other securities of one (1) or more subsidiaries engaged or organized to engage exclusively in the ownership and management of assets authorized as investments for the insurer, if each subsidiary agrees to limit its investments in any asset so that the investments will not cause the amount of the total investment of the insurer to exceed any of the investment limitations specified in paragraph (a) of this subsection or in KRS Chapter 304.7. For the purpose of this paragraph, "the total investment of the insurer" shall exclude:

1. Any direct investment by the insurer in an asset; and

2. The insurer's proportionate share of any investment in an asset by any subsidiary of the insurer, which shall be calculated by multiplying the amount of the subsidiary's investment by the percentage of the ownership of the subsidiary;

(c) With the approval of the commissioner, invest any greater amount in common stock, preferred stock, debt obligations, or other securities of one (1) or more subsidiaries, if after the investment the insurer's surplus as regards policyholders will be reasonable in relation to the insurer's outstanding liabilities and adequate to its financial needs.

(3) Investments in common stock, preferred stock, debt obligations, or other securities of subsidiaries made pursuant to subsection (2) of this section shall not be subject to any of the otherwise applicable restrictions or prohibitions contained in this chapter applicable to the investments of insurers.

(4) Whether any investment pursuant to subsection (2) of this section meets the requirements shall be determined before the investment is made, by calculating the applicable investment limitations as though the investment had already been made, taking into account the then outstanding principal balance on all previous investments in debt obligations, and the value of all previous investments in equity securities as of the day they were made, net of any return of capital invested, not including dividends.

(5) If an insurer ceases to control a subsidiary, it shall dispose of any investment made pursuant to this section within three (3) years of the time of the cessation of control, or within an extension of time as the commissioner may prescribe, unless at any time after the investment has been made, the investment has met the requirements for investment under any other provision of this chapter, and the insurer has notified the commissioner.

SECTION 2. A NEW SECTION OF SUBTITLE 37 OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

(1) No person other than the issuer shall make a tender offer for, a request or invitation for tenders of, enter into any agreement to exchange securities, seek to acquire, or acquire in the open market or otherwise, any voting security of a domestic insurer if, after the consummation, the person would, directly or indirectly, or by conversion, or by exercise of any right to acquire, be in control of the insurer. No person shall enter into an agreement to merge with or to acquire control of a domestic insurer or any person controlling a domestic insurer unless, at the time of the offer, request, or invitation is made, or any agreement is entered into, or prior to the acquisition of these securities if no offer or agreement is involved, the person has filed with the commissioner and has sent to the insurer, a statement containing the information required by this section and the offer, request, invitation, agreement, or acquisition has been approved by the commissioner in the manner prescribed in this section.

(a) For purposes of this section a domestic insurer shall include any person controlling a domestic insurer unless the person as determined by the commissioner is either directly or through its affiliates primarily engaged in business other than the business of insurance. However, the person shall file a preacquisition notification with the commissioner containing the information required in Section 3(3)(a) of this Act thirty (30) days prior to the proposed effective date of the acquisition. The person who fails to file a preacquisition notification shall be subject to the penalty set out in Section 8 of this Act. For the purposes of this section, ''person'' shall not include any securities broker holding, in the usual and customary brokers function, less than twenty percent (20%) of the voting securities of an insurance company or of any person which controls an insurance company.

(2) The statement to be filed with the commissioner under this section shall be made under oath or affirmation and shall contain the following information:

(a) The name and address of each person by whom or on whose behalf the merger or other acquisition of control referred to in subsection (1) of this section is to be effected; and

1. If the person is an individual, his principal occupation and all offices and positions held during the past five (5) years, and any conviction of crimes other than minor traffic violations during the past ten (10) years; or

2. If the person is not an individual, a report of the nature of its business operations during the past five (5) years or for a lesser period that the person and any predecessors have been in existence, an informative description of the business intended to be done by the person and the person's subsidiaries, and a list of all individuals who are or who have been selected to become directors or executive officers of the person, or who perform or will perform functions appropriate to these functions. The list shall include for each individual the information required by subparagraph 1. of this paragraph.

(b) The source, nature, and amount of the consideration used or to be used in effecting the merger or other acquisition of control, a description of any transaction in which funds were or are to be obtained for merger or other acquisition of control, including any pledge of the insurer's stock, or the stock of any

of its subsidiaries or controlling affiliates, and the identity of persons furnishing the consideration; but if a source of the consideration is a loan made in the lender's ordinary course of business, the identity of the lender shall remain confidential, if the person filing the statement so requests.

(c) Fully audited financial information as to the earnings and financial condition of each acquiring party for the preceding five (5) fiscal years of each acquiring party, or for a lesser period that the acquiring party and any predecessors have been in existence, and similar unaudited information as of a date not earlier than ninety (90) days prior to the filing of the statement.

(d) Any plans or proposals which each acquiring party may have to liquidate the insurer, to sell its assets, or merge or consolidate it with any person, or to make any other material change in its business or corporate structure or management.

(e) The number of shares of any security referred to in subsection (1) of this section which the acquiring party proposes to acquire, and the terms of the offer, request, invitation, agreement, or acquisition referred to in subsection (1) of this section, and a statement as to the method used to determine the fairness of the proposal.

(f) The amount of each class of any security referred to in subsection (1) of this section which is beneficially owned, or concerning any security referred to in subsection (1) of this section which there is a right to acquire beneficial ownership of by each acquiring party.

(g) A full description of any contracts, arrangements, or understandings with respect to any security referred to in subsection (1) of this section in which any acquiring party is involved, such as transfer of any of the securities, joint ventures, loan or option arrangements, puts or calls, guarantees of loans, guarantees against loss or guarantees of profits, division of losses or profits, or the giving or withholding of proxies. The description shall identify the persons with whom these contracts, arrangements, or understandings have been entered into.

(h) A description of the purchase of any security referred to in subsection (1) of this section during the twelve (12) calendar months preceding the filing of the statement by any acquiring party, including the dates of purchase, names of the purchasers, and consideration paid or agreed to be paid.

(i) A description of any recommendations to purchase any security referred to in subsection (1) of this section made during the twelve (12) calendar months preceding the filing of the statement, by any acquiring party, or by anyone based upon interviews or at the suggestion of the acquiring party.

(j) Copies of all tender offers for requests, or invitations for tenders of, exchange offers for, and agreements to acquire or exchange any securities referred to in subsection (1) of this section, and of additional soliciting material distributed which relates.

(k) The term of any agreement, contract, or understanding made with, or proposed to be made with any broker-dealer, as to solicitation of securities referred to in subsection (1) of this section for tender, and the amount of any fees, commissions, or other compensation to be paid to broker-dealers with regard to subsection (1) of this section.

(l) Any additional information as the commissioner may by regulation prescribe as necessary or appropriate for the protection of policyholders of the insurer or in the public interest.

(m) If the person required to file the statement referred to in subsection (1) of this section is a partnership, limited partnership, syndicate, or other group, the commissioner may require that the information called for by paragraphs (a) to (l) of this subsection shall be given with respect to each partner of the partnership or limited partnership, each member of the syndicate or other group, and each person who controls the partner or member. If any partner, member, or person is a corporation, or the person required to file the statement referred to in subsection (1) of this section is a corporation, the commissioner may require that the information called for by paragraphs (a) to (l) of this subsection shall be given with respect to the corporation, each officer and director of the corporation, and each person who is directly or indirectly the beneficial owner of more than ten percent (10%) of the outstanding voting securities of the corporation.

(n) If any material change occurs in the facts in the statement filed with the commissioner and sent to the insurer pursuant to this section, an amendment stating the change, with copies of all documents and other materials relevant to the change, shall be filed with the commissioner and sent to the insurer within two (2) business days after the person learns of the change.

(3) If any offer, request, invitation, agreement, or acquisition referred to in subsection (1) of this section is proposed to be made by means of a registration statement under the Securities Act of 1933, or in circumstances requiring the disclosure of similar information under the Securities Exchange Act of 1934, or under a state law requiring similar registration or disclosure, the person required to file the statement referred to in subsection (1) of this section may utilize those documents in furnishing the information required by the statement referred to in subsection (1) of this section.

(4) (a) The commissioner shall approve any merger or other acquisition of control referred to in subsection (1) of this section unless, after a public hearing he finds that:

1. After the change of control, the domestic insurer referred to in subsection (1) of this section would not be able to satisfy the requirements for issuance of a certificate of authority to write the line or lines of insurance for which it is presently authorized;

2. The effect of the merger or other acquisition of control would be substantially to lessen competition in insurance in Kentucky or tend to create a monopoly. In applying the competitive standard in this paragraph:

a. The informational requirements of Section 3(3)(a) of this Act and the standards of Section 3(4)(b) of this Act shall apply;

b. The merger or other acquisition shall not be disapproved if the commissioner finds that any of the situations meeting the criteria provided by Section 3(4)(c) of this Act exist; and

c. The commissioner may condition the approval of the merger or other acquisition on the removal of the basis of disapproval within a specified period of time;

3. The financial condition of the acquiring party might jeopardize the financial stability of the insurer or prejudice the interest of its policyholders;

4. The plans or proposals which the acquiring party has to liquidate the insurer, sell its assets, consolidate or merge it with any person, or to make any other material change in its business or corporate structure or management are unfair and unreasonable to policyholders of the insurer and not in the public interest;

5. The competence, experience, and integrity of persons who would control the operation of the insurer would not be in the interest of policyholders of the insurer and of the public to permit the merger or other acquisition of control; or

6. The acquisition is likely to be hazardous or prejudicial to the insurance buying public.

(b) The public hearing required by this section shall be conducted as directed in KRS Chapter 304.2.

(c) The commissioner may retain at the acquiring person's expense any attorneys, actuaries, accountants, and other experts not otherwise a part of the commissioner's staff that may be necessary to assist the commissioner in reviewing the proposed acquisition of control.

(5) The provisions of this section shall not apply to:

(a) Any transaction which is subject to the provisions of KRS 304.24-390, dealing with the merger or consolidation of a domestic insurer; or

(b) Any offer, request, invitation, agreement, or acquisition which the commissioner, by order, shall exempt from the section as not having been made or entered into for the purpose of and not having the effect of changing or influencing the control of, a domestic insurer, or not comprehended within the purposes of this section.

(6) The following shall be violations of this section:

(a) The failure to file any statement, amendment, or other material required to be filed pursuant to subsection (1) or (2) of this section; or

(b) The effectuation or any attempt to effectuate an acquisition of control of, or merger with, a domestic insurer unless the commissioner has given his approval.

(7) The courts of this state shall have jurisdiction over every person not resident, domiciled, or authorized to do business in this state who files a statement with the commissioner under this section, and overall

actions involving such person arising out of violations of this section. Each person shall be deemed to have performed acts equivalent to and constituting an appointment by the person of the Secretary of State to be his true and lawful attorney upon whom may be served all lawful process in any action, suit, or proceeding arising out of the violations of this section. Copies of all lawful process shall be served on the Secretary of State and transmitted to the person at his last known address by the Secretary of State in the same manner as service of process on foreign insurers.

SECTION 3. A NEW SECTION OF SUBTITLE 37 OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

(1) The following definitions shall apply for the purposes of this section only:

(a) "Acquisition" means any agreement, arrangement, or activity the consummation of which results in a person acquiring directly or indirectly the control of another person, such as the acquisition of voting securities, the acquisition of assets, bulk reinsurance, and mergers.

(b) An "involved insurer" includes an insurer which either acquires or is acquired, is affiliated with an acquirer or acquired, or is the result of a merger.

(2) (a) This section applies to any acquisition in which there is a change of control of an insurer authorized to do business in Kentucky, except as set forth in paragraph (b) of this subsection.

(b) This section shall not apply to the following:

1. An acquisition subject to approval or disapproval of the commissioner pursuant to Section 2 of this Act;

2. A purchase of securities solely for the investment purposes so long as the securities are not used by voting or otherwise to cause or attempt to cause the substantial lessening of competition in any insurance market in Kentucky. If a purchase of securities results in a presumption of control under KRS 304.37-010(8), it is not solely for investment purposes unless the insurance regulatory official of the insurer's state of domicile accepts a disclaimer of control, or affirmatively finds that control does not exist, and the disclaimer action or affirmative finding is communicated by the domiciliary insurance regulatory official to the commissioners;

3. If the acquisition of a person by another person when both persons are neither directly nor through affiliates primarily engaged in the business of insurance, if preacquisition notification is filed with the commissioner in accordance with subsection (3)(a) of this section thirty (30) days prior to the proposed effective date of the acquisition. However, the acquisition notification shall not be required for exclusion from this section if the acquisition would otherwise be excluded from this section by any other subparagraph of this paragraph;

4. The acquisition of already affiliated persons;

5. An acquisition if, as an immediate result of the acquisition:

a. The combined market share of the involved insurers would not exceed five percent (5%) of the total market;

b. There would be no increase in any market share; or

c. The combined market share of the involved insurers would not exceed twelve percent (12%) of the total market; and the market share would not increase by more than two percent (2%) of the total market.

For the purpose of this subparagraph (b)5., a market means direct written insurance premium in Kentucky for a line of business as contained in the annual statement required to be filed by insurers authorized to do business in Kentucky;

6. An acquisition for which a preacquisition notification would be required pursuant to this section due solely to the resulting effect on the ocean marine insurance line of business; and

7. An acquisition of an insurer whose domiciliary insurance regulatory official affirmatively finds that the insurer is in failing condition, there is lack of feasible alternative to improving the condition, the public benefits of improving the insurer's condition through the acquisition exceed the public benefits that would arise from not lessening competition, and the findings are communicated by the domiciliary insurance regulatory official to the commissioner.

(3) An acquisition covered by subsection (2) of this section may be subject to an order pursuant to subsection (5) of this section or Section 7 of this Act unless the acquiring person files a preacquisition notification and the waiting period has expired. The acquired person may file a preacquisition notification. The commissioner shall give confidential treatment to information submitted under this subsection in the same manner as provided in KRS 304.37-050.

(a) The preacquisition notification shall be in the form and contain the information prescribed by the National Association of Insurance Commissioners relating to those markets which, under subsection (2)(b)5. of this section, cause the acquisition not to be exempted from the provisions of this section. The commissioner may require additional material and information he deems necessary to determine whether the proposed acquisition, if consummated, would violate the competitive standard of subsection (4) of this section. The required information may include an opinion of an economist as to the competitive impact of the acquisition in Kentucky accompanied by a summary of the education and experience of the economist indicating his ability to render an informed opinion.

(b) The waiting period required shall begin on the date of receipt by the commissioner of a preacquisition notification and shall end on the earlier of the thirtieth day after the date of receipt, or termination of the waiting period by the commissioner. Prior to the end of the waiting period, the commissioner may, on a one-time basis, require the submission of a additional needed information relevant to the proposed acquisition; if the submission is required, the waiting period shall end on the earlier of the thirtieth day after receipt of the additional information by the commissioner or termination of the waiting period by the commissioner.

(4) (a) The commissioner may enter an order under subsection (5)(a) of this section with respect to an acquisition if there is substantial evidence that the effect of the acquisition may be to lessen substantially competition in any line of insurance in Kentucky or tend to create a monopoly, or if the insurer fails to file adequate information in compliance with subsection (3) of this section.

(b) In determining whether a proposed acquisition would violate the competitive standard of paragraph (a) of this subsection, the commissioner shall consider the following:

1. Any acquisition covered under subsection (2) of this section involving two (2) or more insurers competing in the same market is prima facie evidence of violation of the competitive standards:

a. If the market is highly concentrated and the involved insurers possess the following shares of the market:

Insurer A	*Insurer B*
4%	*4% or more*
10%	*2% or more*
15%	*1% or more;*

or

b. If the market is not highly concentrated and the involved insurers possess the following shares of the market:

Insurer A	*Insurer B*
5%	*5% or more*
10%	*4% or more*
15%	*3% or more*
19%	*1% or more.*

A highly concentrated market means one in which the share of the four (4) largest insurers is seventy-five percent (75%) or more of the market. Percentages not shown in the tables are interpolated proportionately to the percentages that are shown. If more than two (2) insurers are involved, exceeding the total of the two (2) columns in the table is prima facie evidence of violation of the competitive standard in paragraph (a) of this subsection. For the purpose of this subparagraph, the insurer with the largest share of the market shall be deemed to be insurer A.

2. There is a significant trend toward increased concentration when the aggregate market share of any grouping of the largest insurers in the market, from the two (2) largest to the eight (8) largest, has increased by seven percent (7%) or more of the market over a period of time extending from any base year five (5) to ten (10) years prior to the acquisition up to the time of the acquisition. Any acquisition or merger covered under subsection (2) of this section involving two (2) or more insurers competing in the same market is prima facie evidence of violation of the competitive standard in paragraph (a) of this subsection if:

a. There is a significant trend toward increased concentration in the market;

b. One of the insurers involved is one of the insurers in a grouping of the large insurers showing the requisite increase in the market share; and

c. Another involved insurer's market is two percent (2%) or more.

3. For the purposes of subsection (4)(b) of this section:

a. The term "insurer" includes any company or group of companies under common management, ownership or control;

b. The term "market" means the relevant product and geographical markets. In determining the relevant product and geographical markets, the commissioner shall give due consideration to factors such as the definitions or guidelines, if any, promulgated by the National Association of Insurance Commissioners and to information, if any, submitted by parties to the acquisition. In the absence of sufficient information to the contrary, the relevant product market is assumed to be the direct written insurance premium for a line of business, the line being that used in the annual statement required to be filed by insurers doing business in Kentucky, and the relevant geographical market is assumed to be Kentucky; and

c. The burden of showing prima facie evidence of violation of the competitive standard rests upon the commissioner.

4. Even though an acquisition is not prima facie violative of the competitive standard under paragraph (b) of this subsection, the commissioner may establish the requisite anticompetitive effect based upon other substantial evidence. Even though an acquisition is prima facie violative of the competitive standard under paragraph (b) of this subsection, a party may establish the absence of the requisite anticompetitive effect based upon other substantial evidence. Relevant factors in making this determination shall be such factors as market shares, volatility of ranking of market leaders, number of competitors, concentration, trend of concentration in the industry, and ease of entry into and exit form the market.

(c) An order shall not be entered under subsection (5)(a) of this section if:

1. The acquisition will yield substantial economies of scale or economies in resource utilization that cannot be feasibly achieved in any other way, and the public benefits which would arise from the economies exceed the public benefits which would arise from not lessening competition; or

2. The acquisition will substantially increase the availability of insurance, and the public benefits of the increase exceed the public benefits which would arise from not lessening competition.

(5) (a) If an acquisition violates the standards of this section, the commissioner may enter an order:

1. Requiring an involved insurer to cease and desist from doing business in Kentucky with respect to the line or lines of insurance involved in the violation; or

2. Denying the application of an acquired or acquiring insurer for a certificate of authority to do business in Kentucky.

(b) The order referred to in paragraph (a) of this subsection shall be entered pursuant to a hearing held under KRS Chapter 304.2.

Section 4. KRS 304.37-020 is amended to read as follows:

(1) Every insurer which is authorized to do business in this state and which is a member of an insurance holding company system shall register with the commissioner, except a foreign or alien insurer subject to disclosure requirements and standards adopted by statute or regulation in the jurisdiction of its domicile which are substantially similar to those contained in this section. For an alien insurer, the domiciliary state

shall be deemed to be its state of entry. Any insurer which is subject to registration under this section shall register within sixty ***(60)*** days after June 16, 1972, or fifteen ***(15)*** days after it becomes subject to registration, whichever is later, unless the commissioner for good cause shown extends the time for registration, and then within ***the*** [~~such~~] extended time. The commissioner may require any authorized insurer which is a member of a holding company system which is not subject to registration under this section to furnish a copy of the registration statement or other information filed by ***the*** [~~such~~] insurer with the insurance regulatory authority of its domiciliary jurisdiction.

(2) Every insurer subject to registration shall file a registration statement on a form provided by the commissioner, which shall contain current information about:

(a) The capital structure, general financial condition, ownership and management of the insurer and any person controlling the insurer;

(b) The identity of every member of the insurance holding company system;

(c) The following agreements in force, relationships subsisting, and transactions currently outstanding between such insurer and its affiliates:

1. Loans to, other investments in, or purchases, sales, or exchanges of securities of the affiliates by the insurer or of the insurer by its affiliates;

2. Purchases, sales, or exchanges of assets;

3. Transactions not in the ordinary course of business;

4. Guarantees or undertakings for the benefit of an affiliate which result in an actual contingent exposure of the insurer's assets to liability, other than insurance contracts entered in the ordinary course of the insurer's business;

5. All management and service contracts and all cost-sharing arrangements, other than cost allocation arrangements based upon generally accepted accounting principles; [~~and~~]

6. Reinsurance agreements covering all or substantially all of one ***(1)*** or more lines of insurance of the ceding company;

7. Dividend and other distributions to shareholders; and

8. Consolidated tax allocation agreements;

(d) Any pledge of the insurer's stock, including stock of any subsidiary or controlling affiliate for a loan made to any member of the insurance holding company system; and

(e)[~~(d)~~] Other matters concerning transactions between registered insurers and any affiliates as may be included from time to time in any registration forms adopted or approved by the commissioner.

(3) ***It shall not be necessary to disclose*** [~~No~~] information [~~need be disclosed~~] on the registration statement filed pursuant to subsection (2) of this section if ***the*** [~~such~~] information is not material for the purposes of this section. Unless the commissioner by ***administrative*** [~~rule,~~] regulation or order provides otherwise, sales, purchases, exchanges, loans, or extensions of credit, or investments, involving one-half of one percent ***(.05%)*** or less of an insurer's admitted assets as of the 31st day of December next preceding shall not be deemed material for purposes of this section.

(4) Each registered insurer shall keep current the information required to be disclosed in its registration statement by reporting all material changes or additions on amendment forms provided by the commissioner within thirty days ***(30)*** after the end of the month in which it learns of each [~~such~~] change or addition.

(5) ***All registration statements shall contain a summary outlining all items in the current registration statement representing changes from the prior registration statement.***

(6) Subject to KRS 304.37-030(5), each registered insurer shall report to the commissioner all dividends and other distributions to shareholders within fifteen (15) business days following the dividend or distribution declaration.

(7) Any person within an insurance holding company system subject to registration shall be required to provide complete and accurate information to an insurer, if the information is reasonably necessary to enable the insurer to comply with the provisions of this subtitle.

(8) The commissioner shall terminate the registration of any insurer which demonstrates that it no longer is a member of an insurance holding company system.

(9)[~~(6)~~] The commissioner may require or allow two ***(2)*** or more affiliated insurers subject to registration [~~hereunder~~] to file a consolidated registration statement or consolidated reports amending their consolidated registration statement or their individual registration statements.

(10)[~~(7)~~] The commissioner may allow an insurer which is authorized to do business in this state and which is part of an insurance holding company system to register on behalf of any affiliated insurer which is required to register under subsection (1) and to file all information and material required to be filed under this section.

(11)[~~(8)~~] The provisions of this section shall not apply to any insurer, information, or transaction if and to the extent that the commissioner by ***administrative*** [~~rule,~~] regulation[~~,~~] or order shall exempt ***it*** [~~the same~~] from the provisions of this section.

(12)[~~(9)~~] Any person may file with the commissioner a disclaimer of affiliation with any authorized insurer or [~~such~~] a disclaimer may be filed by ***the*** [~~such~~] insurer or any member of an insurance holding company system. The disclaimer shall fully disclose all material relationships and bases for affiliation between ***the*** [~~such~~] persons and ***the*** [~~such~~] insurer as well as the basis for disclaiming ***the*** [~~such~~] affiliation. After a disclaimer has been filed, the insurer shall be relieved of any duty to register or report under this section which may arise out of the insurer's relationship with ***the*** [~~such~~] person unless and until the commissioner disallows ***the*** [~~such a~~] disclaimer. The commissioner shall disallow ***the*** [~~such a~~] disclaimer only after furnishing all parties in interest with notice and opportunity to be heard and after making specific findings of fact to support ***the*** [~~such~~] disallowance.

(13)[~~(10)~~] The failure to file a registration statement or any amendment thereto required by this section within the time specified for ***the*** [~~such~~] filing shall be a violation of this subtitle.

Section 5. KRS 304.37-030 is amended to read as follows:

(1) Material transactions by registered insurers with their affiliates shall be subject to the following standards:

(a) The terms shall be fair and reasonable;

(b) ***Charges or fees for services performed shall be reasonable;***

(c) Expenses incurred and payment received shall be allocated to the insurer in conformity with consistently applied accounting practices;

(d) The books, accounts, and records of each party shall be [~~so~~] maintained [~~as~~] to clearly and accurately disclose the precise nature and details of the transactions; and

(e)[~~(c)~~] The insurer's surplus as regards policyholders, following any dividends or distributions to shareholder affiliates, shall be reasonable in relation to the insurer's outstanding liabilities and adequate to its financial needs.

(2) (a) ***The following transactions involving a domestic insurer and any person in its holding company system shall not be entered into unless the insurer has notified the commissioner in writing of its intention to enter into the transaction at least thirty (30) days prior to the transaction, or a shorter period as the commissioner may permit, and the commissioner has not disapproved it within that time:***

1. Sales, purchases, exchanges, loans or extensions of credit, guarantees, or investments, if the transactions are equal to or exceed, with respect to non-life insurers, the lesser of three percent (3%) of the insurer's admitted assets or twenty-five percent (25%) of surplus as regards policyholders, or with respect to life insurers, three percent (3%) of the insurer's admitted assets, each as of December 31 next preceding.

2. Loans or extensions of credit to any person who is not an affiliate, if the insurer makes the loans or extensions of credit with the agreement or understanding that the proceeds of the transactions, in whole or in substantial part, are to be used to make loans or extensions of credit to, to purchase assets of, or

to make investments in, any affiliate of the insurer making the loans or extensions of credit if the transactions are equal to or exceed, with respect to non-life insurers, the lesser of three percent (3%) of the insurer's admitted assets or twenty-five percent (25%) of surplus as regards policyholders, or, with respect to life insurers, three percent (3%) of the insurer's admitted assets, each as of December 31 next preceding.

3. Reinsurance agreements or modifications in which the reinsurance premium or a change in the insurer's liabilities equals or exceeds five percent (5%) of the insurer's surplus as regards policyholders, as of December 31 next preceding, including those agreements which may require as consideration the transfer of assets from an insurer to a nonaffiliate, if an agreement or understanding exists between the insurer and nonaffiliate that any portion of the assets will be transferred to one (1) or more affiliates of the insurer;

4. All management agreements, service contracts, and all cost sharing arrangements; and

5. Any material transactions, specified by regulation, which the commissioner determines may adversely affect the interests of the insurer's policyholders.

(b) This subsection shall not authorize or permit any transactions which, in the case of an insurer not a member of the same holding company system, would be otherwise contrary to law.

(c) A domestic insurer shall not enter into transactions which are part of a plan or series of like transactions with persons within the holding company system if the purpose of those separate transactions is to avoid the statutory threshold amount and thus avoid the review that would otherwise occur. If the commissioner determines that the separate transactions were entered into over any twelve (12) month period for avoidance purposes, he may exercise his authority under Section 8 of this Act.

(d) The commissioner, in reviewing transactions pursuant to this subsection, shall consider whether the transactions comply with the standards set forth in subsection (1) of this section and whether they may adversely affect the interests of policyholders.

(e) The commissioner shall be notified within thirty (30) days of any investment of the domestic insurer in any one (1) corporation if the total investment in the corporation by the insurance holding company exceeds ten percent (10%) of the corporation's voting securities.

(3) (a) Notwithstanding the control of a domestic insurer by any person, the officers and directors of the insurer shall not be relieved of any obligation or liability to which they would otherwise be subject by law, and the insurer shall be managed so as to assure its separate operating identity consistent with this chapter.

(b) Nothing in this section precludes a domestic insurer from having or sharing a common management or cooperative or joint use of personnel, property, or services with one (1) or more other persons under arrangements which meet the standards of subsection (1) of this section.

(4) (a) For the purposes of this subtitle, in determining whether an insurer's surplus as regards policyholders is reasonable in relation to the insurer's outstanding liabilities and adequate to its financial needs, an insurer's surplus shall be deemed reasonable and adequate if its surplus as regards policyholders is at least two hundred percent (200%) of the amounts required under KRS Chapter 304 for the kinds of insurance the insurer is authorized to transact.

(b) Except as set forth in paragraph (a) of this subsection, the following factors, among others, shall be considered in determining whether an insurer's surplus as regards policyholders is reasonable in relation to the insurer's outstanding liabilities and adequate to its financial needs:

1. The size of the insurer as measured by its assets, capital and surplus, reserves, premium writings, insurance in force, and other appropriate criteria;

2. The extent to which the insurer's business is diversified among the several lines of insurance;

3. The number and size of risks insured in each line of business;

4. The extent of the geographical dispersion of the insurer's insured risks;

5. The nature and extent of the insurer's reinsurance program;

6. The quality, diversification, and liquidity of the insurer's investment portfolio;

7. The recent past and projected future trend in the size of the insurer's surplus as regards policyholders;

8. The surplus as regards policyholders maintained by other comparable insurers;

9. The adequacy of the insurer's reserves; and

10. The quality and liquidity of investments in subsidiaries. The commissioner may treat any [~~such~~] investment as a disallowed asset for purposes of determining the adequacy of surplus as regards policyholders ***if*** [~~whenever~~] in his judgment ***the*** [~~such~~] investment [~~so~~] warrants.

(5)[~~(3)~~] No insurer subject to registration under KRS 304.37-020 shall pay any extraordinary dividend or make any other extraordinary distribution to its stockholders until thirty (30) days after the commissioner has received notice of the declaration thereof and has not within ***the*** [~~such~~] period disapproved ***the*** [~~such~~] payment, or the commissioner shall have approved ***the*** [~~such~~] payment within ***the*** [~~such~~] thirty (30) day period. For purposes of this section, an extraordinary dividend or distribution is any dividend or distribution which, together with other dividends or distribution made within the preceding twelve (12) months, exceeds the ***lesser*** [~~greater~~] of (a) ten percent (10%) of ***the*** [~~such~~] insurer's surplus as regards policyholders as of [~~the thirty-first day of~~] December ***31*** next preceding, or (b) the net gain from operations of ***the*** [~~such~~] insurer company, if ***the*** [~~such~~] insurer is a life insurer, or the net [~~investment~~] income, if ***the*** [~~such~~] insurer is not a life insurer, for the twelve (12) month period ending [~~the thirty-first day of~~] December ***31*** next preceding, but shall not include pro rata distribution of any class of the insurer's own securities. Notwithstanding any other provision of law, an insurer may declare an extraordinary dividend or distribution which is conditional upon the commissioner's approval thereof, and ***the*** [~~such a~~] declaration shall confer no rights upon stockholders until the commissioner has approved the payment of ***the*** [~~such~~] dividend or distribution or until the commissioner has not disapproved ***the*** [~~such~~] payment within the thirty (30) day period referred to in this section.

SECTION 6. A NEW SECTION OF SUBTITLE 37 OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

(1) If an order for liquidation or rehabilitation of a domestic insurer has been entered, the receiver appointed under the order shall have the right to recover on behalf of the insurer, from any parent corporation or holding company or person or affiliate who otherwise controlled the insurer, the amount of distributions, other than distribution of shares of the same class of stock paid by the insurer on its capital stock, or any payment in the form of a bonus, termination settlement, or extraordinary lump sum salary adjustment made by the insurer, or its subsidiary, or subsidiaries to a director, officer, or employee if the distribution or payment is made at any time during one (1) year preceding the petition for liquidation, conservation, or rehabilitation, as the case may be, subject to the limitations of subsections (2), (3), and (4) of this section.

(2) No distribution shall be recoverable if the parent or affiliate shows that when paid, the distribution was lawful and reasonable, and that the insurer did not know and could not reasonably have known that the distribution might adversely affect the ability of the insurer to fulfill its contractual obligations.

(3) Any person who was a parent corporation or holding company or a person who otherwise controlled the insurer or affiliate at the time the distributions were paid shall be liable up to the amount of distributions or payment under subsection (1) of this section received by that person. Any person who otherwise controlled the insurer at the time the distributions were declared shall be liable up to the amount of distributions he would have received if they had been paid immediately. If two (2) or more persons are liable with respect to the same distributions, they shall be jointly and severally liable.

(4) The maximum amount recoverable under this section shall be the amount needed in excess of all other available assets of the impaired or insolvent insurer to pay the contractual obligations of the impaired or insolvent insurer and to reimburse any guaranty fund.

(5) To the extent that any person liable under subsection (3) of this section is insolvent or otherwise fails to pay claims due from it, its parent corporation, holding company, or person who otherwise controlled it at the time the distribution was paid shall be jointly and severally liable for any resulting deficiency in the amount recovered from the parent corporation, holding company, or person who otherwise controlled it.

Section 7. KRS 304.37-010 is amended to read as follows:

As used in this subtitle, the following terms shall have the respective meanings [~~hereinafter~~] set forth, unless the context shall otherwise require:

(1) The term "commissioner" shall mean the Commissioner of Insurance or the Department of Insurance, as appropriate.

(2) "Insurer" includes every person engaged as principal and as indemnitor, surety, or contractor in the business of entering into contracts of insurance.

(3) An "insurance holding company system" consists of two ***(2)*** or more affiliated persons, one ***(1)*** or more of which is an insurer.

(4) An "affiliate" [~~of~~], or person "affiliated" with a specific person, is a person that directly, or indirectly through one ***(1)*** or more intermediaries, controls, or is controlled by, or is under common control with, the person specified.

(5) A "person" is an individual, a corporation, a partnership, an association, a joint stock company, an unincorporated organization, any similar entity or any combination of the foregoing acting in concert, but shall not include any bank in its fiduciary capacity or securities broker performing no more than the usual and customary broker's function.

(6) A "subsidiary" of a specified person is an affiliate controlled by ***the*** [~~such~~] person directly or indirectly through one ***(1)*** or more intermediaries.

(7) The term "voting security" shall include any security convertible into or evidencing a right to acquire a voting security.

(8) The ***terms*** [~~term~~] "control," [~~(including the terms~~] "controlling," "controlled by" and "under common control with"[~~)~~] ***mean*** [~~means~~] the possession, direct or indirect, of the power to direct or cause the direction of the management and policies of a person, whether through the ownership of voting securities, by contract other than a loan contract or commercial contract for goods or nonmanagement services, or otherwise, unless the power is the result of an official position with or corporate office held by the person. Control shall be presumed to exist if any person, directly or indirectly, owns, controls, holds with the power to vote, or holds proxies representing ***fifteen*** [~~15~~] percent ***(15%)*** or more of the voting securities of any other person. This presumption may be rebutted by a showing made in the manner provided by KRS 304.37-020***(12)***[~~(9)~~] that control does not exist in fact. The commissioner may determine, after forwarding all persons in interest notice and opportunity to be heard and making specific findings of fact to support ***the*** [~~such~~] determination, that control exists in fact, notwithstanding the absence of a presumption to that effect.

SECTION 8. A NEW SECTION OF SUBTITLE 99 OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

(1) Any person who violates a cease and desist order of the commissioner under Section 3(5) of this Act may, after notice and hearing and upon order of the commissioner, be subject at the discretion of the commissioner to a civil penalty of not more than ten thousand dollars ($10,000) for every day of violation, suspension, or revocation of the person's license or certificate of authority, or both.

(2) Any insurer or other person who fails to make any filing required by Section 2 of this Act and who also fails to demonstrate a good faith effort to comply with any filing requirement shall be subject to a civil penalty of not more than ten thousand dollars ($10,000).

SECTION 9. A NEW SECTION OF SUBTITLE 99 OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

(1) Any insurer failing, without just cause, to file any registration statement as required by KRS Chapter 304, Subtitle 37, shall be required, after notice and hearing, to pay a civil penalty of ten thousand dollars ($10,000) for each day's delay to the commissioner. The maximum civil penalty under this section shall be one hundred thousand dollars ($100,000). The commissioner may reduce the civil penalty if the insurer demonstrates to the commissioner that the imposition of the penalty would constitute a financial hardship to the insurer.

(2) Every director or officer of an insurance holding company system who knowingly violates, participates in, assents to, or who knowingly permits any of the officers or agents of the insurer to engage in transactions or make investments which have not been properly reported or submitted pursuant to KRS 304.37-020(1), 304.37-030(2), or 304.37-030(5), or which violate KRS Chapter 304, Subtitle 37, shall pay, in their individual capacities, a civil penalty of not more than five thousand dollars ($5,000) per violation, after notice and hearing before the commissioner. In determining the amount of the civil penalty, the commissioner shall take into account the appropriateness of the civil penalty with respect to the gravity of the violation, the history of previous violations, and other matters justice may require.

(3) If it appears that any insurer subject to KRS Chapter 304, Subtitle 37, or any director, officer, employee, or agent has engaged in any transaction or entered into any contract which is subject to KRS 304.37-030 and which would not have been approved had approval been requested, the commissioner may order the insurer to cease and desist immediately any further activity under that transaction or contract. After notice and hearing, the commissioner may also order the insurer to void the contracts and restore the status quo if the action is in the best interest of the policyholders, creditors, or the public.

(4) If it appears that any insurer or any director, officer, employee, or agent has committed a willful violation of KRS Chapter 304, Subtitle 37, the commissioner may cause criminal proceedings to be instituted in the Circuit Court for the county in which the principal office of the insurer is located, or if the insurer has no office in Kentucky, in the Franklin Circuit Court against the insurer or the responsible director, officer, employee, or agent. Any insurer which willfully violates KRS Chapter 304, Subtitle 37, may be fined not more than one hundred thousand dollars ($100,000). Any individual who willfully violates KRS Chapter 304, Subtitle 37, may be fined in his individual capacity not more than one thousand dollars ($1,000), be imprisoned for not more than one (1) to three (3) years, or both.

(5) Any officer, director, or employee of an insurance holding company system who willfully and knowingly subscribes to or makes or causes to be made any false statements or false reports or false filings with the intent to deceive the commissioner in the performance of his duties under KRS Chapter 304, Subtitle 37, upon conviction, shall be imprisoned for not more than one (1) year or more than five (5) years, or fined ten thousand dollars ($10,000), or both. Any fines imposed shall be paid by the officer, director, or employee in his individual capacity.

Each application for a license shall be accompanied by:

(1) An investigation fee of five hundred dollars ($500) for Kentucky residents and five hundred dollars ($500) for non-residents of Kentucky which shall not be subject to refund but which, if the license is granted, shall constitute the license fee for the first license year or part thereof;

(3) Evidence that the applicant has complied or will comply with all workers and unemployment compensation laws of Kentucky.

SECTION 7. A NEW SECTION OF KRS CHAPTER 368 IS CREATED TO READ AS FOLLOWS:

If the commissioner finds that the qualifications have been satisfied, and if he approves the documents, he shall issue to the applicant a license to engage in the business of cashing checks in this Commonwealth.

(2) The license shall be kept conspicuously posted in the place of business of the licensee and shall not be transferable or assignable.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS 161.220 TO 161.716 IS CREATED TO READ AS FOLLOWS:

(1) An optional retirement plan is hereby authorized for designated employees of public institutions of higher education who are also eligible for membership in the Kentucky Teachers' Retirement System

pursuant to KRS 161.220(4)(b) and 161.470(1). The purpose of the optional retirement plan shall be to provide suitable retirement and death benefits, while affording the maximum portability of these benefits to the eligible employees as an alternative to membership in the retirement system. Benefits shall be provided by the purchase of annuity contracts, fixed or variable in nature, or a combination thereof, at the option of the participant.

(2) The boards of regents of those institutions identified in KRS 161.220(4)(b) shall select two (2) but no more than three (3) companies from which to purchase contracts under the optional retirement plan. As criteria for this selection, the boards of regents shall consider, among other things, the following:

(a) The portability of the contracts offered or to be offered by a company, based on the number of states in which the company provides contracts under similar plans;

(b) The efficacy of the contracts in the recruitment and retention of employees for the various state public institutions of higher education;

(c) The nature and extent of the rights and benefits to be provided by the contracts for participating employees and their beneficiaries;

(d) The relation of the rights and benefits to the amount of contributions required;

(e) The suitability of the rights and benefits to the needs and interests of eligible employees and the various state public institutions of higher education; and

(f) The ability of the designated companies to provide the rights and benefits under those contracts.

(3) The boards of regents of the institutions identified in KRS 161.220(4)(b) shall implement an optional retirement plan no later than July 1, 1993.

SECTION 2. A NEW SECTION OF KRS 161.220 TO 161.716 IS CREATED TO READ AS FOLLOWS:

(1) Eligibility to participate in the optional retirement plan shall be determined by the board of regents of each of the state public institutions of higher education identified in KRS 161.220(4)(b). The employees of these institutions of higher education who are current members in the regular retirement plan of the Kentucky Teachers' Retirement System, but who have not met the requirements for vesting of pension benefits pursuant to KRS 161.580(2)(e), may make an irrevocable election to participate in the optional retirement plan within ninety (90) days after the implementation date of the retirement plan at their employer institution. Eligible employees who are initially employed on or after the implementation date of the optional retirement plan at their employer institution may make an irrevocable election to participate in the optional retirement plan within sixty (60) days after their employment date. These elections must be made in writing and filed with the appropriate officer of the employer institution, who shall forward a copy of the completed election to the Kentucky Teachers' Retirement System. Current nonvested members' elections shall be effective on the date they are filed. Elections of eligible employees hired on or after the implementation date of the optional retirement plan at their employer institution shall be effective on the date of their employment. If an eligible employee hired subsequent to the implementation date at the employer institution fails to make the election provided for in this section, he shall become a member of the regular retirement plan of the Kentucky Teachers' Retirement System.

(2) A current nonvested member in the Kentucky Teachers' Retirement System who elects participation in the optional retirement plan shall have his accumulated contributions transferred to the optional retirement plan. Within sixty (60) days of receipt of notice of this election, the Kentucky Teachers' Retirement System shall transfer the nonvested member's accumulated contributions directly to the optional retirement plan to purchase benefits in that plan, and the transfer shall not constitute a taxable distribution to the employee.

SECTION 3. A NEW SECTION OF KRS 161.220 TO 161.716 IS CREATED TO READ AS FOLLOWS:

(1) Any person electing to participate in the optional retirement plan shall be ineligible for membership in the regular retirement plan of the Kentucky Teachers' Retirement System for as long as he is employed in a position for which the optional retirement plan is available.

(2) Any person electing to participate in the optional retirement plan shall acknowledge in writing that the benefits payable to participants are not the obligation of the Commonwealth of Kentucky or the Kentucky Teachers' Retirement System, and that these benefits and other rights of the optional retirement plan are the liability and responsibility solely of the designated companies to whom contributions have been made.

(3) Benefits shall be payable to optional retirement plan participants or their beneficiaries by the designated companies in accordance with the contracts issued by each company, and the retirement plan provisions adopted by each public institution.

(4) Annuity contracts issued under the optional retirement plan and all rights of a participant in the optional retirement plan shall be exempt from any state, local, or municipal tax; assessment for the insolvency of any life, health, or casualty insurance company; any levy or sale, garnishment, or attachment; or any process whatsoever, and shall be unassignable except as otherwise specifically provided by the contracts offered under the optional retirement plan adopted by the respective public institutions of higher education.

"(1) General rule. For the purpose of reflecting upon the credibility of a witness, evidence that the witness has been convicted of a crime shall be admitted if elicited from the witness or established by public record if denied by the witness, but only if:

(a) The crime was punishable by death or imprisonment for one (1) year or more under the law under which the witness was convicted, or the crime involved dishonesty or false statement, regardless of the punishment; and

(b) The court determines that the probative value of admitting this evidence on the issue of credibility outweighs its prejudicial effect on the opposing party.

The identity of the crime upon which conviction was based may not be disclosed upon cross-examination unless the witness has denied the existence of the conviction. However, a witness against whom a conviction is admitted under this provision may choose to disclose the identity of the crime upon which the conviction is based.

(2) Time limit. Evidence of a conviction under this rule is not admissible if a period of more than ten (10) years has elapsed since the date of the conviction unless the court determines that the probative value of the conviction substantially outweighs its prejudicial effect.

(3) Effect of pardon, annulment, or certificate of rehabilitation. Evidence of a conviction is not admissible under this rule if:

(a) The conviction has been the subject of a pardon, annulment, certificate of rehabilitation, or other equivalent procedure based on a finding of the rehabilitation of the person convicted, and that person has not been convicted of a subsequent crime which was punishable by death or imprisonment of one (1) year or more; or

(b) The conviction has been the subject of a pardon, annulment, or other equivalent procedure based on a finding of innocence.

[~~(4) Juvenile adjudications. Evidence of juvenile adjudications is generally not admissible under this rule. The court may, however, in a criminal case allow evidence of a juvenile adjudication of a witness other than the accused if conviction of the offense would be admissible to attack the credibility of an adult and the court is satisfied that admission in evidence is necessary for a fair determination of the issue of guilt or innocence.~~

~~(5) Pendency of appeal. The pendency of an appeal therefrom does not render evidence of a conviction inadmissible. Evidence of the pendency of an appeal is admissible.~~]"; and

on page 23, lines 1 through 26, to delete the same; and

on page 24, lines 1 through 10, to delete the same.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 251 IS CREATED TO READ AS FOLLOWS:

(1) A forward pricing (delayed pricing) contract means an executory contract which shall be in a form and contain terms the department shall adopt by administrative regulation pursuant to KRS 251.480. The forward pricing (delayed pricing) contract shall be executed by the licensed grain establishment and the producer, or by their authorized representatives, not later than thirty (30) days after the first delivery of grain is received under the forward pricing (delayed pricing) contract. The licensed grain establishment shall maintain a file of executed forward pricing (delayed pricing) contracts that are available for inspection at any reasonable time by the department. The licensed grain establishment shall keep records and ledgers which the department deems necessary to document the licensed grain establishment's obligations to the producer under a forward pricing (delayed pricing) contract. The licensee shall provide reports, forms, and other evidence the department shall adopt by administrative regulation to document the storage and marketing of grain under the forward pricing (delayed pricing) contract.

(2) Except as otherwise provided in subsection (3) of this section, a licensed grain establishment which purchases grain under a forward pricing (delayed pricing) agreement shall at all times maintain the grain in storage, rights in the grain, proceeds from the sale of grain, or a combination of the grain, rights, and proceeds equal to eighty percent (80%) of the value of the licensed grain storage establishment's unpaid obligations for all grain that it has purchased and for which delivery has been made under a forward pricing (delayed pricing) contract. The obligation shall be secured or represented by one (1) or more of the following:

(a) Maintenance of the grain in storage in the licensed grain establishment's warehouse or storage facilities;

(b) Rights in grain as evidenced by a receipt or ticket for storage of the grain under a bailment agreement in another warehouse approved by the department; or

(c) Proceeds from the sale of grain as evidenced or represented by one (1) or more of the following:

1. Funds held in a separate account for the benefit of all unpaid producers of grain delivered under a forward pricing (delayed pricing) contract with the separate account existing in a state or federal licensed financial institution or a lending agency of the federal Farm Credit Administration;

2. Short-term investments held in time accounts for the benefit of all unpaid producers of grain delivered under a forward pricing (delayed pricing) contract with state or federal licensed financial institutions or a lending agency of the federal Farm Credit Administration;

3. Balances in commodity margin accounts; or

4. Other evidence of unencumbered assets as may be acceptable to the department, including an irrevocable letter of credit or surety bond.

(3) The licensed grain establishment handler account required by subsection (2) of this section shall be deemed grain or the proceeds for grain arising from unpaid obligations for all grain purchased and for which delivery has been made under a forward pricing (delayed pricing) contract. The Commissioner shall have a priority lien upon the property or assets required to be maintained in the licensed grain establishment's grain handler account as provided in subsection (2) of this section. The Commissioner shall, when he questions a licensed grain establishment's ability to pay producers for grain purchased, or when he determines that the licensed establishment does not have sufficient net worth to satisfy indebtedness, after giving notice to the owner or agent of the owner, prohibit the transfer or disbursement of any grain, property, or assets maintained in the licensed grain establishment handler account, except for the satisfaction of unpaid obligations

for grain that has been purchased and for which delivery has been made under a forward pricing (delayed pricing) contract. Disbursements shall be made under the direction of the Commissioner to grain producers on a pro rata basis. An action to enforce the priority lien created by this subsection may be brought in the name of the Commissioner or the Kentucky Grain Insurance Corporation in the Franklin Circuit Court.

(4) The licensed warehouse establishment and the producer may at the time a forward pricing (delayed pricing) contract is executed mutually agree and waive the payment of compensation from the Kentucky Grain Insurance Fund authorized by KRS 251.670. The waiver shall be made in writing at the time the forward pricing (delayed pricing) contract is executed and shall be made in a manner prescribed by the Commissioner and filed with the department within ten (10) days thereafter. Upon the waiver, the grain sold pursuant to the forward pricing (delayed pricing) contract shall be excluded from the coverage of the Kentucky Grain Insurance Fund and the producer shall be exempted from the assessment at KRS 251.640(1) for the amount of grain covered by the contract. The licensed grain establishment shall not be required to maintain rights in the grain, proceeds from the sale of grain, or a combination of the grain, rights, and proceeds equal to eighty percent (80%) of the value of the licensed storage establishment's unpaid obligation relating to the amount of grain exempted from the payment of compensation from the Kentucky Grain Insurance Fund.

SECTION 2. A NEW SECTION OF KRS CHAPTER 251 IS CREATED TO READ AS FOLLOWS:

However, the exclusion from coverage shall be limited to the grain or proceeds from grain described in the forward pricing (delayed pricing) contract waiver.

(2) The claimant as payee has failed to present for payment a negotiable instrument, issued as payment for grain, within ninety (90) days from the date the negotiable instrument is tendered to the claimant in satisfaction of obligations for grain purchased by the licensed grain establishment.

(3) The claimant has engaged in conduct or practices which differ from generally accepted marketing practices within the grain industry to an extent that the claimant's actions have substantially contributed to his financial loss.

Section 3. The persons and companies named above having in good faith furnished the services, supplies, and materials listed, and the Commonwealth having received the benefits, an emergency is declared to exist and this Act shall take effect upon its passage and approval by the Governor.

HB 704, AN ACT relating to revenue and taxation.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 131.170 is amended to read as follows:

The Revenue Cabinet may, when extension is not otherwise provided for, grant a reasonable extension of time for filing reports or returns whenever, in its judgment, good cause therefor exists. The cabinet shall keep a record of such extensions. Except where a taxpayer is abroad, no extension shall be granted for more than six (6) months, and in no case for more than one (1) year. If any extension operates to postpone a tax payment, interest at the ***tax interest rate as defined in KRS 131.010(6)*** [~~rate of one-half of one percent (.5%) per month or part thereof~~] shall be collected. The cabinet may condition the extension upon a bond sufficient to cover any tax and penalty determined to be due. The cabinet may, on request, permit a person to file a tax return or report or pay tax on a date other than that prescribed by statute, or to change the fiscal period covered by such return or report, if ***the*** [~~such a~~] variation will not ultimately effect a reduction in revenue.

Section 2. KRS 136.050 is amended to read as follows:

(1) Except where otherwise specially provided, all corporations required to make reports to the Revenue Cabinet shall pay all taxes due the state from them into the State Treasury at the same time as natural persons are required to pay taxes, and when delinquent shall pay the same rate of interest and penalties as natural persons who are delinquent.

(2) All state taxes assessed against any corporation under the provisions of KRS 136.120 to 136.200 shall be due and payable as provided in KRS 131.110. All county, city, school, and other taxes so assessed shall be due and payable thirty (30) days after notice of the amount of the tax is given by the collecting officer. The state, county, city, school, and other taxes found to be due on any protested assessment or portion thereof shall begin to bear legal interest on the sixty-first day after the Kentucky Board of Tax Appeals acknowledges receipt of a protest of any assessment or enters an order to certify the unprotested portion of any assessment until paid, except that in no event shall interest begin to accrue prior to January 1 following April 30 of the year in which the report is due. Every corporation so assessed that fails to pay its taxes when due shall be deemed delinquent, a penalty of ten percent (10%) on the amount of the tax shall attach, and thereafter the tax shall bear interest at the ***tax interest rate as defined in KRS 131.010(6)*** [~~rate of ten percent (10%) per annum~~].

Section 3. KRS 137.180 is amended to read as follows:

(1) Each person engaged in the business of conducting a race track shall, on or before thirty (30) days following the close of each duly licensed race meeting, furnish the Revenue Cabinet a verified report of the number of days on which races were conducted on that race track during the race meeting, together with a statement of its daily mutuel handle for each [~~such~~] day during the [~~said~~] meeting, and at the same time pay to the state the tentatively correct amount of the license tax apparently due it pursuant to KRS 137.170.

(2) On or before December 31 in each year each [~~such~~] person ***engaged in the business of conducting a race track*** shall file a final report with the Revenue Cabinet giving in summary form a recapitulation of the information furnished by the previous tentative reports filed during the year, computing the final license tax due the state for the year ending November 30 and showing the amount of license tax actually paid during ***the*** [~~such~~] year. Any balance of license tax due the state as shown on ***the*** [~~said~~] final report shall be paid at the same time as the filing thereof. Any overpayment in license tax disclosed by ***the*** [~~said~~] final report shall, at the option of the taxpayer, be promptly refunded by the state or credited against the license tax to be due from the taxpayer in the following year.

(3) Any person who fails to pay the tax due in the time specified shall pay a penalty equal to twenty percent (20%) of the amount of tax due and delinquent, together with interest at ***the tax interest rate as defined in KRS 131.010(6)*** [~~six percent (6%) per annum on both the original tax and the penalty~~].

Section 4. KRS 138.4631 is amended to read as follows:

(1) If any holder of a permit under KRS 138.463(2) fails or refuses to file a return or furnish any information requested in writing, the cabinet may, from any information in its possession, make an estimate of the permit holder's gross rental or lease charges and issue an assessment against ***the*** [~~such~~] permit holder based on the estimated gross rental or lease charges and add a penalty of ten percent (10%) of the amount of the assessment so determined. This penalty shall be in addition to all other applicable penalties provided by law.

(2) If any holder of a permit under KRS 138.463(2) fails to make and file a return required by KRS 138.463 on or before the due date of the return or the due date as extended by the cabinet, then, unless it is shown to the satisfaction of the cabinet that the failure is due to a reasonable cause, five percent (5%) of the tax found to be due shall be added to the tax for each thirty (30) days or fraction thereof elapsing between the due date of the return and the date on which filed, but the total penalty shall not exceed twenty-five percent (25%) of the tax; provided, however, that in no case shall the penalty be less than ten dollars ($10).

(3) If the tax imposed by KRS 138.463, whether assessed by the cabinet or the permit holder, or any installment or portion of the tax is not paid on or before the date prescribed for its payment, there shall be collected, as a part of the tax, interest upon the unpaid amount at the ***tax interest rate as defined in KRS 131.010(6)*** [~~rate of twelve percent (12%) per annum~~] from the date prescribed for its payment until payment is actually made.

Section 5. KRS 139.610 is amended to read as follows:

(1) The cabinet shall upon written request received on or prior to the due date of the return or tax, for good cause satisfactory to the cabinet, extend the time for filing the return or paying the tax for a period not exceeding thirty (30) days.

(2) Any person to whom an extension is granted and who pays the tax within the period for which the extension is granted shall pay, in addition to the tax, interest at the ***tax interest rate as defined in KRS 131.010(6)*** [~~rate of eight percent (8%) per annum~~] from the date on which the tax would otherwise have been due.

Section 6. KRS 140.210 is amended to read as follows:

(1) All taxes imposed by this chapter, unless otherwise provided in this chapter, shall be due and payable to the Revenue Cabinet at the death of the decedent. If they are paid within nine (9) months a discount of five percent (5%) shall be allowed, and if they are paid within eighteen (18) months no interest shall be charged and collected thereon. If the taxes due are not paid within eighteen (18) months, a penalty of ten percent (10%) per annum shall be charged and collected from the time the taxes accrued, except in cases where, by reason of claims made upon the estate, necessary litigation, or other unavoidable cause of delay, the estate of the decedent or a part thereof cannot be settled at the end of eighteen (18) months from the death of the decedent. In such cases ***interest at the tax interest rate as defined in KRS 131.010(6)*** [~~only eight percent (8%) per annum~~] shall be charged upon the tax from the expiration of ***the*** [~~said~~] eighteen (18) months until the cause of the delay is removed.

(2) In all cases where the personal representatives or trustees do not pay the taxes within eighteen (18) months from the death of the decedent, they shall be required to give bond in the form and to the effect prescribed by the cabinet, for the payment of the taxes and interest.

Section 7. KRS 140.320 is amended to read as follows:

In the event a qualified person sells, conveys, or otherwise transfers the ownership, directly or indirectly, of the qualified real estate to any person or persons other than another qualified person who is a joint owner or the qualified real estate is converted to a use other than agricultural or horticultural use, then the qualified persons to whom the property passed at the death of the decedent in whose estate the agricultural or horticultural value shall cause to be paid, pursuant to ***administrative*** regulations ***promulgated*** [~~issued~~] by the Revenue Cabinet, the additional inheritance tax that would have been due on the decedent's estate if fair market value had been used to compute the tax due on the estate rather than the agricultural or horticultural value, along with interest on the unpaid tax at the ***interest rate as defined in KRS 131.010(6)*** [~~rate of eight percent (8%) per annum~~].

Section 8. KRS 143A.110 is amended to read as follows:

In every case, any tax not paid on or before the due date shall bear interest at the ***tax interest rate as defined in KRS 131.010(6)*** [~~rate of ten percent (10%) per annum~~] from the date due until the date of payment.

Section 9. KRS 234.420 is amended to read as follows:

(1) If any liquefied petroleum gas motor fuel dealer neglects or refuses to make the return required by KRS 234.370 or to pay the tax at the time provided, a penalty of twenty percent (20%) thereof and interest at ***tax interest rate as defined in KRS 131.010(6)*** [~~six percent (6%) per annum~~] from the date when due shall be paid as a part of the tax. (b) Operation of the restaurant franchisee's business pursuant to that plan or system is substantially associated with the franchisor's trademark, service mark, trade name, logotype, advertising, or other commercial symbol designating the franchisor or its affiliate; and

(c) The restaurant franchisee pays or is required to pay, directly or indirectly, a franchise fee.

(4) "Restaurant franchise fee" means a fee or charge for the right to enter into or maintain a franchise, including any payment for goods or services, but excluding:

(a) Payment at a bona fide wholesale price for a reasonable quantity of inventory;

(b) Payment of a reasonable service charge to the issuer of a credit or debit card by a person accepting or honoring that card; and

(c) Payment at fair market value for a reasonable quantity of real estate, fixtures, equipment, or other tangible property to be utilized in, and necessary for, the operation of the franchised business.

(a) Apply to any franchise, a substantial part of the performance of which occurs in Kentucky; and

(b) Not be waived or avoided in whole or in part, by agreement or by conduct, in their application to a franchise or a party to a franchise, except as a part of a settlement of a bona fide dispute.

(2) A franchisee shall not be deprived of the application and benefits of Sections 1 to 11 of this Act by a provision of a franchise purporting to designate the law or venue of another jurisdiction.

SECTION 3. A NEW SECTION OF KRS CHAPTER 365 IS CREATED TO READ AS FOLLOWS:

A party to a franchise who is injured or likely to be injured by a violation or impending violation of Sections 1 to 11 of this Act or of the trade regulation rule entitled "Disclosure Requirements and Prohibitions Concerning Franchising and Business Opportunity Ventures," as promulgated or amended by the United States Federal Trade Commission, has a cause of action for rescission, damages, injunctive relief, or other appropriate relief. The prevailing party may recover its costs including its reasonable attorneys' fees in any such action or proceeding. A court may presume irreparable harm from a violation of Sections 1 to 11 of this Act or of the Federal Trade Commission trade regulation rule on franchising and business opportunity ventures, and may award preliminary injunctive relief without bond or other financial security.

SECTION 4. A NEW SECTION OF KRS CHAPTER 365 IS CREATED TO READ AS FOLLOWS:

(1) Every franchise includes an implied duty of each party to act in good faith in the performance and enforcement of the franchise. The duty of good faith also obligates a party to a franchise, in making a decision or exercising a reserved power or discretion that directly affects the franchise or the business conducted under the franchise, to give due and equal regard to the interests of the other party or parties to the franchise that are likely to be affected by the decision.

SECTION 5. A NEW SECTION OF KRS CHAPTER 365 IS CREATED TO READ AS FOLLOWS:

(1) Except as provided in subsection (2) of this section, a franchisee may obtain equipment, fixtures, supplies, and services used in the establishment and operation of the franchised business from sources of the franchisee's choosing, if those goods and services meet reasonable standards as to their nature and quality promulgated by the franchisor.

(2) Subsection (1) of this section shall not apply to reasonable quantities of inventory goods or services, including display and sample items, that the franchisor requires the franchisee to obtain from the franchisor or its affiliate, but only if the goods or services are a central feature of the franchised business and either:

(a) Are actually manufactured or produced by the franchisor or its affiliate; or

(b) Are manufactured solely for the account of the franchisor or its affiliate and incorporate a trade secret owned by the franchisor or its affiliate.

SECTION 6. A NEW SECTION OF KRS CHAPTER 365 IS CREATED TO READ AS FOLLOWS:

A franchisor shall not terminate or fail to renew a franchise prior to its expiration except for good cause. For purposes of this section, "good cause" includes either of the following:

(1) The failure of the franchisee to comply with a material provision of the franchise agreement, after a written notice specifying the noncompliance and a thirty (30) day period to cure the default, or, if the default cannot be cured within thirty (30) days, the failure of the franchisee to initiate within thirty (30) days, substantial continuing action to cure the default. Enforcement of the provision must be similar to that imposed on other franchisees, including outlets owned and operated by a franchisor; or

(2) Situations in which the franchisee, without the requirement of notice and an opportunity to cure, does any of the following:

(a) Voluntarily abandons the franchised business;

(b) Is convicted of a crime that substantially impairs the good will associated with the franchisor's trademark, service mark, trade name, logotype advertising, or other commercial symbol;

(c) Repeatedly fails to comply with the same material provision of the franchise agreement, when the enforcement of the provision is similar to that imposed on other franchisees; or

(d) Operates the franchised business in a manner that imminently endangers the public health or safety.

SECTION 7. A NEW SECTION OF KRS CHAPTER 365 IS CREATED TO READ AS FOLLOWS:

(1) A franchisee has the right to transfer the franchised business and franchise to a transferee who meets the franchisor's current, reasonable, essential, and nondiscriminatory standards for new franchisees or transferees. A franchisor may not withhold its consent to a transfer, under these circumstances, without good cause.

(2) A franchisor may not withhold its consent to a franchisee making a public offering of its securities without good cause, if the franchisee, or the owners of the franchise, retain control over more than fifty percent (50%) of the voting power in the franchise. A franchisor may not withhold its consent to a pooling of interests or exchange of assets by its existing franchisees.

(3) At the time of transfer, a franchisee may assign its interest in its franchise for its unexpired term, and a franchisor may not require the franchisee or the transferee to enter into a new or different franchise as a condition to a transfer.

(4) The following shall not constitute a "transfer" and a franchisor shall not interfere with:

(a) The succession to ownership or management of a franchise by the spouse, children, fellow shareholders, or partners upon the death or disability of a franchisee or of an owner, officer, or director of a franchisee;

(b) Incorporation of a proprietorship franchisee;

(c) Transfers within an existing ownership group of a franchisee which do not effect a change in control of the franchise;

(d) Transfers of less than a controlling interest in the franchise to the spouse or children of the franchisee or of its owner;

(e) Transfers of less than a controlling interest in the franchise to an employee stock ownership plan or employee incentive compensation or deferred benefit plan;

(f) A grant or retention of a security interest in the franchise, the franchised business, or its assets, or an ownership interest in the franchisee, if the security agreement creates an obligation on the secured party, enforceable by the franchisor, to give the franchisor notice simultaneously with notice to the franchisee of the secured party's intent to foreclose on the collateral, and a reasonable opportunity to redeem the interest of the secured party and recover the secured party's interest in the franchise and franchised business by paying the secured obligations, or the fair market value of secured obligations not stated as amounts payable in cash; or

(g) The franchisee's use of management consultants or hiring of a professional manager.

(5) Subject to the conditions to the grant of a security interest set forth in subsection (4)(f) of this section, a franchisor may not prevent a franchisee who transfers a franchise, from retaining or foreclosing a security interest in any one (1) or more of the assets transferred, including the franchise, created to secure obligations of the transferee to the transferor.

SECTION 8. A NEW SECTION OF KRS CHAPTER 365 IS CREATED TO READ AS FOLLOWS:

A franchisor shall not prohibit, or enforce a prohibition against, a franchisee engaging in any lawful business at any location after expiration of a franchise of a fixed or indeterminate term, or after termination of the franchise by the franchisee for good cause, unless, ten (10) or more days before the effective date of the termination or expiration, the franchisor offers in writing to purchase the franchised business for its fair market value as a going concern. The offer may be conditioned upon ascertainment of fair market value by an impartial appraiser. This section does not prohibit enforcement of provisions of a franchise obligating a franchisee after expiration or termination of the franchise from:

(1) Altering the appearance of the premises and the manner of operation of the franchised business to avoid the likelihood of confusion as to the affiliation of the business with its former franchisor or the origin of goods or services it offers; or

(2) Ceasing and refraining from using a trade secret of the franchisor or of its affiliate.

SECTION 9. A NEW SECTION OF KRS CHAPTER 365 IS CREATED TO READ AS FOLLOWS:

A franchisor shall not directly or indirectly inhibit its franchisees from forming an association or from associating with other franchisees for any lawful purpose. A franchisor shall not directly or indirectly penalize a franchisee for organizing or participating in an association of franchisees.

SECTION 10. A NEW SECTION OF KRS CHAPTER 365 IS CREATED TO READ AS FOLLOWS:

A restaurant franchisor shall not place, or license another to place, a new outlet in unreasonable proximity to an established franchised outlet which offers goods or services identified by the same trademark as those offered from the new outlet, or the premises of which are identified by the same trademark as the new outlet.

Section 20. KRS 230.300 is amended to read as follows:

(1) Any person desiring to conduct ***horse*** [~~thoroughbred~~] racing [~~and Appaloosa racing~~] at a ***horse*** [~~thoroughbred~~] race meeting within the Commonwealth of Kentucky or to engage in simulcasting and intertrack wagering as a receiving track during any calendar year shall first apply to the commission for a license to do so. Any program or activity previously subject to the jurisdiction of the Kentucky State Racing Commission or the Kentucky Harness Racing Commission shall be subject to the jurisdiction of the Kentucky Racing Commission on the effective date of this Act.

(2) The Kentucky Racing Commission shall consist of eleven (11) commissioners appointed by the Governor. In making appointments, the Governor shall secure broad representation within the horse industry, to include appointment of seven (7) members broadly representative of the thoroughbred industry and three (3) members broadly representative of the standardbred, quarter horse, Appaloosa, or Arabian industries. Recommendations for appointments to the commission shall be sought from various industry groups, to include the Kentucky Thoroughbred Owners and Breeders, Inc., the Kentucky Division of the Horsemen's Benevolent and Protective Association, the Kentucky Harness Horsemen's Association, and other interested organizations. An additional commissioner shall be appointed by the Governor, with this appointee having no financial interest in the business or industry regulated. For initial appointments three (3) members shall be appointed for one (1) year terms, three (3) for two (2) year terms, three (3) for three (3) year terms, and two (2) for four (4) year terms. Thereafter, all commissioners appointed by the Governor shall serve a term of four (4) years or until their successors are appointed and duly qualified. Any vacancy on the commission shall be filled pursuant to the requirements and procedures for original appointments.

(3) Commissioners shall receive fifty dollars ($50) per day for each meeting attended and shall be reimbursed for all expenses paid or incurred in the discharge of official business. The Governor shall designate one (1) of the commissioners as chairman and the commission shall elect one (1) of its members as vice chairman. A majority of the commission shall constitute a quorum for the transaction of its business or exercise of any of its powers.

(5) The duly-promulgated administrative regulations of the Kentucky State Racing Commission and the Kentucky Harness Racing Commission, in effect as of the effective date of this Act, shall remain in effect as the initial regulations of the Kentucky Racing Commission until revoked or modified by the commission.

(6) All licenses approved by, and dates awarded by, the respective commissions shall remain in effect through December 31, 1992.

SECTION 2. A NEW SECTION OF KRS CHAPTER 230 IS CREATED TO READ AS FOLLOWS:

(1) Any track licensed by the commission to conduct horse racing and desiring to establish a simulcast facility shall apply for and may receive approval from the commission for each simulcast facility. Prior to considering an application for approval of a simulcast facility, the commission shall notify by regular mail, each state senator, state representative, county judge/executive, and mayor in the jurisdiction in which the proposed simulcast facility is located, at least ten (10) days in advance of the commission meeting at which the application is to be considered or voted upon. Consideration of an application shall be based on criteria contained in administrative regulations promulgated pursuant to KRS 230.300. Approval, if granted, shall be granted for a term of one (1) calendar year.

(2) A track or tracks may proceed with the establishment of a simulcast facility unless, within sixty (60) days of the date on which the commission approved the facility, the governing body of the local government jurisdiction in which the facility is to be located votes, by simple majority of those voting, to disapprove the establishment of the simulcast facility. For the purposes of this section, "governing body" means, in an incorporated area, the board of aldermen, city council or board of commissioners; in a county, the fiscal court; in an urban-county government, the urban-county council, or in a charter county, the legislative body created in accordance with KRS 67.825 to 67.875.

(3) The commission shall not approve the establishment of any simulcast facility within a radius of fifty (50) miles of a licensed track. The commission may approve the establishment of one (1) simulcast facility within a radius of greater than fifty (50) miles but less than seventy-five (75) miles of a licensed track, but the facility shall not be approved to operate without the prior written consent of the licensed track within whose seventy-five (75) mile radius the facility is located.

(4) The commission may promulgate administrative regulations as it deems appropriate to protect the integrity of pari-mutuel wagering at any simulcast facility.

(5) Licensed tracks conducting horse racing may enter into joint agreements to establish or operate one (1) or more simulcast facilities, on terms and conditions as the participating tracks may determine. Any agreements respecting these arrangements shall be filed with the commission, and applications for simulcast facilities shall be filed by and licenses may be issued to, these licensed tracks by the commission.

(6) A simulcast facility may be established and operated on property that is owned or leased and which is not used solely for the operation of a simulcast facility; provided however, that a simulcast facility may not be established on the premises of a lottery vendor.

(7) A simulcast facility shall not be subject to and shall not pay any excise tax imposed pursuant to KRS 138.510, any license tax imposed pursuant to KRS 137.170, or any admission tax imposed pursuant to KRS 138.480.

(8) One percent (1%) of all moneys wagered at a simulcast facility shall be dedicated for local economic development and shall be allocated as follows:

(a) If a simulcast facility is located in an incorporated area, seventy-five percent (75%) shall be allocated to the governing body of the city in which the facility is located, and twenty-five percent (25%) to the governing body of the county in which the facility is located.

(b) If a simulcast facility is located in an unincorporated area, all moneys shall be allocated to the governing body of the county or charter county in which the facility is located.

(9) (a) After the deduction of moneys under subsection (8), simulcast facility shall deduct a commission allowed pursuant to KRS 138.515 with respect to all wagers made at the simulcast facility. The commission, less moneys allocated in subsection (8) of this section, shall be split as follows:

1. Thirty percent (30%) shall be allocated to the host track;

2. Thirty percent (30%) to the purse program at the host track;

3. Six percent (6%) to be retained by the track or tracks owning the simulcast facility for the purpose of application to expenses incurred in connection therewith; and

4. Thirty-four percent (34%) shall be allocated and deposited in the breeders' award fund described in Section 3 of this Act.

(b) The commission of a simulcast facility derived from interstate wagering shall be reduced by any amounts required to be paid by contract to the host track or track conducting the live race before it is divided as set forth in this section. No simulcast facility may receive any interstate simulcast except with the approval of the live Kentucky host track.

SECTION 3. A NEW SECTION OF KRS CHAPTER 230 IS CREATED TO READ AS FOLLOWS:

(1) There is created in the State Treasury and accounting system, for the use and benefit of the commission, a trust and revolving fund, to be known as the "Breeders' Award Fund," consisting of moneys allocated to the fund under the provisions of subsection (9) of Section 2 of this Act and subsection (3) of this section.

As soon as practicable after the close of each fiscal year, the Breeders' Award Committee shall disburse to thoroughbred breeders and stallion owners all moneys in the breeders' award fund on terms and based on criteria determined by the full commission and promulgated by administrative regulation. The amounts of all disbursements and the identities of all recipients of disbursements shall be reported to the full commission at the first regularly scheduled meeting succeeding the disbursements. Notwithstanding the foregoing, the committee shall, prior to making any disbursements to individual breeders, make the following allocations:

(3) Effective July 1, 1993, the breeders' award fund shall be guaranteed a balance of three million, seven hundred fifty thousand dollars ($3,750,000) per year. By July 15 of each year, the Revenue Cabinet shall have calculated the amount of revenue deposited in the fund during the previous fiscal year, and, if commissions from simulcast facilities are not sufficient to ensure the prescribed funding level, the difference shall be deposited in the breeders' award fund from a general fund appropriation to the commission subject to conditions set forth in the appropriations act. The Revenue Cabinet shall separately account for and report the trust and revolving fund receipts received under this provision.

Section 20. KRS 230.300 is amended to read as follows:

(1) Any person desiring to conduct ***horse*** [~~thoroughbred~~] racing [~~and Appaloosa racing~~] at a ***horse*** [~~thoroughbred~~] race meeting within the Commonwealth of Kentucky or to engage in simulcasting and intertrack wagering as a receiving track during any calendar year shall first apply to the commission for a license to do so. (5) "Persons" includes individuals, associations, partnerships, and corporations, and the word "persons" shall also include the officers, directors, and employees of a corporation;

(6) "Auction house" means any commercial establishment at which goods are regularly or customarily offered for sale or sold at public auction, or at which goods are customarily or regularly deposited and accepted, on consignment or otherwise, for sale at public auction at a fixed location, except those establishments which limit goods sold to thoroughbred horses or any interests therein, including, but not limited to, shares and seasons, or tobacco and certified fixed-base livestock markets;

(7) "Auction house operator" means the individual principally or ultimately responsible for the operation of an auction house, or in whose principal interest the establishment is operated.

(9) "Tobacco auctioneer" means any auctioneer limiting his professional activities to the sale of tobacco at fixed based tobacco warehouses operating under the control and guidance of the United States of America through its Department of Agriculture.

Section 2. KRS 330.035 is amended to read as follows:

(1) [~~Beginning January 1, 1991,~~] It shall be unlawful for any person to act as an auction house operator, or to assume to act as one within the Commonwealth, without a license issued by the board.

(2) An auction house operator may be, but is not required to be a licensed auctioneer or apprentice auctioneer, unless he acts as one. ***If licensed as an auctioneer no additional license shall be required of him*** [~~However, the license requirement for an auction house operator is in addition to any license requirement which may be imposed elsewhere in this chapter~~].

(3) If an auction house operator conducts and operates more than one (1) auction house, only one (1) auction house operator license shall be required of him, but the appropriate license issuance fee, the appropriate license renewal fee, and recovery fund fee shall be imposed for each location.

SECTION 3. A NEW SECTION OF KRS CHAPTER 330 IS CREATED TO READ AS FOLLOWS:

(1) Beginning July 1, 1993, the Board of Auctioneers shall have the option, at its discretion, of issuing a limited license to livestock auctioneers, in lieu of an auctioneer license. An applicant for a limited license shall be subject to all of the provisions of this chapter and shall apply for and renew his license as auctioneers do, and shall pay the same fees. Applicants, if licensed by the Board of Auctioneers, shall strictly limit professional activities to those of a livestock auctioneer.

(2) Beginning July 1, 1993, the Board of Auctioneers shall have the option, at its discretion, of issuing a limited license to tobacco auctioneers, in lieu of an auctioneer license. An applicant for a limited license shall be subject to all the provisions of this chapter, and shall apply for and renew his license as auctioneers do, and shall pay the same fees. Applicants, if licensed by the board, shall strictly limit professional activities to those of a tobacco auctioneer.

Section 4. KRS 330.050 is amended to read as follows:

(1) There is hereby created a Board of Auctioneers. The Governor shall appoint a board consisting of five (5) members, all of whom immediately prior to the date of their appointment have been residents of the Commonwealth of Kentucky for five (5) years, and four (4) whose vocation for a period of at least five

(5) years has been that of an auctioneer. One (1) member shall be a citizen at large who is not associated with or financially interested in the practice or business regulated. The term of the members of the board shall be for three (3) years and until their successors are appointed and qualified. Members to fill vacancies shall be appointed for the unexpired term.

(2) At no time shall there be more than three (3) members of the same political faith on the board. Whenever there is a vacancy on the board, the Kentucky Auctioneer Association shall recommend to the Governor at least three (3) names for each auctioneer vacancy, and such appointment or appointments shall be made from the recommendations of the association.

(3) The board, immediately upon qualification of the member appointed in each year, shall organize by selecting from its members a chairman.

(4) Each member of the board shall receive the sum of one hundred dollars ($100) per day as full compensation for each day actually spent on the work of the board and his actual and necessary expenses incurred in the performance of duties pertaining to his office.

(5) The board shall have full authority to employ, and discharge, any personnel, including counsel, as it may deem necessary to efficiently administer and enforce the provisions of this chapter, and it shall outline the duties and fix the compensation of such persons, provided that compensation shall be comparable to the salaries paid other state employees, if any, which the board may deem to be doing similar work. The board shall obtain office space, furniture, stationery, and any other proper supplies and conveniences reasonably necessary to carry out the provisions of this chapter. If any items deemed to be reasonably necessary by or which are required by the board are available through vendors under contract with the Commonwealth of Kentucky at less cost than if obtained otherwise, then the items shall be acquired pursuant to the contract. The board shall have full authority to obtain for its members, staff, and employees complete insurance coverage, including, but not limited to, liability and errors and omissions insurance, so long as such insurance concerns the business of the board.

(6) All fees and charges collected by the board under the provisions of this chapter shall be paid into the State Treasury through the Finance and Administration Cabinet and shall be credited to an agency-fund account for the Board of Auctioneers under the provisions of KRS 45.253 and shall be withdrawn or expended as provided in that section, if such payment, credit, withdrawal or expense provisions do not conflict with any provision of this chapter. The total expenses for all purposes and obligations of the board shall not exceed the total fees, charges, fines, penalties, and other income imposed under the provisions of this chapter and paid into the state treasury. The board shall be financially self-sustaining, and if funds permit it may underwrite, within its financial limitations, educational programs for the enlightenment and benefit of all ***licensees*** [~~auctioneers and apprentice auctioneers~~] who have paid fees pursuant to this chapter.

(7) The board shall annually publish a list of the names and addresses of all auctioneers, apprentice auctioneers***, livestock auctioneers, tobacco auctioneers,*** and auction house operators licensed by it pursuant to this chapter. This list shall also contain the names of all persons whose licenses have been suspended or revoked within the preceding year, as well as any other information relative to the enforcement of the provisions of this chapter that the board may deem of interest to the public.

(8) The board may from time to time promulgate necessary administrative regulations.

Section 5. KRS 330.060 is amended to read as follows:

(1) ***Any*** [~~Auctioneer, apprentice auctioneer and auction house operator~~] licenses ***issued pursuant to this chapter*** shall be granted only to persons who are found to be of good repute, trustworthy and competent to transact the business ***for which the license was granted*** [~~of an auctioneer, an apprentice auctioneer or an auction house operator~~] in such a manner as to safeguard the interest of the public.

(2) The board is authorized to require information from every applicant to determine the applicant's honesty and truthfulness.

(3) In addition to proof of honesty, truthfulness, and good reputation, an examination, conducted by the board or its authorized representative shall be held four (4) times each year, and an examination fee of seventy-five dollars ($75) shall be collected from each applicant for apprentice auctioneer and an examination fee of one hundred dollars ($100) shall be collected from each applicant for auctioneer and from each applicant for ***livestock auctioneer, tobacco auctioneer, and*** auction house operator. Examination fees shall be nonrefundable and shall defray the expenses of processing the application and of conducting the examination. The examinations for auctioneer and apprentice auctioneer shall include questions on ethics, reading, writing, spelling, elementary arithmetic, elementary principles of land economics, and a general knowledge of the

statutes of Kentucky relating to the bulk sales law, deeds, mortgages, contracts of sale, agency, leases, auctions, brokerage, and the provisions of this chapter. The examination for an auctioneer's license shall be of a more exacting nature and scope than the examination for an apprentice auctioneer. The examination for auction house operator license shall include those areas of knowledge which, in the discretion of the board, are appropriate to those seeking to operate auction houses. ***The examinations for livestock auctioneer and tobacco auctioneer shall include those areas of knowledge which, in the discretion of the board, are appropriate to those seeking a professional license to operate in those limited fields.***

(4) However, no examination shall be required for the renewal of any present or future license, unless such license has been revoked, suspended, or is allowed to expire without renewal. In any of these cases, the board may, in its discretion, require the applicant to take and pass the written examination before a new license may be issued.

(5) The provisions of subsection (3) of this section requiring applicants to pass a written examination to obtain a license shall not apply to an auctioneer or apprentice auctioneer furnishing satisfactory proof to the board that he actively engaged in the auction business for a period of at least one (1) year prior to June 14, 1962, and that he has been the principal auctioneer in at least five (5) auctions of either real or personal property during this period of time. Such an applicant shall file his application and proof with the board no later than October 1, 1962, and the application and proof shall be accompanied by a bond and license fee in accordance with the provisions of this chapter; provided, however, that a nonresident tobacco auctioneer may qualify by December 1, 1962.

(6) The provisions of subsection (3) of this section requiring applicants for auction house operator to pass a written examination shall not apply to an auction house operator furnishing satisfactory proof to the board that he was actively engaged as an auction house operator at a fixed location for a period of at least two (2) years prior to January 1, 1991, at which at least twenty (20) auction sales were conducted during that period. Such an applicant shall file his application and proof with the board no later than February 1, 1991.

Section 6. KRS 330.070 is amended to read as follows:

(1) In addition to the other qualifications provided for by this chapter, every applicant for ***any license issued by the board*** [~~an auctioneer's license or an auction house operator's license~~] shall be at least eighteen (18) years of age. In addition, but subject to the provisions of KRS 330.090, an applicant for an auctioneer's license shall possess a current Kentucky apprentice auctioneer's license and shall have served a bona fide apprenticeship for a period of ***two (2) years*** [~~one (1) year~~] as an apprentice auctioneer in Kentucky***, provided that any applicant for auctioneer's license whose apprentice license was granted prior to August 1, 1992; shall be required to serve an apprenticeship of but one (1) year.*** An applicant for an auctioneer's license who has previously held an auctioneer's license which has been revoked, suspended or which has expired without renewal may request, and the board may grant, a waiver of the requirement of possession of a current apprentice license. In addition, [~~effective on and after January 1, 1985,~~] every applicant for auctioneer's license shall have been the recipient of an accredited high school diploma or the equivalent. Every application for a license, whether as an auctioneer, apprentice auctioneer, ***livestock auctioneer, tobacco auctioneer,*** or auction house operator, shall be submitted on forms prepared by the board.

(2) [~~Every applicant for any license issued under this chapter shall be at least eighteen (18) years of age.~~] In addition to other requirements imposed by this chapter, ***any*** [~~the~~] applicant shall furnish pertinent background data as outlined on the application forms furnished by the board.

(3) ***(a)*** The issuance fee for each [~~auctioneer's, apprentice auctioneer's, and auction house operator's~~] license ***issued pursuant to this chapter*** shall be not more than ***one hundred dollars ($100)*** [~~fifty dollars ($50)~~] and the annual renewal fee for each license shall be not more than ***one hundred dollars ($100)*** [~~fifty dollars ($50)~~]. All licenses shall expire on June thirtieth of each year. In the absence of any reason or condition which might warrant the refusal of the renewing of the license, and upon timely receipt of the written request of the applicant and the annual fee therefor, the board shall issue a new license for each ensuing year.

(b) Beginning with the renewal of licenses expiring on or after June 30, 1993, the board may require as a condition precedent to the renewal of any license, that all licensees complete continuing auction education up to ten (10) hours per year per licensee. The board may impose different continuing auction education requirements, or none, upon different classifications of licensees under this chapter.

(4) The board shall prepare and deliver to each licensee a license certificate and pocket card. The certificate shall be displayed conspicuously at all times in the office of the licensee. The certificate and pocket card of the apprentice auctioneer shall contain the name and address of the auctioneer under whose supervision he is employed.

(5) When any apprentice auctioneer is discharged or terminates his employment with the auctioneer for any reason, it shall be the immediate duty of the auctioneer to deliver or mail by certified mail, return receipt requested, to the board the license of the apprentice auctioneer. It shall be unlawful for any apprentice auctioneer to perform any of the acts contemplated by this chapter either directly or indirectly, under authority of his license, until the apprentice auctioneer receives a new license bearing the name and address of his new employer. No more than one (1) license shall be issued to any apprentice auctioneer for the same period of time.

(6) Notice in writing shall be given to the board by each licensee of any change of principal business location or of residence address within ten (10) days of such change. In the event of change of business location address the board shall issue a new license for the unexpired period. A change of business location without notification to the board within ten (10) days shall automatically suspend or revoke the license of such licensee, as may be ordered in the discretion of the board. Changing a business location or a residence location on its records shall entitle the board to collect ***ten dollars ($10)*** [~~three dollars ($3)~~].

Section 7. KRS 330.090 is amended to read as follows:

(1) A nonresident may become ***a licensee*** [~~an auctioneer or apprentice auctioneer~~] by conforming to all the conditions of this chapter.

(2) In every instance the nonresident shall pay the issuance fee and the annual renewal fee [~~and file the bond required~~] by this chapter. ***The nonresident shall also pay the annual fee to the education, research, and recovery fund pursuant to KRS 330.192 and, in addition, any fee required by KRS 330.095, whether or not the examination requirement is waived by the board pursuant to this chapter.***

(3) In addition, every nonresident applicant shall file an irrevocable consent that actions may be commenced against the applicant in any court of competent jurisdiction in the Commonwealth, by the service of any summons, process, or pleadings authorized by law on the secretary of the board. The consent shall stipulate and agree that the service of such process, summons, or pleadings on the secretary shall be taken and held in all courts to be as valid and binding as if actual service had been made upon the applicant in Kentucky. In case any summons, process, or pleadings are served upon the secretary of the board, it shall be by duplicate copies, one of which shall be retained in the office of the board, and the other immediately forwarded by certified mail, return receipt requested, to the last known business address of the applicant against which the summons, process, or pleadings may be directed.

(4) In the event a nonresident applicant for principal auctioneer's license should reside in a state which does not prescribe qualifications for licensing as set out in KRS 330.095, the board may waive the apprenticeship requirement set out in KRS 330.070(1) provided that said nonresident nonreciprocal applicant resides so far away as to prevent his serving a bona fide apprenticeship under a licensed Kentucky auctioneer, and further provided that such applicant must exhibit to the board by affidavit or by other evidence as required by it that his experience and competency are sufficient to qualify him to take the examination for principal auctioneer.

[~~(5) Any applicant for an auction house operator's license shall be a resident of the Commonwealth of Kentucky.~~]

Section 8. KRS 330.095 is amended to read as follows:

Any nonresident applicant who is a ***licensee*** [~~licensed auctioneer or apprentice auctioneer~~] in and who resides in another state or country where the qualifications prescribed at the time of licensing were, in the opinion of the board, equal to those prescribed in the Commonwealth of Kentucky at the date of application, and where reciprocal licensing privileges satisfactory to the board are granted to licensees and residents of the Commonwealth, may be granted a license without an examination. A fee of one hundred dollars ($100) in addition to the fees set out in KRS 330.090 shall be collected from each applicant meeting the above requirements. [~~No auction house operator's license shall be obtained through reciprocity.~~]

Section 9. KRS 330.100 is amended to read as follows:

(1) Every auctioneer licensed under this chapter shall maintain a definite place of business in the Commonwealth, except as hereinafter provided, and shall erect and maintain a sign in a conspicuous place on the premises at or near the outside entrance to the principal office and all branch offices. The sign shall be written in clear and legible letters of not less than two (2) inches in height, and shall clearly show his name and indicate that he is an auctioneer. The sign shall be placed so that it can easily be observed and read by anyone entering the place of business; provided, however, that if the auctioneer is a nonresident, it is not necessary for him to maintain an active place of business in the Commonwealth if he maintains a place of business in the state where he was originally licensed.

(2) Every auction house operator licensed under this chapter shall maintain a definite place of business in the Commonwealth, and shall erect and maintain a sign in a conspicuous place on the premises at or near the outside entrance to all fixed locations. The sign shall be written in clear and legible letters of not less than two (2) inches in height, and shall contain the name of the auction house operator, the fact that he is licensed, and the name of the auction house, if different than the name of the operator. The sign shall be placed so that it can easily be observed and read by anyone entering the auction house.

(3) Every livestock auctioneer and tobacco auctioneer licensed under this chapter shall conform to the provisions of subsection (1) of this section. If the livestock auctioneer or tobacco auctioneer does not wish to maintain a separate and definite place of business, he may use one of the fixed base locations where he is operating as such place of business. The board shall be kept advised as to the location pursuant to KRS 330.070.

Section 10. KRS 330.110 is amended to read as follows:

The board may suspend ***for a period up to four (4) years*** or revoke the license of ***any licensee, or levy fines not to exceed five hundred dollars ($500) against any licensee, or place any licensee on probation for a period of up to three (3) years, or require successful passage of any examination administered by the board, or require successful completion of any course of auction study or auction seminars designated by the board, or issue a formal reprimand, or order any combination of the above, for violation by any licensee of*** [~~an auctioneer, apprentice auctioneer or auction house operator for violating~~] any of the provisions of this chapter, or for any of the following causes:

(1) Obtaining a license through false or fraudulent representation;

(2) Making any substantial misrepresentation;

(3) Pursuing a continued and flagrant course of misrepresentation or making false promises through agents or advertising or otherwise;

(4) Accepting valuable consideration as an apprentice auctioneer for the performance of any of the acts specified in this chapter, from any person, except his employer auctioneer;

(5) Failing to account for or remit, within a reasonable time, any money belonging to others that comes into his possession, commingling funds of others with his own, or failing to keep such funds of others in an escrow or trustee account;

(6) Paying valuable consideration to any person for services performed in violation of this chapter, or procuring, permitting, aiding, or abetting any unlicensed person acting in violation of any of the provisions of this chapter;

(7) Being convicted in a court of competent jurisdiction of this or any other state of a criminal offense involving moral turpitude or a felony;

(8) Violation of any administrative regulation promulgated by the board;

(9) Failure to furnish voluntarily at the time of execution, copies of all written instruments prepared by the auctioneer, apprentice auctioneer or auction house operator;

(10) Any conduct of a licensee which demonstrates bad faith, dishonesty, incompetency or untruthfulness;

(11) Any other conduct that constitutes improper, fraudulent, dishonest, or negligent dealings;

(12) Failing prior to the sale at public auction or prior to publicly advertising any goods for sale or offering any goods for sale to enter into a written contract with the owner or consignee of any property to be sold, containing the terms and conditions upon which the licensee receives the property for sale*;*

(13) After January 1, 1993, failure of any licensee to insert in any advertising pertaining to a particular sale the name and the license number of the auctioneer.

Section 11. KRS 330.120 is amended to read as follows:

The board may upon its own motion, and shall upon the verified written complaint of any person, investigate the actions of any ***licensee*** [~~auctioneer, apprentice auctioneer~~], or auction house operator, or any person who assumes to act ***as a licensee*** [~~in any of those capacities,~~] if the complaint, or complaint together with other evidence presented in connection with it, makes out a prima facie case of a violation of this chapter.

Section 12. KRS 330.150 is amended to read as follows:

If the board determines that an applicant is not entitled to receive a license, a license shall not be granted to ***the*** [~~such~~] applicant, and if the board determines that any licensee is guilty of a violation of any of the provisions of this chapter, his license shall be suspended or revoked ***pursuant to KRS 330.110***. The board, upon request of the applicant or licensee, shall furnish the applicant or licensee with a definite statement of its findings of facts and its reason or reasons for refusing to grant the license or for suspension of the rights of the licensee, or for the revocation of the license, as the case may be. The findings of fact made by the board acting within its powers shall, in the absence of fraud, be conclusive, but any person aggrieved shall have the right of an appeal from the findings of the board.

Section 13. KRS 330.170 is amended to read as follows:

(1) Any ***licensee*** [~~auctioneer, apprentice auctioneer, or auction house operator~~] who has had his license revoked shall not be issued another license for a period of five (5) years from the date of revocation.

(2) The revocation of an auctioneer's license shall automatically suspend every apprentice auctioneer's license granted to any person by virtue of his employment by the auctioneer whose license has been revoked. The apprentice auctioneer may retain his license, by transferring to the employment of another licensed auctioneer within thirty (30) days.

Section 14. KRS 330.190 is amended to read as follows:

(1) No person, engaged in the business of or acting in the capacity of ***any licensee under this chapter*** [~~an auctioneer, apprentice auctioneer, or auction house operator~~] shall bring or maintain any action in the courts of the Commonwealth for the collection of compensation for any services performed as ***such a licensee*** [~~an auctioneer, apprentice auctioneer, or auction house operator~~] without first alleging and proving that he was [~~a~~] duly licensed [~~auctioneer, apprentice auctioneer, or auction house operator~~] at the time the alleged cause of action arose.

(2) No apprentice auctioneer shall have the right to institute a suit in his own name for the recovery of a commission, fee or compensation for services as an apprentice auctioneer, but any such act shall be instituted and brought by the licensed auctioneer employing an apprentice auctioneer; provided, however, that this subsection shall not be construed so as to prevent a licensed apprentice auctioneer from suing his employing auctioneer for any compensation, fees or commissions due him from an auctioneer.

Section 15. KRS 330.192 is amended to read as follows:

(1) (a) There is hereby created and established in the State Treasury the auctioneer's education, research and recovery fund.

(b) In addition to the license fees provided for in KRS 330.070, upon renewal of every ***license issued pursuant to this chapter*** [~~apprentice or principal auctioneer's license, and every auction house operator's license as of July 15, 1982, and every regular annual renewal date thereafter,~~] the board shall charge every licensee an amount not to exceed thirty dollars ($30) per year to be included in the auctioneer's education, research and recovery fund. Every original applicant for apprentice or principal auctioneer's license, and every applicant for an auction house operator's license on and after July 15, 1982, shall likewise submit to the board an additional fee of thirty dollars ($30) to be deposited in the auctioneer's education, research and recovery fund and shall also be subjected thereafter to an annual renewal fee as of the regular renewal date.

(c) In addition to the license fees provided for in KRS 330.070, the board, based upon its own discretion as to need, may assess each licensee upon renewal an amount equal to or less than thirty dollars ($30) per year, or nothing, but not more. Each original applicant shall pay the original amount of thirty dollars ($30), but upon renewal shall pay the same fee as other licensees.

(2) The purposes of the auctioneer's education, research and recovery fund shall be as follows:

(a) When a licensee has been duly found guilty of violating any one (1) or more of the provisions of KRS 330.110, or any one (1) or more of the administrative regulations duly promulgated by the board, and upon the conclusion of a final order entered by the board or by the courts, if appealed, the board is authorized to pay to the aggrieved person or persons an aggregate amount not to exceed ***thirty*** [~~twenty~~] thousand dollars ***($30,000)*** [~~($20,000)~~] against any one (1) licensee, provided that the licensee has refused to pay such claim within a period of twenty (20) days of entry of a final order and provided further that the amount or amounts of money in question are certain and liquidated.

(b) The board shall maintain a minimum level of ***four*** [~~two~~] hundred thousand dollars ***($400,000)*** [~~($200,000)~~] for recovery and guaranty purposes. These funds may be invested and reinvested in the same manner as funds of the State Employees' Retirement System and the interest from said investments shall be deposited to the credit of the research and recovery fund, or, in the discretion of the board, to the agency fund account as set out in KRS 330.050(6). Sufficient liquidity, however, will be maintained so that there will be money available to satisfy any and all claims which may be processed through the board by means of administrative hearing as outlined in this chapter.

(c) The board, in its discretion, may use any funds in excess of the ***four*** [~~two~~] hundred thousand dollar ***($400,000)*** [~~($200,000)~~] level, regardless of whether it is from the auctioneer's education, research and recovery fund fees or accrued interest thereon, for any of the following purposes:

1. To carry out the advancement of education and research in the auction field for the benefit of those licensed under the provisions of this chapter and the improvement and making even more efficient the auction industry as such;

2. To underwrite educational seminars, caravans and other forms of educational projects for the use and benefit generally of auctioneer licensees;

3. To establish an auction chair or courses at Kentucky state institutions of higher learning for the purpose of making such courses available to licensees and the general public who may seek same on a college or university level;

4. To contract for a particular research project in the auction field for the Commonwealth of Kentucky;

5. To sponsor, contract for, and to underwrite any and all other educational and research projects of a similar nature having to do with the advancement of the auction field in Kentucky;

6. To cooperate with associations of auctioneers and any other groups for the enlightenment and advancement of the auctioneer licensees of Kentucky; and

7. To increase the level of the auctioneer's education, research and recovery fund above ***four*** [~~two~~] hundred thousand dollars ***($400,000)*** [~~($200,000)~~];

8. To augment the regular trust and agency account of the board.

(3) (a) In the event that a licensee is found guilty of one (1) or more provisions of KRS 330.110 or of violating one (1) or more of the administrative regulations of the board, and if the amount of the money lost by the aggrieved party or parties is in dispute or cannot be determined accurately, then the amount of damages shall be determined by a Circuit Court in the county where the alleged violation took place, provided that the board has previously determined that a violation of the license laws or of the administrative regulations has occurred and a final order has been entered.

(b) If such an order has been entered and the license rights of the licensee have been finally adjudicated, then the local Circuit Court shall make a finding as to the monetary damages growing out of the aforesaid violation or violations.

(c) When a final order has been entered by the Circuit Court, Court of Appeals, or Supreme Court, and upon certification to the board, the aggrieved party or parties shall be paid such amount or amounts in the aggregate not to exceed ***thirty*** [~~twenty~~] thousand dollars ***($30,000)*** [~~($20,000)~~] by the board, and the license held by the licensee against whom the claim was made by the aggrieved party shall be suspended at least until such time as the licensee has reimbursed the auctioneer's education, research and recovery fund for all amounts paid to the aggrieved party due to the violation of the licensee.

(d) When, upon the final order of the court, the board has paid from the auctioneer's education, research and recovery fund any sum to the aggrieved party, the board shall be subrogated to all of the rights of the aggrieved party to the extent of the payment and the aggrieved party shall to the extent of the payment assign his right, title, and interest in the judgment to the commission.

(e) Any funds in excess of the ***four*** [~~two~~] hundred thousand dollar ***($400,000)*** [~~($200,000)~~] level and which are not being currently used, may be invested and reinvested as set forth in subsection (2)(b) of this section, or, in the discretion of the board, may be utilized for any of the purposes enumerated in subsection (2)(c) of this section.

(f) All the claims for monetary damages or relief from the auctioneer's education, research and recovery fund must be made in writing on a proof of loss form submitted to the board within six (6) months of the act of the auctioneer giving rise to the loss. Failure to file such claims within the six (6) month period shall bar the claim. Additional evidence will be submitted by the claimant if required by the board.

(g) Notwithstanding any other provisions of this chapter, no unreimbursed amount greater than ***thirty*** [~~twenty~~] thousand dollars ***($30,000)*** [~~($20,000)~~] shall be paid by the board on account of any one (1) licensee, no matter over how long a time, or for how many claims, and no matter what the number of claimants be or the size of such claims, individually or in the aggregate. Should the licensee reimburse the fund for all amounts paid, then future claims timely filed with the board concerning different matters may be received pursuant to this section.

(h) No claims shall be approved under this section for amounts which, in the aggregate, exceed the maximum payable on account of any one (1) licensee in effect at the time of the act or acts of the licensee giving rise to the claims, except to the extent of said maximum. Statutory increases in the maximum set out in this section do not apply retroactively.

(4) All categories of licensees under this chapter[~~, including auctioneers, apprentice auctioneers, and auction house operators~~] are covered under the provisions of this section for the benefit and protection of the public.

(5) This section is not intended to substitute for, circumvent, or duplicate other remedies existing at law or otherwise for claimants or potential claimants, but constitutes a last resort for aggrieved persons who would not, but for the provisions of this section, be able to recover their losses by any other means available. The board shall have full discretion to require that claimants exhaust all other remedies prior to proceeding under this section, including, but not limited to, the remedy of obtaining a judgment by all diligent and appropriate means.

Section 16. KRS 330.200 is amended to read as follows:

No municipality or other political subdivision shall regulate, tax or license ***any licensee*** [~~auctioneers, apprentice auctioneers, or auction house operators,~~] except for those administrative regulations, taxes, or licenses which may be reasonably imposed or required among all persons engaged in business generally.

Section 17. KRS 330.220 is amended to read as follows:

(1) No auction shall be advertised as "absolute" nor shall any advertising contain the words "absolute auction" or the word "absolute" or words with similar meaning nor shall any licensee offer or sell any goods ***at absolute auction*** unless:

(a) There are no liens or encumbrances on the goods, except current tax obligations, easements, or restrictions of record, in favor of any person, firm, or corporation other than the seller, or unless each and every holder of each and every lien and encumbrance, by execution of the auction listing contract, or otherwise furnishing to the auctioneer written evidence of a binding commitment therefor, shall have agreed to the unqualified acceptance of the highest bid for the property, without regard to the amount of the highest bid or the identity of the high bidder; or, alternatively, that a financially responsible person, firm, or corporation, by execution of the auction listing contract or by otherwise furnishing to the auctioneer written evidence of a binding commitment therefor, shall have absolutely guaranteed the forthwith and complete discharge and satisfaction of any and all liens and encumbrances immediately after the sale or at the closing, without regard to the amount of the highest bid received, or the identity of the high bidder; and

(b) There is the bona fide intention at the time of the advertising and at the time of the auction sale, to transfer ownership of the goods, regardless of the amount of the highest and last bid, to the high bidder, that intent existing without reliance on any agreement that any particular bid or bid level must be made or be reached, below which level the goods would not be transferred to the high bidder; and

(c) The auction listing contract contains a binding requirement that the sale be conducted without reserve, by specific inclusion of an acknowledgment by the seller that the seller, or anyone acting upon behalf of the seller, shall not bid at the absolute auction, or otherwise participate in the bidding process.

(2) Compliance with subsection (1) of this section shall not prohibit:

(a) A secured party or other lienholder who is not the seller from bidding at an absolute auction sale, providing that such bidding does not constitute, nor is it tantamount to the direct or indirect establishment or agreement to the establishment of a reserve price on the goods by the seller or by the auctioneer, or by anyone aiding or assisting, or acting upon behalf of, the seller or the auctioneer; or

(b) Any individual party to the dissolution of any marriage, partnership, or corporation from bidding as an individual entity apart from the selling entity, on goods being sold at auction pursuant to that dissolution; or

(c) The inclusion of non-misleading advertising of certain goods to be sold at "absolute auction" and the non-misleading advertising of certain goods to be sold at auction with reserve, within the same advertisement, or for sale at the same date and place, providing that advertisement shall make clearly apparent through equal or appropriate emphasis, which goods are being sold by each method.

(3) Any auction sale is, without requirement of announcement at any time, presumed to be with reserve unless the goods are in explicit terms put up at absolute auction. An auction without reserve means an absolute auction. An auction with reserve means the goods may be put up subject to the seller's confirmation or subject to a certain reserve price.

(4) (a) The provisions of this chapter shall not prohibit any licensee from bona fide bidding on his own behalf at any auction sale, whether absolute or with reserve, provided that his option to do so shall have been fully disclosed, including disclosure to the seller.

(b) Except as provided in subsection (2) of this section, the seller may not bid at an absolute auction, nor may anyone bid upon his behalf. No licensee shall knowingly receive such a bid by or on behalf of the seller at an absolute auction.

(c) Bids may be made by the seller, or upon the seller's behalf, at any auction with reserve, provided that full disclosure has been made that liberty for such bidding is retained. No licensee shall knowingly receive such a bid in the absence of full disclosure.

(d) There shall be no requirement at a with reserve sale that the reserve be announced when it is attained.

HB 558, AN ACT relating to the judicial retirement plan.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 21.345 is amended to read as follows:

(1) For the purposes of KRS 21.350 to 21.510, "retirement" means a voluntary resignation or a failure of re-election, but does not include a removal for cause.

(2) The word "service," as used in KRS 21.370 to 21.480, means service transferred from the Kentucky Employees' Retirement System pursuant to KRS 21.370(2), and service as a justice of the Supreme Court, as a judge of the Court of Appeals created by Section 111 of the Constitution of Kentucky, as a regular circuit judge, or as a regular judge of the District Court, including service in one (1) and then another of those capacities. It also includes service as a special circuit judge under the conditions described in subsection (3) of this section, as a judge or commissioner of the former Court of Appeals, or as director of the Administrative Office of the Courts, prior to January 1, 1976, and service continuing beyond that date, in any capacity in or for the Court of Justice, by any person who held the office of commissioner of the former Court of Appeals,

or director of the Administrative Office of the Courts, on December 31, 1975. The word "service" embraces only service performed while a member of the retirement system established by KRS 21.350 to 21.510, except that service in any of the positions hereinabove mentioned, before the Judicial Retirement System was made applicable to that category of position, [~~and~~] service transferred from the Kentucky Employees' Retirement System pursuant to KRS 21.370(2), *and military service credit purchased pursuant to Section 2 of this Act,* shall be included.

(3) For the purposes of KRS 21.345 to 21.510, a "year" of service means a total of twelve (12) months of service, which need not be in the same calendar year. Service for any part of the calendar month in which the member's term of service begins or ends shall be deemed to constitute a month of service.

(4) The provisions of this section shall not apply to any director of the Administrative Office of the Courts appointed after January 1, 1976, nor shall they apply to any commissioner of the Court of Appeals not appointed prior to January 1, 1976. The administrative director of the courts and commissioners of the Court of Appeals appointed prior to January 1, 1976, shall continue to be members of the system so long as they continue to render service in any capacity in or for the Court of Justice.

SECTION 2. A NEW SECTION OF KRS CHAPTER 21 IS CREATED TO READ AS FOLLOWS:

(1) Any active member of the Judicial Retirement Plan who is vested in the Judicial Retirement Plan pursuant to KRS 21.370 or 21.375, or his beneficiary acting in his place if the member dies prior to retirement, shall receive service credit for a maximum of four (4) years for his period of service in the armed forces of the United States, if his discharge therefrom is honorable and he has not been credited with the service by any other retirement system administered by the Commonwealth of Kentucky, by paying the retirement system fifty percent (50%) of the actuarial cost of the service as determined by the board of trustees, based on assumptions used in the most recent biennial evaluation. The service credit shall be awarded and the cost shall be determined in conformity with the rate which applies to the member in question pursuant to KRS 21.400. Service credit awarded pursuant to this subsection shall be equivalent, for all purposes of the Judicial Retirement Plan, to other service credit earned in the plan.

(2) The beneficiary may purchase military service credit only at one (1) time by lump sum payment for the amount of service he wishes to purchase, and the payment shall be made within thirty (30) days of the death of the active member. If the member had designated, pursuant to KRS 21.425(2), that the spouse and child or children share the death benefit, the spouse and child or children shall share the benefit enhanced by the purchase of military service credit in the same proportions as the member designated prior to his death.

(3) The member may purchase all of his military service credit at one (1) time, or in increments of no less than one (1) year, unless there is a fraction remaining after all full years have been paid for. Payment of the total or the increment may be made by lump sum or by monthly installments through payroll deduction. If the member chooses to pay by installment, the cost of the service credit shall be computed in the same manner as for a lump sum payment, which shall be the principal. Interest, at the annual actuarial rate in effect at the time each payment is made, shall be added to each monthly payment at the rate of one-twelfth (1/12) of the annual interest rate applied to the declining principal amount. Installment purchases shall be for no less than twelve (12) nor more than sixty (60) months. If the member leaves office before completing his installment payments, he may satisfy his contract by a lump sum payment of the remaining principal amount, but no further installment payments shall be accepted thereafter. In this case, the member shall be credited with the military service credit for which he has paid, in years or months but no fraction less than a full month, and any payment remaining after credit for full months has been awarded shall be returned to the member.

(4) The payments made under this section shall be considered accumulated contributions of the member and shall not be picked up by the employer pursuant to KRS 21.360(4).

(5) No veteran shall be eligible to purchase military service credit under this section if he is receiving a military pension or is eligible for a military pension in the future, unless the military pension is for service primarily on inactive duty in a reserve component of the armed forces, or is a disability pension.

[~~In no event shall~~] The reimbursement fee ***shall not*** exceed the cost of incarcerating the prisoner or ***seventeen*** [~~ten~~] dollars ***and fifty cents ($17.50)*** [~~($10.00)~~] per day, whichever is less. All moneys shall be collected by the District Court and paid to the county treasury for use on the jail as provided in KRS 441.006.

(2) In determining whether a reimbursement fee as described in subsection (1) of this section is to be assessed, and in establishing the amount of ***the*** [~~such~~] fee the court shall consider evidence relevant to the prisoner's ability to pay ***the*** [~~such a~~] fee but shall not consider as evidence the following:

(a) Joint ownership, if any, that the prisoner may have in real property;

(b) Joint ownership, if any, that the prisoner may have in any assets, earnings, or other sources of income; and

(c) The income, assets, earnings, or other property, both real and personal that might be owned by the prisoner's spouse or family.

(3) After considering all relevant evidence to the issue of the prisoner's ability to pay, the court shall enter as part of its judgment the amount of the reimbursement fee, if any, that shall be paid by the prisoner during his period of incarceration in the county jail. The fee shall bear a reasonable relationship to the person's income. Upon petition by the prisoner affected by the order, the amount may be modified to reflect any changes in the financial status of the prisoner. In any appeal that might be taken from the conviction, the amount of the reimbursement fee may be challenged.

(4) ***If*** [~~In the event~~] the person sentenced to jail is released in accordance with the provisions of KRS 439.179 and is subject to the provisions of KRS 439.179(4), the payment of the reimbursement fee shall be suspended so long as the person is gainfully employed.

(8) All sums paid by the defendant pursuant to this section shall be paid into the general fund, except as provided in subsection (13) of this section.

(9) When granting a release of any defendant by way of probation, parole, or otherwise, the releasing authority shall make the payment of this fee a condition of release, unless the fee has been waived, reduced, or delayed as provided ***in this section*** [~~herein~~], and nonpayment shall be grounds for revocation of the release as provided in KRS 533.050.

(10) The releasing authority, if the Corrections Cabinet petitions the releasing authority to modify ***the*** [~~such~~] fee, shall consider the petition and may waive the payment of the fee in whole or in part, delay payment of the fee, increase the fee, or deny the petition.

(6) Persons receiving notice as provided for in subsection (5) of this section may submit comments, in person or in writing, to the board upon all issues relating to the parole of the prisoner. The board shall read and consider all such comments prior to making its parole decision, provided they are received by the board not less than seven (7) days before the date for the hearing. The board shall retain all such comments in the prisoner's permanent parole board file, and shall consider them in conjunction with any subsequent parole decisions affecting the prisoner. The board shall receive and consider all such comments, shall make a record of them which it shall retain in the prisoner's permanent parole board file, and shall consider them in conjunction with any subsequent parole decision affecting the prisoner. Persons appearing before the parole board pursuant to this subsection may elect to make their presentations outside of the presence of the prisoner.

(7) Any hearing provided for in subsections (5) and (6) of this section shall be open to the public unless the persons having a right to appear before the board as specified in those subsections request closure of such hearing for reasons of personal safety, in which event the hearing shall be closed.

(8) Except as specifically set forth in this section, nothing in this section shall be deemed to expand or abridge any existing rights of persons to contact and communicate with the parole board or any of its members, agents, or employees.

(9) The unintentional failure by the parole board, sheriff, chief of police, or any of its members, agents, or employees or by a Commonwealth's attorney or any of his agents or employees to comply with any of the provisions of subsections (5), (6), and (7) of this section shall not affect the validity of any parole decision or give rise to any right or cause of action by the crime victim, the prisoner, or any other person.

d. If the lease is not a consumer lease, the lessor, before the lessee signs the lease contract, informs the lessee in writing (a) of the identity of the person supplying the goods to the lessor, unless the lessee has selected that person and directed the lessor to acquire the goods or the right to possession and use of the goods from that person, (b) that the lessee is entitled under this article to the promises and warranties, including those of any third party, provided to the lessor by the person supplying the goods in connection with or as part of the contract by which the lessor acquired the goods or the right to possession and use of the goods, and (c) that the lessee may communicate with the person supplying the goods to the lessor and receive an accurate and complete statement of those promises and warranties, including any disclaimers and limitations of them or of remedies.

(k) "Lease agreement" means the bargain, with respect to the lease, of the lessor and the lessee in fact as found in their language or by implication from other circumstances including course of dealing or usage of trade or course of performance as provided in this article. (t) "Merchant lessee" means a lessee that is a merchant with respect to goods of the kind subject to the lease.

(u) "Present value" means the amount as of a date certain of one or more sums payable in the future, discounted to the date certain. (2) ***Except as provided in subsections (3) and (4), a provision in a lease agreement which (i) prohibits the voluntary or involuntary transfer, including a transfer by sale, sublease, creation, or enforcement of a security interest, or attachment, levy, or other judicial process, of an interest of a party under the lease contract or of the lessor's residual interest in the goods, or (ii) makes such a transfer an event of default, gives rise to the rights and remedies provided in subsection (5), but a transfer that is prohibited or is an event of default under the lease agreement is otherwise effective*** [~~Within a reasonable time after demand pursuant to subsection (1)(b), the transferee shall:~~

~~(a) Cure or provide adequate assurance that he will promptly cure any default other than one arising from the transfer;~~

~~(b) Compensate or provide adequate assurance that he will promptly compensate the other party to the lease contract and any other person holding an interest in the lease contract, except the party whose interest is being transferred, for any loss to that party resulting from the transfer;~~

~~(c) Provide adequate assurance of future due performance under the lease contract; and~~

~~(d) Assume the lease contract~~].

(3) ***A provision in a lease agreement which (i) prohibits the creation or enforecement of a security interest in an interest of a party under the lease contract or in the lessor's residual interest in the goods,***

or (ii) makes such a transfer an event of default, is not enforceable unless, and then only to the extent that, there is an actual transfer by the lessee of the lessee's right of possession or use of the goods in violation of the provision or an actual delegation of a material performance of either party to the lease contract in violation of the provision. Neither the granting nor the enforcement of a security interest in (i) the lessor's interest under the lease contract or (ii) the lessor's residual interest in the goods is a transfer that materially impairs the prospect of obtaining return performance by, materially changes the duty of, or materially increases the burden or risk imposed on, the lessee within the purview of subsection (5) unless, and then only to the extent that, there is an actual delegation of a material performance of the lessor [~~Demand pursuant to subsection (1)(b) is without prejudice to the other party's rights against the transferee and the party whose interest is transferred~~].

(4) ***A provision in a lease agreement which (i) prohibits a transfer of a right to damages for default with respect to the whole lease contract or of a right to payment arising out of the transferor's due performance of the transferor's entire obligation, or (ii) makes such a transfer an event of default, is not enforceable, and such a transfer is not a transfer that materially impairs the prospect of obtaining return performance by, materially changes the duty of, or materially increases the burden or risk imposed on, the other party to the lease contract within the purview of subsection (5).***

(5) Subject to subsections (3) and (4):

(a) If a transfer is made which is made an event of default under a lease agreement, the party to the lease contract not making the transfer, unless that party waives the default or otherwise agrees, has the rights and remedies described in KRS 355.2A-501(2);

(b) If paragraph (a) is not applicable and if a transfer is made that (i) is prohibited under a lease agreement or (ii) materially impairs the prospect of obtaining return performance by, materially changes the duty of, or materially increases the burden or risk imposed on, the other party to the lease contract, unless the party not making the transfer agrees at any time to the transfer in the lease contract or otherwise, then, except as limited by contract, (i) the transferor is liable to the party not making the transfer for damages caused by the transfer to the extent that the damages could not reasonably be prevented by the party not making the transfer and (ii) a court having jurisdiction may grant other appropriate relief, including cancellation of the lease contract or an injunction against the transfer.

(6)[~~(4)~~] ***A transfer*** [~~An assignment~~] of "the lease" or of "all my rights under the lease", or ***a transfer*** [~~an assignment~~] in similar general terms, is a transfer of rights[~~,~~] and, unless the language or the circumstances, as in ***a transfer*** [~~an assignment~~] for security, indicate the contrary, the ***transfer*** [~~assignment~~] is a delegation of duties by the ***transferor to the transferee. Acceptance*** [~~assignor to the assignee and acceptance~~] by the ***transferee*** [~~assignee~~] constitutes a promise by ***the transferee*** [~~him~~] to perform those duties. ***The*** [~~This~~] promise is enforceable by either the ***transferor*** [~~assignor~~] or the other party to the lease contract.

(7)[~~(5)~~] Unless otherwise agreed by the lessor and the lessee, ***a*** [~~no~~] delegation of performance ***does not relieve*** [~~relieves~~] the ***transferor*** [~~assignor~~] as against the other party of any duty to perform or ***of*** any liability for default.

[~~(6) A right to damages for default with respect to the whole lease contract or a right arising out of the assignor's due performance of his entire obligation can be assigned despite agreement otherwise.~~]

(8)[~~(7)~~] ***In a consumer lease,*** to prohibit the transfer of an interest of a party under ***the*** [~~a~~] lease contract ***or to make a transfer an event of default***, the language [~~of prohibition~~] must be specific, by a writing, and conspicuous.

Section 5. KRS 355.2A-304 is amended to read as follows:

(1) Subject to [~~the provisions of~~] KRS 355.2A-303, a subsequent lessee from a lessor of goods under an existing lease contract obtains, to the extent of the leasehold interest transferred, the leasehold interest in the goods that the lessor had or had power to transfer, and except as provided in subsection (2) of this section and subsection (4) of KRS 355.2A-527, takes subject to the existing lease contract. A lessor with voidable title has power to transfer a good leasehold interest to a good faith subsequent lessee for value, but only to the extent set forth in the preceding sentence. ***If*** [~~When~~] goods have been delivered under a transaction of purchase, the lessor has that power even though:

(a) The lessor's ***transferor*** [~~transferer~~] was deceived as to the identity of the lessor;

(b) The delivery was in exchange for a check which is later dishonored;

(c) It was agreed that the transaction was to be a "cash sale"; or

(d) The delivery was procured through fraud punishable as larcenous under the criminal law.

(2) A subsequent lessee in the ordinary course of business from a lessor who is a merchant dealing in goods of that kind to whom the goods were entrusted by the existing lessee ***of that lessor*** before the interest of the subsequent lessee became enforceable against ***that*** [~~the~~] lessor obtains, to the extent of the leasehold interest transferred, all of ***that*** [~~the~~] lessor's and the existing lessee's rights to the goods, and takes free of the existing lease contract.

(3) A subsequent lessee from the lessor of goods that are subject to an existing lease contract and are covered by a certificate of title issued under a statute of this state or of another jurisdiction takes no greater rights than those provided both by this section and by the certificate of title statute.

Section 6. KRS 355.2A-307 is amended to read as follows:

(1) Except as otherwise provided in KRS 355.2A-306, a creditor of a lessee takes subject to the lease contract.

(2) Except as otherwise provided in subsections (3) and (4) of this section and in KRS 355.2A-306 and 355.2A-308, a creditor of a lessor takes subject to the lease contract ***unless***:

(a) [~~Unless~~] The creditor holds a lien that attached to the goods before the lease contract became enforceable; [~~or~~]

(b) [~~Unless~~] The creditor holds a security interest in the goods ***and the lessee did not give value and receive delivery of the goods without knowledge of the security interest; or***

(c) The creditor holds a security interest in the goods which was perfected (KRS 355.9-303) before the lease contract became enforceable [~~that under the Article on Secured Transactions (Article 9) would have priority over any other security interest in the goods perfected by a filing covering the goods and made at the time the lease contract became enforceable, whether or not any other security interest existed~~].

(3) A lessee in the ordinary course of business takes the leasehold interest free of a security interest in the goods created by the lessor even though the security interest is perfected ***(KRS 355.9-303)*** and the lessee knows of its existence.

(4) A lessee other than a lessee in the ordinary course of business takes the leasehold interest free of a security interest to the extent that it secures future advances made after the secured party acquires knowledge of the lease or more than forty-five (45) days after the lease contract becomes enforceable, whichever first occurs, unless the future advances are made pursuant to a commitment entered into without knowledge of the lease and before the expiration of the forty-five-day period.

Section 7. KRS 355.2A-309 is amended to read as follows:

(1) In this section:

(a) Goods are "fixtures" when they become so related to particular real estate that an interest in them arises under real estate law;

(b) A "fixture filing" is the filing, in the office where a mortgage on the real estate would be ***filed or*** recorded [~~or registered~~], of a financing statement ***covering*** [~~concerning~~] goods that are or are to become fixtures and conforming to the requirements of KRS 355.9-402(5);

(c) A lease is a "purchase money lease" unless the lessee has possession or use of the goods or the right to possession or use of the goods before the lease agreement is enforceable;

(d) A mortgage is a "construction mortgage" to the extent it secures an obligation incurred for the construction of an improvement on land including the acquisition cost of the land, if the recorded writing so indicates; and

(e) "Encumbrance" includes real estate mortgages and other liens on real estate and all other rights in real estate that are not ownership interests.

(2) Under this article a lease may be of goods that are fixtures or may continue in goods that become fixtures, but no lease exists under this article of ordinary building materials incorporated into an improvement on land.

(3) This article does not prevent creation of a lease of fixtures pursuant to real estate law.

(4) The perfected interest of a lessor of fixtures has priority over a conflicting interest of an encumbrancer or owner of the real estate if:

(a) The lease is a purchase money lease, the conflicting interest of the encumbrancer or owner arises before the goods become fixtures, the interest of the lessor is perfected by a fixture filing before the goods become fixtures or within ten (10) days thereafter, and the lessee has an interest of record in the real estate or is in possession of the real estate; or

(b) The interest of the lessor is perfected by a fixture filing before the interest of the encumbrancer or owner is of record, the lessor's interest has priority over any conflicting interest of a predecessor in title of the encumbrancer or owner, and the lessee has an interest of record in the real estate or is in possession of the real estate.

(5) The interest of a lessor of fixtures, whether or not perfected, has priority over the conflicting interest of an encumbrancer or owner of the real estate if:

(a) The fixtures are readily removable factory or office machines, readily removable equipment that is not primarily used or leased for use in the operation of the real estate, or readily removable replacements of domestic appliances that are goods subject to a consumer lease, and before the goods become fixtures the lease contract is enforceable; or

(b) The conflicting interest is a lien on the real estate obtained by legal or equitable proceedings after the lease contract is enforceable; or

(c) The encumbrancer or owner has consented in writing to the lease or has disclaimed an interest in the goods as fixtures; or

(d) The lessee has a right to remove the goods as against the encumbrancer or owner. If the lessee's right to remove terminates, the priority of the interest of the lessor continues for a reasonable time.

(6) Notwithstanding [~~paragraph (a) of~~] subsection (4)***(a)*** but otherwise subject to subsections (4) and (5), the interest of a lessor of fixtures***, including the lessor's residual interest,*** is subordinate to the conflicting interest of an encumbrancer of the real estate under a construction mortgage recorded before the goods become fixtures if the goods become fixtures before the completion of the construction. To the extent given to refinance a construction mortgage, the conflicting interest of an encumbrancer of the real estate under a mortgage has this priority to the same extent as the encumbrancer of the real estate under the construction mortgage.

(7) In cases not within the preceding subsections, priority between the interest of a lessor of fixtures***, including the lessor's residual interest,*** and the conflicting interest of an encumbrancer or owner of the real estate who is not the lessee is determined by the priority rules governing conflicting interests in real estate.

(8) If the interest of a lessor ***of fixtures including the lessor's residual interest,*** has priority over all conflicting interests of all owners and encumbrancers of the real estate, the lessor or the lessee may:

(a) On default, expiration, termination, or cancellation of the lease agreement [~~by the other party~~] but subject to the [~~provisions of the~~] lease agreement and this article; or

(b) If necessary to enforce [~~his~~] other rights and remedies ***of the lessor or lessee*** under this article;

remove the goods from the real estate, free and clear of all conflicting interests of all owners and encumbrancers of the real estate, but ***the lessor or lessee*** [~~he~~] must reimburse any encumbrancer or owner of the real estate who is not the lessee and who has not otherwise agreed for the cost of repair of any physical injury, but not for any diminution in value of the real estate caused by the absence of the goods removed or by any necessity of replacing them. A person entitled to reimbursement may refuse permission to remove until the party seeking removal gives adequate security for the performance of this obligation.

(9) Even though the lease agreement does not create a security interest, the interest of a lessor of fixtures***, including the lessor's residual interest,*** is perfected by filing a financing statement as a fixture filing for leased goods that are or are to become fixtures in accordance with the relevant provisions of the Article on Secured Transactions (Article 9).

SECTION 8. A NEW SECTION OF ARTICLE 2A OF KRS CHAPTER 355 IS CREATED TO READ AS FOLLOWS:

Nothing in this article prevents subordination by agreement by any person entitled to priority.

Section 9. KRS 355.2A-407 is amended to read as follows:

(1) In the case of a finance lease that is not a consumer lease, the lessee's promises under the lease contract become irrevocable and independent upon the lessee's acceptance of the goods.

(2) A promise that has become irrevocable and independent under subsection (1):

(a) Is effective and enforceable between the parties, and by or against third parties including assignees of the parties; and

(b) Is not subject to cancellation, termination, modification, repudiation, excuse, or substitution without the consent of the party to whom the promise runs.

(3) This section does not affect the validity under any other law of a covenant in any lease contract making the lessee's promises irrevocable and independent upon the lessee's acceptance of the goods.

Section 10. KRS 355.2A-501 is amended to read as follows:

(1) Whether the lessor or the lessee is in default under a lease contract is determined by the lease agreement and this article.

(2) If the lessor or the lessee is in default under the lease contract, the party seeking enforcement has rights and remedies as provided in this article and, except as limited by this article, as provided in the lease agreement.

(3) If the lessor or the lessee is in default under the lease contract, the party seeking enforcement may reduce the party's claim to judgment, or otherwise enforce the lease contract by self-help or any available judicial procedure or nonjudicial procedure, including administrative proceeding, arbitration, or the like, in accordance with this article.

(4) Except as otherwise provided in ***KRS 355.1-106(1) or*** this article or the lease agreement, the rights and remedies referred to in subsections (2) and (3) are cumulative.

(5) If the lease agreement covers both real property and goods, the party seeking enforcement may proceed under this part as to the goods, or under other applicable law as to both the real property and the goods in accordance with ***that party's*** [~~his~~] rights and remedies in respect of the real property, in which case this part does not apply.

Section 11. KRS 355.2A-503 is amended to read as follows:

(1) Except as otherwise provided in this article, the lease agreement may include rights and remedies for default in addition to or in substitution for those provided in this article and may limit or alter the measure of damages recoverable under this article.

(2) Resort to a remedy provided under this article or in the lease agreement is optional unless the remedy is expressly agreed to be exclusive. If circumstances cause an exclusive or limited remedy to fail of its essential purpose, or provision for an exclusive remedy is unconscionable, remedy may be had as provided in this article.

(3) Consequential damages may be liquidated under KRS 355.2A-504, or may otherwise be limited, altered, or excluded unless the limitation, alteration, or exclusion is unconscionable. Limitation***, alteration, or exclusion*** of consequential damages for injury to the person in the case of consumer goods is prima facie unconscionable but limitation***, alteration, or exclusion*** of damages where the loss is commercial is not ***prima facie unconscionable***.

(4) Rights and remedies on default by the lessor or the lessee with respect to any obligation or promise collateral or ancillary to the lease contract are not impaired by this article.

Section 12. KRS 355.2A-507 is amended to read as follows:

(1) Damages based on market rent (KRS 355.2A-519 or 355.2A-528) are determined according to the rent for the use of the goods concerned for a lease term identical to the remaining lease term of the original lease agreement and prevailing at the ***times specified in KRS 355.2A-519 and 355.2A-528*** [~~time of the default~~].

(2) If evidence of rent for the use of the goods concerned for a lease term identical to the remaining lease term of the original lease agreement and prevailing at the times or places described in this article is not readily available, the rent prevailing within any reasonable time before or after the time described or at any other place or for a different lease term which in commercial judgment or under usage of trade would serve as a reasonable substitute for the one described may be used, making any proper allowance for the difference, including the cost of transporting the goods to or from the other place.

(3) Evidence of a relevant rent prevailing at a time or place or for a lease term other than the one described in this article offered by one party is not admissible unless and until he has given the other party notice the court finds sufficient to prevent unfair surprise.

(4) If the prevailing rent or value of any goods regularly leased in any established market is in issue, reports in official publications or trade journals or in newspapers or periodicals of general circulation published as the reports of that market are admissible in evidence. The circumstances of the preparation of the report may be shown to affect its weight but not its admissibility.

Section 13. KRS 355.2A-508 is amended to read as follows:

(1) If a lessor fails to deliver the goods in conformity to the lease contract (KRS 355.2A-509) or repudiates the lease contract (KRS 355.2A-402), or a lessee rightfully rejects the goods (KRS 355.2A-509) or justifiably revokes acceptance of the goods (KRS 355.2A-517), then with respect to any goods involved, and with respect to all of the goods if under an installment lease contract the value of the whole lease contract is substantially impaired (KRS 355.2A-510), the lessor is in default under the lease contract and the lessee may:

(a) Cancel the lease contract (subsection (1) of KRS 355.2A-505);

(b) Recover so much of the rent and security as has been paid ***and***[~~, but in the case of an installment lease contract the recovery is that which~~] is just under the circumstances;

(c) Cover and recover damages as to all goods affected whether or not they have been identified to the lease contract (KRS 355.2A-518 and 355.2A-520), or recover damages for nondelivery (KRS 355.2A-519 and 355.2A-520)***;***

(d) Exercise any other rights or pursue any other remedies provided in the lease contract.

(2) If a lessor fails to deliver the goods in conformity to the lease contract or repudiates the lease contract, the lessee may also:

(a) If the goods have been identified, recover them (KRS 355.2A-522); or

(b) In a proper case, obtain specific performance or replevy the goods (KRS 355.2A-521).

(3) If a lessor is otherwise in default under a lease contract, the lessee may exercise the rights and ***pursue the*** remedies provided in the lease contract***, which may include a right to cancel the lease,*** and ***in KRS 355.2A-519(3)*** [~~this article~~].

(4) If a lessor has breached a warranty, whether express or implied, the lessee may recover damages (subsection (4) of KRS 355.2A-519).

(5) On rightful rejection or justifiable revocation of acceptance, a lessee has a security interest in goods in the lessee's possession or control for any rent and security that has been paid and any expenses reasonably incurred in their inspection, receipt, transportation, and care and custody and may hold those goods and dispose of them in good faith and in a commercially reasonable manner, subject to [~~the provisions of (~~]subsection (5) of KRS 355.2A-527[~~)~~].

(6) Subject to the provisions of KRS 355.2A-407, a lessee, on notifying the lessor of the lessee's intention to do so, may deduct all or any part of the damages resulting from any default under the lease contract from any part of the rent still due under the same lease contract.

Section 14. KRS 355.2A-516 is amended to read as follows:

(1) A lessee must pay rent for any goods accepted in accordance with the lease contract, with due allowance for goods rightfully rejected or not delivered.

(2) A lessee's acceptance of goods precludes rejection of the goods accepted. In the case of a finance lease, if made with knowledge of a nonconformity, acceptance cannot be revoked because of it. In any other case, if made with knowledge of a nonconformity, acceptance cannot be revoked because of it unless the acceptance was on the reasonable assumption that the nonconformity would be seasonably cured. Acceptance does not of itself impair any other remedy provided by this article or the lease agreement for nonconformity.

(3) If a tender has been accepted:

(a) Within a reasonable time after the lessee discovers or should have discovered any default, the lessee shall notify the lessor and the supplier, ***if any,*** or be barred from any remedy ***against the party not notified***;

(b) Except in the case of a consumer lease, within a reasonable time after the lessee receives notice of litigation for infringement or the like (KRS 355.2A-211) the lessee shall notify the lessor or be barred from any remedy over for liability established by the litigation; and

(c) The burden is on the lessee to establish any default.

(4) If a lessee is sued for breach of a warranty or other obligation for which a lessor or a supplier is answerable over ***the following apply***:

(a) The lessee may give the lessor or the supplier***, or both***, written notice of the litigation. If the notice states that the ***person notified*** [~~lessor or the supplier~~] may come in and defend and that if the ***person notified*** [~~lessor or the supplier~~] does not do so***, that person*** [~~he~~] will be bound in any action against ***that person*** [~~him~~] by the lessee by any determination of fact common to the two litigations, then unless the ***person notified*** [~~lessor or the supplier~~] after seasonable receipt of the notice does come in and defend ***that person*** [~~he~~] is so bound.

(b) The lessor or the supplier may demand in writing that the lessee turn over control of the litigation including settlement if the claim is one for infringement or the like (KRS 355.2A-211) or else be barred from any remedy over. If the demand states that the lessor or the supplier agrees to bear all expense and to satisfy any adverse judgment, then unless the lessee after seasonable receipt of the demand does turn over control the lessee is so barred.

(5) [~~The provisions of~~] Subsections (3) and (4) apply to any obligation of a lessee to hold the lessor or the supplier harmless against infringement or the like (KRS 355.2A-211).

Section 15. KRS 355.2A-517 is amended to read as follows:

(1) A lessee may revoke acceptance of a lot or commercial unit whose nonconformity substantially impairs its value to the lessee if ***the lessee*** [~~he~~] has accepted it:

(a) Except in the case of a finance lease, on the reasonable assumption that its nonconformity would be cured and it has not been seasonably cured; or

(b) Without discovery of the nonconformity if the lessee's acceptance was reasonably induced either by the lessor's assurances or, except in the case of a finance lease, by the difficulty of discovery before acceptance.

(2) ***Except in the case of a finance lease that is not a consumer lease, a lessee may revoke acceptance of a lot or commercial unit if the lessor defaults under the lease contract and the default substantially impairs the value of that lot or commercial unit to the lessee.***

(3) If the lease agreement so provides, the lessee may revoke acceptance of a lot or commercial unit because of other defaults by the lessor.

(4) Revocation of acceptance must occur within a reasonable time after the lessee discovers or should have discovered the ground for it and before any substantial change in condition of the goods which is not caused by the nonconformity. Revocation is not effective until the lessee notifies the lessor.

(5)[~~(3)~~] A lessee who so revokes has the same rights and duties with regard to the goods involved as if the lessee had rejected them.

Section 16. KRS 355.2A-518 is amended to read as follows:

(1) After ***a*** default by a lessor under the lease contract ***of the type described in*** [~~(~~]subsection (1) of KRS 355.2A-508[~~)~~], ***or, if agreed, after other default by the lessor,*** the lessee may cover by making any purchase or lease of or contract to purchase or lease goods in substitution for those due from the lessor.

(2) Except as otherwise provided with respect to damages liquidated in the lease agreement (KRS 355.2A-504) or ***otherwise*** determined ***pursuant to*** [~~by~~] agreement of the parties (KRS 355.1-102(3) ***and KRS 355.2A-503***), if a lessee's cover is by ***a*** lease agreement substantially similar to the original lease agreement and the ***new*** lease agreement is made in good faith and in a commercially reasonable manner, the lessee may recover from the lessor as damages:

(a) The present value, as of the date of ***the commencement of the term of the new lease agreement*** [~~default~~], of [~~the difference between~~] the [~~total~~] rent ***under*** [~~for the lease term of~~] the new lease agreement ***applicable to that period of the new lease term which is comparable to the then remaining term of the original lease agreement minus the present value as of the same date of*** [~~and~~] the total rent for the ***then*** remaining lease term of the original lease agreement; and

(b) Any incidental or consequential damages, less expenses saved in consequence of the lesser's default.

(3) If a lessee's cover is by lease agreement that for any reason does not qualify for treatment under subsection (2), or is by purchase or otherwise, the lessee may recover from the lessor as if the lessee had elected not to cover and KRS 355.2A-519 governs.

Section 17. KRS 355.2A-519 is amended to read as follows:

(1) Except as otherwise provided with respect to damages liquidated in the lease agreement (KRS 355.2A-504) or ***otherwise*** determined ***pursuant to*** [~~by~~] agreement of the parties (KRS 355.1-102(3) ***and KRS 355.2A-503***), if a lessee elects not to cover or a lessee elects to cover and the cover is by lease agreement that for any reason does not qualify for treatment under subsection (2) of KRS 355.2A-518, or is by purchase or otherwise, the measure of damages for nondelivery or repudiation by the lessor or for rejection or revocation of acceptance by the lessee is the present value, as of the date of the default, of the [~~difference between the~~] then market rent ***minus the present value as of the same date of*** [~~and~~] the original rent, computed for the remaining lease term of the original lease agreement, together with incidental and consequential damages, less expenses saved in consequence of the lessor's default.

(2) Market rent is to be determined as of the place for tender or, in cases of rejection after arrival or revocation of acceptance, as of the place of arrival.

(3) ***Except as otherwise agreed,*** if the lessee has accepted goods and given notification (subsection (3) of KRS 355.2A-516), the measure of damages for nonconforming tender or delivery ***or other default*** by a lessor is the loss resulting in the ordinary course of events from the lessor's default as determined in any manner that is reasonable together with incidental and consequential damages, less expenses saved in consequence of the lessor's default.

(4) ***Except as otherwise agreed,*** the measure of damages for breach of warranty is the present value at the time and place of acceptance of the difference between the value of the use of the goods accepted and the value if they had been as warranted for the lease term, unless special circumstances show proximate damages of a different amount, together with incidental and consequential damages, less expenses saved in consequence of the lessor's default or breach of warranty.

Section 18. KRS 355.2A-523 is amended to read as follows:

(1) If a lessee wrongfully rejects or revokes acceptance of goods or fails to make a payment when due or repudiates with respect to a part or the whole, then, with respect to any goods involved, and with respect to all of the goods if under an installment lease contract the value of the whole lease contract is substantially impaired (KRS 355.2A-510), the lessee is in default under the lease contract and the lessor may:

(a) Cancel the lease contract (subsection (1) of KRS 355.2A-505);

(b) Proceed respecting goods not identified to the lease contract (KRS 355.2A-524);

(c) Withhold delivery of the goods and take possession of goods previously delivered (KRS 355.2A-525);

(d) Stop delivery of the goods by any bailee (KRS 355.2A-526);

(e) Dispose of the goods and recover damages (KRS 355.2A-527), or retain the goods and recover damages (KRS 355.2A-528), or in a proper case recover rent (KRS 355.2A-529);

(f) Exercise any other rights or pursue any other remedies provided in the lease contract.

(2) If a lessor does not fully exercise a right or obtain a remedy to which the lessor is entitled under subsection (1), the lessor may recover the loss resulting in the ordinary course of events from the lessee's default as determined in any reasonable manner, together with incidental damages, less expenses saved in consequence of the lessee's default.

(3)[~~(2)~~] If a lessee is otherwise in default under a lease contract, the lessor may exercise the rights and ***pursue the*** remedies provided in the lease contract***, which may include a right to cancel the lease. In addition, unless otherwise provided in the lease contract:***

(a) If the default substantially impairs the value of the lease contract to the lessor, the lessor may exercise the rights and pursue the remedies provided in subsection (1) or (2); or

(b) If the default does not substantially impair the value of the lease contract to the lessor, the lessor may recover as provided in subsection (2) [~~and this article~~].

Section 19. KRS 355.2A-525 is amended to read as follows:

(1) If a lessor discovers the lessee to be insolvent, the lessor may refuse to deliver the goods.

(2) ***After a*** [~~The lessor has on~~] default by the lessee under the lease contract ***of the type described in KRS 355.2A-523(1) or 355.2A-523(3)(a) or, if agreed, after other default by the lessee, the lessor has*** the right to take possession of the goods. If the lease contract so provides, the lessor may require the lessee to assemble the goods and make them available to the lessor at a place to be designated by the lessor which is reasonably convenient to both parties. Without removal, the lessor may render unusable any goods employed in trade or business, and may dispose of goods on the lessee's premises (KRS 355.2A-527).

(3) The lessor may proceed under subsection (2) without judicial process if ***it*** [~~that~~] can be done without breach of the peace or the lessor may proceed by action.

Section 20. KRS 355.2A-527 is amended to read as follows:

(1) After a default by a lessee under the lease contract ***of the type described in*** [~~(subsection (1) of~~] KRS 355.2A-523***(1) or 355.2A-523(3)(a)***[~~)~~] or after the lessor refuses to deliver or takes possession of goods (KRS 355.2A-525 or 355.2A-526), ***or, if agreed, after other default by a lessee,*** the lessor may dispose of the goods concerned or the undelivered balance thereof by lease, sale, or otherwise.

(2) Except as otherwise provided with respect to damages liquidated in the lease agreement (KRS 355.2A-504) or ***otherwise*** determined ***pursuant to*** [~~by~~] agreement of the parties (KRS 355.1-102(3) ***and 355.2A-503***), if the disposition is by lease agreement substantially similar to the original lease agreement and the ***new*** lease agreement is made in good faith and in a commercially reasonable manner, the lessor may recover from the lessee as damages:

(a) Accrued and unpaid rent as of the date of ***the commencement of the term of the new lease agreement*** [~~default~~];

(b) The present value, as of the ***same*** date [~~of default~~] of the [~~difference between the~~] total rent for the ***then*** remaining lease term of the original lease agreement ***minus the present value, as of the same date,*** [~~and the total rent for the lease term~~] of ***the rent under*** the new lease agreement ***applicable to that period of the new lease term which is comparable to the then remaining term of the original lease agreement***; and

(c) Any incidental damages allowed under KRS 355.2A-530, less expenses saved in consequence of the lessee's default.

(3) If the lessor's disposition is by lease agreement that for any reason does not qualify for treatment under subsection (2), or is by sale or otherwise, the lessor may recover from the lessee as if the lessor had elected not to dispose of the goods and KRS 355.2A-528 governs.

(4) A subsequent buyer or lessee who buys or leases from the lessor in good faith for value as a result of a disposition under this section takes the goods free of the original lease contract and any rights of the original lessee even though the lessor fails to comply with one or more of the requirements of this article.

(5) The lessor is not accountable to the lessee for any profit made on any disposition. A lessee who has rightfully rejected or justifiably revoked acceptance shall account to the lessor for any excess over the amount of the lessee's security interest (subsection (5) of KRS 355.2A-508).

Section 21. KRS 355.2A-528 is amended to read as follows:

(1) Except as otherwise provided with respect to damages liquidated in the lease agreement (KRS 355.2A-504) or ***otherwise*** determined ***pursuant to*** [~~by~~] agreement of the parties (KRS 355.1-102(3) ***and 355.2A-503***), if a lessor elects to retain the goods or a lessor elects to dispose of the goods and ***the*** disposition is by lease agreement that for any reason does not qualify for treatment under subsection (2) of KRS 355.2A-527, or is by sale or otherwise, the lessor may recover from the lessee as damages for ***a default of the type described in KRS 355.2A-523(1) or 355.2A-523(3)(a), or, if agreed, for other default*** [~~non-acceptance or repudiation~~] by the lessee:

(a) Accrued and unpaid rent as of the date of default ***if the lessee has never taken possession of the goods, or, if the lessee has taken possession of the goods, as of the date the lessor repossesses the goods or an earlier date on which the lessee makes a tender of the goods to the lessor***;

(b) The present value as of the date ***determined under clause (a)*** [~~of default~~] of the [~~difference between the~~] total rent for the ***then*** remaining lease term of the original lease agreement ***minus the present value as of the same date of*** [~~and~~] the market rent at the [~~time and~~] place ***where the goods are located*** [~~for tender~~] computed for the same lease term; and

(c) Any incidental damages allowed under KRS 355.2A-530, less expenses saved in consequence of the lessee's default.

(2) If the measure of damages provided in subsection (1) is inadequate to put a lessor in as good a position as performance would have, the measure of damages is the ***present value of the*** profit, including reasonable overhead, the lessor would have made from full performance by the lessee, together with any incidental damages allowed under KRS 355.2A-530, due allowance for costs reasonably incurred and due credit for payments or proceeds of disposition.

Section 22. KRS 355.2A-529 is amended to read as follows:

(1) After default by the lessee under the lease contract ***of the type described in*** [~~(subsection (1) of~~] KRS 355.2A-523***(1) or 355.2A-523(3)(a) or, if agreed, after other default by the lessee***[~~)~~], if the lessor complies with subsection (2), the lessor may recover from the lessee as damages:

(a) For goods accepted by the lessee and ***not repossessed by or tendered to the lessor, and*** for conforming goods lost or damaged within a commercially reasonable time after risk of loss passes to the lessee (KRS 355.2A-219):

1. Accrued and unpaid rent as of the date of ***entry of judgment in favor of the lessor*** [~~default~~];

2. The present value as of the ***same*** date of [~~default of~~] the rent for the ***then*** remaining lease term of the lease agreement; and

3. Any incidental damages allowed under KRS 355.2A-530, less expenses saved in consequence of the lessee's default; and

(b) For goods identified to the lease contract if the lessor is unable after reasonable effort to dispose of them at a reasonable price or the circumstances reasonably indicate that effort will be unavailing:

1. Accrued and unpaid rent as of the date of ***entry of judgment in favor of the lessor*** [~~default~~];

2. The present value as of the ***same*** date of [~~default of~~] the rent for the ***then*** remaining lease term of the lease agreement; and

3. Any incidental damages allowed under KRS 355.2A-530, less expenses saved in consequence of the lessee's default.

(2) Except as provided in subsection (3), the lessor shall hold for the lessee for the remaining lease term of the lease agreement any goods that have been identified to the lease contract and are in the lessor's control.

(3) The lessor may dispose of the goods at any time before collection of the judgment for damages obtained pursuant to subsection (1). If the disposition is before the end of the remaining lease term of the lease agreement, the lessor's recovery against the lessee for damages ***is*** [~~will be~~] governed by KRS 355.2A-527 or 355.2A-528 ***and the lessor will cause an appropriate credit to be provided against a judgment for damages to the extent that the amount of the judgment exceeds the recovery available pursuant to KRS 355.2A-527 or 355.2A-528.***

(4) Payment of the judgment for damages obtained pursuant to subsection (1) entitles the lessee to ***the*** use and possession of the goods not then disposed of for the remaining lease term of ***and in accordance with*** the lease agreement.

(5) After ***default by the*** [~~a~~] lessee ***under the lease contract of the type described in KRS 355.2A-523(1) or 355.2A-523(3)(a) or, if agreed, after other default by the lessee*** [~~has wrongfully rejected or revoked acceptance of goods, has failed to pay rent then due, or has repudiated (KRS 355.2A-402)~~], a lessor who is held not entitled to rent under this section must nevertheless be awarded damages for nonacceptance under KRS 355.2A-527 ***or*** [~~and~~] 355.2A-528.

SECTION 23. A NEW SECTION OF ARTICLE 2A OF KRS CHAPTER 355 IS CREATED TO READ AS FOLLOWS:

In addition to any other recovery permitted by this article or other law, the lessor may recover from the lessee an amount that will fully compensate the lessor for any loss of or damage to the lessor's residual interest in the goods caused by the default of the lessee.

SECTION 26. A NEW SECTION OF ARTICLE 4A OF KRS CHAPTER 355 IS CREATED TO READ AS FOLLOWS:

(1) In this article:

(a) "Payment order" means an instruction of a sender to a receiving bank, transmitted orally, electronically, or in writing, to pay, or to cause another bank to pay, a fixed or determinable amount of money to a beneficiary if:

1. The instruction does not state a condition to payment to the beneficiary other than time of payment;

2. The receiving bank is to be reimbursed by debiting an account of, or otherwise receiving payment from, the sender; and

3. The instruction is transmitted by the sender directly to the receiving bank or to an agent, funds-transfer system, or communication system for transmittal to the receiving bank.

(b) "Beneficiary" means the person to be paid by the beneficiary's bank.

(c) "Beneficiary's bank" means the bank identified in a payment order in which an account of the beneficiary is to be credited pursuant to the order or which otherwise is to make payment to the beneficiary if the order does not provide for payment to an account.

(d) "Receiving bank" means the bank to which the sender's instruction is addressed.

(e) "Sender" means the person giving the instruction to the receiving bank.

(2) If an instruction complying with subsection (1)(a) is to make more than one (1) payment to a beneficiary, the instruction is a separate payment order with respect to each payment.

(3) A payment order is issued when it is sent to the receiving bank.

SECTION 27. A NEW SECTION OF ARTICLE 4A OF KRS CHAPTER 355 IS CREATED TO READ AS FOLLOWS:

In this article:

(1) "Funds transfer" means the series of transactions, beginning with the originator's payment order, made for the purpose of making payment to the beneficiary of the order. The term includes any payment order issued by the originator's bank or an intermediary bank intended to carry out the originator's payment order. A funds transfer is completed by acceptance by the beneficiary's bank of a payment order for the benefit of the beneficiary of the originator's payment order.

(2) "Intermediary bank" means a receiving bank other than the originator's bank or the beneficiary's bank.

(3) "Originator" means the sender of the first payment order in a funds transfer.

(4) "Originator's bank" means:

(a) The receiving bank to which the payment order of the originator is issued if the originator is not a bank; or

(b) The originator if the originator is a bank.

SECTION 28. A NEW SECTION OF ARTICLE 4A OF KRS CHAPTER 355 IS CREATED TO READ AS FOLLOWS:

(1) In this article:

(a) "Authorized account" means a deposit account of a customer in a bank designated by the customer as a source of payment of payment orders issued by the customer to the bank. If a customer does not so designate an account, any account of the customer is an authorized account if payment of a payment order from that account is not inconsistent with a restriction on the use of that account.

(b) "Bank" means a person engaged in the business of banking and includes a savings bank, savings and loan association, credit union, and trust company. A branch or separate office of a bank is a separate bank for purposes of this article.

(d) "Funds-transfer business day" of a receiving bank means the part of a day during which the receiving bank is open for the receipt, processing, and transmittal of payment orders and cancellations and amendments of payment orders.

SECTION 29. A NEW SECTION OF ARTICLE 4A OF KRS CHAPTER 355 IS CREATED TO READ AS FOLLOWS:

(1) The time of receipt of a payment order or communication cancelling or amending a payment order is determined by the rules applicable to receipt of a notice stated in KRS 355.1-201(27). A receiving bank may fix a cut-off time or times on a funds-transfer business day for the receipt and processing of payment orders and communications cancelling or amending payment orders. Different cut-off times may apply to payment orders, cancellations, or amendments, or to different categories of payment orders, cancellations, or amendments. A cut-off time may apply to senders generally or different cut-off times may apply to different senders or categories of payment orders. If a payment order or communication cancelling or amending a payment order is received after the close of a funds-transfer business day or after the appropriate cut-off time on a funds-transfer business day, the receiving bank may treat the payment order or communication as received at the opening of the next funds-transfer business day.

(2) If this article refers to an execution date or payment date or states a day on which a receiving bank is required to take action, and the date or day does not fall on a funds-transfer business day, the

next day that is a funds-transfer business day is treated as the date or day stated, unless the contrary is stated in this article.

SECTION 30. A NEW SECTION OF ARTICLE 4A OF KRS CHAPTER 355 IS CREATED TO READ AS FOLLOWS:

Regulations of the board of governors of the Federal Reserve System and operating circulars of the Federal Reserve Banks supersede any inconsistent provision of this article to the extent of the inconsistency.

SECTION 31. A NEW SECTION OF ARTICLE 4A OF KRS CHAPTER 355 IS CREATED TO READ AS FOLLOWS:

This article does not apply to a funds transfer any part of which is governed by the Electronic Fund Transfer Act of 1978 (Title XX, P.L. 95-630, 92 Stat. 3728, 15 U.S.C. Section 1693 et seq.) as amended from time to time.

PART 2

ISSUE AND ACCEPTANCE OF PAYMENT ORDER

SECTION 32. A NEW SECTION OF ARTICLE 4A OF KRS CHAPTER 355 IS CREATED TO READ AS FOLLOWS:

"Security procedure" means a procedure established by agreement of a customer and a receiving bank for the purpose of:

(1) Verifying that a payment order or communication amending or cancelling a payment order is that of the customer; or

(2) Detecting error in the transmission or the content of the payment order or communication.

A security procedure may require the use of algorithms or other codes, identifying words or numbers, encryption, callback procedures, or similar security devices. Comparison of a signature on a payment order or communication with an authorized specimen signature of the customer is not by itself a security procedure.

SECTION 33. A NEW SECTION OF ARTICLE 4A OF KRS CHAPTER 355 IS CREATED TO READ AS FOLLOWS:

(1) A payment order received by the receiving bank is the authorized order of the person identified as sender if that person authorized the order or is otherwise bound by it under the law of agency.

(2) If a bank and its customer have agreed that the authenticity of payment orders issued to the bank in the name of the customer as sender will be verified pursuant to a security procedure, a payment order received by the receiving bank is effective as the order of the customer, whether or not authorized, if:

(a) The security procedure is a commercially reasonable method of providing security against unauthorized payment orders; and

(b) The bank proves that it accepted the payment order in good faith and in compliance with the security procedure and any written agreement or instruction of the customer restricting acceptance of payment orders issued in the name the customer.

The bank is not required to follow an instruction that violates a written agreement with the customer or notice of which is not received at a time and in a manner affording the bank a reasonable opportunity to act on it before the payment order is accepted.

(3) Commercial reasonableness of a security procedure is a question of law to be determined by considering the wishes of the customer expressed to the bank, the circumstances of the customer known to the bank, including the size, type, and frequency of payment orders normally issued by the customer to the bank, alternative security procedures offered to the customer, and security procedures in general use by customers and receiving banks similarly situated. A security procedure is deemed to be commercially reasonable if:

(a) The security procedure was chosen by the customer after the bank offered, and the customer refused, a security procedure that was commercially reasonable for that customer; and

(b) The customer expressly agreed in writing to be bound by any payment order, whether or not authorized, issued in its name and accepted by the bank in compliance with the security procedure chosen by the customer.

(4) The term "sender" in this article includes the customer in whose name a payment order is issued if the order is the authorized order of the customer under subsection (1), or it is effective as the order of the customer under subsection (2).

(5) This section applies to amendments and cancellations of payment orders to the same extent it applies to payment orders.

(6) Except as provided in this section and in Section 34(1)(a) of this Act, rights and obligations arising under this section or Section 34 of this Act may not be varied by agreement.

SECTION 34. A NEW SECTION OF ARTICLE 4A OF KRS CHAPTER 355 IS CREATED TO READ AS FOLLOWS:

(1) If an accepted payment order is not, under Section 10(1) of this Act, an authorized order of a customer identified as sender, but is effective as an order of the customer pursuant to Section 33(2) of this Act, the following rules apply:

(a) By express written agreement, the receiving bank may limit the extent to which it is entitled to enforce or retain payment of the payment order.

(b) The receiving bank is not entitled to enforce or retain payment of the payment order if the customer proves that the order was not caused, directly or indirectly, by a person:

1. Entrusted at any time with duties to act for the customer with respect to payment orders or the security procedure; or

2. Who obtained access to transmitting facilities of the customer or who obtained, from a source controlled by the customer and without authority of the receiving bank, information facilitating breach of security procedure, regardless of how the information was obtained or whether the customer was at fault.

Information includes any access device, computer software, or the like.

(2) This section applies to amendments of payment orders to the same extent it applies to payment orders.

SECTION 35. A NEW SECTION OF ARTICLE 4A OF KRS CHAPTER 355 IS CREATED TO READ AS FOLLOWS:

(1) If a receiving bank accepts a payment order issued in the name of its customer as sender which is:

(a) Not authorized and not effective as the order of the customer under Section 33 of this Act; or

(b) Not enforceable, in whole or in part, against the customer under Section 34 of this Act, the bank shall refund any payment of the payment order received from the customer to the extent the bank is not entitled to enforce payment and shall pay interest on the refundable amount calculated from the date the bank received payment to the date of the refund. However, the customer is not entitled to interest from the bank on the amount to be refunded if the customer fails to exercise ordinary care to determine that the order was not authorized by the customer and to notify the bank of the relevant facts within a reasonable time not exceeding ninety (90) days after the date the customer received notification from the bank that the order was accepted or that the customer's account was debited with respect to the order. The bank is not entitled to any recovery from the customer on account of a failure by the customer to give notification as stated in this section.

(2) Reasonable time under subsection (1) may be fixed by agreement as stated in KRS 355.1-204(1), but the obligation of a receiving bank to refund payment as stated in subsection (1) may not otherwise be varied by agreement.

SECTION 36. A NEW SECTION OF ARTICLE 4A OF KRS CHAPTER 355 IS CREATED TO READ AS FOLLOWS:

(1) If an accepted payment order was transmitted pursuant to a security procedure for the detection of error and the payment order:

(a) Erroneously instructed payment to a beneficiary not intended by the sender;

(b) Erroneously instructed payment in an amount greater than the amount intended by the sender; or

(c) Was an erroneously transmitted duplicate of a payment order previously sent by the sender, the following rules apply:

1. If the sender proves that the sender or a person acting on behalf of the sender pursuant to Section 37 of this Act complied with the security procedure and that the error would have been detected if the receiving bank had also complied, the sender is not obliged to pay the order to the extent stated in paragraphs 2. and 3.

2. If the funds transfer is completed on the basis of an erroneous payment order described in clause (a) or (c) of subsection (1), the sender is not obliged to pay the order and the receiving bank is entitled to recover from the beneficiary any amount paid to the beneficiary to the extent allowed by the law governing mistake and restitution.

3. If the funds transfer is completed on the basis of a payment order described in clause (b) of subsection (1), the sender is not obliged to pay the order to the extent the amount received by the beneficiary is greater than the amount intended by the sender. In that case, the receiving bank is entitled to recover from the beneficiary the excess amount received to the extent allowed by the law governing mistake and restitution.

(2) (a) If the sender of an erroneous payment order described in subsection (1) is not obliged to pay all or part of the order; and

(b) The sender receives notification from the receiving bank that the order was accepted by the bank or that the sender's account was debited with respect to the order, the sender has a duty to exercise ordinary care, on the basis of information available to the sender, to discover the error with respect to the order and to advise the bank of the relevant facts within a reasonable time, not exceeding ninety (90) days, after the bank's notification was received by the sender. If the bank proves that the sender failed to perform that duty, the sender is liable to the bank for the loss the bank proves it incurred as a result of the failure, but the liability of the sender may not exceed the amount of the sender's order.

(3) This section applies to amendments to payment orders to the same extent it applies to payment orders.

SECTION 37. A NEW SECTION OF ARTICLE 4A OF KRS CHAPTER 355 IS CREATED TO READ AS FOLLOWS:

(1) If a payment order addressed to a receiving bank is transmitted to a funds-transfer system or other third-party communication system for transmittal to the bank, the system is deemed to be an agent of the sender for the purpose of transmitting the payment order to the bank. If there is a discrepancy between the terms of the payment order transmitted to the system and the terms of the payment order transmitted by the system to the bank, the terms of the payment order of the sender are those transmitted by the system. This section does not apply to a funds-transfer system of the Federal Reserve Banks.

(2) This section applies to cancellations and amendments of payment orders to the same extent it applies to payment orders.

SECTION 38. A NEW SECTION OF ARTICLE 4A OF KRS CHAPTER 355 IS CREATED TO READ AS FOLLOWS:

(1) Subject to subsection (2), if, in a payment order received by the beneficiary's bank, the name, bank account number, or other identification of the beneficiary refers to a nonexistent or unidentifiable person or account, no person has rights as a beneficiary of the order and acceptance of the order cannot occur.

(2) If a payment order received by the beneficiary's bank identifies the beneficiary both by name and by an identifying or bank account number and the name and number identify different persons, the following rules apply:

(a) Except as otherwise provided in subsection (3), if the beneficiary's bank does not know that the name and number refer to different persons, it may rely on the number as the proper identification of the beneficiary of the order. The beneficiary's bank need not determine whether the name and number refer to the same person.

(b) If the beneficiary's bank pays the person identified by name or knows that the name and number identify different persons, no person has rights as beneficiary except the person paid by the beneficiary's bank if that person was entitled to receive payment from the originator of the funds transfer. If no person has rights as beneficiary, acceptance of the order cannot occur.

(3) (a) If a payment order described in subsection (2) is accepted;

(b) The originator's payment order described the beneficiary inconsistently by name and number; and

(c) The beneficiary's bank pays the person identified by number as permitted by subsection (2)(a), the following rules apply:

1. If the originator is a bank, the originator is obliged to pay its order.

2. If the originator is not a bank and proves that the person identified by number was not entitled to receive payment from the originator, the originator is not obliged to pay its order unless the originator's bank proves that the originator, before acceptance of the originator's order, had notice that payment of a payment order issued by the originator might be made by the beneficiary's bank on the basis of an identifying or bank account number even if it identifies a person different from the named beneficiary. Proof of notice may be made by any admissible evidence. The originator's bank satisfies the burden of proof if it proves that the originator, before the payment order was accepted, signed a writing stating the information to which the notice relates.

(4) In a case governed by subsection (2)(a), if the beneficiary's bank rightfully pays the person identified by number and that person was not entitled to receive payment from the originator, the amount paid may be recovered from that person to the extent allowed by the law governing mistake and restitution as follows:

(a) If the originator is obliged to pay its payment order as stated in subsection (3), the originator has the right to recover.

(b) If the originator is not a bank and is not obliged to pay its payment order, the originator's bank has the right to recover.

SECTION 39. A NEW SECTION OF ARTICLE 4A OF KRS CHAPTER 355 IS CREATED TO READ AS FOLLOWS:

(1) This subsection applies to a payment order identifying an intermediary bank or the beneficiary's bank only by an identifying number.

(a) The receiving bank may rely on the number as the proper identification of the intermediary or beneficiary's bank and need not determine whether the number identifies a bank.

(b) The sender is obliged to compensate the receiving bank for any loss and expenses incurred by the receiving bank as a result of its reliance on the number in executing or attempting to execute the order.

(2) This subsection applies to a payment order identifying an intermediary bank or the beneficiary's bank both by name and an identifying number if the name and number identify different persons.

(a) If the sender is a bank, the receiving bank may rely on the number as the proper identification of the intermediary or beneficiary's bank if the receiving bank, when it executes the sender's order, does not know that the name and number identify different persons. The receiving bank need not determine whether the name and number refer to the same person or whether the number refers to a bank. The sender is obliged to compensate the receiving bank for any loss and expenses incurred by the receiving bank as a result of its reliance on the number in executing or attempting to execute the order.

(b) If the sender is not a bank and the receiving bank proves that the sender, before the payment order was accepted, had notice that the receiving bank might rely on the number as the proper identification of the intermediary or beneficiary's bank even if it identifies a person different from the bank identified by name, the rights and obligations of the sender and the receiving bank are governed by subsection (1)(b), as though the sender were a bank. Proof of notice may be made by any admissible evidence. The receiving bank satisfies the burden of proof if it proves that the sender, before the payment order was accepted, signed a writing stating the information to which the notice relates.

(c) Regardless of whether the sender is a bank, the receiving bank may rely on the name as the proper identification of the intermediary or beneficiary's bank if the receiving bank, at the time it executes the

sender's order, does not know that the name and number identify different persons. The receiving bank need not determine whether the name and number refer to the same person.

(d) If the receiving bank knows that the name and number identify different persons, reliance on either the name or the number in executing the sender's payment order is a breach of the obligation stated in Section 45(1)(a) of this Act.

SECTION 40. A NEW SECTION OF ARTICLE 4A OF KRS CHAPTER 355 IS CREATED TO READ AS FOLLOWS:

(1) Subject to subsection (4), a receiving bank other than the beneficiary's bank accepts a payment order when it executes the order.

(2) Subject to subsections (3) and (4), a beneficiary's bank accepts a payment order at the earliest of the following times:

(a) When the bank:

1. Pays the beneficiary as stated in Section 53(1) or 53(2) of this Act; or

2. Notifies the beneficiary of receipt of the order or that the account of the beneficiary has been credited with respect to the order unless the notice indicates that the bank is rejecting the order or that funds with respect to the order may not be withdrawn or used until receipt of payment from the sender of the order.

(b) When the bank receives payment of the entire amount of the sender's order pursuant to Section 51(1)(a) or 51(1)(b) of this Act; or

(c) The opening of the next funds-transfer business day of the bank following the payment date of the order if, at that time, the amount of the sender's order is fully covered by a withdrawable credit balance in an authorized account of the sender or the bank has otherwise received full payment from the sender, unless the order was rejected before that time or is rejected within;

1. One hour after that time; or

2. One hour after the opening of the next business day of the sender following the payment date if that time is later. If notice of rejection is received by the sender after the payment date and the authorized account of the sender does not bear interest, the bank is obliged to pay interest to the sender on the amount of the order for the number of days elapsing after the payment date to the day the sender receives notice or learns that the order was not accepted, counting that day as an elapsed day. If the withdrawable credit balance during that period falls below the amount of the order, the amount of interest payable is reduced accordingly.

(3) Acceptance of a payment order cannot occur before the order is received by the receiving bank. Acceptance does not occur under subsection (2)(b) or (2)(c) if the beneficiary of the payment order does not have an account with the receiving bank, the account has been closed, or the receiving bank is not permitted by law to receive credits for the beneficiary's account.

(4) A payment order issued to the originator's bank cannot be accepted until the payment date if the bank is the beneficiary's bank, or the execution date if the bank is not the beneficiary's bank. If the originator's bank executes the originator's payment order before the execution date or pays the beneficiary of the originator's payment order before the payment date and the payment order is subsequently canceled pursuant to Section 19 of this Act, the bank may recover from the beneficiary any payment received to the extent allowed by the law governing mistake and restitution.

SECTION 41. A NEW SECTION OF ARTICLE 4A OF KRS CHAPTER 355 IS CREATED TO READ AS FOLLOWS:

(1) A payment order is rejected by the receiving bank by a notice of rejection transmitted to the sender orally, electronically, or in writing. A notice of rejection need not use any particular words and is sufficient if it indicates that the receiving bank is rejecting the order or will not execute or pay the order. Rejection is effective when the notice is given if transmission is by a means that is reasonable in the circumstances. If notice of rejection is given by a means that is not reasonable, rejection is effective when the notice is received. If an agreement of the sender and receiving bank establishes the means to be used to reject a payment order:

(a) Any means complying with the agreement is reasonable; and

(b) Any means not complying is not reasonable unless no significant delay in receipt of the notice resulted from the use of the noncomplying means.

(2) This subsection applies if a receiving bank other than the beneficiary's bank fails to execute a payment order despite the existence on the execution date of a withdrawable credit balance in an authorized account of the sender sufficient to cover the order. If the sender does not receive notice of rejection of the order on the execution date and the authorized account of the sender does not bear interest, the bank is obliged to pay interest to the sender on the amount of the order for the number of days elapsing after the execution date to the earlier of the day the order is canceled pursuant to Section 42(4) of this Act or the day the sender receives notice or learns that the order was not executed, counting the final day of the period as an elapsed day. If the withdrawable credit balance during that period falls below the amount of the order, the amount of interest is reduced accordingly.

(3) If a receiving bank suspends payments, all unaccepted payment orders issued to it are deemed rejected at the time the bank suspends payments.

(4) Acceptance of a payment order precludes a later rejection of the order. Rejection of a payment order precludes a later acceptance of the order.

SECTION 42. A NEW SECTION OF ARTICLE 4A OF KRS CHAPTER 355 IS CREATED TO READ AS FOLLOWS:

(1) A communication of the sender of a payment order cancelling or amending the order may be transmitted to the receiving bank orally, electronically, or in writing. If a security procedure is in effect between the sender and the receiving bank, the communication is not effective to cancel or amend the order unless the communication is verified pursuant to the security procedure or the bank agrees to the cancellation or amendment.

(2) Subject to subsection (1), a communication by the sender cancelling or amending a payment order is effective to cancel or amend the order if notice of the communication is received at a time and in a manner affording the receiving bank a reasonable opportunity to act on the communication before the bank accepts the payment order.

(3) After a payment order has been accepted, cancellation or amendment of the order is not effective unless the receiving bank agrees or a funds-transfer system rule allows cancellation or amendment without agreement of the bank.

(a) With respect to a payment order accepted by a receiving bank other than the beneficiary's bank, cancellation or amendment is not effective unless a conforming cancellation or amendment of the payment order issued by the receiving bank is also made.

(b) With respect to a payment order accepted by the beneficiary's bank, cancellation or amendment is not effective unless the order was issued in execution of an unauthorized payment order, or because of a mistake by a sender in the funds transfer which resulted in the issuance of a payment order:

1. That is a duplicate of a payment order previously issued by the sender;

2. That orders payment to a beneficiary not entitled to receive payment from the originator; or

3. That orders payment in an amount greater than the amount the beneficiary was entitled to receive from the originator. If the payment order is canceled or amended, the beneficiary's bank is entitled to recover from the beneficiary any amount paid to the beneficiary to the extent allowed by the law governing mistake and restitution.

(4) An unaccepted payment order is canceled by operation of law at the close of the fifth funds-transfer business day of the receiving bank after the execution date or payment date of the order.

(5) A canceled payment order cannot be accepted. If an accepted payment order is canceled, the acceptance is nullified and no person has any right or obligation based on the acceptance. Amendment of a payment order is deemed to be cancellation of the original order at the time of amendment and issue of a new payment order in the amended form at the same time.

(6) Unless otherwise provided in an agreement of the parties or in a funds-transfer system rule, if the receiving bank, after accepting a payment order, agrees to cancellation or amendment of the order by the sender or is bound by a funds-transfer system rule allowing cancellation or amendment without the bank's agreement, the sender, whether or not cancellation or amendment is effective, is liable to the bank for any loss and expenses, including reasonable attorney's fees, incurred by the bank as a result of the cancellation or amendment or attempted cancellation or amendment.

(7) A payment order is not revoked by the death or legal incapacity of the sender unless the receiving bank knows of the death or of an adjudication of incapacity by a court of competent jurisdiction and has reasonable opportunity to act before acceptance of the order.

(8) A funds-transfer system rule is not effective to the extent it conflicts with subsection (3)(b).

SECTION 43. A NEW SECTION OF ARTICLE 4A OF KRS CHAPTER 355 IS CREATED TO READ AS FOLLOWS:

If a receiving bank fails to accept a payment order that it is obliged by express agreement to accept, the bank is liable for breach of the agreement to the extent provided in the agreement or in this article, but does not otherwise have any duty to accept a payment order or, before acceptance, to take any action, or refrain from taking action, with respect to the order except as provided in this article or by express agreement. Liability based on acceptance arises only when acceptance occurs as stated in Section 40 of this Act, and liability is limited to that provided in this article. A receiving bank is not the agent of the sender or beneficiary of the payment order it accepts, or of any other party to the funds transfer, and the bank owes no duty to any party to the funds transfer except as provided in this article or by express agreement.

PART 3

EXECUTION OF SENDER'S PAYMENT ORDER BY RECEIVING BANK

SECTION 44. A NEW SECTION OF ARTICLE 4A OF KRS CHAPTER 355 IS CREATED TO READ AS FOLLOWS:

(1) A payment order is "executed" by the receiving bank when it issues a payment order intended to carry out the payment order received by the bank. A payment order received by the beneficiary's bank can be accepted but cannot be executed.

(2) "Execution date" of a payment order means the day on which the receiving bank may properly issue a payment order in execution of the sender's order. The execution date may be determined by instruction of the sender but cannot be earlier than the day the order is received and, unless otherwise determined, is the day the order is received. If the sender's instruction states a payment date, the execution date is the payment date or an earlier date on which execution is reasonably necessary to allow payment to the beneficiary on the payment date.

SECTION 45. A NEW SECTION OF ARTICLE 4A OF KRS CHAPTER 355 IS CREATED TO READ AS FOLLOWS:

(1) Except as provided in subsections (2) through (4), if the receiving bank accepts a payment order pursuant to Section 40(1) of this Act, the bank has the following obligations in executing the order:

(a) The receiving bank is obliged to issue, on the execution date, a payment order complying with the sender's order and to follow the sender's instructions concerning:

1. Any intermediary bank or funds-transfer system to be used in carrying out the funds transfer; or

2. The means by which payment orders are to be transmitted in the funds transfer. If the originator's bank issues a payment order to an intermediary bank, the originator's bank is obliged to instruct the intermediary bank according to the instruction of the originator. An intermediary bank in the funds transfer is similarly bound by an instruction given to it by the sender of the payment order it accepts;

(b) If the sender's instruction states that the funds transfer is to be carried out telephonically or by wire transfer or otherwise indicates that the funds transfer is to be carried out by the most expeditious means, the receiving bank is obliged to transmit its payment order by the most expeditious available means, and to instruct any intermediary bank accordingly. If a sender's instruction states a payment date, the receiving bank is obliged to transmit its payment order at a time and by means reasonably necessary to allow payment to the beneficiary on the payment date or as soon thereafter as is feasible.

(2) Unless otherwise instructed, a receiving bank executing a payment order may:

(a) Use any funds-transfer system if use of that system is reasonable in the circumstances; and

(b) Issue a payment order to the beneficiary's bank or to an intermediary bank through which a payment order conforming to the sender's order can expeditiously be issued to the beneficiary's bank if the receiving bank exercises ordinary care in the selection of the intermediary bank. A receiving bank is not required to follow an instruction of the sender designating a funds-transfer system to be used in carrying out the funds transfer if the receiving bank, in good faith, determines that it is not feasible to follow the instruction or that following the instruction would unduly delay completion of the funds transfer.

(3) Unless subsection (1)(b) applies or the receiving bank is otherwise instructed, the bank may execute a payment order by transmitting its payment order by first class mail or by any means reasonable in the circumstances. If the receiving bank is instructed to execute the sender's order by transmitting its payment order by a particular means, the receiving bank may issue its payment order by the means stated or by any means as expeditious as the means stated.

(4) Unless instructed by the sender:

(a) The receiving bank may not obtain payment of its charges for services and expenses in connection with the execution of the sender's order by issuing a payment order in an amount equal to the amount of the sender's order less the amount of the charges; and

(b) May not instruct a subsequent receiving bank to obtain payment of its charges in the same manner.

SECTION 46. A NEW SECTION OF ARTICLE 4A OF KRS CHAPTER 355 IS CREATED TO READ AS FOLLOWS:

(1) A receiving bank that:

(a) Executes the payment order of the sender by issuing a payment order in an amount greater than the amount of the sender's order; or

(b) Issues a payment order in execution of the sender's order and then issues a duplicate order, is entitled to payment of the amount of the sender's order under Section 50(3) of this Act if that subsection is otherwise satisfied. The bank is entitled to recover from the beneficiary of the erroneous order the excess payment received to the extent allowed by the law governing mistake and restitution.

(2) A receiving bank that executes the payment order of the sender by issuing a payment order in an amount less than the amount of the sender's order is entitled to payment of the amount of the sender's order under Section 50(3) of this Act if:

(a) That subsection is otherwise satisfied; and

(b) The bank corrects its mistake by issuing an additional payment order for the benefit of the beneficiary of the sender's order. If the error is not corrected, the issuer of the erroneous order is entitled to receive or retain payment from the sender of the order it accepted only to the extent of the amount of the erroneous order. This subsection does not apply if the receiving bank executes the sender's payment order by issuing a payment order in an amount less than the amount of the sender's order for the purpose of obtaining payment of its charges for services and expenses pursuant to instruction of the sender.

(3) If a receiving bank executes the payment order of the sender by issuing a payment order to a beneficiary different from the beneficiary of the sender's order and the funds transfer is completed on the basis of that error, the sender of the payment order that was erroneously executed and all previous senders in the funds transfer are not obliged to pay the payment orders they issued. The issuer of the erroneous order is entitled to recover from the beneficiary of the order the payment received to the extent allowed by the law governing mistake and restitution.

SECTION 47. A NEW SECTION OF ARTICLE 4A OF KRS CHAPTER 355 IS CREATED TO READ AS FOLLOWS:

If the sender of a payment order that is erroneously executed as stated in Section 46 of this Act receives notification from the receiving bank that the order was executed or that the sender's account was debited with respect to the order, the sender has a duty to exercise ordinary care to determine, on the basis of information available to the sender, that the order was erroneously executed and to notify the bank of the *relevant facts within a reasonable time not exceeding ninety (90) days after the notification from the bank was received by the sender. If the sender fails to perform that duty, the bank is not obliged to pay interest on any amount refundable to the sender under Section 50(4) of this Act for the period before the bank learns of the execution error. The bank is not entitled to any recovery from the sender on account of a failure by the sender to perform the duty stated in this section.*

SECTION 48. A NEW SECTION OF ARTICLE 4A OF KRS CHAPTER 355 IS CREATED TO READ AS FOLLOWS:

(1) If a funds transfer is completed but execution of a payment order by the receiving bank in breach of Section 45 of this Act results in delay in payment to the beneficiary, the bank is obliged to pay interest to either the originator or the beneficiary of the funds transfer for the period of delay caused by the improper execution. Except as provided in subsection (3), additional damages are not recoverable.

(2) If execution of a payment order by a receiving bank in breach of Section 45 of this Act results in:

(a) Noncompletion of the funds transfer;

(b) Failure to use an intermediary bank designated by the originator; or

(c) Issuance of a payment order that does not comply with the terms of the payment order of the originator, the bank is liable to the originator for its expenses in the funds transfer and for incidental expenses and interest losses, to the extent not covered by subsection (1), resulting from the improper execution. Except as provided in subsection (3), additional damages are not recoverable.

(3) In addition to the amounts payable under subsections (1) and (2), damages, including consequential damages, are recoverable to the extent provided in an express written agreement of the receiving bank.

(4) If a receiving bank fails to execute a payment order it was obliged by express agreement to execute, the receiving bank is liable to the sender for its expenses in the transaction and for incidental expenses and interest losses resulting from the failure to execute. Additional damages, including consequential damages, are recoverable to the extent provided in an express written agreement of the receiving bank, but are not otherwise recoverable.

(5) Reasonable attorney's fees are recoverable if demand for compensation under subsection (1) or (2) is made and refused before an action is brought on the claim. If a claim is made for breach of an agreement under subsection (4) and the agreement does not provide for damages, reasonable attorney's fees are recoverable if demand for compensation under subsection (4) is made and refused before an action is brought on the claim.

(6) Except as stated in this section, the liability of a receiving bank under subsections (1) and (2) may not be varied by agreement.

PART 4

PAYMENT

SECTION 49. A NEW SECTION OF ARTICLE 4A OF KRS CHAPTER 355 IS CREATED TO READ AS FOLLOWS:

"Payment date" of a payment order means the day on which the amount of the order is payable to the beneficiary by the beneficiary's bank. The payment date may be determined by instruction of the sender but cannot be earlier than the day the order is received by the beneficiary's bank and, unless otherwise determined, is the day the order is received by the beneficiary's bank.

SECTION 50. A NEW SECTION OF ARTICLE 4A KRS CHAPTER 355 IS CREATED TO READ AS FOLLOWS:

(1) This section is subject to Sections 36 and 37 of this Act.

(2) With respect to a payment order issued to the beneficiary's bank, acceptance of the order by the bank obliges the sender to pay the bank the amount of the order, but payment is not due until the payment date of the order.

(3) This subsection is subject to subsection (5) and to Section 46 of this Act. With respect to a payment order issued to a receiving bank other than the beneficiary's bank, acceptance of the order by the receiving bank obliges the sender to pay the bank the amount of the sender's order. Payment by the sender is not due until the execution date of the sender's order. The obligation of that sender to pay its payment order is excused if the funds transfer is not completed by acceptance by the beneficiary's bank of a payment order instructing payment to the beneficiary of that sender's payment order.

(4) If the sender of a payment order pays the order and was not obliged to pay all or part of the amount paid, the bank receiving payment is obliged to refund payment to the extent the sender was not obliged to pay. Except as provided in Sections 35 and 47 of this Act, interest is payable on the refundable amount from the date of payment.

(5) If a funds transfer is not completed as stated in subsection (3) and an intermediary bank is obliged to refund payment as stated in subsection (4) but is unable to do so because not permitted by applicable law or because the bank suspends payments, a sender in the funds transfer that executed a payment order in compliance with an instruction, as stated in Section 45(1)(a) of this Act, to route the funds transfer through that intermediary bank is entitled to receive or retain payment from the sender of the payment order that it accepted. The first sender in the funds transfer that issued an instruction requiring routing through that intermediary bank is subrogated to the right of the bank that paid the intermediary bank to refund as stated in subsection (4).

(6) The right of the sender of a payment order to be excused from the obligation to pay the order as stated in subsection (3) or to receive refund under subsection (4) may not be varied by agreement.

SECTION 51. A NEW SECTION OF ARTICLE 4A OF KRS CHAPTER 355 IS CREATED TO READ AS FOLLOWS:

(1) Payment of the sender's obligation under Section 50 of this Act to pay the receiving bank occurs as follows:

(a) If the sender is a bank, payment occurs when the receiving bank receives final settlement of the obligation through a Federal Reserve Bank or through a funds-transfer system.

(b) If the sender is a bank and the sender:

1. Credited an account of the receiving bank with the sender; or

2. Caused an account of the receiving bank in another bank to be credited, payment occurs when the credit is withdrawn or, if not withdrawn, at midnight of the day on which the credit is withdrawable and the receiving bank learns of that fact.

(c) If the receiving bank debits an account of the sender with the receiving bank, payment occurs when the debit is made to the extent the debit is covered by a withdrawable credit balance in the account.

(2) If the sender and receiving bank are members of a funds-transfer system that nets obligations multilaterally among participants, the receiving bank receives final settlement when settlement is complete in accordance with the rules of the system. The obligation of the sender to pay the amount of a payment order transmitted through the funds-transfer system may be satisfied, to the extent permitted by the rules of the system, by setting off and applying against the sender's obligation the right of the sender to receive payment from the receiving bank of the amount of any other payment order transmitted to the sender by the receiving bank through the funds-transfer system. The aggregate balance of obligations owed by each sender to each receiving bank in the funds-transfer system may be satisfied, to the extent permitted by the rules of the system, by setting off and applying against that balance the aggregate balance of obligations owed to the sender by other members of the system. The aggregate balance is determined after the right of setoff stated in the second sentence of this subsection has been exercised.

(3) If two (2) banks transmit payment orders to each other under an agreement that settlement of the obligations of each bank to the other under Section 27 of this Act will be made at the end of the day or other period, the total amount owed with respect to all orders transmitted by one (1) bank shall be set off against the total amount owed with respect to all orders transmitted by the other bank. To the extent of the setoff, each bank has made payment to the other.

(4) In a case not covered by subsection (1), the time when payment of the sender's obligation under Section 50(2) or 50(3) of this Act occurs is governed by applicable principles of law that determine when an obligation is satisfied.

SECTION 52. A NEW SECTION OF ARTICLE 4A OF KRS CHAPTER 355 IS CREATED TO READ AS FOLLOWS:

(1) Subject to Sections 42(5), 53(4), and 53(5) of this Act, if a beneficiary's bank accepts a payment order, the bank is obliged to pay the amount of the order to the beneficiary of the order. Payment is due on the payment date of the order, but if acceptance occurs on the payment date after the close of the funds-transfer business day of the bank, payment is due on the next funds-transfer business day. If the bank refuses to pay after demand by the beneficiary and receipt of notice of particular circumstances that will give rise to consequential damages as a result of nonpayment, the beneficiary may recover damages resulting from the refusal to pay to the extent the bank had notice of the damages, unless the bank proves that it did not pay because of a reasonable doubt concerning the right of the beneficiary to payment.

(2) If a payment order accepted by the beneficiary's bank instructs payment to an account of the beneficiary, the bank is obliged to notify the beneficiary of receipt of the order before midnight of the next funds-transfer business day following the payment date. If the payment order does not instruct payment to an account of the beneficiary, the bank is required to notify the beneficiary only if notice is required by the order. Notice may be given by first class mail or any other means reasonable in the circumstances. If the bank fails to give the required notice, the bank is obliged to pay interest to the beneficiary on the amount of the payment order from the day notice should have been given until the day the beneficiary learned of receipt of the payment order by the bank. No other damages are recoverable. Reasonable attorney's fees are also recoverable if demand for interest is made and refused before an action is brought on the claim.

(3) The right of a beneficiary to receive payment and damages as stated in subsection (1) may not be varied by agreement or a funds-transfer system rule. The right of a beneficiary to be notified as stated in subsection (2) may be varied by agreement of the beneficiary or by a funds-transfer system rule if the beneficiary is notified of the rule before initiation of the funds transfer.

SECTION 53. A NEW SECTION OF ARTICLE 4A OF KRS CHAPTER 355 IS CREATED TO READ AS FOLLOWS:

(1) If the beneficiary's bank credits an account of the beneficiary of a payment order, payment of the bank's obligation under Section 52(1) of this Act occurs when and to the extent:

(a) The beneficiary is notified of the right to withdraw the credit;

(b) The bank lawfully applies the credit to a debt of the beneficiary; or

(c) Funds with respect to the order are otherwise made available to the beneficiary by the bank.

(2) If the beneficiary's bank does not credit an account of the beneficiary of a payment order, the time when payment of the bank's obligation under Section 52(1) of this Act occurs is governed by principles of law that determine when an obligation is satisfied.

(3) Except as stated in subsections (4) and (5), if the beneficiary's bank pays the beneficiary of a payment order under a condition to payment or agreement of the beneficiary giving the bank the right to recover payment from the beneficiary if the bank does not receive payment of the order, the condition to payment or agreement is not enforceable.

(4) A funds-transfer system rule may provide that payments made to beneficiaries of funds transfers made through the system are provisional until receipt of payment by the beneficiary's bank of the payment order it accepted. A beneficiary's bank that makes a payment that is provisional under the rule is entitled to refund from the beneficiary if:

(a) The rule requires that both the beneficiary and the originator be given notice of the provisional nature of the payment before the funds transfer is initiated;

(b) The beneficiary, the beneficiary's bank and the originator's bank agreed to be bound by the rule; and

(c) The beneficiary's bank did not receive payment of the payment order that it accepted. If the beneficiary is obliged to refund payment to the beneficiary's bank, acceptance of the payment order by the beneficiary's bank is nullified and no payment by the originator of the funds transfer to the beneficiary occurs under Section 54 of this Act.

(5) This subsection applies to a funds transfer that includes a payment order transmitted over a funds-transfer system that:

(a) Nets obligations multilaterally among participants; and

(b) Has in effect a loss-sharing agreement among participants for the purpose of providing funds necessary to complete settlement of the obligations of one (1) or more participants that do not meet their settlement obligations. If the beneficiary's bank in the funds transfer accepts a payment order and the system fails to complete settlement pursuant to its rules with respect to any payment order in the funds transfer,

1. The acceptance by the beneficiary's bank is nullified and no person has any right or obligation based on the acceptance;

2. The beneficiary's bank is entitled to recover payment from the beneficiary;

3. No payment by the originator to the beneficiary occurs under Section 54 of this Act; and

4. Subject to Section 50(5) of this Act, each sender in the funds transfer is excused from its obligation to pay its payment order under Section 50(3) of this Act because the funds transfer has not been completed.

SECTION 54. A NEW SECTION OF ARTICLE 4A OF KRS CHAPTER 355 IS CREATED TO READ AS FOLLOWS:

(1) Subject to Sections 42(5), 53(4), and 53(5) of this Act, the originator of a funds transfer pays the beneficiary of the originator's payment order:

(a) At the time a payment order for the benefit of the beneficiary is accepted by the beneficiary's bank in the funds transfer; and

(b) In an amount equal to the amount of the order accepted by the beneficiary's bank, but not more than the amount of the originator's order.

(2) If payment under subsection (1) is made to satisfy an obligation, the obligation is discharged to the same extent discharge would result from payment to the beneficiary of the same amount in money, unless:

(a) The payment under subsection (1) was made by a means prohibited by the contract of the beneficiary with respect to the obligation;

(b) The beneficiary, within a reasonable time after receiving notice of receipt of the order by the beneficiary's bank, notified the originator of the beneficiary's refusal of the payment;

(c) Funds with respect to the order were not withdrawn by the beneficiary or applied to a debt of the beneficiary; and

(d) The beneficiary would suffer a loss that could reasonably have been avoided if payment had been made by a means complying with the contract. If payment by the originator does not result in discharge under this section, the originator is subrogated to the rights of the beneficiary to receive payment from the beneficiary's bank under Section 52(1) of this Act.

(3) For the purpose of determining whether discharge of an obligation occurs under subsection (2), if the beneficiary's bank accepts a payment order in an amount equal to the amount of the originator's payment order less charges of one (1) or more receiving banks in the funds transfer, payment to the beneficiary is deemed to be in the amount of the originator's order unless upon demand by the beneficiary the originator does not pay the beneficiary the amount of the deducted charges.

(4) Rights of the originator or of the beneficiary of a funds transfer under this section may be varied only by agreement of the originator and the beneficiary.

PART 5

MISCELLANEOUS PROVISIONS

SECTION 55. A NEW SECTION OF ARTICLE 4A OF KRS CHAPTER 355 IS CREATED TO READ AS FOLLOWS:

(1) Except as otherwise provided in this article, the rights and obligations of a party to a funds transfer may be varied by agreement of the affected party.

(2) "Funds-transfer system rule" means a rule of an association of banks:

(a) Governing transmission of payment orders by means of a funds-transfer system of the association or rights and obligations with respect to those orders; or

(b) To the extent the rule governs rights and obligations between banks that are parties to a funds transfer in which a Federal Reserve Bank, acting as an intermediary bank, sends a payment order to the beneficiary's bank. Except as otherwise provided in this article, a funds-transfer system rule governing rights and obligations between participating banks using the system may be effective even if the rule conflicts with this article and indirectly affects another party to the funds transfer who does not consent to the rule. A funds-transfer system rule may also govern rights and obligations of parties other than participating banks using the system to the extent stated in Sections 52(3), 53(4), and 61(3) of this Act.

SECTION 56. A NEW SECTION OF ARTICLE 4A OF KRS CHAPTER 355 IS CREATED TO READ AS FOLLOWS:

(1) As used in this section, "creditor process" means levy, attachment, garnishment, notice of lien, sequestration, or similar process issued by or on behalf of a creditor or other claimant with respect to an account.

(2) This subsection applies to creditor process with respect to an authorized account of the sender of a payment order if the creditor process is served on the receiving bank. For the purpose of determining rights with respect to the creditor process, if the receiving bank accepts the payment order the balance in the authorized account is deemed to be reduced by the amount of the payment order to the extent the bank did not otherwise receive payment of the order, unless the creditor process is served at a time and in a manner affording the bank a reasonable opportunity to act on it before the bank accepts the payment order.

(3) If a beneficiary's bank has received a payment order for payment to the beneficiary's account in the bank, the following rules apply:

(a) The bank may credit the beneficiary's account. The amount credited may be set off against an obligation owed by the beneficiary to the bank or may be applied to satisfy creditor process served on the bank with respect to the account.

(b) The bank may credit the beneficiary's account and allow withdrawal of the amount credited unless creditor process with respect to the account is served at a time and in a manner affording the bank a reasonable opportunity to act to prevent withdrawal.

(c) If creditor process with respect to the beneficiary's account has been served and the bank has had a reasonable opportunity to act on it, the bank may not reject the payment order except for a reason unrelated to the service of process.

(4) Creditor process with respect to a payment by the originator to the beneficiary pursuant to a funds transfer may be served only on the beneficiary's bank with respect to the debt owed by that bank to the beneficiary. Any other bank served with the creditor process is not obliged to act with respect to the process.

SECTION 57. A NEW SECTION OF ARTICLE 4A OF KRS CHAPTER 355 IS CREATED TO READ AS FOLLOWS:

For proper cause and in compliance with applicable law, a court may restrain:

(1) A person from issuing a payment order to initiate a funds transfer;

(2) An originator's bank from executing the payment order of the originator; or

(3) The beneficiary's bank from releasing funds to the beneficiary or the beneficiary from withdrawing the funds. A court may not otherwise restrain a person from issuing a payment order, paying or receiving payment of a payment order, or otherwise acting with respect to a funds transfer.

SECTION 58. A NEW SECTION OF ARTICLE 4A OF KRS CHAPTER 355 IS CREATED TO READ AS FOLLOWS:

(1) If a receiving bank has received more than one (1) payment order of the sender or one (1) or more payment orders and other items that are payable from the sender's account, the bank may charge the sender's account with respect to the various orders and items in any sequence.

(2) In determining whether a credit to an account has been withdrawn by the holder of the account or applied to a debt of the holder of the account, credits first made to the account are first withdrawn or applied.

SECTION 59. A NEW SECTION OF ARTICLE 4A OF KRS CHAPTER 355 IS CREATED TO READ AS FOLLOWS:

If a receiving bank has received payment from its customer with respect to a payment order issued in the name of the customer as sender and accepted by the bank, and the customer received notification reasonably identifying the order, the customer is precluded from asserting that the bank is not entitled to retain the payment unless the customer notifies the bank of the customer's objection to the payment within one year after the notification was received by the customer.

SECTION 60. A NEW SECTION OF ARTICLE 4A OF KRS CHAPTER 355 IS CREATED TO READ AS FOLLOWS:

(1) If, under this article, a receiving bank is obliged to pay interest with respect to a payment order issued to the bank, the amount payable may be determined:

(a) By agreement of the sender and receiving bank; or

(b) By a funds-transfer system rule if the payment order is transmitted through a funds-transfer system.

(2) If the amount of interest is not determined by an agreement or rule as stated in subsection (1), the amount is calculated by multiplying the applicable Federal Funds rate by the amount on which interest is payable, and then multiplying the product by the number of days for which interest is payable. The applicable Federal Funds rate is the average of the Federal Funds rates published by the Federal Reserve Bank of New York for each of the days for which interest is payable divided by three hundred sixty (360). The Federal Funds rate for any day on which a published rate is not available is the same as the published rate for the next preceding day for which there is a published rate. If a receiving bank that accepted a payment order is required to refund payment to the sender of the order because the funds transfer was not completed, but the failure to complete was not due to any fault by the bank, the interest payable is reduced by a percentage equal to the reserve requirement on deposits of the receiving bank.

SECTION 61. A NEW SECTION OF ARTICLE 4A OF KRS CHAPTER 355 IS CREATED TO READ AS FOLLOWS:

(1) The following rules apply unless the affected parties otherwise agree or subsection (3) applies:

(a) The rights and obligations between the sender of a payment order and the receiving bank are governed by the law of the jurisdiction in which the receiving bank is located.

(b) The rights and obligations between the beneficiary's bank and the beneficiary are governed by the law of the jurisdiction in which the beneficiary's bank is located.

(c) The issue of when payment is made pursuant to a funds transfer by the originator to the beneficiary is governed by the law of the jurisdiction in which the beneficiary's bank is located.

(2) If the parties described in each paragraph of subsection (1) have made an agreement selecting the law of a particular jurisdiction to govern rights and obligations between each other, the law of that jurisdiction governs those rights and obligations, whether or not the payment order or the funds transfer bears a reasonable relation to that jurisdiction.

(3) A funds-transfer system rule may select the law of a particular jurisdiction to govern:

(a) Rights and obligations between participating banks with respect to payment orders transmitted or processed through the system; or

(b) The rights and obligations of some or all parties to a funds transfer any part of which is carried out by means of the system.

A choice of law made pursuant to clause (a) is binding on participating banks. A choice of law made pursuant to clause (b) is binding on the originator, other sender, or a receiving bank having notice that the funds-transfer system might be used in the funds transfer and of the choice of law by the system when the originator, other sender, or receiving bank issued or accepted a payment order. The beneficiary of a funds transfer is bound by the choice of law if, when the funds transfer is initiated, the beneficiary has notice that the funds-transfer system might be used in the funds transfer and of the choice of law by the system. The law of a jurisdiction selected pursuant to this subsection may govern, whether or not that law bears a reasonable relation to the matter in issue.

(4) In the event of inconsistency between an agreement under subsection (2) and a choice-of-law rule under subsection (3), the agreement under subsection (2) prevails.

(5) If a funds transfer is made by use of more than one funds-transfer system and there is inconsistency between choice-of-law rules of the systems, the matter in issue is governed by the law of the selected jurisdiction that has the most significant relationship to the matter in issue.

Section 62. KRS 355.1-105 is amended to read as follows:

(1) Except as provided hereafter in this section, when a transaction bears a reasonable relation to this state and also to another state or nation the parties may agree that the law either of this state or of such other state or nation shall govern their rights and duties. Failing such agreement this chapter applies to transactions bearing an appropriate relation to this state.

(2) Where one ***(1)*** of the following provisions of this chapter specifies the applicable law, that provision governs and a contrary agreement is effective only to the extent permitted by the law (including the conflict of the laws rules) so specified:

(4) The rights of other purchasers of goods and of lien creditors are governed by the Articles on Secured Transactions (Article 9)[~~, Bulk Transfers (Article 6)~~] and Documents of Title (Article 7).

Section 64. Rights and obligations that arose under KRS 355.6-101 to 355.6-111 and KRS 355.9-111 of the Uniform Commercial Code before their repeal remain valid and may be enforced as though those statutes had not been repealed.

However, the credit carryover may not be used for any tax year that begins on or after January 1, ***1996*** [~~1994~~]. The amount of the carryover from a tax year shall be reduced to the extent that the carryover is used by the taxpayer to obtain a credit under KRS 155.410 to 155.490 for any subsequent tax year.

(4) Further, for a period not to exceed five (5) consecutive years, income that is taxable to a taxpayer who purchased a qualified investment by reason of ownership of the qualified investment shall be exempt from income taxes imposed by KRS Chapter 141 if the qualified investment is invested in an agribusiness as defined in KRS 155.420(7).

Section 7. KRS 155.480 is amended to read as follows:

(1) If a qualified investment which is the basis for a credit under this chapter is redeemed by the fund or ***if the fund allows the qualified investment to be*** withdrawn by the taxpayer within five (5) years of the date it is purchased, the credit provided by this chapter for the qualified investment shall be disallowed, and any credit previously claimed and allowed with respect to the qualified investment so redeemed or withdrawn shall be paid to the Revenue Cabinet with the appropriate return of the taxpayer covering the period in which the redemption or withdrawal occurred. When payments are made to the cabinet under this section, the amount collected shall be handled in exactly the same manner as if no credit had been allowed.

(2) The administration of subsection (1) of this section shall not be limited by the provisions of KRS 141.210.

(6)[~~(7)~~] The panel shall have the authority to select or dismiss the managing firm of the Commonwealth venture fund, negotiate management fees. ***The management firm shall*** [~~, and~~] determine ***and report*** the policy for ***investments and for*** dividends, profit sharing or reinvestment of proceeds realized from investments made by the Commonwealth venture fund ***and*** [~~. The panel~~] shall not authorize any dividends to be paid from income received from investments made pursuant to subsection (1)(b) of this section until ***that investment*** [~~such~~] income has been reinvested in a small business for at least five (5) years.

Section 5. KRS 155.440 is amended to read as follows:

(1) Subject to KRS 155.450, a taxpayer ***may receive*** [~~is entitled to~~] a credit against any state tax liability which may be imposed on the taxpayer for any tax year beginning after December 31, ***1991*** [~~1989~~], if the taxpayer purchases a qualified investment in the Commonwealth venture fund. However, a taxpayer may only receive a credit for qualified investments purchased during calendar years ***1991, 1992, 1993, 1994, 1995, 1996, 1997, 1998, and 1999*** [~~1988, 1989, 1990 and 1991~~]. The total amount of credit that a taxpayer may receive under KRS 155.410 to 155.490 shall be determined by multiplying the consideration paid for all qualified investments purchased by the taxpayer by four-tenths (.4) ***or forty percent (40%).***

(2) The amount of credit that a taxpayer may receive under KRS 155.410 to 155.490 for a particular taxable year shall not exceed ***twenty-five percent (25%) of the total amount of credit as determined under subsection (1) of this section, and it shall not exceed*** the taxpayer's state tax liability, reduced by other credits to which the taxpayer is entitled, for that taxable year.

(3) If the amount determined in subsection (1) of this section exceeds the taxpayer's state tax liability for that tax year, then the taxpayer may carry the excess credit over to the immediately succeeding tax years. However, the credit carryover may not be used for any tax year that begins on or after January 1, ***1996*** [~~1994~~]. The amount of the carryover from a tax year shall be reduced to the extent that the carryover is used by the taxpayer to obtain a credit under KRS 155.410 to 155.490 for any subsequent tax year.

Section 6. KRS 155.460 is amended to read as follows:

(1) A credit to which a taxpayer is entitled under KRS 155.410 to 155.490 shall be applied against the following state taxes owed by the taxpayer:

(a) The taxpayer's income tax liability for the tax year;

(b) The taxpayer's bank and trust company share tax liability or savings and loan tax liability for the tax year;

(c) The taxpayer's corporation license tax for the tax year***;***

(d) The taxpayer's domestic life insurance property tax for the tax year.

(2) Whenever the tax paid by the taxpayer under any of the above listed tax provisions is a credit against the liability or a deduction in determining the tax base under another Kentucky tax provision, the credit or deduction shall be computed without regard to the credit to which a taxpayer is entitled under KRS 155.410 to 155.490.

Section 7. KRS 155.480 is amended to read as follows:

(1) If a qualified investment which is the basis for a credit under this chapter is redeemed by the fund or ***if the fund allows the qualified investment to be*** withdrawn by the taxpayer within five (5) years of the date it is purchased, the credit provided by this chapter for the qualified investment shall be disallowed, and any credit previously claimed and allowed with respect to the qualified investment so redeemed or withdrawn shall be paid to the Revenue Cabinet with the appropriate return of the taxpayer covering the period in which the redemption or withdrawal occurred. When payments are made to the cabinet under this section, the amount collected shall be handled in exactly the same manner as if no credit had been allowed.

(2) The administration of subsection (1) of this section shall not be limited by the provisions of KRS 141.210.

Section 8. KRS 155.490 is amended to read as follows:

(1) The reporting requirements from the managing firm to the panel, authorized in KRS 155.430***(6)***[~~(7)~~] of this Act, shall include but not be limited to an annual report showing:

(a) The name, address and amount of investment of each Kentucky taxpayer making a qualified investment in the Commonwealth venture fund; and

(b) The name, address, amount and terms of financing, and job creation anticipated and achieved of each business in which the fund invests.

(2) Pursuant to the exclusion provided for in KRS 61.878, the contents of the annual report from the managing firm to the panel described in subsection (1) of this section shall not be considered a public record.

(3) By February 1 of each year, the panel shall make an annual report on the Commonwealth venture fund to the Governor and the Legislative Research Commission. The annual report shall include but not be limited to the following data:

(a) The total number of investors and the amount invested in the fund, broken out and categorized by type of taxpayer, by size of investment and by geographical distribution including by area development districts; and

(b) The total number of investments and amount invested by the fund, broken out and categorized by type of businesses, size of investment, job creation anticipated and achieved, and by geographical distribution including by area development districts.

SECTION 9. A NEW SECTION OF KRS CHAPTER 155 IS CREATED TO READ AS FOLLOWS:

(1) An investment may be made in the Commonwealth venture fund by an entity which is not subject to any of the taxes listed in KRS 155.420 and KRS 155.460.

(2) When an investment of the kind specified in subsection (1) of this section is made, the investing entity shall be deemed to have acquired a transferable tax credit and the amount of the tax credit shall be calculated in the same way specified for a qualified investment by KRS 155.440.

(3) A transferable tax credit may be transferred only as a whole and in full, and transferred only one (1) time. A transferred tax credit shall be documented and redeemed in the manner prescribed by the Revenue Cabinet and in a manner consistent with KRS 155.440 to 155.470.

(4) No entity making an investment in the Commonwealth venture fund as authorized by this section shall be entitled to participate in the voting process specified in KRS 155.430 (3)(c), nor shall the purchase of a transferable tax credit carry any voting privileges, as specified in KRS 155.430(3)(c), to the purchaser.

(1) Any state mandate, as determined by KRS 6.965, shall provide a means to finance the ongoing cost for the local governments affected, except as provided for in subsection (4) of this section. Within the limitations of the Kentucky Revised Statutes and the Constitution, the means of financing a state mandate may be through:

(a) The remission of additional funds of the state to the local governments;

(b) Specific authority granted the local governments to levy a special tax; or

(c) Other sources provided by the mandate.

(2) The method of financing shall bear a reasonable relationship to the determination by the fiscal note of the costs of the state mandate and shall not reduce or adversely affect other state or federal revenues shared with or granted to local governments.

(3) If subsection (1)(a) of this section is chosen to finance the state mandate, a statement containing an estimate of its effect on expenditures or revenues of the state government for the first full fiscal year shall be prepared by the Legislative Research Commission. This statement shall be attached to the state mandate prior to any vote on it by either house of the General Assembly.

(4) The provisions of subsection (1) of this section may, in times of fiscal emergency or constraint, be suspended by a majority vote of the membership of the General Assembly.

SECTION 2. A NEW SECTION OF KRS 6.950 TO 6.975 IS CREATED TO READ AS FOLLOWS:

(1) The Legislative Research Commission shall prepare a biennial report that:

(a) Identifies existing state mandates;

(b) Examines a cross-section of the local governments of the Commonwealth to determine the fiscal impact of existing state mandates;

(c) Categorizes which mandates are best financed by state government, local governments, or both; and

(d) Proposes methods for financing state mandates.

(2) This report shall be distributed to the members of the General Assembly and the Governor by September 15, 1993, and by September 15 every two (2) years thereafter.

(3) "State mandate" means any state constitutional, legislative or executive law or order which requires any local government to establish, expand or modify its activities, programs or structure in such a way as to affect expenditures from local revenues.

HB 388, AN ACT relating to open records of public agencies.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 61 IS CREATED TO READ AS FOLLOWS:

The General Assembly finds and declares that the basic policy of KRS 61.870 to 61.884 is that free and open examination of public records is in the public interest and the exceptions provided for by Section 5 of this Act or otherwise provided by law shall be strictly construed, even though that examination may cause inconvenience or embarrassment to public officials or others. The General Assembly further finds and declares that there exists an essential relationship between the intent of this chapter and that of KRS 171.410 to 171.740, dealing with the management of public records, and of KRS 61.940 to 61.945, dealing with the coordination of strategic planning for computerized information systems in state government, and that to ensure the efficient administration of government and to provide accountability of government activities, public agencies are required to manage and maintain their records according to the requirements of these statutes. The General Assembly further recognizes that while all government agency records are public records for the purpose of their management, not all of these records are open to public access, as defined in this chapter, some being subject to access limitations cited in KRS 61.878.

Section 2. KRS 61.870 is amended to read as follows:

As used in KRS 61.872 to 61.884:

(1) "Public agency" means every state or local officer, state department, division, bureau, board, commission and authority; every legislative board, commission, committee and officer; every county and city governing body, council, school district board, special district board, municipal corporation, court or judicial

agency, and any board, department, commission, committee, subcommittee, ad hoc committee, council or agency thereof; and any other body which is created by state or local authority in any branch of government or which derives at least twenty-five percent (25%) of its funds from state or local authority;

(2) "Public record" means all books, papers, maps, photographs, cards, tapes, discs, diskettes, recordings or other documentary materials regardless of physical form or characteristics, which are prepared, owned, used, in the possession of or retained by a public agency. "Public record" shall not include any records owned by a private person or corporation that are not related to functions, activities, programs or operations funded by state or local authority;

(3) ***"Software" means the program code which makes a computer system function, but does not include that portion of the program code which contains specific addresses of files, as well as passwords, access codes, and user identifications, in the public agency's computer system. Software consists of the operating system, application programs, procedures, routines, and subroutines such as translators and utility programs, but does not include any material which is prohibited from disclosure or copying by a bona fide license agreement between a public agency and an outside entity which supplied the material to the agency;***

(4) (a) "Commercial purpose" means the direct or indirect use of all or any part of a public record or records, in any form, for sale; resale; solicitation; sale, rent, or lease of a service; or any commercial venture.

(b) "Commercial purpose" does not include:

1. Publication, broadcast, or other related use of a public record or records by a newspaper or periodical; or

2. Use of a public record or records by a radio or television station in its news or other informational programs;

(5) "Official custodian" means the chief administrative officer or any other officer or employee of a public agency who is responsible for the maintenance, care and keeping of public records, regardless of whether such records are in his actual personal custody and control; and

(6)[~~(4)~~] "Custodian" means the official custodian or any authorized person having personal custody and control of public records.

Section 3. KRS 61.872 is amended to read as follows:

(1) All public records shall be open for inspection by any person, except as otherwise provided by KRS 61.870 to 61.884 ***and so designated in the agency's public records retention schedule***, and suitable facilities shall be made available by each public agency for the exercise of this right. No person shall remove original copies of public records from the offices of any public agency without the written permission of the official custodian of the record.

(2) Any person shall have the right to inspect public records [~~during the regular office hours of the public agency~~]. The official custodian may require written application describing the records to be inspected.

(3) If the person to whom the application is directed does not have custody or control of the public record requested, such person shall so notify the applicant and shall furnish the name and location of the custodian of the public record, ***as designated in the agency's public records retention schedule*** [~~if such facts are known to him~~].

(4) If the public record is in active use, in storage or not otherwise available, the official custodian shall immediately so notify the applicant and shall designate a place, time and date, for inspection of the public records, not to exceed three (3) days from receipt of the application, unless a detailed explanation of the cause is given for further delay and the place, time and earliest date on which the public record will be available for inspection.

(5) If the application places an unreasonable burden in producing voluminous public records or if the custodian has reason to believe that repeated requests are intended to disrupt other essential functions of the public agency, the official custodian may refuse to permit inspection of the public records. However, refusal under this section must be sustained by clear and convincing evidence.

Section 4. KRS 61.874 is amended to read as follows:

(1) Upon inspection, the applicant shall have the right to make abstracts of the public records and memoranda thereof, and to obtain copies of all [~~written~~] public records ***not exempted by the terms of KRS 61.878***. When copies are requested, the custodian may require a written request and advance payment of the prescribed fee. If the applicant desires copies of public records other than written records, the custodian of such records shall permit the applicant to duplicate such records, however, the custodian ***shall*** [~~may~~] ensure that such duplication will not damage or alter the ***original*** records.

(2) ***Nonexempt public records used for noncommercial purposes shall be available for copying in either standard electronic or a standard hard copy format, as designated by the party requesting the records. The minimum standard format in paper form shall be defined as not less than 8 1/2" x 11" in at least one (1) color on white paper; or for electronic format, in a flat file electronic American Standard Code for Information Interchange (ASCII) format. If the public agency maintains electronic public records in a format other than ASCII and this format conforms to a requestor's requirements, the public record may be provided in this alternate electronic format for standard fees as specified by the public agency. Any request for a public record in a form other than the forms described in this section shall be considered as a nonstandarized request*** [~~The public agency may prescribe a reasonable fee for making copies of public records which shall not exceed the actual cost thereof not including the cost of staff required~~].

(3) The public agency may prescribe a reasonable fee for making copies of nonexempt public records used for noncommercial purposes which shall not exceed the actual cost of reproduction, including the costs of the media and any mechanical processing cost incurred by the public agency, but not including the cost of staff required. In the case where a public agency is asked to produce a record in a nonstandardized format or tailor the format to meet a request of an individual or a group, the public agency may recover staff costs as well as any actual costs incurred.

(4) If a party wishes to access public records by electronic means, a public agency may require that the party enter into a contract, license, or other agreement with the agency, and may charge fees for these agreements, which fees shall not exceed the cost of physical connection to the system and the reasonable cost of computer time access charges.

(5) If the person requesting the public records requests that copies of the records be mailed, the official custodian shall mail the copies upon receipt of all fees and the cost of mailing the requested records.

(6) If nonexempt public records are requested for commercial purposes, the public agency may establish a reasonable fee based on the principle of sharing the costs incurred by the agency in creating and maintaining those public records which are to be used for commercial purposes.

(a) The public agency from which a copy of a nonexempt public record is requested for a commercial purpose may require a certified statement from the requestor stating the commercial purpose for which it shall be used.

(b) The public agency which maintains the public record being requested for commercial purposes may require the requestor to enter into a contract with the agency. The contract shall permit use of the public record or records for the stated commercial purpose for a specified fee.

(c) The fee shall be based on:

(1) The cost to the public agency of media, mechanical processing and personnel required to produce a copy of the public record; and

(2) The cost to the public agency of the creation, purchase, or other acquisition of the public record.

(7) No person shall obtain a copy of all or any part of a public record for any of the following purposes:

(a) A commercial purpose without stating the commercial purpose if a certified statement from the requestor was required by the public agency pursuant to Section 6(a);

(b) A commercial purpose as specified to the public agency pursuant to Section 6(a), when the person then uses or knowingly allows the use of the public record for a different commercial purpose; or

(c) A noncommercial purpose, when the person then uses or knowingly allows the use of the public record for a commercial purpose. A newspaper, periodical, radio, or television station shall not be held to have used or knowingly allowed for the use of the public record or records for a commercial purpose as a result of its publication or broadcast unless it has given its express permission for that commercial use.

Section 5. KRS 61.878 is amended to read as follows:

(1) The following public records are excluded from the application of KRS 61.870 to 61.884 and shall be subject to inspection only upon order of a court of competent jurisdiction:

(a) Public records containing information of a personal nature where the public disclosure thereof would constitute a clearly unwarranted invasion of personal privacy;

(b) Records confidentially disclosed to an agency and compiled and maintained for scientific research, in conjunction with an application for a loan, the regulation of commercial enterprise, including mineral exploration records, unpatented, secret commercially valuable plans, appliances, formulae, or processes, which are used for the making, preparing, compounding, treating, or processing of articles or materials which are trade commodities obtained from a person and which are generally recognized as confidential, or for the grant or review of a license to do business and if openly disclosed would permit an unfair advantage to competitors of the subject enterprise. This exemption shall not, however, apply to records the disclosure or publication of which is directed by another statute;

(c) Public records pertaining to a prospective location of a business or industry where no previous public disclosure has been made of the business' or industry's interest in locating in, relocating within or expanding within the Commonwealth. Provided, however, that this exemption shall not include those records pertaining to application to agencies for permits or licenses necessary to do business or to expand business operations within the state, except as provided in paragraph (b) of this subsection;

(d) The contents of real estate appraisals, engineering or feasibility estimates and evaluations made by or for a public agency relative to acquisition of property, until such time as all of the property has been acquired; provided, however, the law of eminent domain shall not be affected by this provision;

(e) Test questions, scoring keys and other examination data used to administer a licensing examination, examination for employment or academic examination before the exam is given or if it is to be given again;

(f) Records of law enforcement agencies or agencies involved in administrative adjudication that were compiled in the process of detecting and investigating statutory or regulatory violations if the disclosure of the information would harm the agency by revealing the identity of informants not otherwise known or by premature release of information to be used in a prospective law enforcement action or administrative adjudication. Unless exempted by other provisions of KRS 61.870 to 61.884, public records exempted under this provision shall be open after enforcement action is completed or a decision is made to take no action. Provided, however that the exemptions provided by this subsection shall not be used by the custodian of the records to delay or impede the exercise of rights granted by KRS 61.870 to 61.884;

(g) Preliminary drafts, notes, correspondence with private individuals, other than correspondence which is intended to give notice of final action of a public agency;

(h) Preliminary recommendations, and preliminary memoranda in which opinions are expressed or policies formulated or recommended;

(i) All public records or information the disclosure of which is prohibited by federal law or regulation; [~~and~~]

(j) Public records or information the disclosure of which is prohibited or restricted or otherwise made confidential by enactment of the General Assembly***; and***

(k) Records containing information on the site specific location of rare, threatened, endangered, or otherwise imperiled flora and fauna as well as archeological sites if the public entity with responsibility has reason to believe disclosure of these records would endanger the integrity of the resource.

(2) No exemption in this section shall be construed to prohibit disclosure of statistical information not descriptive of any readily identifiable person.

(3) No exemption in this section shall be construed to deny, abridge or impede the right of a state employee, an applicant for employment, or an eligible on a register to inspect and to copy any record including preliminary and other supporting documentation that relates to him. Such records shall include, but not be limited to, work plans, job performance, demotions, evaluations, promotions, compensation, classification, reallocation, transfers, layoffs, disciplinary actions, examination scores and preliminary and other supporting documentation. A state employee, applicant or eligible shall not have the right to inspect or to copy any examination.

(4) If any public record contains material which is not excepted under this section, the public agency shall separate the excepted and make the nonexcepted material available for examination.

(5) The provisions of this section shall in no way prohibit or limit the exchange of public records or the sharing of information between public agencies when the exchange is serving a legitimate governmental need or is necessary in the performance of a legitimate government function.

Section 6. KRS 61.880 is amended to read as follows:

(1) ***If a person enforces KRS 61.870 to 61.884 pursuant to this section, he shall begin enforcement under this subsection before proceeding to enforcement under subsection (2) of this section.*** Each public agency, upon any request for records made under KRS 61.870 to 61.884, shall determine within three (3) days, [~~(~~]excepting Saturdays, Sundays, and legal holidays,[~~)~~] after the receipt of any such request whether to comply with the request and shall notify in writing the person making the request, within the three (3) day period, of its decision. An agency response denying, in whole or in part, inspection of any record shall include a statement of the specific exception authorizing the withholding of the record and a brief explanation of how the exception applies to the record withheld. The response shall be issued by the official custodian or under his authority, and it shall constitute final agency action.

(2) ***If a complaining party wishes the Attorney General to review a public agency's denial of a request to inspect a public record, the complaining party shall forward to the Attorney General a copy of the written request and a copy of the written response denying inspection. If the public agency refuses to provide a written response, a complaining party shall provide a copy of the written request.*** [~~A copy of the written response denying inspection of a public record shall be forwarded immediately by the agency to the Attorney General of the Commonwealth of Kentucky. If requested by the person seeking inspection,~~] The Attorney General shall review the ***request and*** denial and issue within ten (10) days, [~~(~~]excepting Saturdays, Sundays and legal holidays,[~~)~~] a written ***decision*** [~~opinion to the agency concerned,~~] stating whether the agency ***violated the*** [~~acted consistent with~~] provisions of KRS 61.870 to 61.884. ***On the day that the Attorney General renders his decision, he shall mail a copy to the agency and*** a copy [~~of the opinion shall also be sent by the Attorney General~~] to the person who requested the record in question. The burden of proof in sustaining the action shall rest with the agency, and the Attorney General may request additional documentation from the agency for substantiation. The Attorney General may also request a copy of the records involved but they shall not be disclosed.

(3) Each agency shall notify the Attorney General of any actions filed against that agency in Circuit Court regarding the enforcement of KRS 61.870 to 61.884.

(4) In the event a person feels the intent of KRS 61.870 to 61.884 is being subverted by an agency short of denial of inspection, including but not limited to the imposition of excessive fees or the misdirection of the applicant, the person may complain in writing to the Attorney General and the complaint shall be subject to the same adjudicatory process as if the record had been denied.

(5) ***(a) A party shall have ten (10) days from the day that the Attorney General renders his decision to appeal the decision. An appeal within the ten (10) day time limit shall be treated as if it were an action brought under Section 7 of this Act.***

(b) If an appeal is not filed within the ten (10) day time limit, the Attorney General's decision shall have the force and effect of law and shall be enforceable in the Circuit Court of the county where the public agency has its principal place of business or the Circuit Court of the county where the public record is maintained [~~If the Attorney General upholds, in whole or in part, the request for inspection, the public agency involved may institute proceedings within thirty (30) days for injunctive or declaratory relief in the circuit court of the district where the public record is maintained. If the Attorney General disallows the request or if the public agency continues to withhold the record notwithstanding the opinion of the Attorney General, the person seeking disclosure may institute such proceedings~~].

Section 7. KRS 61.882 is amended to read as follows:

(1) ***The Circuit Court of the county where the public agency has its principal place of business or the Circuit Court of the county where the public record is maintained*** [~~The Circuit Courts of this state~~] shall have jurisdiction to enforce the ***provisions*** [~~purposes~~] of KRS 61.870 to 61.884, by injunction or other appropriate order on application of any ***person*** [~~citizen of this state~~].

(2) In order for the Circuit Courts of this state to exercise their jurisdiction to enforce the ***provisions*** [~~purposes~~] of KRS 61.870 to 61.884, it shall not be necessary ***for a complaining party to have complied with any of the provisions of Section 6 of this Act*** [~~to have forwarded any request for the documents to the~~

~~Attorney General pursuant to KRS 61.880, or for the Attorney General to have acted in any manner upon a request for his opinion~~].

(3) In any such action, the court shall determine the matter de novo and the burden of proof shall be on the public agency to sustain its action. The court on its own motion, or on motion of either of the parties, may view the records in controversy in camera before reaching a decision. Any noncompliance with the order of the court may be punished as contempt of court.

(4) [~~Courts shall take into consideration the basic policy of KRS 61.870 to 61.884 that free and open examination of public records is in the public interest and the exceptions provided for by KRS 61.870 to 61.884 or otherwise provided for by law shall be strictly construed, even though such examination may cause inconvenience or embarrassment to public officials or others.~~] Except as otherwise provided by law or rule of court, proceedings arising under this section take ***precedence*** [~~precedent~~] on the docket over all other causes and shall be assigned for hearing and trial at the earliest practicable date.

The Committee Substitute to **HB 388** is as follows:

HB 388, AN ACT relating to open records of public agencies.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 61 IS CREATED TO READ AS FOLLOWS:

The General Assembly finds and declares that the basic policy of KRS 61.870 to 61.884 is that free and open examination of public records is in the public interest and the exceptions provided for by Section 5 of this Act or otherwise provided by law shall be strictly construed, even though that examination may cause inconvenience or embarrassment to public officials or others. The General Assembly further finds and declares that there exists an essential relationship between the intent of this chapter and that of KRS 171.410 to 171.740, dealing with the management of public records, and of KRS 61.940 to 61.945, dealing with the coordination of strategic planning for computerized information systems in state government, and that to ensure the efficient administration of government and to provide accountability of government activities,

public agencies are required to manage and maintain their records according to the requirements of these statutes. The General Assembly further recognizes that while all government agency records are public records for the purpose of their management, not all of these records are open to public access, as defined in this chapter, some being subject to access limitations cited in KRS 61.878.

Section 2. KRS 61.870 is amended to read as follows:

As used in KRS 61.872 to 61.884:

(1) "Public agency" means every state or local officer, state department, division, bureau, board, commission and authority; every legislative board, commission, committee and officer; every county and city governing body, council, school district board, special district board, municipal corporation, court or judicial agency, and any board, department, commission, committee, subcommittee, ad hoc committee, council or agency thereof; and any other body which is created by state or local authority in any branch of government or which derives at least twenty-five percent (25%) of its funds from state or local authority;

(2) "Public record" means all books, papers, maps, photographs, cards, tapes, discs, diskettes, recordings, ***software,*** or other documentary materials regardless of physical form or characteristics, which are prepared, owned, used, in the possession of or retained by a public agency. "Public record" shall not include any records owned by a private person or corporation that are not related to functions, activities, programs or operations funded by state or local authority;

(3) ***"Software" means the program code which makes a computer system function, but does not include that portion of the program code which contains specific addresses of files, as well as passwords, access codes, and user identifications, in the public agency's computer system. Software consists of the operating system, application programs, procedures, routines, and subroutines such as translators and utility programs, but does not include any material which is prohibited from disclosure or copying by a bona fide license agreement between a public agency and an outside entity which supplied the material to the agency;***

(4) (a) "Commercial purpose" means the direct or indirect use of all or any part of a public record or records, in any form, for sale; resale; solicitation; sale, rent, or lease of a service; or any commercial venture.

(b) "Commercial purpose" does not include:

1. Publication, broadcast, or other related use of a public record or records by a newspaper or periodical; or

2. Use of a public record or records by a radio or television station in its news or other informational programs;

(5) "Official custodian" means the chief administrative officer or any other officer or employee of a public agency who is responsible for the maintenance, care and keeping of public records, regardless of whether such records are in his actual personal custody and control; and

(6)[~~(4)~~] "Custodian" means the official custodian or any authorized person having personal custody and control of public records.

Section 3. KRS 61.872 is amended to read as follows:

(1) All public records shall be open for inspection by any person, except as otherwise provided by KRS 61.870 to 61.884, and suitable facilities shall be made available by each public agency for the exercise of this right. No person shall remove original copies of public records from the offices of any public agency without the written permission of the official custodian of the record.

(2) Any person shall have the right to inspect public records during the regular office hours of the public agency. The official custodian may require written application describing the records to be inspected.

(3) If the person to whom the application is directed does not have custody or control of the public record requested, such person shall so notify the applicant and shall furnish the name and location of the custodian of the public record, ***as designated in the agency's public records retention schedule*** [~~if such facts are known to him~~].

(4) If the public record is in active use, in storage or not otherwise available, the official custodian shall immediately so notify the applicant and shall designate a place, time and date, for inspection of the public

records, not to exceed three (3) days from receipt of the application, unless a detailed explanation of the cause is given for further delay and the place, time and earliest date on which the public record will be available for inspection.

(5) If the application places an unreasonable burden in producing voluminous public records or if the custodian has reason to believe that repeated requests are intended to disrupt other essential functions of the public agency, the official custodian may refuse to permit inspection of the public records. However, refusal under this section must be sustained by clear and convincing evidence.

Section 4. KRS 61.874 is amended to read as follows:

(1) Upon inspection, the applicant shall have the right to make abstracts of the public records and memoranda thereof, and to obtain copies of all [~~written~~] public records ***not exempted by the terms of KRS 61.878.*** When copies are requested, the custodian may require a written request and advance payment of the prescribed fee. If the applicant desires copies of public records other than written records, the custodian of such records shall permit the applicant to duplicate such records, however, the custodian ***shall*** [~~may~~] ensure that such duplication will not damage or alter the ***original*** records.

(2) ***Nonexempt public records used for noncommercial purposes shall be available for copying in either standard electronic or a standard hard copy format, as designated by the party requesting the records. The minimum standard format in paper form shall be defined as not less than 8 1/2" x 11" in at least one (1) color on white paper; or for electronic format, in a flat file electronic American Standard Code for Information Interchange (ASCII) format. If the public agency maintains electronic public records in a format other than ASCII and this format conforms to a requestor's requirements, the public record may be provided in this alternate electronic format for standard fees as specified by the public agency. Any request for a public record in a form other than the forms described in this section shall be considered as a nonstandarized request*** [~~The public agency may prescribe a reasonable fee for making copies of public records which shall not exceed the actual cost thereof not including the cost of staff required~~].

(3) The public agency may prescribe a reasonable fee for making copies of nonexempt public records used for noncommercial purposes which shall not exceed the actual cost of reproduction, including the costs of the media and any mechanical processing cost incurred by the public agency, but not including the cost of staff required. In the case where a public agency is asked to produce a record in a nonstandardized format or tailor the format to meet a request of an individual or a group, the public agency may recover staff costs as well as any actual costs incurred.

(4) On-line access by electronic means to public records not exempted by KRS 61.878 shall be at the discretion of the public agency. If a public agency provides on-line access it may require that the party desiring such access enter into a contract, license, or other agreement with the agency, and may charge fees for these agreements, which fees shall not exceed the cost of providing access to the system and the reasonable cost of computer time.

(5) If the person requesting the public records requests that copies of the records be mailed, the official custodian shall mail the copies upon receipt of all fees and the cost of mailing the requested records.

(6) If nonexempt public records are requested for commercial purposes, the public agency may establish a reasonable fee based on the principle of sharing the costs incurred by the agency in creating and maintaining those public records which are to be used for commercial purposes.

(a) The public agency from which a copy of a nonexempt public record is requested for a commercial purpose may require a certified statement from the requestor stating the commercial purpose for which it shall be used.

(b) The public agency which maintains the public record being requested for commercial purposes may require the requestor to enter into a contract with the agency. The contract shall permit use of the public record or records for the stated commercial purpose for a specified fee.

(c) The fee shall be based on:

(1) The cost to the public agency of media, mechanical processing and personnel required to produce a copy of the public record; and

(2) The cost to the public agency of the creation, purchase, or other acquisition of the public record.

(7) No person shall obtain a copy of all or any part of a public record for any of the following purposes:

(a) A commercial purpose without stating the commercial purpose if a certified statement from the requestor was required by the public agency pursuant to Section 6(a);

(b) A commercial purpose as specified to the public agency pursuant to Section 6(a), when the person then uses or knowingly allows the use of the public record for a different commercial purpose; or

(c) A noncommercial purpose, when the person then uses or knowingly allows the use of the public record for a commercial purpose. A newspaper, periodical, radio, or television station shall not be held to have used or knowingly allowed for the use of the public record or records for a commercial purpose as a result of its publication or broadcast unless it has given its express permission for that commercial use.

Section 5. KRS 61.878 is amended to read as follows:

(1) The following public records are excluded from the application of KRS 61.870 to 61.884 and shall be subject to inspection only upon order of a court of competent jurisdiction:

(a) Public records containing information of a personal nature where the public disclosure thereof would constitute a clearly unwarranted invasion of personal privacy;

(b) Records confidentially disclosed to an agency and compiled and maintained for scientific research, in conjunction with an application for a loan, the regulation of commercial enterprise, including mineral exploration records, unpatented, secret commercially valuable plans, appliances, formulae, or processes, which are used for the making, preparing, compounding, treating, or processing of articles or materials which are trade commodities obtained from a person and which are generally recognized as confidential, or for the grant or review of a license to do business and if openly disclosed would permit an unfair advantage to competitors of the subject enterprise. This exemption shall not, however, apply to records the disclosure or publication of which is directed by another statute;

(c) Public records pertaining to a prospective location of a business or industry where no previous public disclosure has been made of the business' or industry's interest in locating in, relocating within or expanding within the Commonwealth. Provided, however, that this exemption shall not include those records pertaining to application to agencies for permits or licenses necessary to do business or to expand business operations within the state, except as provided in paragraph (b) of this subsection;

(d) The contents of real estate appraisals, engineering or feasibility estimates and evaluations made by or for a public agency relative to acquisition of property, until such time as all of the property has been acquired; provided, however, the law of eminent domain shall not be affected by this provision;

(e) Test questions, scoring keys and other examination data used to administer a licensing examination, examination for employment or academic examination before the exam is given or if it is to be given again;

(f) Records of law enforcement agencies or agencies involved in administrative adjudication that were compiled in the process of detecting and investigating statutory or regulatory violations if the disclosure of the information would harm the agency by revealing the identity of informants not otherwise known or by premature release of information to be used in a prospective law enforcement action or administrative adjudication. Unless exempted by other provisions of KRS 61.870 to 61.884, public records exempted under this provision shall be open after enforcement action is completed or a decision is made to take no action. Provided, however that the exemptions provided by this subsection shall not be used by the custodian of the records to delay or impede the exercise of rights granted by KRS 61.870 to 61.884;

(g) Preliminary drafts, notes, correspondence with private individuals, other than correspondence which is intended to give notice of final action of a public agency;

(h) Preliminary recommendations, and preliminary memoranda in which opinions are expressed or policies formulated or recommended;

(i) All public records or information the disclosure of which is prohibited by federal law or regulation; [~~and~~]

(j) Public records or information the disclosure of which is prohibited or restricted or otherwise made confidential by enactment of the General Assembly***; and***

(k) Records containing information on the site specific location of rare, threatened, endangered, or otherwise imperiled flora and fauna as well as archeological sites if the public entity with responsibility has reason to believe disclosure of these records would endanger the integrity of the resource.

(2) No exemption in this section shall be construed to prohibit disclosure of statistical information not descriptive of any readily identifiable person.

(3) No exemption in this section shall be construed to deny, abridge or impede the right of a state employee, an applicant for employment, or an eligible on a register to inspect and to copy any record including preliminary and other supporting documentation that relates to him. Such records shall include, but not be limited to, work plans, job performance, demotions, evaluations, promotions, compensation, classification, reallocation, transfers, layoffs, disciplinary actions, examination scores and preliminary and other supporting documentation. A state employee, applicant or eligible shall not have the right to inspect or to copy any examination.

(4) If any public record contains material which is not excepted under this section, the public agency shall separate the excepted and make the nonexcepted material available for examination.

(5) The provisions of this section shall in no way prohibit or limit the exchange of public records or the sharing of information between public agencies when the exchange is serving a legitimate governmental need or is necessary in the performance of a legitimate government function.

Section 6. KRS 61.880 is amended to read as follows:

(1) ***If a person enforces KRS 61.870 to 61.884 pursuant to this section, he shall begin enforcement under this subsection before proceeding to enforcement under subsection (2) of this section.*** Each public agency, upon any request for records made under KRS 61.870 to 61.884, shall determine within three (3) days, [~~(~~]excepting Saturdays, Sundays, and legal holidays,[~~)~~] after the receipt of any such request whether to comply with the request and shall notify in writing the person making the request, within the three (3) day period, of its decision. An agency response denying, in whole or in part, inspection of any record shall include a statement of the specific exception authorizing the withholding of the record and a brief explanation of how the exception applies to the record withheld. The response shall be issued by the official custodian or under his authority, and it shall constitute final agency action.

(2) ***If a complaining party wishes the Attorney General to review a public agency's denial of a request to inspect a public record, the complaining party shall forward to the Attorney General a copy of the written request and a copy of the written response denying inspection. If the public agency refuses to provide a written response, a complaining party shall provide a copy of the written request.*** [~~A copy of the written response denying inspection of a public record shall be forwarded immediately by the agency to the Attorney General of the Commonwealth of Kentucky. If requested by the person seeking inspection,~~] The Attorney General shall review the ***request and*** denial and issue within ten (10) days, [~~(~~]excepting Saturdays, Sundays and legal holidays,[~~)~~] a written ***decision*** [~~opinion to the agency concerned,~~] stating whether the agency ***violated the*** [~~acted consistent with~~] provisions of KRS 61.870 to 61.884. ***On the day that the Attorney General renders his decision, he shall mail a copy to the agency and*** a copy [~~of the opinion shall also be sent by the Attorney General~~] to the person who requested the record in question. The burden of proof in sustaining the action shall rest with the agency, and the Attorney General may request additional documentation from the agency for substantiation. The Attorney General may also request a copy of the records involved but they shall not be disclosed.

(3) Each agency shall notify the Attorney General of any actions filed against that agency in Circuit Court regarding the enforcement of KRS 61.870 to 61.884.

(4) In the event a person feels the intent of KRS 61.870 to 61.884 is being subverted by an agency short of denial of inspection, including but not limited to the imposition of excessive fees or the misdirection of the applicant, the person may complain in writing to the Attorney General and the complaint shall be subject to the same adjudicatory process as if the record had been denied.

(5) ***(a) A party shall have ten (10) days from the day that the Attorney General renders his decision to appeal the decision. An appeal within the ten (10) day time limit shall be treated as if it were an action brought under Section 7 of this Act.***

(b) If an appeal is not filed within the ten (10) day time limit, the Attorney General's decision shall have the force and effect of law and shall be enforceable in the Circuit Court of the county where the public agency has its principal place of business or the Circuit Court of the county where the public record is maintained [~~If the Attorney General upholds, in whole or in part, the request for inspection, the public agency involved may institute proceedings within thirty (30) days for injunctive or declaratory relief in the circuit court of the district where the public record is maintained. If the Attorney General disallows the request or if the public agency continues to withhold the record notwithstanding the opinion of the Attorney General, the person seeking disclosure may institute such proceedings~~].

Section 7. KRS 61.882 is amended to read as follows:

(1) ***The Circuit Court of the county where the public agency has its principal place of business or the Circuit Court of the county where the public record is maintained*** [~~The Circuit Courts of this state~~] shall have jurisdiction to enforce the ***provisions*** [~~purposes~~] of KRS 61.870 to 61.884, by injunction or other appropriate order on application of any ***person*** [~~citizen of this state~~].

(2) ***A person alleging a violation of the provisions of KRS 61.870 to 61.884 shall not have to exhaust his remedies under Section 6 of this Act before filing suit in Circuit Court*** [~~In order for the Circuit Courts of this state to exercise their jurisdiction to enforce the purposes of KRS 61.870 to 61.884, it shall not be necessary to have forwarded any request for the documents to the Attorney General pursuant to KRS 61.880, or for the Attorney General to have acted in any manner upon a request for his opinion~~].

(3) In ***an appeal of an Attorney General's decision, where the appeal is properly filed pursuant to subsection (5)(a) of Section 6 of this Act, the court shall determine the matter de novo. All other appeals shall be prohibited. In an original action or an appeal of an Attorney General's decision, where the appeal is properly filed pursuant to subsection (5)(a) of Section 6 of this Act, the burden of proof shall be on the public agency*** [~~any such action, the court shall determine the matter de novo and the burden of proof shall be on the public agency to sustain its action~~]. The court on its own motion, or on motion of either of the parties, may view the records in controversy in camera before reaching a decision. Any noncompliance with the order of the court may be punished as contempt of court.

(4) [~~Courts shall take into consideration the basic policy of KRS 61.870 to 61.884 that free and open examination of public records is in the public interest and the exceptions provided for by KRS 61.870 to 61.884 or otherwise provided for by law shall be strictly construed, even though such examination may cause inconvenience or embarrassment to public officials or others.~~] Except as otherwise provided by law or rule of court, proceedings arising under this section take ***precedence*** [~~precedent~~] on the docket over all other causes and shall be assigned for hearing and trial at the earliest practicable date.

(5) Any person who prevails against ***any*** [~~an~~] agency in any action in the courts ***regarding a violation of KRS 61.870 to 61.884*** [~~seeking the right to inspect and copy any public record~~] may, upon a finding that the records were wilfully withheld in violation of KRS 61.870 to 61.884, be awarded [~~all~~] costs, including reasonable ***attorney's*** [~~attorney~~] fees, incurred in connection with ***the*** [~~such~~] legal action. [~~If such person prevails in part, the court may in its discretion award him costs or an appropriate portion thereof.~~] In addition, it shall be within the discretion of the court to award ***the*** [~~such~~] person an amount not to exceed twenty-five dollars ($25) for each day that he was denied the right to inspect or copy said public record. ***Attorney's fees,*** [~~The~~] costs***, and awards under this subsection*** [~~or award~~] shall be paid by ***the*** [~~such person or~~] agency ***that*** [~~as~~] the court ***determines*** [~~shall determine~~] is responsible for the violation.

Section 8. KRS 61.992 is amended to read as follows:

A person who violates any provision of KRS ***61.874(6) or (7)*** [~~61.960 to 61.975~~] shall be liable to the public agency from which the ***public records were*** [~~database or the geographic information system was~~] obtained for damages in the amount of:

(1) Three (3) times the amount that would have been charged for the ***public record*** [~~database or the geographic information system~~] if the actual commercial purpose for which it was obtained or used had been stated;

(2) Costs and reasonable attorneys' fees; and

(3) Any other penalty established by law.

Section 9. The following KRS sections are repealed:

61.960 Definitions for KRS 61.965 to 61.975 and 61.992.

61.970 Use of database or geographic information system.

61.975 Public records available for inspection — Fees for copying or contracts for electronic use.

HB 625, AN ACT relating to retirement.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 78.530 is amended to read as follows:

(1) Each county and school board, as defined in KRS 78.510, will participate in the system by appropriate order authorizing such participation which has been entered and duly recorded in the records of the governing body of the county or school board. In cases where general purpose county government does not participate, but the sheriff and his employees or the county clerk and his employees do, the sheriff or the clerk shall retain the order in his office. The authority to issue and properly record such order of participation being hereby granted, permits such county to participate in the system. The effective date of such participation shall be fixed in the order.

(2) Once a county or school board participates, it shall thereafter continue to participate, except as provided in KRS 78.535.

(3) (a) Concurrent with the adoption of the appropriate resolution to participate in the system, a county may elect the alternate participation plan which will require the county to purchase on behalf of each employee electing coverage, at the time the county elected to participate in the system as provided under KRS 78.540(2), current service credit for employment in regular full-time positions between July 1, 1958, and the participation date of the county. Cities which participate in the system pursuant to subsection (7) of this section, KRS 79.080, 90.400, 90.410, 95.520, 95.621, 95.761, 95.768, 95.852, or 96.180 shall be required to purchase on behalf of each employee electing coverage only as much service credit as the employee has accumulated in the city-administered plan, up to the participation date of the city. Accumulated service shall include service for which an employee received a refund pursuant to KRS 95.620 or 95.866, if such refund has been repaid. If the employee has not yet repaid the refund, he may make payment to the system by any method acceptable to the system, and the requirement of five (5) years of continuous reemployment prior to repayment of refunds shall not apply. Upon the employee's repayment, the city shall purchase the associated service credit for the employee. Cost of such service credit over and above that which would be funded within the existing employer contribution rate shall be determined by the board's consulting actuary. The expense of such actuarial service shall be paid by the county;

(b) The county shall establish a payment schedule subject to approval by the board for payment of the cost of such service over and above that which would be funded within the existing employer contribution rate. The maximum period allowed in a payment schedule shall be thirty (30) years, with interest at the rate actuarially assumed by the board. A shorter period is desirable and the board may approve any payment schedule provided it is not longer than a thirty (30) year period, except that cities which participate in the system pursuant to subsection (7) of this section, KRS 79.080, 90.400, 90.410, 95.520, 95.621, 95.761, 95.768, 95.852, or 96.180 may, at their option, extend the payment schedule to a maximum of thirty (30) years, may choose to make level payments at the interest rate actuarially assumed by the board over the life of the payment schedule chosen, and may retain employer contributions and the earnings thereon attributable to employees electing coverage;

(c) A city entering the system under the alternate participation plan, may, by ordinance, levy a special property tax to pay for current service credit purchased for the period between July 1, 1958, and the participation date of the city. The special tax shall be to pay, within a period of no more than fifteen (15) years, for the cost of such service credit over that which would be funded within the existing employer contribution rate, as determined by the board's consulting actuary. The reason for levying the special tax and the disposition of the proceeds shall be part of the ordinance levying the tax. The special tax shall be rescinded when the unfunded prior service liability has been amortized, and shall not be subject to the provisions of KRS 132.017 or 132.027. In addition, the city may maintain any tax, the proceeds of which had been devoted to funding pension obligations under the locally administered plan prior to participation in the system, for the purpose of funding current service costs incurred after the date of participation. The city may increase the tax to pay current service costs which exceed the local pension system costs to which the tax had been devoted, but the city shall not collect from the tax more revenues than are necessary to pay current service costs incurred after the date of participation. The city may continue the tax so long as it participates in the system, and the tax shall not be subject to the provisions of KRS 132.017 or 132.027. The city shall not collect either tax authorized by this paragraph if its participation has been terminated pursuant to KRS 78.535;

(d) The county may at a later date purchase current service credit from July 1, 1958, to the participation date of the county by alternate participation plan for those employees who rejected membership in the system at the time the county first participated. In addition, the employer shall pay the employer contributions on the creditable compensation of the employees who later elect membership from the participation date of the county to the date the member elects participation. The employee shall pay the employee contributions on his creditable compensation from the participation date of the county to the date he elects membership plus interest at the current actuarial rate compounded annually on the employee and employer contributions. Cost of the service credit over and above that which would be funded within the existing employer contribution rate shall be determined by the board's consulting actuary. The expense of the actuarial service shall be paid by the county. The county shall pay the cost of the service by lump sum or by adding it to the existing payment schedule established under paragraph (b) of this subsection;

(e) A county which did not participate by alternate participation may, until July 1, 1991, purchase current service credit for those employees who rejected membership in the system at the time the county first participated. The employer shall pay the employer contributions on the creditable compensation of the employees who later elect membership from the participation date of the county to the date the member elects participation. The employee shall pay the employee contributions on his creditable compensation from the participation date of the county to the date he elects membership plus interest at the current actuarial rate compounded annually on the employee and employer contributions. The county shall pay the cost of the service credit by lump sum or by establishing a payment schedule under paragraph (b) of this subsection; and

(f) A county which participated in the system but did not elect the alternate participation plan may at a later date elect the alternate participation plan. In this case, the county shall purchase on behalf of each employee participating in the system current service credit for employment in regular full-time positions between July 1, 1958, or a later date selected by the county government, and the participation date of the county. The county shall also purchase, for employees who decide to participate when the county elects the alternate participation plan, current service credit for employment in regular full-time positions between July 1, 1958, or the later date selected by the county government, and the participation date of the county. In addition, the county shall pay the employer contributions on the creditable compensation of the employees who later elect membership from the participation date of the county to the date the member elects participation. The employee shall pay the employee contributions on his creditable compensation from the participation date of the county to the date he elects membership plus interest at the current actuarial rate compounded annually on the employee and employer contributions. Cost of the service credit over that which would be funded within the existing employer contribution rate shall be determined by the board's consulting actuary. The expense of the actuarial service shall be paid by the county. The county shall pay the cost of the service by lump sum or by a payment schedule established under paragraph (b) of this subsection.

(4) Every school board not participating on June 21, 1974, shall enact a resolution of participation no later than July 1, 1976.

(5) The order of the governing body of a county, as provided for in subsection (1) of this section, may exclude from participation in the system hospitals and any other semiindependent agency. Each such excluded agency shall be identified in the order authorizing participation and such excluded agency may participate in the system as a separate agency.

(6) An agency whose participation in the County Employees Retirement System has been terminated by the board of trustees in accordance with KRS 78.535 may at a later date request participation in the retirement system by the adoption of an appropriate order as authorized by subsection (1) of this section. The board may accept the participation of such agency provided it is determined that such participation is in the best interest of the agency, the employees thereof and the County Employees Retirement System.

(7) After August 1, 1988, except as permitted by KRS 65.156, no local government retirement system shall be created pursuant to KRS 70.580 to 70.598 and any local government retirement systems created pursuant to KRS 79.080, 90.400, 90.410, 95.768, and KRS Chapter 96 shall be closed to new members. New employees who would have been granted membership in such retirement systems shall instead be granted membership in the County Employees Retirement System. Employees who would have been granted membership in retirement systems created pursuant to KRS 95.768, or any other policemen or firefighters who would have been granted membership in retirement systems created pursuant to KRS 79.080, 90.400, or 90.410, or any such policemen or firefighter members employed on or prior to August 1, 1988, who transfer to the County Employees Retirement System, shall be certified by their employers as working in hazardous positions. Each city participating in the County Employees Retirement System pursuant to this subsection shall execute the appropriate order authorizing such participation, shall select the alternate participation plan as described in subsection (3) of this section, and shall pay for the actuarial services necessary to determine the additional costs of alternate participation. Cities which closed their local pension systems to new members and participated in the system prior to July 15, 1988, whose employees at the time of transition were given the option to join the system shall not be required to offer said employees a second option to join the system.

(8) Any city which closed a police and firefighter pension plan to new members between January 1, 1988, and July 15, 1988, and participated in the system under the alternate participation plan shall[~~, if its police and firefighters were not covered by Social Security, or any city which operates a pension under KRS~~

~~90.400 or 90.410, shall~~] be required to certify that its police and firefighters are working in hazardous positions, and shall offer its police and firefighters in service at the time of entry a second option to participate under hazardous duty coverage if they were not offered hazardous duty coverage at the time of their first option. The provisions of subsection (3)(b) of this section notwithstanding, a city affected by this subsection may, at its option, extend its payment schedule to the County Employees Retirement System for alternate participation to thirty (30) years at the rate actuarially assumed by the board.

Section 2. KRS 95.520 is amended to read as follows:

HCR 129, A CONCURRENT RESOLUTION directing the Program Review and Investigations Committee to conduct a study on the feasibility of centralizing the state's legal services in the Office of the Attorney General.

WHEREAS, state officials constantly make decisions that carry important legal consequences; and

WHEREAS, reliable legal advice reduces the risk of cost of litigation and enhances the probability of success when the state must appear in court; and

WHEREAS, Kentucky has adopted no coherent plan for the provision of legal services; and

WHEREAS, other states have successfully implemented the consolidation of legal services in the Office of the Attorney General, thereby increasing the quality and lowering the cost of legal representation;.

NOW, THEREFORE,

(g) Surface water drainage changes caused by drilling operations.

(5) The surface owner shall be entitled to reasonable compensation from the operator for damages to growing crops, trees, shrubs, fences, roads, structures, improvements, and livestock thereon caused by the drilling of a new well. The surface owner shall be entitled to reasonable compensation from the operator for subsequent damages to growing crops, trees, shrubs, fences, roads, structures, improvements, and livestock caused by subsequent production operations of the operator thereon. The surface owner shall be entitled to reasonable compensation for all negligent acts of the operator that cause measurable damage to the productive capacity of the soil. In addition, the operator shall not utilize any more of the surface estate than is reasonably necessary for the exploration, production, and development of the mineral estate.

(6) ***The failure to agree upon reasonable compensation shall not prevent the operator from commencement of drilling operations, if the operator deposits to the credit of the surface owner in the office of circuit clerk in the county in which the well is located, a sum which the operator deems reasonable compensation. The surface owner may withdraw the deposit pending final disposition of the matter. The remedy of the surface owner shall be an action in the Circuit Court, for reasonable compensation, to be***

filed within ninety (90) days after the money is deposited by the operator with the circuit clerk. If no action is filed within that time, the sum of money deposited shall be deemed to be reasonable compensation. If reasonable compensation, as determined by the Circuit Court, exceeds the sum deposited with the circuit clerk, there shall be added to the compensation due the surface owner, a penalty of twenty percent (20%) of the difference between the amount deposited with the circuit clerk and the amount of the judgment. If the amount deposited with the circuit clerk is determined by the Circuit Court to be unreasonable, the surface owner shall be entitled to reasonable attorney's fees; but if the operator relied upon a third party appraiser's assessment of damages, there shall be no award of attorney's fees. If the award is less than the amount deposited with the circuit clerk, the surface owner shall repay the difference to the operator [~~The compensation required pursuant to subsection (5) of this section shall be paid in any manner mutually agreed upon by the operator and the surface owner, but the failure to agree upon, or make the compensation required, shall not prevent the operator from commencement of drilling operations. The operator shall tender to the surface owner payment by check or draft in accordance with the provisions of this section no later than ninety (90) days after completion of the well. The surface owner's remedy shall be an action for compensation in the Circuit Court in which the lands, or the greater part thereof, are located on which drilling operations were conducted. If the operator fails to tender payment within the ninety (90) day period or if the tender is not reasonable, the surface owner shall be entitled to reasonable compensation as provided in this section, as well as attorney's fees. If the operator relies on a third party appraiser's assessment of damages there shall be no award of attorney's fees~~].

(7) In conjunction with the plugging and abandonment of any well or the reworking of any well, the operator shall restore the surface and any improvements thereon to a condition as near as practicable to their condition prior to commencement of the work. The surface owner and operator may waive this requirement in writing, subject to the approval of the department that the waiver is in accordance with its administrative regulations.

(8) ***(a) Before road construction may commence on real property in which the ownership of the mineral and the surface estates have been severed, the owner of the surface estate and the operator, or his agent, shall agree on the location of a road if one is needed for the operation, but upon their failure to agree, the operator may apply to the department for authorization to construct the road. The department, by administrative regulation, may establish an application fee for each application not to exceed one hundred dollars ($100), and shall establish a notification to owners procedure. The department shall, within ten (10) days after application by the operator, locate or approve the location of the road taking into consideration:***

1. The use of the surface so that the road shall not unreasonably interfere with the use of the surface; and

2. The difference in cost of construction of a road at proposed locations.

(b) The surface owner shall be entitled to reasonable compensation from the operator for the diminution in value to the surface estate where the road is constructed. The surface owner shall have the right to use any road constructed by the operator, but shall not damage, obstruct, alter or otherwise inhibit the use of the road.

(9) Nothing in this section shall be construed to diminish the rights of the operator or surface owner as they exist by established common law. Any compensation paid and accepted pursuant to the provisions of subsections (5) and (6) of this section, shall be a complete bar to the assertion of any other remedy for ***the*** [~~such~~] damages.

The Committee Substitute to **HB 817** is as follows:

HB 817, AN ACT relating to oil and gas operations on real estate where there has been a complete severance of the ownership of the oil and gas from the ownership of the surface.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 353.595 is amended to read as follows:

(1) As used in this section:

(a) "Person" means any natural person, corporation, firm, partnership, venture, receiver, trustee, executor, administrator, guardian, fiduciary, or other representative of any kind, and includes any government or any political subdivision or agency thereof.

(b) "Drilling operations" means the drilling, deepening, or conversion of a well for oil or gas production, core hole for oil or gas purposes, or drill hole for a stratigraphic test for oil or gas purposes.

(c) "Entry" means the moving upon the surface of land with equipment to commence drilling operations, but shall not include entry for the survey for or ascertaining or identification of a well location.

(d) "Operator" means the person, whether the owner or not, who applies for or holds a permit for drilling operations or who is named as the principal on a bond for a permit for a well that was issued by the department.

(e) "Surface owner" means the person in whose name the surface of the land on which drilling operations are contemplated, and who is assessed for purposes of taxes imposed according to the records of the property valuation administrator of the county where the land is located as certified by the property valuation administrator.

(f) "Production operation" means the operation of a well for the production of oil or gas, including all acts, structures, equipment, and roadways necessary for the operation.

(g) "New well" means a well that is spudded after July 13, 1990, and does not utilize any part of a well bore or drilling location that existed prior to July 13, 1990.

(h) "Completion of the well" means completion of those processes necessary before production occurs, including the laying of flow lines and the construction of the tank battery. If the well is not productive, the date of completion of the well shall be the day it is plugged and abandoned.

(2) This section shall be applicable only for the drilling operations of new wells except as provided in subsection (7) of this section. This section shall not apply for reworking operations on a well. This section shall be applicable only when the surface owner has not consented in writing to the drilling operations and:

(a) There has been a complete severance of the ownership of the oil and gas from the ownership of the surface; or

(b) The surface owner owns an interest in the oil and gas.

(3) (a) Prior to commencement of the drilling of a well, the operator shall give written notice to the surface owner of the operator's intent to commence drilling operations.

(b) The operator shall, for the purpose of giving notice, secure from the property valuation administrator's office within ninety (90) days prior to the giving of the notice, a certification which shall identify the person in whose name the lands on which drilling operations are to be commenced and who is assessed at the time the certification is made. The written certification made by the property valuation administrator of the surface owner shall be conclusive evidence of the surface ownership.

(c) The notice required to be given by the operator to the surface owner shall identify the following:

1. The location of the proposed entry on the surface for drilling operations and the date on or after which drilling operations shall commence.

2. A photocopy of the drilling application to the department for the well to be drilled.

3. The name, address, and telephone number of the operator.

4. An offer to discuss with the surface owner those matters set forth in subsection (4) of this section prior to commencement of drilling operations.

(d) If the surface owner elects to meet the operator, the surface owner shall request the operator to schedule a meeting at a mutually agreed time and place within the limitations set forth herein. Failure of the surface owner to contact the operator at least five (5) days prior to the proposed commencement of drilling operations shall be conclusively deemed a waiver of the right to meet by the surface owner. The meeting shall be scheduled between the hours of nine o'clock in the morning and the setting of the sun of the same day and shall be at least three (3) days prior to commencement of drilling operations. Unless agreed to otherwise, the place shall be located within the county in which drilling operations are to be commenced where the operator or his agent shall be available to discuss with the surface owner or his agent those matters set forth in subsection (4) of this section.

(e) The notice shall be given to the surface owner by either:

1. Certified mail addressed to the surface owner at the address shown in the certification obtained from the property valuation administrator, which shall be postmarked at least ten (10) days prior to the commencement

of drilling operations; or

2. Personal delivery to the surface owner at least eight (8) days prior to the commencement of drilling operations.

(f) Notice to the surface owner as defined in this section shall be deemed conclusive notice to the record owners of all interest in the surface.

(4) The operator, or his agent shall, if the surface owner accepts the offer to discuss, be available at the time agreed, date, and place to discuss with the surface owner the following:

(a) Placement of roads to be constructed by the operator;

(b) Points of entry upon the surface for drilling operations;

(c) Construction and placement of pits used for drilling operations;

(d) Restoration of fences to be cut in order to make entry upon the surface for drilling operations;

(e) Use of water on the surface of the lands;

(f) Removal of trees; and

(g) Surface water drainage changes caused by drilling operations.

(5) The surface owner shall be entitled to reasonable compensation from the operator for damages to growing crops, trees, shrubs, fences, roads, structures, improvements, and livestock thereon caused by the drilling of a new well. The surface owner shall be entitled to reasonable compensation from the operator for subsequent damages to growing crops, trees, shrubs, fences, roads, structures, improvements, and livestock caused by subsequent production operations of the operator thereon. The surface owner shall be entitled to reasonable compensation for all negligent acts of the operator that cause measurable damage to the productive capacity of the soil. In addition, the operator shall not utilize any more of the surface estate than is reasonably necessary for the exploration, production, and development of the mineral estate.

(6) ***The failure to agree upon reasonable compensation shall not prevent the operator from commencement of drilling operations, if the operator deposits to the credit of the surface owner in the office of circuit clerk in the county in which the well is located, a sum which the operator deems reasonable compensation. The surface owner may withdraw the deposit pending final disposition of the matter. The remedy of the surface owner shall be an action in the Circuit Court, for reasonable compensation, to be filed within ninety (90) days after the money is deposited by the operator with the circuit clerk. If no action is filed within that time, the sum of money deposited shall be deemed to be reasonable compensation. If reasonable compensation, as determined by the Circuit Court, exceeds the sum deposited with the circuit clerk, there shall be added to the compensation due the surface owner, a penalty of twenty percent (20%) of the difference between the amount deposited with the circuit clerk and the amount of the judgment. If the amount deposited with the circuit clerk is determined by the Circuit Court to be unreasonable, the surface owner shall be entitled to reasonable attorney's fees; but if the operator relied upon a third party appraiser's assessment of damages, there shall be no award of attorney's fees. If the award is less than the amount deposited with the circuit clerk, the surface owner shall repay the difference to the operator*** [~~The compensation required pursuant to subsection (5) of this section shall be paid in any manner mutually agreed upon by the operator and the surface owner, but the failure to agree upon, or make the compensation required, shall not prevent the operator from commencement of drilling operations. The operator shall tender to the surface owner payment by check or draft in accordance with the provisions of this section no later than ninety (90) days after completion of the well. The surface owner's remedy shall be an action for compensation in the Circuit Court in which the lands, or the greater part thereof, are located on which drilling operations were conducted. If the operator fails to tender payment within the ninety (90) day period or if the tender is not reasonable, the surface owner shall be entitled to reasonable compensation as provided in this section, as well as attorney's fees. If the operator relies on a third party appraiser's assessment of damages there shall be no award of attorney's fees~~].

(7) In conjunction with the plugging and abandonment of any well or the reworking of any well, the operator shall restore the surface and any improvements thereon to a condition as near as practicable to their condition prior to commencement of the work. The surface owner and operator may waive this requirement in writing, subject to the approval of the department that the waiver is in accordance with its administrative regulations.

(8) ***(a) Before road construction may commence on real property in which the ownership of the mineral and the surface estates have been severed, the owner of the surface estate and the operator, or his agent, shall agree on the location of a road if one is needed for the operation, but upon their failure to agree, the operator may apply to the department for authorization to construct the road. The department, by administrative regulation, may establish an application fee for each application not to exceed two hundred dollars ($200), and shall establish a notification to owners procedure. The department shall, within ten (10) days after application by the operator, locate or approve the location of the road taking into consideration:***

1. The use of the surface so that the road shall not unreasonably interfere with the use of the surface; and

2. The difference in cost of construction of a road at proposed locations.

(b) The operator is responsible for the design and construction of the road, including any road approved or located by the department.

(c) The surface owner shall be entitled to reasonable compensation from the operator for the diminution in value to the surface estate where the road is constructed. The surface owner shall have the right to use any road constructed by the operator, but shall not damage, obstruct, alter or otherwise inhibit the use of the road.

(9) Nothing in this section shall be construed to diminish the rights of the operator or surface owner as they exist by established common law. Any compensation paid and accepted pursuant to the provisions of subsections (5) and (6) of this section, shall be a complete bar to the assertion of any other remedy for ***the*** [~~such~~] damages.

HB 844, AN ACT relating to oil and gas.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 350 IS CREATED TO READ AS FOLLOWS:

Prior to the issuance of a permit, if the operation will disturb any roads used as access to an oil or gas well or other oil and gas facility, the permit applicant shall certify that he has met and conferred with, or offered to meet and confer with, the well operator as to the disturbance.

SECTION 2. A NEW SECTION OF KRS CHAPTER 353 IS CREATED TO READ AS FOLLOWS:

Prior to the issuance of a permit to drill an oil or gas well on land which is permitted or bonded under the provisions of KRS Chapter 350, the applicant shall certify that he has met and conferred with, or offered to meet and confer with, the permittee as to any activity that will disturb the permitted area.

Section 3. KRS 352.510 is amended to read as follows:

(1) In any underground mine before removing any coal or other material or driving any entry or passageway within five hundred (500) feet of any natural gas or petroleum well, or before extending the workings in any mine beneath any tract of land on which such wells are also drilled, or within five hundred (500) feet of any such well or under any tract of land in visible possession of a well operator, the operator shall forward simultaneously to the well operator and to the Department of Mines and Minerals, by certified mail, return receipt requested or by registered mail, a copy of the maps and plans required by law to be filed and kept up to date, showing on the copy of the map or plan its mine workings and projected mine workings beneath the tract of land and within five hundred (500) feet of its outer boundaries. The operator may then proceed with his mining operations in the manner indicated on the copy of the map or plan*.*[~~,~~] but if the conduct of his mining operations nearer than five hundred (500) feet to any [~~such~~] well, whether completed or being drilled, or to any proposed well where a derrick is being constructed for drilling, or proposed well will endanger the use of drilling of the well, the well owner or operator affected may within ***fifteen (15)*** [~~five~~] days from the receipt of the copy of the map by him and the department, file specific objections in writing to the mining operations within less than five hundred (500) feet of the well*.*[~~;~~] and if the objection is [~~so~~] filed, the department shall notify the operator of the character of the objections and fix a time and place for a hearing not more than ten (10) days from the end of ***the fifteen-day*** [~~said five-day~~] period. At the hearing the operator and the well operator, ***in person or by a representative*** [~~or such of them as are present or represented~~], shall [~~proceed to~~] consider the objections and agree upon the character and extent of operations to be conducted within less than five hundred (500) feet of the well [~~so as~~] to satisfy the objections raised and meet the approval of the department. And, if no agreement can be reached, the department, after a full hearing, shall make a decision defining what coal or clay, if any, is necessary to be left for the safe protection of the use and

operation of the well. The decision shall be subject to appeal by either party as provided in KRS 351.040. The department shall keep a complete record of all ***the*** [~~such~~] hearings.

(2) The mine operator shall, every six (6) months, while mining within five hundred (500) feet of the well, bring up to date the maps and plans required by this section, or file new maps and plans complete to date.

Section 4. KRS 353.050 is amended to read as follows:

(1) Before ***a permit may be issued to drill*** [~~drilling~~] a well on any tract known to be underlaid with coal-bearing strata the well operator shall have a plat prepared showing the exact location of the proposed well ***utilizing latitudes and longitudes and the Carter coordinate system*** [~~and shall forward a copy by certified mail, return receipt requested or by registered mail to the department and at the same time forward copies to the record owner of the coal-bearing strata, unless they are under operation, in which case he shall send a copy to each coal operator operating beds of coal beneath the tract~~].

(2) If the location of any well proposed to be drilled, deepened, or reopened is known to be underlaid by a coal-bearing stratum, which is not in operation, owned by a person other than the oil and gas lessor or lessee then, simultaneously with the filing of an application for a permit, the applicant shall send by registered or certified mail a copy of the required plat to the record coal owner or owners, and record coal lessee.

(3) If the coal-bearing stratum is under operation, a copy of the required plat shall also be sent by the applicant by registered or certified mail to each coal operator operating any stratum as designated on the current license issued by the department and at the address stated thereon.

(4) If the address of any record owner is unknown to the applicant and cannot upon diligent inquiry within the county be ascertained, or if there are more than five (5) record owners then, if the applicant shall file with the department an affidavit that either condition exists, the department may prescribe some different method of notifying the record owner in lieu of sending a copy of the plat as required by this section, or may dispense with the requirements of this section.

(5) The plat shall be filed and become a permanent record, subject to inspection at any time by any interested person. Any agent of the coal operator or any superintendent in actual charge of the mine may be considered as a coal operator, and any process agent or other agent or person in charge of the coal for him may be considered the owner, for the purposes of mailing the required copy of the plat.

Section 5. KRS 353.060 is amended to read as follows:

If the drilling of a well on any tract underlaid with coal-bearing strata will endanger the present or future use or operation of a workable coal bed, the owner or coal operator affected may, within ***fifteen (15)*** [~~five (5)~~] days from the receipt of the plat by him and by the department, file with the department specific objections in writing to ***the*** [~~such~~] proposed location, and, if the objections are so filed, the department shall notify the well operator of the character of the objections and shall fix a time and place for a hearing, not more than ten (10) days after the end of the ***fifteen-day*** [~~five-day~~] period, at which hearing the objections shall be considered. At the hearing the well operator and the coal operator or owner, ***in person or by a representative*** [~~or such of them as are present or represented~~], shall consider the objections and either agree upon the location as proposed or change it so as to satisfy all objections and meet the approval of the department. Any new location thus selected and agreed upon shall be indicated on a plat in accordance with KRS 353.050 and thereupon the department shall issue to the well operator a drilling permit approving the new location and authorizing the well operator to drill at the location. If the coal operator and well operator, or the owner and well operator, are unable to agree, the department shall, in view of the purposes and intent of this chapter and in compliance therewith, fix a location on the tract as near the proposed location as possible and shall issue to the well operator a permit to drill at the new location. If no objections are filed within the ***fifteen-day*** [~~five-day~~] period, the department shall immediately issue to the well operator a drilling permit approving the location and authorizing the well operator to proceed to drill there.

Section 6. KRS 353.170 is amended to read as follows:

The owner or operator of any well that produces oil or gas may allow the well to remain open for the purpose of introducing air, gas, water, or other liquid pressure into and upon the producing strata for the purpose of recovering the oil, ***if the introduction of air, gas, water, or other liquid conforms to the requirements of Section 1425 of the Safe Drinking Water Act (Public Law 93-523 as amended) and any regulations associated with it.*** [~~The introduction of such pressure shall be through casing or tubing, which shall be so anchored and packed that no other oil-bearing sand or producing stratum above or below the producing strata upon which pressure is put shall be affected thereby.~~]

Section 7. KRS 353.180 is amended to read as follows:

(1) No person shall abandon or remove casings from any oil or gas well, either dry or producing, [~~not drilled through any coal-bearing strata,~~] without first plugging ***the well*** [~~it~~] in a secure manner ***approved by the department and consistent with its administrative regulations*** [~~by placing above the oil-producing sand a plug of pine, poplar or some other material that will prevent the well from becoming flooded, and filling in above for the distance of seven (7) feet with sediment or clay and placing upon it another plug of the same material, and also placing about ten (10) feet below the casing a similar plug, seven (7) feet of sediment or clay, and then another plug, all plugs to be securely driven in so that no water can pass them~~].

(2) If a person fails to comply with subsection (1), any person lawfully in possession of land adjacent to [~~or in the neighborhood of~~] the well ***or the department*** may enter on the land upon which the well is located and plug the well in the manner provided in subsection (1), and may maintain a civil action against the owner or person abandoning the well, jointly or severally, to recover the cost of plugging the well. This subsection shall not apply to persons owning the land on which the well is situated, and drilled by other persons.

Section 8. KRS 353.200 is amended to read as follows:

(1) The department shall exercise supervision over the drilling, casing, plugging, and filling of all wells. ***The department shall exercise supervision over all mining operations in close proximity to any well. The department shall have access to the records and properties of coal and oil and gas operators when necessary*** [~~drilled through workable coal beds and all mining operations in close proximity to any well, and for this purpose shall have access to the records and properties of coal and oil operators whenever necessary~~].

(2) The department may receive, or may file on its own motion, formal complaints [~~charging~~] that drilling or mining operations are being conducted contrary to the provisions of KRS 353.010, 353.050 to 353.130, [~~or~~] 352.510, ***or 353.592,*** or to the order of the department, and shall hold formal hearings on ***the*** [~~such~~] complaints. Immediately following the hearing, the department shall make its findings of fact and enter ***the*** [~~such~~] order [~~as in its judgment is~~] necessary to secure the proper administration of KRS 353.010, 353.050 to 353.130, [~~or~~] 352.510***, or 353.592.***

Section 9. The following KRS section is repealed:

353.600 Copy of plat to be sent to owner or operator of coal-bearing stratum underlying well.

The Committee Title Amendment to **HB 844** is as follows:

Amend printed copy of **HB 844** by amending the title to read as follows: "AN ACT relating to oil and gas drilling in areas containing coal bearing strata."

Any contract for the operation of the leased television or related facilities may permit limited and special uses of the television or related facilities for other programs in the public interest, subject to the reasonable terms and conditions as the board and the operating agency and instrumentality may agree upon; but any contract shall affirmatively forbid the use of the television or related facilities, at any time or in any manner, in the dissemination of political propaganda or in furtherance of the interest of any political party or candidate for public office, or for commercial advertising. No lease between the board and the State Property and Buildings Commission shall bind the board to pay rentals for more than one (1) fiscal biennium at a time, subject to the aforesaid renewal options. The board may receive and may apply to rental payments under any lease and to the cost of providing for the operation of the television or related facilities not only appropriations which may be made to it from state funds, from time to time, but also contributions, gifts, matching funds, devises, and bequests from any source, whether federal or state, and whether public or private, so long as the same are not conditioned upon any improper use of the television or related facilities in a manner inconsistent with the provisions of this subsection.

(4) The state board may, on the recommendation and with the advice of the chief state school officer, prescribe, print, publish, and distribute at public expense such administrative regulations, courses of study, curriculums, bulletins, programs, outlines, reports, and placards as each deems necessary for the efficient management, control, and operation of the schools and programs under its jurisdiction. All administrative regulations published or distributed by the board shall be inclosed in a booklet or binder on which the words "informational copy" shall be clearly stamped or printed.

(5) Upon the recommendation of the chief state school officer or his designee, the state board shall establish policy or act on all matters relating to programs, services, publications, capital construction and facility renovation, equipment, litigation, contracts, budgets, and all other matters which are the administrative responsibility of the Department of Education.

Section 2. Whereas, participation in interscholastic athletics promotes good physical, mental, and moral development of our youth, an emergency is declared to exist, and this Act shall become effective upon its passage and approval by the Governor.

HB 848, AN ACT relating to teachers retirement.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 161.623 is amended to read as follows:

(1) Effective July 1, 1982, and thereafter, a district board of education or other employer of members of the Teachers' Retirement System may compensate, at the time of retirement for service, an active teacher for unused sick-leave days in accordance with this section.

(2) Upon the member's application for service retirement, the employer shall certify the retiring member's unused accumulated sick-leave balance to the board of trustees of the Kentucky Teachers' Retirement System. The member's sick-leave balance, expressed in days, shall be divided by one hundred eighty-five (185) days to determine the amount of service credit that may be considered for addition to the member's retirement account for the purpose of determining the retirement allowance under KRS 161.620. Such sick-leave credit shall not be used for the purpose of determining whether the member is eligible to receive a retirement allowance under KRS 161.600.

(3) The board shall compute the cost to the retirement system of the sick-leave credit for each retiring member and shall bill the last employer of the retiring member for such cost. The employer shall pay the cost of such service credit to the retirement system within fifteen (15) days after receiving notification of the cost from the board.

(4) Retiring members who receive service credit under this section shall not be eligible to receive compensation for accrued sick leave under KRS 161.155(8) or any other statutory provision.

(5) Employer participation is optional and the employer may opt to purchase less service credit than the member is eligible to receive provided the same percentage of reduction is made applicable to all retiring members of the employer during a school fiscal year.

(6) The board of trustees shall formulate and adopt necessary rules and regulations for the administration of the foregoing provisions.

(7) If a member dies before retirement, and the member's survivor is or will be eligible for benefits pursuant to KRS 161.520(1)(c), the district board of education shall purchase sick leave credit for the account of the deceased member in the same manner as it purchases sick leave credit for service retirees.

Section 2. KRS 161.155 is amended to read as follows:

(1) As used in this section:

(a) "Teacher" shall mean any person for whom certification is required as a basis of employment in the common schools of the state;

(b) "Employee" shall mean any person, other than a teacher, employed in the public schools, whether on a full or part-time basis;

(c) "Immediate family" shall mean the teacher's spouse, children including stepchildren, parents and spouse's parents, grandparents, and spouse's grandparents, without reference to the location or residence of said relative, and any other blood relative who resides in the teacher's home; and

(d) "Sick leave bank" shall mean an aggregation of sick leave days contributed by teachers for use by teachers who have exhausted all sick leave and other available paid leave days.

(2) Each district board of education shall allow to each teacher in its common school system not less than ten (10) days of sick leave during each school year, without deduction of salary. Sick leave shall be granted to a teacher if he presents a personal affidavit or a certificate of a physician stating that the teacher was ill or that the teacher was absent for the purpose of attending to a member of his immediate family who was ill. The ten (10) days of sick leave herein granted may be taken by a teacher on any ten (10) days of the school year and shall be granted in addition to accumulated sick leave days that have been credited to the teacher under the provisions of subsection (3) of this section.

(3) Days of sick leave not taken by a teacher during any school year shall accumulate without limitation and be credited to that teacher. Accumulated sick leave may be taken in any school year. Any district board of education may, in its discretion, allow teachers in its common school system sick leave in excess of the number of days prescribed in this section and may allow school district employees and teachers to use up to three (3) days' sick leave per school year for emergency leave pursuant to KRS 161.152(3). Any accumulated sick leave days credited to a teacher shall remain so credited in the event he transfers his place of employment from one (1) school district to another within the state or to the Kentucky Department of Education or transfers from the Department of Education to a school district after June 30, 1985.

(4) Accumulated days of sick leave shall be granted to a teacher, if prior to the opening day of the school year, an affidavit or a certificate of a physician is presented to the district board of education, stating that the teacher is unable to commence his duties on the opening day of the school year, but will be able to assume his duties within a period of time that the board determines to be reasonable.

(5) Any school employee may repurchase previously used sick leave days with the concurrence of the local school board by paying to the district an amount equal to the total of all costs associated with the used sick leave.

(6) A district board of education may adopt a plan for a sick leave bank. The plan may include limitations upon the number of days a teacher may annually contribute to the bank and limitations upon the number of days a teacher may annually draw from the bank. Only those teachers who contribute to the bank may draw upon the bank. Days contributed will be deducted from the days available to the contributing teacher. The sick leave bank shall be administered in accordance with a policy adopted by the board of education.

(7) A teacher may use up to thirty (30) days of sick leave following the adoption of a child or children.

(8) After July 1, 1982, a district board of education may compensate, at the time of retirement, an employee or a teacher for each unused sick leave day. The rate of compensation for each unused sick leave day shall be based on a percentage of the daily salary rate calculated from the employee's or teacher's last annual salary, not to exceed thirty percent (30%). Payment for unused sick leave days shall be incorporated into the annual salary of the final year of service; provided that the member makes the regular retirement contribution for members on the sick leave payment. The accumulation of these days includes unused sick leave days held by the employee or teacher at the time of implementation of the program. ***If a member dies before retirement, and the member's survivor is or will be eligible for benefits pursuant to KRS 161.520(1)(c), the district board of education which has adopted the provisions of this subsection to compensate teachers for unused sick leave shall compensate the surviving widow or widower for the unused sick leave. If the widow or widower makes the regular retirement contribution for members on the sick leave payment, the payment shall be incorporated into the annual salary of the member's final year of service.***

(9) Any statute to the contrary notwithstanding, employees and teachers who transferred from the Department of Education to a school district, from a school district to the Department of Education, or from one (1) school district to another school district after July 15, 1981, shall receive credit for any unused sick leave to which the employee or teacher was entitled on the date of transfer. This credit shall be for the purposes set forth in subsection (8) of this section.

Section 3. Whereas it is the intent of this Act to provide equitable sick leave benefits to survivors of teachers who have died or will die before application for retirement benefits, this Act shall be retroactive to July 13, 1990.

HB 871, AN ACT relating to student teaching.

(2) Within the provisions established by the State Board for Elementary and Secondary Education, local boards of education are authorized to enter into cooperative agreements, including financial arrangements, with colleges and universities for the purpose of providing professional laboratory experiences and student teaching experiences for students preparing for the education profession.

(3) ***A supervising teacher shall have professional competencies as set out in administrative regulations promulgated by the Education Professional Standards Board. If obtainment of a degree above the baccalaureate level is required of supervising teachers, the Education Professional Standards Board shall waive the requirement for teachers who have at least twenty (20) years of teaching experience and who have worked as a supervising teacher during the past five (5) years.***

(4) A student teacher who is jointly assigned under agreement by a teacher education institution and a local board of education shall have the same legal status and protection as a certificated teacher employed within the school district and shall be responsible to the administrative staff of the school district and the supervising teacher to whom he is assigned.

(5)[~~(4)~~] Teacher education students, other than student teachers, may be permitted through cooperative agreements between the local school district and the teacher education institution, to engage in supplementary instructional activities with pupils under the direction and supervision of the professional administrative and teaching staff of the school district.

(2) In the declaration required under subsection (1) the individual shall state:

(c) The excess of the amount estimated under paragraph (a) over the amount estimated under paragraph (b), which excess for purposes of this chapter shall be considered the estimated tax for the taxable year;

(d) Such other information as may be prescribed in regulations promulgated by the cabinet[~~;~~

~~(e) Notwithstanding the above provisions, no declaration is required if the estimated tax can reasonably be expected to be less than forty dollars ($40)~~].

(3) The declaration required under subsection (1) shall be filed with the cabinet on or before April 15 of the taxable year, except that if the requirements of subsection (1) are first met:

(a) After April 1 and before June 2 of the taxable year, the declaration shall be filed on or before June 15 of the taxable year; or

(b) After June 1 and before September 2 of the taxable year, the declaration shall be filed on or before September 15 of the taxable year; or

(c) After September 1 of the taxable year, the declaration shall be filed on or before January 15 of the succeeding taxable year.

(4) An individual may make amendments of a declaration filed during the taxable year under subsection (3), under regulations prescribed by the cabinet.

(5) If on or before January 31 of the succeeding taxable year the taxpayer files a return for the taxable year for which the declaration is required and pays in full the amount computed on the return as payable then, under regulations prescribed by the cabinet:

(a) If the declaration is not required to be filed during the taxable year, but is required to be filed on or before such January 15, such return shall, for the purposes of this section, be considered as such declaration; and

(b) If the tax shown on the return, reduced by the credits under KRS 141.350, is greater than the estimated tax shown in a declaration previously made or, in the last amendment thereof, such return shall, for the purposes of this section, be considered as the amendment of the declaration permitted by subsection (4) to be filed on or before such January 15.

(6) The cabinet shall promulgate regulations governing reasonable extensions of time for filing declarations and paying the estimated tax. Except in the case of taxpayers who are abroad, no such extension shall be for more than six (6) months.

(7) If the taxpayer is unable to make his own declaration, the declaration shall be made by a duly authorized agent or by the guardian, conservator, or other person charged with the care of the person or property of such taxpayer.

(8) For the purposes of KRS 131.190, a declaration of estimated tax shall be held and considered a return of income under this chapter.

Section 27. KRS 141.990 is amended to read as follows:

(1) If any taxpayer fails or refuses to file a return or furnish any information requested in writing by the cabinet, the cabinet may make an estimate of the net income from any information in its possession, assess the tax at not more than twice the amount estimated to be due and add a penalty of twenty-five percent (25%) of the amount of any deficiency tax assessed concerning the failure or refusal to file a return or furnish any information. This penalty shall be in addition to all other applicable penalties in this section.

(2) If any taxpayer fails to make and file a return required by this chapter on or before the due date of the return or the due date as extended by the cabinet, then, unless it is shown to the satisfaction of the cabinet that the failure is due to reasonable cause, five percent of the tax found to be due by the cabinet shall be added to the tax for each thirty days or fraction thereof that filing the return is beyond the time prescribed or extended, but the total penalty shall not exceed twenty-five percent (25%) of the tax.

(3) If any taxpayer fails to pay the tax imposed by this chapter on or before the due date of the return or the due date as extended by the cabinet, unless it is shown to the satisfaction of the cabinet that the failure is due to reasonable cause, there shall be added to the tax found to be due by the cabinet one-half percent (0.5%) of the amount of the tax if the failure is for not more than one (1) month, with an additional one-

half percent (0.5%) for each additional month or fraction thereof that payment of the tax is made beyond the time prescribed or extended, but the total penalty shall not exceed twenty-five percent (25%) of the tax.

(4) If any corporation granted an extension of time to file its income return under the provisions of KRS 141.170(2) fails to pay any remaining balance shown on the return by the extended due date of the return, or fails to pay, prior to the granting of the extension, an amount equal to either:

(a) The tax shown on the return of the corporation for the preceding taxable year, if a return showing a liability for tax was filed by the corporation for the preceding taxable year and the preceding year was a taxable year of twelve (12) months; or

(b) Ninety percent (90%) of its liability for the taxable year after the liability is reduced by any estimated tax payments, overpayments from prior years or other prepayments which may be properly claimed as a credit, then, unless it is shown to the satisfaction of the cabinet that the failure is due to reasonable cause, the penalty provided for in subsection (3) of this section shall be imposed from the original due date of the return.

(5) If any part of any deficiency is due to negligence, or intentional disregard of rules and regulations but without intent to defraud, five percent (5%) of the total amount of the deficiency, in addition to the deficiency and other penalties provided in this section, shall apply.

(6) If any part of any deficiency is due to fraud with intent to evade tax, fifty percent (50%) of the total amount of the deficiency, in addition to the deficiency and other penalties provided in this section, shall apply.

(7) Any person required under the provisions of KRS 141.150 or 141.335 to furnish a statement required under that section who willfully furnishes a false or fraudulent statement, or who willfully fails to furnish a statement in the manner at the time and showing the information required under KRS 141.150 and 141.335, may for each such failure be subject to a civil penalty of ten dollars ($10). Such penalty may be assessed and collected by the cabinet, and the assessment of such penalty may be reviewed only in the manner provided in KRS 131.110.

(8) (a) Any employer required under the provisions of KRS 141.310, 141.315 or 141.330 to withhold taxes on wages, file returns, and make payment of amounts withheld to the cabinet, who fails to withhold such taxes, or to file such returns when due, or who fails to remit amounts collected to the cabinet when due, or when filing the returns understates the amount due shall, unless such failure to comply is shown to the satisfaction of the cabinet to be due to reasonable cause, be subject to a civil penalty equal to five percent (5%) per month or fraction thereof not to exceed twenty-five percent (25%), of the amount of taxes that should have been properly withheld and paid over to the cabinet, or ten dollars ($10), whichever is greater, for each such failure. However, where such failure is shown to be due to reasonable cause the cabinet may reduce the penalty provided herein to an amount equal to five percent (5%) of the amount of taxes that should have been properly withheld and paid over to the cabinet but not to exceed one hundred dollars ($100), or ten dollars ($10), whichever is greater, for each such penalty. Each penalty shall be assessed and collected by the cabinet and the assessment of such penalty may be reviewed only in the manner provided in KRS 131.110. The penalty may be waived if the return and payment are received within thirty (30) days after the due date and the employer has no previous record of late filing or late payment within two (2) years next preceding such due date.

(b) Any employer required to file a return under the provisions of KRS 141.330(1) when no tax should have been properly withheld, and who fails to file the same when due, shall be subject to a civil penalty of ten dollars ($10) for each violation. Such penalty shall be assessed and collected by the cabinet and the assessment of such penalty may be reviewed only in the manner provided in KRS 131.110. Underpayment, for purposes of this subsection, is determined by subtracting applicable credits allowed by KRS 141.070, 141.300 and 141.310 from seventy percent (70%) of the tax liability as shown on the return for the taxable year. This subsection shall not apply to the taxable year in which the death of the taxpayer occurs*,* nor in the case of a farmer exercising an election under subsection (5) of KRS 141.305*, **nor in the case of any person having a tax liability of two hundred ($200.00) or less***.

(10) Any corporation required by KRS 141.042 to file a declaration of estimated tax and required to pay such declaration of estimated tax by the installment method prescribed by subsection (1) of KRS 141.044,

may be subject to a penalty of ten percent (10%) of any installment underpayment or any installment not paid on time. Installment underpayment is the installment determined by subsection (1) of KRS 141.044, less the installment actually paid, based upon seventy percent (70%) of the income tax shown to be due on the final return for the year reduced by five thousand dollars ($5,000).

(11) Any penalty imposed by subsections (1), (2), (3), (4), (5), (6), (7), or (8) of this section shall be assessed, collected, and paid in the same manner as if it were a deficiency.

(12) Every tax imposed by this chapter, and all increases, interest and penalties thereon, shall become, from the time it is due and payable, a personal debt to the state from the taxpayer or other person liable therefor.

(13) In addition to the penalties herein prescribed, any taxpayer or employer, who willfully fails to make a return or willfully makes a false return, or who willfully fails to pay taxes owing or collected, with intent to evade payment of the tax or amount collected, or any part thereof, shall upon conviction thereof be fined not less than five hundred dollars ($500) nor more than five thousand dollars ($5,000), or confined in the penitentiary for not less than twelve (12) months or more than five (5) years, or both.

(14) Any person who willfully aids or assists in, or procures, counsels, or advises the preparation or presentation under, or in connection with any matter arising under KRS Chapter 141 of a return, affidavit, claim, or other document, which is fraudulent or is false as to any material matter, whether or not such falsity or fraud is with the knowledge or consent of the person authorized or required to present such return, affidavit, claim, or document, shall be guilty of a felony and, upon conviction thereof, shall be fined not more than five thousand dollars ($5,000), or imprisoned not more than three (3) years, or both, together with the costs of prosecution.

(15) A return for the purpose of this section shall mean and include any return, declaration or form prescribed by the cabinet and required to be filed with the cabinet by the provisions of this chapter, or by the rules and regulations of the cabinet or by written request for information to the taxpayer by the cabinet."

HB 192, AN ACT relating to maternal health.

WHEREAS, The General Assembly finds that a woman's ability to bear healthy children is threatened by the consequences of alcoholism and drug abuse; as many as ten percent (10%) of all births in the Commonwealth may be affected by alcohol or drug abuse; drug and alcohol use during pregnancy can result in low birthweight, physical deformities, mental retardation, learning disabilities, and other health problems in newborn infants; fetal alcohol syndrome is the leading identifiable cause of mental retardation in the nation and the only one that is totally preventable; drug and alcohol impaired individuals pose extraordinary societal costs in terms of the medical, educational, and support services needed throughout the individual's lifetime; education and treatment are essential strategies in preventing prenatal exposure to alcohol and other drugs; pregnant substance abusing women face more barriers to substance abuse treatment than other persons seeking treatment; adequate prenatal care is an essential element in delivering a healthy, well-developed newborn; punitive actions taken against pregnant alcohol or substance abusers would create additional problems, including discouraging these individuals from seeking the essential prenatal care and substance abuse treatment necessary to deliver a healthy newborn; and

WHEREAS, the General Assembly finds it is necessary to treat the problem of alcohol and drug use during pregnancy solely as a public health problem by seeking expanded access to prenatal care and to alcohol and substance abuse education and treatment programs;

NOW, THEREFORE,

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 243 IS CREATED TO READ AS FOLLOWS:

The specimen of blood shall be submitted to the laboratory of the Cabinet for Human Resources or a laboratory approved by the cabinet, for the purpose of having made a serological test for syphilis. The test shall be of a type approved by the Cabinet for Human Resources.

(4) The circumstances surrounding any positive toxicology finding shall be evaluated by the attending person to determine if abuse or neglect of the infant, as defined under KRS 600.020(1), has occurred and whether investigation by the Cabinet for Human Resources is necessary.

(5) No prenatal screening for alcohol or other substance abuse or positive toxicology finding shall be used as prosecutorial evidence.

(2) All hospitals and any other health facilities licensed pursuant to KRS Chapter 216B which provide for obstetrical services, including delivery of newborn infants, shall, as a condition of licensure, participate in any periodic surveys conducted by the Cabinet for Human Resources for the purposes of determining the prevalence of alcohol or other substance abuse among pregnant women and newborn infants.

The values shall be determined for each species or subclassification as provided in subsection (3) of this section, and shall be expressed in terms of a dollar amount per one thousand (1000) board feet. The total listing of values shall be combined into a convenient set of tables set forth in administrative regulations promulgated by the cabinet pursuant to KRS Chapter 13A.

The tax shall be delinquent if not paid by the due date or within the additional time allowed for filing under the provisions of this section.

(2) Each taxpayer shall make out a return on the form prescribed by the cabinet having the amount of tax liability for the proceeding calendar quarter and such relevant information as the cabinet considers necessary to correctly determine the tax due, and shall mail or deliver the return, together with a remittance for the unpaid balance of the tax to the cabinet. A notice of assessment shall be mailed to the taxpayer. The time as specified in this section may be extended by agreement between the taxpayer and the cabinet.

(2) For the purpose of subsections (1) and (4) of this section, a return filed before the last day prescribed by law for the filing thereof shall be considered as filed on the last day.

SECTION 6. A NEW SECTION OF KRS CHAPTER 143B IS CREATED TO READ AS FOLLOWS:

The undertaking shall be filed with the clerk of the Franklin Circuit Court.

SECTION 9. A NEW SECTION OF KRS CHAPTER 143B IS CREATED TO READ AS FOLLOWS:

This action may be brought in the Franklin Circuit Court or in the Circuit Court having jurisdiction over the taxpayer.

SECTION 10. A NEW SECTION OF KRS CHAPTER 143B IS CREATED TO READ AS FOLLOWS:

Notwithstanding any other provisions of this chapter to the contrary, the president, vice president, secretary, treasurer, or any other person holding any equivalent corporate office of any corporation subject to the provisions of this chapter shall be personally and individually liable, both jointly and severally, for the taxes imposed under this chapter, and neither the corporate dissolution nor withdrawal of the corporation from the state nor the cessation of holding any corporate office shall discharge the foregoing liability of any such person. The personal and individual liability shall apply to each and every person holding corporate office at the time the taxes become or became due. No person will be personally and individually liable pursuant to this section who had no authority in the management of the business or financial affairs of the corporation at the time that the taxes imposed by this chapter become or became due. (4) The fiscal court of any county in Kentucky from which timber severance taxes are collected may submit to the Cabinet for Economic Development, on behalf of a beneficiary company, as defined in Section 1 of this Act, a project proposal for funding under the provisions of this section. Each proposal shall be presented in the manner as prescribed by the cabinet and shall be evaluated, approved, or disapproved, and if approved, prioritized for funding pursuant to administrative regulations promulgated by the cabinet in accordance with KRS Chapter 13A.

(5) If the cabinet determines that the project proposal does not conform to the requirements of this section or its administrative regulations, or that the estimated costs of the project are unreasonable or excessive in light of the public benefit to be derived, or the unencumbered balance in the fund is insufficient to pay the costs of the project, or the beneficiary company cannot reasonably finance the operation or maintain the project during its estimated useful life, then the project shall be disapproved. The cabinet shall either approve or disapprove any project proposal within ninety (90) days following the official submittal of the proposal to the cabinet. If the company breaches the agreement, the Commonwealth shall have right of entry to the project and the company shall forthwith convey title to the project to the Commonwealth.

(7) When a project has been approved for funding in accordance with provisions of this section, the secretary of the Cabinet for Economic development shall certify to the State Treasurer amounts to be deposited from the timber severance tax trust and agency account to the credit of the Kentucky Timber Industry Development Fund, from which expenditures for the approved project shall be paid.

(8) Nothing in this section shall be construed as prohibiting the financing of a project with funds as provided in this section with other public or private funds; however, in that event, the Commonwealth shall be the first lienholder and all other liens shall be subordinate.

SECTION 12. A NEW SECTION OF KRS CHAPTER 143B IS CREATED TO READ AS FOLLOWS:

Any taxpayer who fails to file required returns or remit the tax due under this chapter or who falsifies or alters a permit or other form required under this chapter shall be guilty of a Class A misdemeanor and upon conviction shall be fined an amount not to exceed one thousand dollars ($1,000) or imprisoned for a period not to exceed six (6) months, or both.

HB 544, AN ACT relating to workers' compensation.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF SUBTITLE 13 OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

(1) Each insurer, including those participating in a residual market mechanism, authorized to write workers' compensation insurance in the Commonwealth shall offer, as a part of the policy or as an optional endorsement to the policy, deductibles optional to the employer policyholder for the payment of workers' compensation benefits pursuant to KRS Chapter 342.

(2) Deductible amounts offered pursuant to subsection (1) of this section shall be fully disclosed to the employer policyholder in writing and shall range in amounts from one hundred dollars ($100) to ten thousand dollars ($10,000) per compensable occurrence under KRS Chapter 342. The employer policyholder exercising the deductible option shall choose only one (1) deductible amount.

(3) (a) If the employer policyholder chooses a deductible policy pursuant to subsections (1) and (2) of this section, the insurer shall pay the deductible amount initially and the employer policyholder shall be liable to the insurer, at the time and in the manner prescribed by the insurer, for the amount of the deductible paid by the insurer for benefits paid pursuant to KRS Chapter 342.

(b) Failure by the employer policyholder to reimburse the insurer as required by this subsection shall be treated by the insurer in the same manner as non-payment of premiums. In addition, failure of the employer policyholder to reimburse the insurer as required shall constitute noncompliance with KRS 342.340 for purposes of KRS 342.402.

SECTION 2. A NEW SECTION OF SUBTITLE 13 OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

(1) An employer policyholder who selects a deductible workers' compensation policy shall be granted a premium reduction by the insurer. The premium reduction shall be calculated by the insurer in accordance with administrative regulations promulgated by the commissioner and shall be fully disclosed to the employer policyholder in writing.

(2) For ratemaking purposes, the premium reduction granted to an employer policyholder in accordance with the provisions of subsection (1) of this section shall be applied and considered prior to the application of experience modification adjustments, premium surcharges, or premium discounts.

(3) In addition to the provisions contained in subsection (2) of this section, only the net experience of an employer policyholder, which results after application of the deductible amount, rather than the gross experience of the employer policyholder, shall be used by the insurer or advisory organization in the calculation and preparation of workers' compensation rates. Violation of the provisions of this subsection shall constitute grounds for the suspension or revocation of the license of an insurer or advisory organization in the manner prescribed in KRS Chapter 304.13-320.

SECTION 3. A NEW SECTION OF SUBTITLE 13 OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

No insurer shall be required to offer a deductible to an employer policyholder, as provided in Section 1 of this Act, if the insurer determines, subject to review and approval by the commissioner, that the prospective employer policyholder is not financially able to comply with the terms and conditions of a deductible workers' compensation policy.

Section 4. KRS 304.13-057 is amended to read as follows:

(1) Every insurer shall provide to the commissioner information to demonstrate to what extent the insurer's rates are based upon its Kentucky experience.

(2) Every insurer shall provide to the commissioner information to demonstrate its compliance with the requirements contained in Section 2 of this Act which requires workers' compensation rates to be based on the net experience of an employer policyholder who has selected a deductible policy as authorized by Section 1 of this Act.

SECTION 5. A NEW SECTION OF SUBTITLE 13 OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

Notwithstanding any provision of this chapter or any other chapter of the Kentucky Revised Statutes or any rating manual or rule to the contrary, no workers' compensation rate increases shall be applied retroactively, but rather shall be applied only to policies with inception or renewal dates on or after the effective date of the rate increase.

Section 6. KRS 342.020 is amended to read as follows:

(1) In addition to all other compensation provided in this chapter, the employer shall pay for the cure and relief from the effects of an injury or occupational disease ***the***[~~such~~] medical, surgical and hospital treatment, including nursing, medical and surgical supplies and appliances, as may reasonably be required at the time of the injury and thereafter during disability, or as may be required for the cure and treatment of an occupational disease. The employee may select the physician to treat his injury, and the hospital in which he shall be treated. ***However, following an employee's initial selection of a physician to treat his injury or occupational disease, he may change treating physicians not more than one (1) time without prior written authorization of the employer's insurance carrier or by a self-insured employer, except that prior written authorization shall not be required in the case of a referral from a treating physician to a medical specialist. An initial selection of a doctor made by the employer's insurance carrier or by a self-insured employer or medical treatment provided to an employee during an emergency situation does not constitute the employee's initial selection of a physician to treat his injury. The written request to change treating physicians shall be deemed approved if the insurance carrier or self-insured employer fails to respond within seven (7) days following receipt of the written request. Refusal of the written request to change treating physicians may be appealed to the administrative law judge or board, in the manner prescribed by the board, within twenty (20) days from the date of refusal. The insurance carrier or self-insured employer shall respond within twenty (20) days thereafter and the administrative law judge or the board shall rule on the appeal within twenty (20) days following receipt of the response of the insurance carrier or self-insured employer.*** The employer, or an insurer on behalf of the employer, shall make all payments for services rendered to an employee directly to the provider of such services within thirty (30) days of receipt of a statement for services. ***The provider of medical services shall submit the statement for services within thirty (30) days of the day treatment is initiated and every thirty (30) days thereafter if appropriate as long as medical services are rendered.***

(2) When a compensable injury or occupational disease results in the amputation of an arm, leg or foot, or the loss of hearing, or the enucleation of an eye or loss of teeth, the employer shall initially pay for, in addition to the other medical, surgical and hospital treatment enumerated in subsection (1) and this subsection, a modern artificial member and where required, proper braces.

(3) Upon motion of the employer, with sufficient notice to the employee for a response to be filed, if it is shown to the satisfaction of the administrative law judge by affidavits or testimony that because of the physician selected by the employee to treat his injury or disease, or because of the hospital selected by the employee in which he is being treated, that the employee is not receiving proper medical treatment and his recovery is being substantially affected or delayed; or that the funds for his medical expenses are being spent without reasonable benefit to the employee; or that because of the physician selected by the employee or because of the type of medical treatment being received by the employee that the employer will substantially be prejudiced in any compensation proceedings resulting from the employee's injury or disease; then the administrative law judge may allow the employer to select a physician to treat the employee and the hospital or hospitals in which the employee is treated for his injury or disease. No action shall be brought against any employer subject to this chapter by any person to recover damages for malpractice or improper treatment received by any employee from any physician, hospital or attendant thereof.

(4) An employee who reports an injury alleged to be work-related or files an application for adjustment of a claim shall execute a waiver and consent of any physician-patient, psychiatrist-patient or chiropractor-patient privilege with respect to any condition or complaint reasonably related to the condition for which the employee claims compensation. Notwithstanding any other provision in the Kentucky Revised Statutes, any physician, psychiatrist, chiropractor, podiatrist, hospital or health care provider shall, within a reasonable time after written request by the employee, employer, workers' compensation insurer, special fund, uninsured

employers' fund, or the administrative law judge, provide the requesting party with any information or written material reasonably related to any injury for which the employee claims compensation.

The Committee Substitute to **HB 544** is as follows:

HB 732, AN ACT relating to workers' compensation.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 342 IS CREATED TO READ AS FOLLOWS:

(1) The General Assembly finds and declares that more than twenty-six percent (26%) of all employers in the Commonwealth, who are subject to the Kentucky Workers' Compensation law, have been unable to secure the statutorily mandated workers' compensation coverage except from the Kentucky Workers' Compensation Insurance Plan, a residual market mechanism or assigned risk pool for high-risk employers.

(2) The General Assembly finds and declares that there are approximately two hundred sixty-five (265) insurance carriers authorized to write workers' compensation insurance coverage, but that very few are actively providing significant coverage to coal employers in the Commonwealth.

(3) The General Assembly finds and declares that few coal employers in the Commonwealth are insured for workers' compensation purposes through the private insurance market and that most of the largest coal employers in the Commonwealth are self-insured.

(4) The General Assembly finds and declares that most coal employers have been unable to secure the mandated workers' compensation coverage through the private insurance market, that most coal employers cannot qualify to be individually self-insured because of the economic plight of the coal industry, and that many coal employers currently maintain their mandated workers' compensation coverage through the Kentucky Workers' Compensation Insurance Plan because of the dissolution of the Kentucky Coal Producers' Fund, the only workers' compensation group self-insurance fund which existed solely for coal employers.

(5) The General Assembly finds and declares that the overall workers' compensation insurance market is becoming more and more restrictive and expensive for all employers in the Commonwealth, especially employers engaged in the severance or processing of coal.

(6) Therefore, it is the intent of the General Assembly by establishing the Kentucky Insurance Association to provide a reasonable mechanism through which employers, especially employers in the coal industry may secure coverage for their workers' compensation liability required under this chapter.

SECTION 2. A NEW SECTION OF KRS Chapter 342 IS CREATED TO READ AS FOLLOWS:

As used in Sections 1 to 15 of this Act, unless the context requires otherwise:

(1) "Association" means the Kentucky Insurance Association created by KRS 342.495;

(2) "Board" means the board of directors of the Kentucky Insurance Association; and

(3) "Manager" means the manager of the Kentucky Insurance Association.

Section 3. KRS 342.495 is amended to read as follows:

(1) For the purpose of carrying out this chapter and affording to employers a method of insuring their ***workers' compensation*** liability, the Kentucky [~~Employee's~~] Insurance Association is created. ***The association shall be***[~~,~~] a ***public*** body corporate, with all the general corporate powers incident thereto ***and shall constitute a public agency within the definitions of that term in KRS 61.805 and 61.870. Although*** any employer in this state may ***at some point be authorized to*** become a subscriber***, initial membership in the association shall be limited to employers who are engaged in the business of severance or processing of coal. The association's board of directors shall review the association's fiscal soundness on not less than a yearly basis and determine whether to recommend to the Governor to expand the membership to other employers in the Commonwealth.***

(2) For administrative purposes, the association is attached to the ***Finance and Administration*** [~~Labor~~] Cabinet.

(3) For the purpose of effectuating the provisions of Sections 1 to 15 of this Act, the general powers of the association shall include, but are not limited to, the power to:

(a) Sue and be sued;

(b) Adopt a seal and alter it at will;

(c) Enter into contracts relating to the administration of the association;

(d) Rent, lease, buy, pledge, mortgage, or sell property in its own name and may construct or repair buildings necessary to provide space for its operations;

(e) Declare a dividend when there is an excess of assets over liabilities;

(f) Pay medical expenses, rehabilitation expenses, and income benefits provided under this chapter, and administrative and other expenses of the association; and

(g) Hire personnel and set salaries and compensation in accordance with the provisions of Sections 1 to 15 of this Act.

(4) In addition to the general powers authorized in this section, the association shall hold, administer, invest, and reinvest the premiums collected pursuant to Sections 1 to 15 of this Act in the manner prescribed in KRS 342.123.

(5) The association shall promulgate administrative regulations which clearly set out the policies and procedures of the association with regard to ratemaking methods, denial of membership, termination of membership, and other matters relating to the conduct of the business of the association.

SECTION 4. A NEW SECTION OF KRS CHAPTER 342 IS CREATED TO READ AS FOLLOWS:

(1) The board of directors of the association shall consist of nine (9) members, including the secretary of the Labor Cabinet, the secretary of the Cabinet for Economic Development, the secretary of the Revenue Cabinet, and the commissioner of the Department of Insurance. The remaining five (5) members of the board of directors shall be appointed by the Governor.

(2) The five (5) appointed members shall be:

(a) Two (2) members, selected from a list of five (5) submitted by the secretary of Labor, who shall represent employees in the Commonwealth;

(b) Two (2) members, selected from a list of five (5) submitted by the secretary for economic development, who shall represent employers in the Commonwealth; and,

(c) One (1) member who shall be knowledgable in the area of workplace safety and health.

(3) Following the initial appointments, each appointed member of the board shall serve a term of four (4) years. The initial terms of the appointive members shall be staggered as follows:

(a) One (1) member appointed by the Governor to represent employees shall serve a term of two (2) years, and the other member appointed to represent employees shall serve a term of three (3) years;

(b) One (1) member appointed by the Governor to represent employers shall serve a term of two (2) years, and the other member appointed to represent employers shall serve a term of three (3) years; and

(4) The board of directors shall annually elect from among its members a chairman, a vice chairman, and a secretary-treasurer. The board may also elect or appoint, and prescribe the duties of, other officers as the board of directors deems necessary or advisable.

(5) The employees of the association shall be eligible to participate in the Kentucky Retirement System and the Kentucky Public Employees Deferred Compensation System.

(6) A majority of the board shall constitute a quorum for the purposes of conducting its business and exercising its powers and for all other purposes. The majority shall be determined by excluding any existing vacancies from the total number of directors.

(7) Vacancies on the board shall be filled by the Governor for only the remainder of the unexpired term. Members of the board shall serve until their successors are appointed, except that the Governor shall fill a vacancy on the board within thirty (30) days from the date the vacancy occurred.

SECTION 5. A NEW SECTION OF KRS CHAPTERS 342 IS CREATED TO READ AS FOLLOWS:

(1) The Governor shall, after conducting a nationwide search, appoint a manager of the association subject to the consent of the Senate in accordance with KRS 11.160. The manager shall have previous successful experience as an executive at the general management level in the insurance business. Knowledge of workers' compensation insurance, financial management and investment strategies, and actuarial analysis shall be priority qualifications considered when hiring the manager. The duties of the manager shall be to conduct the business of the association on behalf of the board. The manager shall be authorized to do all things necessary to administer the association, subject to the approval of the board, including the establishment of workers' compensation premium rates.

(2) The manager, subject to the approval of the board, may employ assistants, attorneys, statisticians, actuaries, accountants, inspectors, clerks, rehabilitation personnel, and other employees as necessary to carry out the responsibilities of the association.

(3) The manager, subject to the approval of the board of directors, may contract for actuarial, investment, legal, medical, rehabilitation, reinsurance, auditing, or other services as necessary to fulfill the responsibilities of the association. The contracts shall be subject to the personal service contract review procedures of KRS 45A.690 to 45A.725.

(4) The manager, subject to the approval of the board, may make safety inspections of risks and provide advisory services to employers on safety and health measures.

(5) The manager shall qualify by giving an official bond in an amount and with sureties approved by the board. The premium for the bond shall be paid by the association.

(6) The manager, subject to approval of the board, may deny membership to any employer which does not meet the criteria for membership.

Section 6. KRS 342.530 is amended to read as follows:

(1) (a) The ***manager, subject to the approval of the*** board [~~of directors~~] shall ***determine the premiums charged to the subscribers of the association*** [~~distribute the subscribers into groups in accordance with the nature of the business and the degree of the risk of injury~~]. ***The*** subscribers [~~within each group~~] shall [~~annually~~] pay in cash, or notes absolutely payable ***to the association and in the manner it prescribes***, the premiums required to pay the compensation provided in this chapter ***in order to establish and maintain adequate reserves determined necessary by the association and to pay the administrative expenses of the association*** [~~for the injuries that may occur in that year~~].

(b) At the time each employer subscribes to the association, the application required by the manager shall be filed and a premium deposit equal to the first quarter's estimated premium payment, determined by the manager, shall be remitted. Thereafter, premiums shall be paid in monthly installments, determined by the manager, on or before the last day of the month.

(c) At the time each premium is paid, each subscriber employer shall make a payroll report to the manager for the preceding month. The report shall be on forms prescribed by the manager and shall contain all information required by the manger.

(d) After subscribing to the fund, each employer shall remit with each payroll report and premium payment, an amount calculated by the manager and approved by the board to be sufficient to maintain a premium deposit. The premium deposit shall be credited to the employer's account and used to pay premiums and any other sums due the association when an employer becomes delinquent.

(2) The manager shall recommend to the board the commission that insurance agents can charge for writing policies for the association, except that the commission shall not be less than that which agents currently charge for writing workers' compensation policies for insurance companies authorized to write workers' compensation coverage in the Commonwealth.

(3) (a) To determine equitable premiums, the manager may divide the employments of the subscribers into classes. Separate accounts shall be kept of the amounts collected and expended with respect to each class and each insured for convenience in determining equitable premiums. The manager may rearrange any of the classes by withdrawing any employment embraced in it and transferring it wholly or in part to any other class, and from these employments may set up new classes in his discretion. The manager shall determine the hazards of the different classes and fix the premiums based upon the total payroll and number of employees in each class of employment at the lowest possible rate consistent with the maintenance of a solvent workers' compensation state insurance fund and the creation of a reasonable surplus and reserve. The manager shall use only Kentucky loss experience data in the determination of premiums, except that other loss experience data may be utilized as a supplement to Kentucky data when the manager determines that an exceptional case requires additional data to establish statistical credibility of an employment classification. In addition, the manager may, in his discretion, apply debit or credit modification factors to reflect exceptional or expected reductions in loss exposures not adequately reflected in either the premiums for the employment classification or the employer's individual past experience.

(b) The manager shall keep an account of:

1. The premiums paid by each of the several classes of employments and by each employer insured by the association;

2. Expenses of administering the association; and

3. Medical and indemnity benefits paid pursuant to this chapter; and

4. The amount of reserves adequate to meet anticipated and unexpected losses and to carry the claims to maturity.

(c) At the end of every year, and at other times as the manager in his discretion may determine, a readjustment of the premium may be made for each of the several classes of employments or industries. If at any time there is an aggregate balance remaining to the credit of any class of employment or industry which the manager deems may be safely and properly divided, he may, in his discretion, credit to each individual member of the class who shall have been a subscriber to the association for a period of six (6) months or more, prior to the time of the readjustment, a proportion of the balance, determined by the manager and based upon the amount of premiums paid by each subscriber in a class subsequent to the last readjustment of rates.

SECTION 7. A NEW SECTION OF KRS CHAPTER 342 IS CREATED TO READ AS FOLLOWS:

(1) Failure of an employer to pay his premium timely, to file a payroll report timely, or to maintain an adequate premium deposit shall cause the employer's account to become delinquent. No employer shall be declared delinquent or assessed a penalty if the manager determines that the delinquency has been caused by delays in the administration of the association. The manager shall, in writing, within thirty (30) days of the end of each quarter notify all delinquent employers of their failure to pay premiums timely, to file a payroll report timely, or to maintain an adequate premium deposit. The notification shall demand the filing of the delinquent payroll report, payment of delinquent premiums, or payment of an amount sufficient to maintain the premium deposit, on or before the date required by the manager. The notification shall also require payment of interest on the delinquent premium payment or premium deposit pursuant to subsection (2) of this section.

(2) Payments unpaid on the date on which due and payable shall immediately begin bearing interest at the rate of two (2) percentage points above the prime rate as listed in the "Guide to General Levels of Money Rates" in the first New York edition of the Wall Street Journal published in the month during which the payments were due. Interest shall be compounded quarterly until payment plus accrued interest is received by the manager. This interest rate shall be in effect for the remainder of the quarter during which the premium payment is due. The interest rate shall be redetermined quarterly in accordance with this subsection.

(3) Any employer, whose membership in the association is terminated, may be restored immediately by filing all delinquent payroll and other reports required by the manager and paying to the association all unpaid premiums, an adequate premium deposit determined by the manager, and accrued interest, and losses paid during the period of delinquency and default.

(4) The subsequent failure of the employer to make scheduled payments in accordance with the repayment agreement, to file current premiums timely, or to restore the premium deposit to the required amount by the end of the repayment period shall void the repayment agreement, and the manager, on behalf of the board, shall notify the workers' compensation board, pursuant to the requirements of this chapter, that the employer's membership in the association has been terminated or canceled.

(5) Upon withdrawal or termination from the association, the manager shall refund an employer the balance due him of his deposit, after deducting all amounts owed by him to the association, and the manager shall notify the employees of the employer of the termination.

SECTION 8. A NEW SECTION OF KRS CHAPTERS 342 IS CREATED TO READ AS FOLLOWS:

(1) The board shall require the association to engage a certified public accountant or a firm of certified public accountants to conduct an annual examination of the association's financial statements, conditions, transactions, and affairs, in accordance with generally accepted auditing standards for the purpose of submitting an independent opinion, and preparing a report of findings and recommendations concerning the association's internal accounting controls and procedures. The opinions and reports of the accountants shall be forwarded annually to the Governor, the Legislative Research Commission, the Governor's Advisory Council on Workers' Compensation, the Auditor of Public Accounts, and the secretary of Finance and Administration. Notwithstanding any other provision of this chapter, the Auditor of Public Accounts shall have access to and may examine all books, accounts, reports, vouchers, correspondence files, records, funds, and property of the association and may otherwise exercise all powers of his office under KRS Chapter 43 with respect to the association.

(2) The board shall annually engage an independent actuarial firm to conduct an actuarial examination of the assets, liabilities, and ratemaking methods of the association. The report of the actuarial study shall be provided to the Governor, the Legislative Research Commission, the Governor's Advisory Council on Workers' Compensation, the Auditor of Public Accounts, and the secretary of Finance and Administration.

(1) As used in this section:

(a) "Policy" means an automobile liability insurance policy, delivered or issued for delivery in this state, insuring a single individual or husband and wife resident of the same household, as named insured, and under which the insured vehicles therein designated are of the following types only:

1. A motor vehicle of the private passenger or station wagon type that is not used as a public or livery conveyance for passengers, nor rented to others;

2. Any other four-wheel motor vehicle with a load capacity of fifteen hundred (1500) pounds or less which is not used in the occupation, profession, or business of the insured; provided, however, that this section shall not apply:

a. To any policy issued under an automobile assigned risk plan;

b. To any policy insuring more than four (4) automobiles; or

c. To any policy covering garage, automobile sales agency, repair shop, service station, or public parking place operation hazards;

(b) "Automobile liability insurance policy" includes only coverage for bodily injury and property damage liability, basic reparations benefits and the provisions therein, if any, relating to medical payments, uninsured motorists coverage, and automobile physical damage coverage;

(c) "Renewal" or "to renew" means the issuance and delivery by an insurer of a policy replacing at the end of the policy period a policy previously issued and delivered by the same insurer, or the issuance and delivery of a certificate or notice extending the term of a policy beyond its policy period or term; provided, however, that any policy with a policy period or term of less than three (3) months shall for the purpose of this section be considered as if written for a policy period or term of three (3) months. Provided, further, that any policy written for a term longer than one (1) year or any policy with no fixed expiration date, shall for the purpose of this section, be considered as if written for successive policy periods or terms of one (1) year, and such policy may be terminated at the expiration of any annual period upon giving seventy-five (75) days' notice of cancellation prior to such anniversary date, and such cancellation shall not be subject to any other provisions of this section; and

(d) "Nonpayment of premium" means failure of the named insured to discharge when due any of his obligations in connection with the payment of premiums on a policy, or any installment of such premium, whether the premium is payable directly to the insurer or its agent or indirectly under any premium finance plan or extension of credit.

(2) (a) A notice of cancellation of a policy shall be effective only if it is based on one (1) or more of the following reasons:

1. Nonpayment of premium; or

2. The driver's license or motor vehicle registration of the named insured or of any other operator who either resides in the same household or customarily operates an automobile insured under the policy has

been under suspension or revocation during the policy period or, if the policy is a renewal, during its policy period or the one hundred eighty (180) days immediately preceding its effective date;

(b) This subsection shall not apply to any policy or coverage which has been in effect less than sixty (60) days at the time notice of cancellation is mailed or delivered by the insurer unless it is a renewal policy;

(c) Modification of automobile physical damage coverage by the inclusion of a deductible not exceeding one hundred dollars ($100) shall not be deemed a cancellation of the coverage or of the policy; and

(d) This subsection shall not apply to nonrenewal.

(3) No notice of cancellation of a policy to which subsection (2) of this section applies shall be effective unless mailed or delivered by the insurer to the named insured at least twenty (20) days prior to the effective date of cancellation; provided, however, that where cancellation is for nonpayment of premium at least fourteen (14) days' notice of cancellation accompanied by the reason therefor shall be given. This subsection shall not apply to renewals.

(4) A notice of nonrenewal of a policy shall be effective only if it is based on one (1) or more of the following reasons:

(a) Nonpayment of premium;

(b) Fraud or material misrepresentation affecting the policy or insured; or

(c) A substantial increase in the hazard insured against.

(5)[~~(4)~~] No insurer shall refuse to renew a policy of automobile insurance solely because of the age of the insured.

(6)[~~(5)~~] No insurer shall fail to renew a policy unless it shall mail or deliver to the named insured, at the address shown in the policy, at least seventy-five (75) days' advance notice of its intention not to renew.

(7)[~~(6)~~] Renewal of a policy shall not constitute a waiver or estoppel with respect to grounds for cancellation which existed before the effective date of such renewal.

(8)[~~(7)~~] If the insurer has manifested its willingness to renew by mailing or delivering a renewal notice, bill, certificate, or policy to the first-named insured at his last known address at least thirty (30) days before the end of the current policy period with the amount of the renewal premium charge and its due date clearly set forth therein, then the policy shall expire and terminate without further notice to the insured on the due date, unless the renewal premium is received by the insurer or its authorized agent on or before that date. When any policy terminates pursuant to this subsection because the renewal premium was not received on or before the due date, the insurer shall, within fifteen (15) days, deliver or mail to the first-named insured at his last known address a notice that the policy was not renewed and the date on which the coverage under it ceased to exist.

(9)[~~(8)~~] (a) Proof of mailing of renewal premium to the insurer or its agent, when authorized, on or before the due date, shall constitute a presumption of receipt pursuant to subsection *(8)*[~~(7)~~] of this section.

(b) Proof of mailing of notice of cancellation or of intention not to renew or of reasons for cancellation or nonrenewal to the named insured at the address shown in the policy, shall be sufficient proof of notice.

(10)[~~(9)~~] No insurer shall impose or request an additional premium higher than its standard premium for automobile insurance, cancel or refuse to issue a policy, or refuse to renew a policy solely because the insured or the applicant is handicapped or a physically disabled person, so long as the handicap or physical disability does not substantially impair the person's mechanically assisted driving ability.

(11)[~~(10)~~] When an automobile liability insurance policy is canceled other than for nonpayment of premium, or in the event of failure to renew a policy of automobile liability insurance to which subsection *(4)*[~~(5)~~] of this section applies, the insurer shall notify the named insured of his possible eligibility for automobile liability insurance coverage through the Kentucky automobile assigned risk plan. Such notice shall accompany or be included in the notice of cancellation or the notice of intent not to renew. Such notice shall also inform the insured that he may, within four (4) days, request the commissioner in writing to determine whether there is sufficient reason to cancel or not to renew the policy. Within fourteen (14) days of receiving such a written request, the commissioner shall send his findings to the insurer and to the insured. When he sends his findings, the commissioner shall notify both parties of their right to request a hearing under KRS 304.2-

310(2)(b).

(12)[~~(11)~~] The reason for nonrenewal or cancellation shall accompany or be included in the notice of nonrenewal or cancellation.

(13)[~~(12)~~] Except where the maximum limits of coverage have been purchased, every notice of first renewal shall include a provision or be accompanied by a notice stating in substance that added uninsured motorists, underinsured motorists, and personal injury protection coverages may be purchased by the insured.

(14)[~~(13)~~] There shall be no liability on the part of and no cause of action of any nature shall arise against the commissioner or against any insurer, its authorized representative, its agents, its employees, or any firm, person or corporation furnishing to the insurer information as to reasons for cancellation or nonrenewal, for any statement made by any of them in any written notice of cancellation or nonrenewal, or in any other communication, oral or written specifying the reasons for cancellation or nonrenewal, or the providing of information pertaining thereto, or for statements made or evidence submitted at any hearings conducted in connection therewith.".
